Scholarship

Application Process

Your campus liaison will coordinate the student application process. The campus liaison will recommend students for funding provided to the Tennessee Board of Regents. Once a campus liaison has coordinated and approved a student for participation in the Washington Center Seminar program, the liaison must send an email with the name of the student and summary of their interests and qualifications to Dr. Heidi Leming, Vice Chancellor for Student Success. Dr. Leming will then determine which students receive scholarships. Scholarship funds are available on a first-come, first-served basis. All requests should be received by the posted deadlines. The TBR System Staff will make final determinations on which students will receive funding.
