

Redo, please

Learning tends to happen when you try to do something new, notice what didn't go perfectly, change your strategy, and try again — *not* when you get everything perfect on the first try! In this class, we'll take this truth to heart by giving you an opportunity to request a redo on an assignment or quiz. Fill out this form any time you want to request an opportunity to redo it and submit to the instructor to receive approval. Note that the critical piece of this process is reflecting on what didn't work as intended on the first try and then *changing your strategy on the second try*. You don't get a free pass to just try again with the same methods. You **must** demonstrate your understanding of what you need to try differently this time.
