

**Program Codes (FTMPROG)**

Program codes define the functional reporting classifications for tracking sources and uses of institutional funds, such as Instruction, Research, and Institutional Support. The program codes structure consists of five user-defined hierarchical levels. Legacy Program Code -Mapping - Enter the legacy value equivalent to the program code.

Using the template below, build the Program codes, up to 5 levels, for your Institution.

Code	Description	Pred Code	Data Entry
10	Revenue Transactions		N
100-199	Institution will identify	10	Y
20	Instruction		N
200-249	Institution will identify	20	Y
25	Research		N
250-299	Institution will identify	25	Y
30	Public Service		N
300-349	Institution will identify	30	Y
35	Academic Support		N
350-399	Institution will identify	35	Y
40	Student Services		N
400-449	Institution will identify	40	Y
45	Institutional Support		N
450-499	Institution will identify	45	Y
50	Physical Plant		N
500-549	Institution will identify	50	Y
55	Scholarships and Fellowships		N
550-599	Institution will identify	55	Y
60	Transfers		N
600-699	Institution will identify	60	Y
70	Auxiliary Enterprises		N
700-799	Institution will identify	70	Y
80	Depreciation Expense		N
800-820	Institution will identify	80	Y
99	Nonprogram Transactions		N
999	Nonprogram Transactions	99	Y
