Questions/Topics:

1. An update was requested from all schools on the status of patches being installed in Test and Production. A discussion then followed concerning the errors still being encountered in Test and need to rectify all errors before turning on Production.
2. The Institutions were asked if they were going to have a TSM section on their school website or will they refer vendor to the link on the TBR website.
3. Schools were asked to send Amy Watts a list of their vendor type codes on their respective FTVVTYP Banner table.
4. Donna Wallis (TTU) asked if we could provide a list of the TSM testing issues and the corresponding patches to fix the issues. Amy Watts to work with Jeff Hinds and Jason Norem of Ellucian to provide this information.
