MEMORANDUM

To: TTC Directors
   Tennessee Technology Centers

From: James King, Vice Chancellor
      Tennessee Technology Centers

Subject: Program Approvals
         December 2, 2010
         Tennessee Board of Regents

At the December 2, 2010 Meeting of the Tennessee Board of Regents, the following program actions were approved:

- Implementation of an Early Childhood Education Program in Sumner County at the former Westmoreland Elementary School by Hartsville. The CIP Code is 1220020100.

- Implementation of a Phlebotomy Technician Program at the Gallatin Shalom Zone/Union High Resource Center in Gallatin by Hartsville. The CIP Code is 3151109901.

- Implementation of a Practical Nursing Program in Sumner County at the former Westmoreland Elementary School by Hartsville. The CIP Code is 3151161300.

- Implementation of a 10-month Aviation Program at McGavock High School by Nashville. The CIP Code is 2547060800.

- Implementation of a 10-month Cosmetology Program at McGavock High School by Nashville. The CIP Code is 0712040100.

- Implementation of a 10-month Cosmetology Program at Maplewood High School by Nashville. The CIP Code is 0712040100.

- Implementation of a 10-month Cosmetology Program at Stratford High School by Nashville. The CIP Code is 0712040100.

- Implementation of a 10-month Cosmetology Program at Pearl-Cohn High School by Nashville. The CIP Code is 0712040100.

- Implementation of a 10-month Cosmetology Program at Glenncliff High School by Nashville. The CIP Code is 0712040100.

- Implementation of a 10-month Automotive Technology Program at Maplewood High School by Nashville. The CIP Code is 2947060400.

- Implementation of a 10-month Automotive Technology Program at Antioch High School by Nashville. The CIP Code is 2947060400.
• Implementation of a 10-month Collision Repair Program at McGavock High School by Nashville. The CIP Code is 2947060300.

• Implementation of a 10-month Building Trades Program at Cane Ridge High School by Nashville. The CIP Code is 2946999901.

• Implementation of a 10-month Automotive Technology Program at Springfield High School by Nashville. The CIP Code is 2947060400.

• Implementation of a 10-month Early Childhood Education Program at Springfield High School by Nashville. The CIP Code is 1220020100.

• Implementation of a 10-month Building Trades Program at Springfield High School by Nashville. The CIP Code is 2946999901.

• Implementation of a 10-month Machine Tool Technology Program at Springfield High School by Nashville. The CIP Code is 2948050300.

• Implementation of a 10-month Welding Program at Springfield High School by Nashville. The CIP Code is 2948050800.

• Implementation of a 10-month Cosmetology Program at Springfield High School by Nashville. The CIP Code is 0712040100.

• Implementation of a 10-month Cosmetology Program at Greenbrier High School by Nashville. The CIP Code is 0712040100.

**TTC Program Proposals Approved by Board through Delegated Authority:**
Ten (10) academic actions were submitted by the TTC institutions to the Vice Chancellor for approval based on *TBR Policy: 2:01:02:00, Vocational Program Review and Approval*. The Vice Chancellor has reviewed and approved the proposals.

All proposed actions have been approved through the Center's review process. Appropriate documentation to support need was provided. The proposals are as follows:

<table>
<thead>
<tr>
<th>Center</th>

|         | **Industrial Machinery Mechanics Diploma** - 2160 hours  
|         | None | September 2010 |
| Nashville | Inactivate the Biomedical Technology Program. This program was initially opened as a joint venture with Murfreesboro. Murfreesboro will continue to operate this program. |
|         | None | November 10, 2010 |
| Pulaski | Terminate the Business Systems Technology Program at the West Gaines Extension Campus in Lawrenceburg due to the completion of the contract program for dislocated workers. |
|         | None | August 15, 2010 |
| Pulaski | Terminate the Practical Nursing Program at the West Gaines Extension Campus in Lawrenceburg due to the completion of the contract program for dislocated workers. |
|         | None | August 1, 2019 |
| Pulaski | Inactivate the Computer Operating Systems and Networking Technology Program at the Marshall County Instructional Service Center in Lewisburg. This program is currently not enrolling students with no plan to enroll students in the future. |
|         | None | July 1, 2010 |
As of the effective date listed, you may proceed with the modification, termination or implementation of the aforementioned programs. **You should also notify the Office of Veterans Education, U.S. Department of Education and COE of the program action.** If you have any questions, please contact Chelle Travis at 615-366-4461.
MEMORANDUM

To: TTC Directors
    Tennessee Technology Centers

From: James King, Vice Chancellor
    Tennessee Technology Centers

Subject: Program Approvals
    September 23, 2010
    Tennessee Board of Regents

Date: September 30, 2010

At the September 2010 Meeting of the Tennessee Board of Regents, the following program actions were approved:

Program Proposals requiring Board approval from TTC Board Committee:

Three (3) program proposals were presented for the Committee’s review and approval. These proposals allow each Technology Center across the state to be more responsive to the needs of students, business, and industries. The proposals are as follows:

- Implementation of a Certified Nursing Assistant program at TTC Nashville to offer Certified Nursing Assistant training to individuals in the service area and dual enrolled secondary students in Metropolitan Nashville Public Schools. The effective date is September 1, 2010. The program length is 120 hours and a certificate will be awarded. The CIP Code is 3151161400.

- Implementation of a Medical Assistant program at TTC Nashville. The effective date is January 2011 and the program length will be 1296 hours. A diploma will be awarded. The CIP Code is 3151080100.

- Implementation of a Concrete Technology program through TTC Murfreesboro for secondary and postsecondary students at the Wilson County Career and Technical Education Center. The length of this program will be 900 hours. A certificate will be awarded. The CIP Code is 2946040200.
TTC Program Proposals Approved by Board through Delegated Authority:

Four (4) academic actions were submitted by the TTC institutions to the Vice Chancellor for approval based on TBR Policy: 2.01:02:00, Vocational Program Review and Approval. The Vice Chancellor has reviewed and approved the proposals.

All proposed actions have been approved through the Center’s review process. Appropriate documentation to support need was provided. The proposals are as follows:

<table>
<thead>
<tr>
<th>Center</th>
<th>Summary of Proposal</th>
<th>New Costs/Funding Source</th>
<th>Approval/Implementation Date</th>
</tr>
</thead>
<tbody>
<tr>
<td>Dickson</td>
<td>Rename the Heavy Equipment/Diesel Program to Diesel Powered Equipment Technology Program and align the program curriculum and exit points with the state-wide program by reducing the hours from 2592 to 2160 (five trimesters).</td>

MEMORANDUM

To: TTC Directors
   Tennessee Technology Centers

From: James King, Vice Chancellor
       Tennessee Technology Centers

Subject: Special Program Approvals by the Tennessee Board of Regents
         14 Day Process

Date: March 4, 2010

In order to respond rapidly to the training needs derived from the American Recovery and Reinvestment Act of 2009, a resolution delegating authority to the Chancellor to approve Tennessee Technology Center programs was proposed and approved during the March 2009 Board Meeting. This resolution allows for program proposals and modifications to be forwarded to the Board for review for 14 days. Once reviewed, the Board will delegate authority to the Chancellor to approve the proposals submitted unless objections are voiced by the Board. The following proposals were approved through this process.

Program Proposals requiring Board approval from TTC Board Committee:

Four (4) program proposals are being presented for the Committee’s review and approval. These proposals will allow the Technology Center to be more responsive to the needs of students, businesses, and industries. The proposals are as follows:

- Implementation of a Heating, Ventilation, Air Conditioning/Refrigeration (HVACR) Program effective Spring 2010 to be located at the GM/Saturn Northfield Training Center in Springhill. This program comes under the direction of the Tennessee Technology Center at Pulaski and will be 2160 clock hours in length. A diploma will be awarded. The CIP Code will be 2947020100.

- Implementation of a Solar Photovoltaic Technician Program effective Spring 2010 to be located at the GM/Saturn Northfield Training Center in Springhill. This program comes under the direction of the Tennessee Technology Center at Pulaski and will be 1296 clock hours in length. A diploma will be awarded. The CIP Code will be 0915050500.
Memorandum
Page 2
March 26, 2010

- Implementation of a Residential/commercial Wiring and Plumbing Program effective Spring 2010 to be located at the GM/Saturn Northfield Training Center in Springhill. This program comes under the direction of the Tennessee Technology Center at Pulaski and will be 2160 clock hours in length. A diploma will be awarded. The CIP Code will be 2946999900.

- Implementation of a Practical Nursing Program effective Spring 2010 to be located at the West Commerce Training Center in Lewisburg. This program comes under the direction of the Tennessee Technology Center at Hohenwald and will be 1296 clock hours in length. A diploma will be awarded. The CIP Code will be 3151161300.

We appreciate your consideration of these Program implementations. If you have any questions, please contact Chelle Travis or Catherine Willis at 615-366-4405.

From: James King, Vice Chancellor
       Tennessee Technology Centers

Subject: Special Program Approvals by the Tennessee Board of Regents
         14 Day Process

Date: January 19, 2010

In order to respond rapidly to the training needs derived from American Recovery and Reinvestment Act of 2009, a resolution delegating authority to the Chancellor to approve Tennessee Technology Center programs was proposed and approved during the March 2009 Board Meeting. This resolution allows for program proposals and modifications to be forwarded to the Board for review for 14 days. Once reviewed, the Board will delegate authority to the Chancellor to approve the proposals submitted unless objections are voiced by the Board. The following proposal was approved through this process.

Program Proposal requiring Board approval from TTC Board Committee:

Five (5) program proposals are being presented for the Committee’s review and approval. These proposals will allow the Technology Center to be more responsive to the needs of students, businesses, and industries. The proposals are as follows:

- Implementation of a Practical Nursing Program effective January 25, 2010 to be located at the GM/Saturn Northfield Training Center in Springhill. This program comes under the direction of the Tennessee Technology Center at Hohenwald and will be 1296 clock hours in length. A diploma will be awarded. The CIP Code will be 3151161300.

- Implementation of a Green Jobs Technology Program effective February 9, 2010 to be located at the GM/Saturn Northfield Training Center in Springhill. This program comes under the direction of the Tennessee Technology Center at Hohenwald and will be 1296 clock hours in length. A diploma will be awarded. The CIP Code will be 1219060100.
January 19, 2010

- Implementation of an Electronics Technology Program effective March 1, 2010 to be located at the GM/Saturn Northfield Training Center in Springhill. This program comes under the direction of the Tennessee Technology Center at Hohenwald and will be 2160 clock hours in length. A diploma will be awarded. The CIP Code will be 2947010501.

- Implementation of an Automotive Technology Program effective March 1, 2010 to be located at the GM/Saturn Northfield Training Center in Springhill. This program comes under the direction of the Tennessee Technology Center at Hohenwald and will be 2160 clock hours in length. A diploma will be awarded. The CIP Code will be 2947060400.

- Implementation of an Industrial Maintenance/Welding Program effective February 1, 2010 to be located at the GM/Saturn Northfield Training Center in Springhill. This program comes under the direction of the Tennessee Technology Center at Hohenwald and will be 1728 clock hours in length. A diploma will be awarded. The CIP Code will be 2947030301.

We appreciate your consideration of these program implementations. If you have any questions, please contact Chelle Travis or Catherine Willis at 615-366-4405.

MEMORANDUM

To: TTC Directors
   Tennessee Technology Centers

From: James King, Vice Chancellor
   Tennessee Technology Centers

Subject: Program Approvals
   September 2009 Meeting
   Tennessee Board of Regents

Date: October 14, 2009

At the September 2009 Meeting of the Tennessee Board of Regents, the following program actions were approved:

Program Proposals requiring Board approval from TTC Board Committee:

- Implementation of a 10-month online dual enrollment Health Science Education Program for secondary students by TTC Newbern effective Fall 2009. The program will be 1080 hours in length, and a certificate will be awarded. The CIP Code will be 3151999900.

- Implementation of a dual enrollment Drafting and CAD Technology Program by TTC Hohenwald at Spring Hill High School in Maury County effective Fall 2009. The program will be 1728 hours in length and a diploma will be awarded. The CIP Code will be 2948010100.

- Implementation of a Residential Electrical Technology Program by TTC Newbern to be located at Northwest Correctional Complex in Tiptonville effective October 2009. The program will be 1296 hours in length and a diploma will be awarded. The CIP Code will be 2947039901.

- Implementation of a Barbering Program by TTC Newbern to be located at Northwest Correctional Complex in Tiptonville effective October 2009. The program will be 1500 hours in length and a diploma will be awarded. The CIP Code will be 0712040300.
TTC Program Proposals Approved by Board through Delegated Authority:

Four (4) academic actions were submitted by the TTC institutions to the Vice Chancellor for approval based on *TBR Policy: 2:01:02:00, Vocational Program Review and Approval*. The Vice Chancellor has reviewed and approved the proposals. All proposed actions have been approved through the Center's review process. Appropriate documentation to support need was provided. The proposals are as follows:

MEMORANDUM

To: TTC Directors
   Tennessee Technology Centers

From: James King, Vice Chancellor
       Tennessee Technology Centers

Subject: Special Program Approvals by the Tennessee Board of Regents
         14 Day Process

Date: September 1, 2009

In order to respond rapidly to the training needs derived from American Recovery and
Reinvestment Act of 2009, a resolution delegating authority to the Chancellor to approve
Tennessee Technology Center programs was proposed and approved during the March 2009
Board Meeting. This resolution allows for program proposals and modifications to be forwarded
to the Board for review for 14 days. Once reviewed, the Board delegates authority to the
Chancellor to approve the proposals submitted unless objections are voiced by the Board. The
following proposal was approved through this process.

Program Proposal requiring Board approval from TTC Board Committee:

One (1) program proposal is being presented for the Committee’s review and approval. This
proposal will allow the Technology Center to be more responsive to the needs of students,
businesses, and industries. The proposal is as follows:

• Implementation of an Automotive Technology Program in Dickson effective September
  2009 to be located at Fairview High School. The program will be 2,160 clock hours in
  length, and a diploma will be awarded. The CIP Code will be 2947060400.

We appreciate your consideration of this program implementation. If you have any questions,
please contact Chelle Travis or Catherine Willis at 615-366-4405.
MEMORANDUM

To: TTC Directors
   Tennessee Technology Centers

From: James King, Vice Chancellor
       Tennessee Technology Centers

Subject: Special Program Approvals by the Tennessee Board of Regents
        14 Day Process

Date: August 18, 2009

In order to respond rapidly to the training needs derived from American Recovery and
Reinvestment Act of 2009, a resolution delegating authority to the Chancellor to approve
Tennessee Technology Center programs was proposed and approved during the March 2009
Board Meeting. This resolution allows for program proposals and modifications to be forwarded
to the Board for review for 14 days. Once reviewed, the Board delegates authority to the
Chancellor to approve the proposals submitted unless objections are voiced by the Board. The
following proposals were approved through this process.

Program Proposals requiring Board approval from TTC Board Committee:

Six (6) program proposals are being presented for the Committee’s review and approval. These
proposals will allow each Technology Center across the state to be more responsive to the needs
of students, businesses, and industries. The proposals are as follows:

- Implementation of a Patient Care Technician program at McMinnville effective Fall
  2009. The program will be 864 hours in length, and a diploma will be awarded. The CIP
  Code will be 3151089900.

- Implementation of a Residential Construction Technology Program at Pulaski for adult
  and dual enrollment students at Summertown High School effective August 2009. The
  program will be 2,592 in length, and a diploma will be awarded. The CIP Code will be
  2946999902.

- Implementation of a Business Systems Technology Program at Pulaski effective August
  2009 to be located at Giles County High School. The program will be 1296 hours in
  length, and a diploma will be awarded. The CIP Code will be 3252049901.
• Implementation of a Health Science Education Program at Pulaski effective August 2009 to be located at Giles County High School. The program will be 1,080 hours in length, and a certificate will be awarded. The CIP Code will be 3151999900.

• Implementation of a Business Systems Technology Program at Dickson to be located in Cheatham County effective Fall 2009. The program will be 1,296 hours in length, and a diploma will be awarded. The CIP Code will be 3252049901.

• Implementation of an HVAC/R Program at Hartsville to be located at the Tri-County Extension Campus effective August 2009. The program will be 2,160 hours in length, and a diploma will be awarded. The CIP Code will be 2947020100.

We appreciate your consideration of these program implementations. If you have any questions, please contact Chelle Travis or Catherine Willis at 615-366-4405.

MEMORANDUM

To: TTC Directors
   Tennessee Technology Centers

From: James King, Vice Chancellor
      Tennessee Technology Centers

Subject: Program Approvals
         March 2008 Meeting
         Tennessee Board of Regents

Date: May 12, 2008

At the March 2008 Meeting of the Tennessee Board of Regents, the following program actions were approved:

Program Proposals requiring Board approval from TTC Board Committee:

- Implementation of a Residential Building Maintenance Program at Paris, effective May 2008. The program will be 1,296 hours in length, a diploma will be awarded. The CIP Code will be 2946040100.

- Implementation of a 10-month Health Science Education Program at Hartsville, effective August 2008. The program will be 704 hours in length, and a certificate will be awarded. The CIP Code will be 3151999900.

- Implementation of a Business Systems Technology Program by Hartsville to be located at the Union High Resource Center in Gallatin, Tennessee, effective September 2008. The program will be 1296 hours in length, and a diploma will be awarded. The CIP Code will be 3252049901.

- Implementation of a Computer Information Technology Program by Hartsville to be located at the Union High Resource Center in Gallatin, Tennessee, effective September 2008. The program will be 2,160 hours in length, and a diploma will be awarded. The CIP Code will be 3252040700.
Memorandum

MEMORANDUM

To: TTC Directors
Tennessee Technology Centers

From: James King, Vice Chancellor
Tennessee Technology Centers

Subject: Program Approvals
September 2007 Meeting
Tennessee Board of Regents

Date: October 4, 2007

At the September 2007 Meeting of the Tennessee Board of Regents, the following program actions were approved:

Program Proposals requiring Board approval from TTC Board Committee:

- Implementation of a Business Systems Technology program at Jackson at the Humboldt Center for Higher Education, effective January 2, 2008. The program will be 1,296 hours in length and a diploma will be awarded. The CIP Code will be 3252049901.

- Implementation of a Truck Driving program at Oneida/Huntsville, effective October 2007. The program will be 216 hours in length and a diploma will be awarded. The CIP Code will be 2949020500.

- Implementation of a Residential Electrical Technology program at Whiteville, effective January 7, 2008. The program will be 1,296 hours in length and a diploma will be awarded. The CIP Code will be 2946030200.

- Modification of the statewide Computer Operations Technology curriculum by changing the program name to Computer Information Technology and offering two program tracks: Computer Information Technology (2,160) path on-ground and Computer Information Systems (1,728) for the standard path on-line and on-ground. The modification will be effective January 2008. Also, the proposed curriculum will add Security + Preparation and CISCO Router Security content for students seeking additional COMPTIA certifications. An optional exit point will be added after the third trimester. The new certificate will be titled Computer Security Analyst and require 432 hours.

Subject: Program Approvals
March 2006 Meeting
Tennessee Board of Regents

Date: April 21, 2006

At the March 2006 Meeting of the Tennessee Board of Regents, the following program actions were approved:

- Modification of the Machine Tool Technology program at Chattanooga's Sequatchie/Bledsoe site by placing the program on inactive status, effective June 30, 2006.
- Modification of the Tool and Die program at Jackson to include the curriculum for Machining, which will require the addition of the following new certificate and diploma levels:
  - Production Machine Tender Certificate;
  - Machine Set-Up Operator Certificate;
  - Maintenance Machinist Diploma; and
  - Machinist I Diploma.
  This modification will be effective May 1, 2006.
- Modification of the Drafting and CAD Technology program at Livingston by placing the program on inactive status, effective June 30, 2006.
- Modification of the Industrial Maintenance program at Livingston by increasing the program length to 2,160 hours and changing the current Combination Welder Certificate to Combination Welder Diploma at 1,296 hours and changing the Refrigeration Technician Certificate to HVAC Technician Diploma at 1,296 hours. This modification will be effective May 2006.
- Modification of the Business Systems Technology, Industrial Maintenance, and Welding programs at Morristown's Claiborne County site by placing each program on inactive status, effective May 1, 2006.
- Modification of the Machine Tool Technology program at Whiteville by relocating the program to extension campus in Brownsville, Tennessee, effective July 1, 2006.
Memorandum
James D. King

- Implementation of a Building Construction Technology program at Chattanooga to be located at Sequoyah High School, effective August 2006. The program will be 1,290 hours in length and a diploma will be awarded. The CIP Code for this program will be 2946999901.
- Implementation of a Cosmetology program at Chattanooga to be located at the Grundy County High School, effective May 2006. The program will be 1,620 hours in length and a diploma will be awarded. The CIP Code for this program will be 0712040100.
- Implementation of a Realtime Reporting: Scopist Diploma program at Chattanooga, effective August 2006. The program will be 1,290 hours in length and a diploma will be awarded. The CIP Code will be 1422030300.
- Implementation of a Digital Graphics program at Jacksboro, effective September 2006. The program will be 2,160 hours in length and a diploma will be awarded. The CIP Code will be 0611080300.
- Implementation of a Health Science Education program at Livingston, effective July 2006. The program will be 1,080 hours in length and a certificate will be awarded. The CIP Code will be 3151999900.
- Implementation of a Cosmetology program at Oneida/Huntsville to be located at Scott County High School, effective no later than September 2006. The program will be 1500 hours in length and a diploma will be awarded. The CIP Code will be 0712040100.
- Implementation of a Practical Nursing program at Oneida/Huntsville to be located at the Roane State Community College satellite campus in Jamestown, TN, effective September 2006. The program will be 1,296 hours in length and a diploma will be awarded. The CIP Code for this program will be 3151161300.

As of the effective date listed, you may proceed with the modification or implementation of the aforementioned programs. **You should also notify the Office of Veterans Education, U.S. Department of Education and COE of the program action.** If you have any questions, please contact Carol Puryear or Carol Tomlinson at 615-366-4470.

MEMORANDUM

To: Ralph Robbins, Director
   Tennessee Technology Center at Livingston

From: James King, Vice Chancellor
       Tennessee Technology Centers

Subject: Program Approval

Date: April 26, 2006

Please note the effective date for the following program modification, which was approved at the March 2006 meeting of the Tennessee Board of Regents, was erroneously listed on the April 21, 2006 Program Approval Memo as May 2006 and should have been April 27, 2006:

Increasing the hours of the Industrial Maintenance program at Livingston to 2,160 hours and changing the current Combination Welder Certificate to Combination Welder Diploma at 1,296 hours and changing the Refrigeration Technician Certificate to HVAC Technician Diploma at 1,296 hours.

If you have any questions, please contact Carol Puryear or Carol Tomlinson at 615-366-4470.

MEMORANDUM

To: TTC Directors
   Tennessee Technology Centers

From: James King, Vice Chancellor
   Tennessee Technology Centers

Subject: Program Approvals
   December 2005 Meeting
   Tennessee Board of Regents

Date: January 20, 2006

At the December 2005 Meeting of the Tennessee Board of Regents, the following program actions were approved:

- Modification of the Drafting and CAD Technology program statewide by adding a Drafting and CAD Technician Diploma exit level, effective January 2006.
- Modification of the Dietary Manager Training program at Elizabethton by increasing the hours from 648 to 864 to align the program with the trimester conversion, effective May 2006.
- Modification of the Information Technology program at Harriman by increasing the hours from 1,620 to 1,728 to align the program with the trimester conversion, effective January 2006.
- Modification of the Data Processing program at Nashville by decreasing the hours from 972 to 864 to align with the trimester conversion, effective January 2006.
- Modification of the Heavy Equipment Repair program at Paris by placing it on inactive status, effective January 1, 2006.
- Implementation of a Motor Sports Vehicle Technology program at Chattanooga, effective Fall 2006. The program will be 450 hours in length and a certificate will be awarded. The CIP Code will be 29.47.0615.00.

As of the effective date listed, you may proceed with the modification or implementation of the aforementioned programs. You should also notify the Office of Veterans Education, U.S. Department of Education and COE of the program action. If you have any questions, please contact Carol Puryear or Carol Tomlinson at 615-366-4470.

   Tennessee Technology Centers
From: James King, Vice Chancellor
   Tennessee Technology Centers
Subject: Program Approvals
   September 2005 Meeting
   Tennessee Board of Regents
Date: October 27, 2005

At the September 2005 Meeting of the Tennessee Board of Regents, the following program actions were approved:

- Modification of the Industrial Electronics program at Ripley by changing the name to Industrial Electricity and reducing the program hours from 2,268 to 1,728, effective October 2005.
- Modification of the statewide curriculums for Drafting and CAD Technology and Industrial Electricity by increasing the program hours for Drafting and CAD from 1,944 to 2,160 and increasing the program hours for Industrial Electricity from 1,620 to 1,728 to align with the trimester conversion, effective January 1, 2006.
- Modification of the Industrial Electrical Maintenance Program at Murfreesboro by decreasing the hours from 1,944 to 1,728, effective January 1, 2006.
- Implementation of Phlebotomy program at Hartsville to be 432 hours in length, effective January 3, 2006. A certificate will be awarded and the CIP Code will be 31.51.1090.01.
- Implementation of Biomedical Electronics Technician program at McKenzie to be 1,944 hours in length, effective January 1, 2006. A diploma will be awarded and the CIP Code will be 09.15.0401.00.

As of the effective date listed, you may proceed with the modification or implementation of the aforementioned programs. You should also notify the Office of Veterans Education, U.S. Department of Education and COE of the program action. Please be advised statewide curriculum changes for Drafting and CAD Technology and Industrial Electricity will be reported to COE by the TBR Central Office. Therefore, individual campuses are not required to notify COE of these statewide changes. If you have any questions, please contact Carol Puryear or Carol Tomlinson at 615-366-4470.

MEMORANDUM

To: All Directors

From: James King, Vice Chancellor
Tennessee Technology Centers

Subject: Program Approvals
September 2003 Meeting
Tennessee Board of Regents

Date: October 29, 2003

At the September 2003 Meeting of the Tennessee Board of Regents, the following program action was approved:

- Modification of the Electronics Technology program to exclude Industrial Maintenance at Hartsville, effective October 1, 2003. This program will be six (6) quarters in length (1,944 hrs.) and a diploma will be awarded.

- Modification of the Heating, Ventilation, Air Conditioning and Refrigeration program at Jacksboro by placing the program on inactive status, effective October 1, 2003.

- Modification of the Industrial Electronics program at Paris by placing the program on inactive status, effective October 1, 2003.

- Modification of the Computer Maintenance program at McMinnville by reducing the number of hours required to complete the PC Hardware Technician certificate, effective October 1, 2003. The hours changed from 972 to 648.
Modification of the Computer Electronics program at Morristown by adding a biomedical technology option, effective October 1, 2003. This program will be five (5) quarters (1,620 hrs.) in length and a diploma will be awarded.

Modification of the online statewide Computer Operations Technology program by adding the Computer Operations Diploma to the current offerings, effective September 2003. This program will be four (4) quarters (1,296 hrs.) in length.

Modification of the Medical Assisting program by adopting a statewide curriculum and changing the name to Medical Assistant, effective October 1, 2003. This program will be four (4) quarters (1,296 hrs.) in length and a diploma will be awarded.

Implementation of the Welding Technology program at Hartsville to be four (4) quarters (1,296 hrs.) in length, effective October 1, 2003. A diploma will be awarded.

Implementation of the Industrial Maintenance program at Hartsville to be five (5) quarters (1,620 hrs.) in length, effective October 1, 2003. A diploma will be awarded.

Implementation of the Masonry program at Memphis to be four (4) quarters (1,296 hrs.) in length, effective October 1, 2003. A diploma will be awarded.

Implementation of the Welding program at Morristown, at the Claiborne County Extension facility located in Tazewell, Tennessee, effective October 1, 2003. The program will be four (4) quarters (1,296 hrs.) in length and a diploma will be awarded.

Implementation of the HVAC/R program at Pulaski, at the Lewisburg Instructional Service Center, effective October 1, 2003. The program will be five (5) quarters (1,620 hrs.) in length and a diploma will be awarded.

Implementation of the RODP Online CAD Technician Certificate statewide, effective October 1, 2003. This certificate will require 324 hours for completion.

- REVISED MEMORANDUM -
August 6, 2003

To: All Directors

From: James King, Vice Chancellor
       Tennessee Technology Centers

Subject: Program Approvals
         June 2003 Meeting-Tennessee Board of Regents

Date: July 9, 2003

Note: Revisions have been emboldened.

At the end of the June 2003 Board Meeting, the following program action was approved:

- Termination of the Computer Electronics program at Morristown at the Sevierville Extension Campus, effective June 30, 2003.

- Modification of the Automotive Technology program by adopting a Statewide Curriculum and reducing the program length to six (6) quarters (1,944 hrs.) in accordance with “Defining Our Future” Initiative, effective July 1, 2003.

- Modification of the Diesel Engine Mechanics program by adopting a statewide curriculum and changing the name to Diesel Powered Equipment Technology, effective July 1, 2003. This program will be six (6) quarters in length (1,944 hrs.) and a diploma will be awarded.

- Modification of the Machine Tool Technology program at Jackson by changing the program to Precision Metals, effective July 1, 2003. The new CIP code for this program will be 29.48.0501.00. A diploma will be awarded.

- Modification of the Practical Nursing program by adopting a Statewide Curriculum, effective July 1, 2003. This program will be four (4) quarters in length (1,296 hrs.) and a diploma will be awarded.
• Implementation of Business Systems Technology at Morristown at the Claiborne County Site to be five (5) quarters in length (1,620 hrs.), effective July 1, 2003. The CIP code for this program will be 32.52.0499.01. A diploma will be awarded.

• Implementation of RODP Online Drafting and CAD Technology Statewide to be four (4) quarters in length (1,296 hrs.), effective July 1, 2003. The CIP code for this program will be 29.48.0101.00. The following certificates will be awarded: Drafting and CAD Technician Certificate (324 hours) and Detail Drafter Certificate (972 hours).

• Implementation of Heating, Ventilation, Air-Condition, and Refrigeration at Morristown at the Sevierville Campus to be six (6) quarters in length (1,944 hrs.), effective July 1, 2003. The CIP code will be 29.47.0201.00. A diploma will be awarded.

• Implementation of Industrial Electricity at Morristown at the Hawkins County Branch Campus to be five (5) quarters in length (1,620 hrs.), effective July 1, 2003. The CIP code will be 29.46.0302.00.

As of the effective date listed, you may proceed with the termination, modification or implementation of the aforementioned programs. You should notify the Office of Veterans Education, the US Department of Education and the COE of the program action.

If you have any questions, please contact Carol Puryear or Carol Tomlinson at 615-366-4470.

MEMORANDUM

TO:        ALL DIRECTORS
            TENNESSEE TECHNOLOGY CENTERS

FROM:      JAMES D. KING, VICE CHANCELLOR
            TENNESSEE TECHNOLOGY CENTERS

SUBJECT:   PROGRAM APPROVALS
            JUNE 2000 MEETING - TENNESSEE BOARD OF REGENTS

DATE:      JULY 5, 2000

Due to the number of program proposals, one memorandum of board action is being mailed to all directors. Please note all that are applicable to your center:

TERMINATIONS

• Terminate Industrial Maintenance at Hartsville, effective July 1, 2000.

• Terminate Welding at Hartsville, effective July 1, 2000.

• Terminate Drafting-CAD at Pulaski, effective July 1, 2000.

MODIFICATIONS

• Modify the Electronics Technology at Athens by adding a computer repair module, effective April 1, 2000.

• Modify the Industrial Electronics at Hartsville to include Industrial Maintenance, effective July 1, 2000.
• Modify Patient Care Associate at Hartsville by changing course length from 774 to 648 hours, effective September 1, 2000.

• Modify the Heating, Ventilation, Air Conditioning and Refrigeration at McKenzie by reactivation, effective October 1, 2001.

• Modify Child Care and Guidance at the Tennessee Technology Centers by adopting a statewide curriculum and changing the program name to Early Childhood Education.

• Modify Drafting and CAD Technology at the Tennessee Technology Centers by adopting a new statewide curriculum, effective July 1, 2000.

• Modify Industrial Electricity at the Tennessee Technology Centers by adopting a statewide curriculum, effective July 1, 2000.

IMPLEMENTATIONS

• Implement Dental Assisting at Dickson, effective July 1, 2000.
  CIP Code: 31.51.0601.00.

• Implement Truck Driving at Dickson, effective July 1, 2000.
  CIP Code: 29.49.0205.00

• Implement Practical Nursing at Hartsville, effective October 1, 2000.
  CIP Code: 31.51.1613.00

• Implement Electro Mechanical Technology at Hohenwald, effective October 1, 2000. A CIP Code for this program has been recommended to THEC and you will be notified when approval has been received.

• Implement Heating, Ventilation, Air Conditioning and Refrigeration at Jackson, effective July 1, 2000.
  CIP Code: 29.47.0201.00

• Implement Practical Nursing at Jackson, effective July 1, 2000.
  CIP Code: 31.51.1613.00

• Implement Computer Operations Technology at Livingston, August 2000.
  CIP Code: 32.52.0407.00
Memorandum
James D. King
Page 3

- Implement Practical Nursing at Livingston, effective October 1, 2000.
  CIP Code: 31.51.1613.00

- Implement Avionics at Memphis, effective July 1, 2000. A CIP Code for this program has been recommended to THEC and you will be notified when approval has been received.

  CIP Code: 29.46.9999.01

  CIP Code: 32.52.0499.01

- Implement Industrial Maintenance at Pulaski, effective July 1, 2000.
  CIP Code: 29.47.0303.00

- Implement Practical Nursing at Pulaski, effective July 1, 2000.
  CIP Code: 31.51.1613.00

As of the approved effective date, you may proceed with the termination, modification or implementation of the above mentioned programs. You should notify the Office of Veterans Education, the US Department of Education and COE of the program action.

If you have questions, please contact Bernard Johnson.
