#### EXTERNAL AFFAIRS COMMITTEE

The Committee on External Affairs met in regular session via Microsoft TEAMS on June 18, 2020. A quorum was present. Regent Danni Varlan, Chair, called upon Dr. Kim McCormick, Vice Chancellor for External Affairs, to provide an update of activities from the division of External Affairs.

As the first item of business, Dr. Kim McCormick provided an update on Strategic Advancement activities. Excellence in Philanthropy Awards were announced for 2020, and the respective institutions will acknowledge recipients throughout the remaining year. Advancement Officers met to collaborate and build relationships across the state. Scholarship programs continue to support the completion of student success. The James Berdet Brown Scholarship committee distributed a total of \$2,800 to thirteen (13) TCAT Students at the conclusion of the Spring Trimester. The Sam H. Odom Scholarship committee will distribute a total of thirteen (13) \$1,000 scholarships after accepting applications later this summer for the Fall Semester. A total of \$13,000 will be awarded in both Fall and Spring Semesters (\$26,000 in total) to nursing students at (13) community colleges. The same application process will occur in late Fall for the 2021 Spring Semester. The Foundation for the College System of Tennessee held its third Board meeting virtually on Thursday, June 4, 2020. The Vice Chancellor reported system-wide marketing initiatives are planned for the next several months and into the fall. The message reiterates, "We're ready when you're ready, but the time to start is now." In addition to these campaigns to promote fall enrollment at the state's community and technical colleges, the System and its colleges have also combined efforts with SCORE for a grassroots social media campaign of #ItsGoTimeTN. The focus of this social media campaign is for students to get proper paperwork into colleges, attend orientation, and start school in the Fall.

## Minutes

June 19, 2020

Page 4 of 15

As the last item of business, Dr. McCormick reported the second session of the 111<sup>th</sup> General Assembly reconvened on June 1, 2020, at noon. She provided an update of bills that were tracked with an overview of legislation that affected TBR and higher education. The Associate of Occupational Technology (AOT) bill (Senate Bill 2344/House Bill 2105) sponsored by Senator Dolores Gresham and Representative Mark White passed. The law will allow TCATs to offer the AOT. This bill was explicitly needed for Surg Tech programs because the accrediting body will soon require a person to hold an associate degree to sit for the national certification exam. The Tennessee Safe Harbor and Recovery Act (Senate Bill 2381/House Bill 2623) sponsored by Senator Mike Bell and Representative Michael Curcio is also being negotiated. The legislation will implement common sense safe harbor provisions for Tennessee businesses and other entities. The main difference between the House and Senate versions is the effective dates. Many entities, such as the Tennessee Chamber and other business associations, support a May 5 effective date since it will cover the time during the pandemic in which essential businesses and manufacturers were operating.

In response to the COVID-19 pandemic, the Governor's revised budget took precedence over other bills. The Senate version, which was passed last week, makes appropriate budget cuts over a three-year period. However, the House passed a different version of the budget on the Floor yesterday, Wednesday, June 17. The House seeks to make steeper cuts for a two-year period rather than over three years. The House and Senate are still negotiating the budget cuts to make up for the money spent during the COVID-19 crisis.

There being no further business to come before the Committee, the meeting adjourned.

Respectfully submitted,

Committee on External Affairs

### ECONOMIC AND COMMUNITY DEVELOPMENT COMMITTEE

The Committee on Economic and Community Development met via MS Teams on June 18, 2020. A quorum was present and the meeting was called to order by Chair MaryLou Apple. Chair Apple called on Vice Chancellor Carol Puryear for the agenda items. The first item on the agenda was an update on Correctional Workforce Training Programs.

All fiscal year 2020 correctional programs are operating, with a current enrollment of 128 students. Vice Chancellor Puryear reported that while COVID-19 has impacted prison operations, CDC-approved safeguards have been put into place at all correctional education program sites for the protection of students, faculty and staff.

The Tennessee Department of Correction has requested assistance from TBR in creating an online program based upon the current Correctional Officer Certificate program being offered by TCAT Elizabethton. Initial planning has begun to create an online version of this course to be offered through TN eCampus. This agenda item was for informational purposes only, and no action was required.

The second agenda item featured Department of Labor and ECD Partnerships, as well as TBR campus updates. Vice Chancellor Puryear provided updates on campus resources provided by TBR ECD;

activities such as grants being implemented with TBR's agency partners; apprenticeship development; and TNTrained resources. Vice Chancellor Puryear also provided an update of TBR campus workforce activities and accomplishments. These presentations were informational, and no action was required.

There being no further business to come before the Committee, the meeting adjourned.

Respectfully submitted,

Regent Greene provided a second. The motion was approved by roll call vote.

#### IV. REPORT OF THE CHANCELLOR

##### **A. COVID-19 Update**

Chancellor Tydings gave the following COVID-19 Update:

### ***Semester Status***

When making preparations for the summer term, it was TBR's intent to continue to serve students in the COVID-19 era with high quality instruction while pursuing the most important goal: the health and safety of students, faculty, and staff.

Student support in application, advising, and registration was available via college websites, phone and e-mail. The colleges continued to observe CDC, Department of Health recommendations for cleaning and social distancing. They implemented the mandatory use of personal protective equipment.

Academic instruction for the summer term was varied and included both on-ground and on-line classes. Some colleges with on-ground classes implemented a staggered scheduling method. The System continued to use the recommendations developed specially for higher education in the "Tennessee Pledge." This guide was developed to help Tennesseans get back to work in a safe environment, restore their livelihoods and reboot our state's economy.

### ***TBR Central Office Update***

TBR Central Office staff were working at home and scheduled to return to the Nashville office on Monday, August 3. Davidson County had seen an increase in COVID-19 cases in the previous few weeks and was still in phase 2 of a three-phase reopening plan. Chancellor Tydings felt an additional delay was necessary to decrease chances of exposure or spreading of the virus. She also implemented a business travel ban for the Central Office for the rest of the year.

### ***Fall Semester Plans***

Each college prepared fall semester plans for how it would approach academic instruction, student services, campus operations, testing and screening procedures, and communications for the fall semester. The following is a summary of the major themes and approaches from those plans, which each college will revise and update as the semester draws nearer:

#### ***1. Academic Instruction***

The primary approach for many colleges seems to be coalescing around a largely online or hybrid approach to classes, with on ground classes available where no other option is feasible. Flexibility runs through each college's plan and provides an immediate path towards a semester that must be fully online should the pandemic flare up again and worsen. Labs are being front loaded where feasible, and all colleges are incorporating social distance, personal protective equipment (PPE) and class size considerations into their courses.

The various student services functions across the colleges were largely successful in shifting to a virtual environment last spring and are prepared to do so again this fall. Utilizing technology, offices were able to function often without any disruption in

service. A few colleges also embedded tutors or librarians into their online course shells, so students have easy access to those resources. While these functions are well prepared to remain virtual this fall, TBR needs to be mindful of what might be lost in such a transition as many students may avail themselves less often of needed student services in a virtual setting. A proactive approach to advising, counseling and other services, which many colleges practice now, is crucial.

## **2. *Testing and Screening Procedures***

The colleges will remain consistent with CDC and TBR guidance, and remain consistent with daily health screening for faculty, staff, and students which determine access to campus. Colleges are working with local and state health authorities, but testing capacity and contact tracing remain issues for many colleges. All colleges have ramped up cleaning efforts and have increased stocks of PPE.

## **3. *Communications***

All colleges have robust communication plans to keep faculty, staff, and students up to date, including widespread use of email, texting, social media, and the college website. The TBR website has consolidated resources for COVID-19 updates at each college.

## **B. *CARES Act***

Chancellor Tydings reported the U.S. Congress had a multi-phase response to stimulus money to address the coronavirus. Phase one and two look at support for the vaccine development, paid leave, unemployment and food assistance. Phase three included a \$2 trillion stimulus package that provided \$14 billion for higher education and became law on March 27, 2020. To assist institutions in the processing of CARES Act emergency student grants, the System Office prepared guidance and process documentation for business officers and financial aid directors to follow. TBR's approach was based on guidance distributed by the U.S. Department of Education.

The TBR funding methodology allocated 90% of funds to full and part-time students who were enrolled as of March 13, 2020 and whose on-ground courses were moved online as a result of COVID. Students were categorized according to Pell and non-Pell eligibility status with Pell eligible students receiving a 5% increase to their overall calculated payments. Distributions to all Pell students were equal, and distributions to all non-Pell eligible students were equal. As of Friday, June 12 all institutions had completed this process with a total amount of \$29,423,510 being awarded for students across the System.

After the initial 90% was paid to eligible students, 10% was held aside for emergency grants for students who meet eligibility requirements outlined by the U.S. Department of Education. Students make requests for the emergency grant based on hardships they are facing that affect their continued enrollment. Of the 10% held aside, four campuses had already dispersed all of the available funds. The remaining institutions will have these funds available to students to apply for through the remainder of the year.

TBR was anxious to see how additional economic support will assist our campuses through the proposed HEROES Act, which would be the fourth phase of economic stimulus funds. The HEROES Act had already passed the House with an expected passage by the Senate by early July.

***C. National Science Foundation Grant***

Chancellor Tydings announced that the Office of Student Success, in partnership with the University of Virginia's Motivate Lab, had a National Science Foundation proposal accepted for funding. The NSF grant will continue TBR's four-year partnership with the UVA Motivate Lab to look at mindset interventions in co-requisite math courses. Using the results from early research done at Chattanooga, Nashville, and Southwest, the three-year research project will provide funding for a math faculty member to work at the System Office to coordinate efforts with math faculty at all of our institutions to use mindset strategies that have been shown to increase student persistence and success in math courses. Dr. Heidi Leming will serve as the co-Primary Investigator for this research, and TBR expects to start work on the grant this coming fall term.

***D. Strong Start to Finish***

TBR recently received word that its grant application to 'Strong Start to Finish', which is led by the Education Commission of the States, was approved. The grant is for \$300,000 over 18-24 months. This is the latest grant in support of TBR's Data Science effort.

The application was to support research and policy implementation on multiple measures, guided pathways, student equity, and more. TBR has already begun some targeted research projects in this area that form the basis of the GPA multiple measures recommendation. This grant was perfectly aligned with the work TBR had already begun and were planning to do over the next two years. It will primarily support the researcher position, as well as convenings, technical assistance, and campus engagement.

***E. Dr. Laux Retirement and Nathan Garrett Interim President Appointment***

President Warren Laux recently notified Chancellor Tydings of his intent to retire. Dr. Laux has served as President of TCAT McMinnville since April 2010. He came to the TBR System from Argosy University in Tampa, Florida. Dr. Laux's last day will be June 30, 2020.

Chancellor Tydings reported she had appointed Mr. Nathan Garrett, Vice President at TCAT Murfreesboro, to serve as TCAT McMinnville's Interim President. In addition to his Interim President duties, Mr. Garrett will continue working with the TCAT Apprenticeship Programs.

#### ***F. TBR Online Taskforce Update***

A TBR Online Taskforce, led by Vice Chancellors Lana Hamilton and Carol Puryear, convened in April. The purpose of the taskforce:

1. To identify best practices and challenges from the Spring 2020 COVID-19 pandemic
2. To strengthen distance learning opportunities within curricula (e.g. shifting some curricula from on-ground to a hybrid format as applicable)
3. To recommend resources in support of faculty, and provide training opportunities while ensuring program and student learning outcomes are met for each of its educational programs

Membership on the taskforce included, community and technical college faculty, presidents, and TBR staff. Chancellor Tydings noted she would update the Board on the progress of this taskforce in the near future.

#### ***G. Community Colleges of Appalachia (CCA) Awards***

Cleveland State won CCA'S 2020 Instructional Program Award for its Forestry, Wildlife & Fisheries Associate of Science degree program. Motlow State won CCA's 2020 Workforce Development Award for its Advanced Robotics Training Center. CCA issues 3 awards per year, and Tennessee community colleges won 2 out of the 3.

#### ***H. Second Chance Pell Program***

Dyersburg State and Nashville State were among 67 colleges across the nation that were approved last month for participation in the Second Chance Pell program, by the U.S. Department of Education.

The grants allow incarcerated individuals to receive Federal funding to enroll in postsecondary programs offered by local colleges and universities or distance learning providers. In the first two years of the experiment, institutions were awarded approximately \$36.2 million in Federal Pell Grants. According to a recent study by the Vera Institute of Justice, more than 4,000 credentials—including postsecondary certificates, associate degrees, and bachelor's degrees—have been awarded to Second Chance Pell students over the past three years. Additionally, according to the Rand Corporation, individuals who participate in correctional education programs are 43% less likely to return to prison than those who do not.

#### ***I. The Cooke Undergraduate Transfer Scholarship***

Two of the 50 students named as recipients of the Jack Kent Cooke Foundation's prestigious Undergraduate Transfer Scholarships for 2020, which provide up to \$40,000 a year to complete their bachelor's degrees, attend TBR colleges:

- Samantha Benavides at Cleveland State Community College
- Gary Satin at Chattanooga State Community College

The Cooke Undergraduate Transfer Scholarship is a highly selective scholarship for the nation's top community college students seeking to complete their bachelor's degrees at four-year colleges or universities. Nearly 1,500 students from 311 community colleges applied for the scholarship this year. The 50 winners are from 17 states. Each Cooke Scholar has access to generous financial support for two to three years, college planning support, ongoing advising, and the opportunity to connect with the thriving community of more than 2,700 fellow Cooke Scholars and alumni. Scholars will also receive opportunities for internships, study abroad, and graduate school funding.

#### ***J. SkillsUSA Chapters of Excellence Designation***

Nine Tennessee Colleges of Applied Technology won SkillsUSA Chapters of Excellence designation. The five Gold Award Chapters of Excellence winners are the Tennessee Colleges of Applied Technology at Pulaski, Paris, Chattanooga, Memphis and Knoxville (ranked by order of their scores in the competition). The four Silver Award Chapters of Excellence are TCATs Hohenwald, Dickson, Harriman and Hartsville. In addition, Rob Alford of TCAT Pulaski is the Tennessee SkillsUSA Postsecondary Advisor of the Year. Alford is special industry training and evening program coordinator at TCAT Pulaski, where he has also served as lead advisor for the top-ranked SkillsUSA chapter for two years.

As Tennessee's top five Chapters of Excellence, the Gold Award Chapters of Excellence will now be considered for the prestigious National SkillsUSA Models of Excellence designation. Only 24 chapters across the U.S. are designated as Models of Excellence each year. The TCAT Pulaski chapter was a national Model of Excellence honoree last year.

The Chapter of Excellence Program (CEP) is a state and national recognition designed to implement the SkillsUSA Framework, which ensures students develop employable skills and are career-ready. CEP is focused on the learning and skills developed by students because of chapter involvement rather than honoring chapters simply by the number of activities they engage in throughout the year. The focus is on personal skills, technical skills grounded in academics, and workplace skills.

#### ***K. Lighthouse Leadership Discussion***

On June 10, Dr. Tydings invited the Community College presidents, TCAT presidents and members of the Central Office leadership team to participate in a discussion with Derek Young called "Lighthouse Leadership - In the Current Storm of Social and Environmental Upheaval." The group had some very meaningful and important discussions about how the presidents can lead their teams and understand some of the obstacles and concerns our students, faculty, staff and colleagues are facing today. It is Dr. Tydings' plan to have a

similar discussion with Mr. Young and Board members, and a follow up session is also in the planning stages for the presidents. She will keep the Board informed as these plans develop.

#### ***L. Spring 2020 Faculty Survey***

Chancellor Tydings asked Executive Vice Chancellor Russ Deaton to give a report on the Spring 2020 Faculty Survey. Dr. Deaton shared the following regarding the survey:

- Survey of over 6,000 full-time and adjunct faculty at community colleges and TCATs during May 2020.
- Included questions like:
  - How did faculty adapt their courses as a result of COVID-19? What tools or methods were effective?
  - How did the shift to online/remote learning affect student engagement and learning?
  - What methods or tools did faculty use to overcome challenges, like students' lack of access to technology?
  - What training or resources would faculty find helpful if online/remote learning continues into the fall?
- 1,528 survey responses received in total
- 38% of full-time community college faculty participated
- 12% of adjunct community college faculty participated

  - TCAT Faculty: 2.1 out of 10
  - Teaching in Technical Program: 3.3 out of 10
- How well faculty felt students adjusted to course charges were rated as follows:
  - All Community College Faculty: 6.3 out of 10
  - All TCAT Faculty: 6.3 out of 10
- Faculty adjusted assignments mid-semester, but grading standards remained high. Adjustments included:
  - Changed assignments
  - Adjusted expectations about amount of work
  - Dropped assignments
  - Adjusted expectations about quality of work
  - Assignment deadlines
  - Graded more leniently
  - Reweighted assignment grades
  - Gave more "Incomplete" grades
- Many students remained engaged in coursework
- Faculty used a combination of teaching methods that included:
  - D2L Brightspace

- Videoconferencing tools
- Email
- Recorded lectures
- Video Lessons/You Tube
- Online simulations
- Faculty reported common challenges, but faculty with less online teaching experience reported more challenges with technology.
- Some students lack access to reliable internet service or computers.
- Faculty are interested in training and resources to help students succeed.

Dr. Deaton reported a dashboard of the survey results were available on the TBR website.

### ***M. Early 2020 Student Enrollment and Success Indicators***

Dr. Deaton also gave the report on Early 2020 Student Enrollment and Success Indicators and reported the following preliminary information:

- More than 72,000 students enrolled at community colleges in Tennessee for this fall
- During the 2019-2020 academic year, students at community colleges earned over 15,000 associate degrees and technical certificates. TCATs will award over 7,000 certificates and diplomas.
- Spring 2020 Course Outcomes – Findings:
  - The percentage of incomplete grades rose from 0.3 percent in spring 2019 to 2.2 percent in spring 2020. As institutions resolve incomplete grades, the grade distribution will alter slightly.
  - Overall, students that remained enrolled and completed their spring 2020 courses were as successful in coursework as students in prior spring terms despite the additional challenges presented.
  - While spring 2020 course success rates remained consistent overall, some courses did see declines, particularly learning support courses and several high enrollment courses aligned with learning support.
  - There are gaps in course success for students from different subpopulations. The gaps for students of different races or genders were not significantly altered in spring 2020 when compared to spring 2019. The gap for students receiving a Pell grant also did not change.
  - Course success rates for dual enrollment students dropped only one percentage point from spring 2019 to spring 2020. Compared to other students, dual enrollment students are highly successful in their courses.
- Early Fall 2020 Indicators
  - Community college new student applications are currently at 55,925, which is 21% lower than the same time last year.
  - The total number of students registered for the fall at community colleges is also down at least 20% as compared to this time last year.
  - It is still too early to determine how TCAT registrations for the fall compare to last year.

- Institutions are working through obstacles such as a lack of in-person meetings at high schools this spring and incomplete transcripts.

V. UNFINISHED BUSINESS

### **TENNESSEE BOARD OF REGENTS**

#### **SPECIAL CALLED SESSION**

August 12, 2020

The Board met virtually through Microsoft TEAMS in a special called session on Wednesday, August 12, 2020 at 8:30 a.m. central time. The purpose of the meeting was to review and consider policy revisions required by revised, federal Title IX regulations, and to review and consider a new policy on infectious diseases.

Vice Chair Emily Reynolds welcomed everyone and thanked them for participating in this special called meeting. In her opening remarks, she recognized and welcomed newly appointed General Counsel, Brian Lapps, the new student regent, William McElyea, from Chattanooga State Community College, and the new faculty regent, Wanda Reid, from TCAT Crossville.

Next, Vice Chair Reynolds called on Chancellor Flora Tydings for an update on the Fall 2020 Semester Plan. Chancellor Tydings began by thanking the TBR staff for their continued hard work throughout the COVID pandemic. She emphasized the campuses did not shut down during the pandemic and have continued to fulfill their missions through various forms of instruction. She reported that campus presidents expect to conduct the Fall semester through three scenarios 1) mostly online/remote with limited hybrid/in-person instruction as needed; 2) mostly hybrid (or a combination of online, remote, in-person); and 3) mostly in-person with hybrid/flexible options as needed. Chancellor Tydings also provided the members a report on preliminary Fall enrollment figures. Vice Chair Reynolds complimented the Chancellor for the excellent report and asked Regent Mike Krause, Executive Director of THEC, for comment. Regent Krause was complimentary of the excellent work being done by Chancellor Tydings and the presidents on keeping the campuses open during the pandemic and providing a safe environment. He applauded the efforts of everyone involved.

She then asked Board Secretary Sonja Mason to call the roll. The following members participated:

Dr. MaryLou Apple  
Mr. Miles Burdine  
Mr. Gregory Duckett  
Dr. Kenneth Goldsmith  
Ms. Yolanda Greene  
Mr. Joey Hatch  
Commissioner Charles Hatcher (joined late)  
Mr. Mike Krause

Mr. William McElyea  
Dr. Barbara Prescott  
Ms. Wanda Reid  
Ms. Emily Reynolds  
Ms. Leigh Shockey  
Ms. Danni Varlan  
Mr. Weston Wamp  
Mr. Tom White

A quorum was present. Members not available to participate were Governor Bill Lee, Commissioner Penny Schwinn, and Regent Mark Gill.

Next, Vice Chair Reynolds called on General Counsel Brian Lapps for the proposed policy revisions required by revised Title IX regulations. She asked the members to consider all of the policies and then act on the proposed revisions jointly after the last one was presented.

Mr. Lapps reported that the U.S. Department of Education issued revised Title IX regulations on May 6, 2020, which included 33 pages of regulations and 2,000 pages of explanatory preamble. The regulations are effective August 14, 2020. In summary, the regulations make significant changes to required Title IX processes, including (1) requiring separation of roles during investigation and adjudication; (2) defining “sexual harassment” more narrowly; (3) introducing detailed procedural requirements for filing complaints and conducting investigations; and (4) requiring live hearings with cross-examination to decide facts and responsibility. Each of these topics is discussed in more detail below. The overall goals of the policy revisions are to maintain safety while treating all parties fairly, to comply with the regulations, and to maintain the current policy structure and processes as much as possible.

The first policy addressed was TBR Policy 6.03.00.00 – Sexual Misconduct. The overall structure of the Sexual Misconduct Policy remains the same—only the subset of sexual harassment allegations that meets the definition of “sexual misconduct” will be handled pursuant to the Sexual Misconduct Policy. Other sexual harassment allegations will continue to be handled pursuant to TBR Guideline P-080 and institutional anti-harassment policies. The most significant revisions as required by the regulations were 1) separation of functions and increased number of people needed; 2) definition of sexual misconduct and formal complaint; 3) formal complaint process; 4) investigations; 5) live hearings; and 6) advisors. A copy of the revised policy presented is attached to the Minutes as Attachment A. After some discussion among the members, Mr. Lapps proceeded with the next agenda item.

Next, Mr. Lapps reviewed revisions to TBR Policy 5.01.02.00 – Equal Employment Opportunity and Affirmative Action. Revisions to the policy are designed primarily to comply with regulations relating to the appointment and role of the Title IX Coordinator. Changes reflect that TBR Guideline P-080 will not be followed when the Sexual Misconduct Policy applies. Also, it clarifies that the Title IX Coordinator may or may not be the

EEO/Affirmative Action Officer. A copy of the revised policy is attached to the Minutes as Attachment B.

Mr. Lapps continued and presented the next policy for discussion – TBR Policy 6.:01.00.00 – Sex Discrimination, Sexual Harassment or Sexual Misconduct. The changes reflect that the definitions in the Sexual Misconduct Policy need to change and that some sexual harassment may rise to the level of sexual misconduct. A copy of the revised policy is attached to the Minutes as Attachment C.

TBR Policy 6.02.00.00 – Sex Discrimination and Sexual Harassment was next on the list to be discussed. Noted changes reflect increased recordkeeping obligations are necessary and not only for the sexual misconduct investigations. The revisions reflect the requirement to retain certain materials for seven (7) years. Also, training materials must be posted on the website. A copy of the revised policy is attached to the Minutes as Attachment D.

The last policy related to the Title IX regulations to be reviewed was TBR Policy 2.08.10.00 – Development & Operation of Off-Campus International Education Programs. The regulations do not permit a formal complaint for sexual misconduct that takes place outside the United States. Any such complaint will be handled according to existing policies and practices. A copy of the revised policy is attached to the Minutes as Attachment E.

Vice Chair Reynolds thanked Mr. Lapps for the extensive work performed on revising these important policies. Next, she asked for a motion to approve all policies as presented. A motion was made by Regent Burdine and a second was provided by Regent Duckett. All policies were approved unanimously by a roll call vote.

The last item on the agenda was consideration of new TBR Policy 7.03.00.00 – Infectious Diseases. Dr. Heidi Leming was asked to present this item. This policy is to provide guidance to TBR institutions seeking to implement policies, procedures, and/or plans designed to prevent the spread or outbreak of infectious and/or communicable diseases and will be interpreted and administered in order to protect the health, safety and well-being of the college community. The colleges will be required to develop an infectious disease policy consistent with the provisions of this policy and include it in their catalog or other appropriate publications. A copy of the new policy is attached to the Minutes as Attachment F. Regent Prescott made the motion to approve the new policy with a second provided by Regent White. A roll call vote was taken and the motion passed unanimously.

In her closing remarks, Vice Chair Reynolds asked the members and senior staff to remain for a discussion with Mr. Derek Young, of Young Motivation Group Enterprises. She also thanked those who observed the meeting through the video streaming and announced the next meeting would be held on September 22 and September 23.

There being no further business to come before the Board, the meeting adjourned.

MEMORANDUM

---

TO: Presidents

FROM: Chancellor Flora W. Tydings 

DATE: July 30, 2020

SUBJECT: TBR Policy 4:01:03:00 *Payment of Student Fees & Enrollment*

As you are aware, TBR Policy 4:01:03:00 *Payment of Student Fees & Enrollment* requires that all outstanding debts and obligations of \$100 or greater, not evidenced by an acknowledgement of debt/promise to pay agreement (per section IV of the policy) or a current semester deferred payment agreement, must be fully satisfied by the 14<sup>th</sup> day purge of the semester. However, the policy also grants me the authority to approve exceptions to the requirements of this policy in appropriate circumstances.

Given the impact the COVID19 pandemic is having on our economy, our enrollment processes, high school start schedules with regard to dual enrollment, our students' ability to pay, and our overall enrollment numbers, I am authorizing you to make exceptions to the 14<sup>th</sup> day purge on your campuses **should you choose to do so**. This may be done on a case by case basis or in some instances for a particular group of students such as dual enrolled students. Having said that, I would encourage you to adhere to our regular 14<sup>th</sup> day rule as much as possible. Obviously, there are risks to the student and the college the longer the account balance goes unsettled. I would also expect for you to document the reason for your exceptions.

**This exception is not to be used as a broad marketing tool. Again, it is to be used in circumstances you deem extenuating and appropriate.** In all cases, outstanding debts and obligations of \$100 or greater not evidenced by an acknowledgement of debt/promise to pay agreement (per section IV of TBR Policy 4:01:03:00) or a current semester deferred payment agreement **must be fully satisfied by November 13<sup>th</sup>** or the student enrollment must be purged.

TO: Flora W. Tydings, Chancellor  
FROM: Danny Gibbs, Vice Chancellor for Business and Finance  
DATE: September 14, 2020

As you will recall, during the week of July 6<sup>th</sup> you discussed the International Education fee with the community college presidents. The discussion related to whether the International Education fee should be charged this fall semester given that no international travel will occur this fall and with travel next spring/summer being very uncertain at this point.

Presidents were given the option, with your approval, to not assess the international education fee this fall, assess it at a reduced rate, or assess it at the full rate.

The following is the action requested by the presidents and approved by you. The only school that assessed the full fee in the fall was Walters State. They assessed the fee because very little of their international fee goes to support international travel. They use their fee to primarily support campus activities.

MEETING: Committee on Finance and Business Operations

SUBJECT: Technology Access Fee (TAF) Report

DATE: September 22, 2020

PRESENTER: Vice Chancellor Danny Gibbs

ACTION REQUIRED: Voice Vote

STAFF'S  
RECOMMENDATION: Approve

---

By FY 1997-98, the Board had approved a uniform technology access fee (TAF) of \$112.50 per semester across all universities and community colleges and \$67.00 per trimester for Tennessee Colleges of Applied Technology (TCATs). This fee was increased to \$116.00 per semester at community colleges and \$73.00 per trimester at TCATs for FY 2019-20. The TAF fee was levied for the purpose of providing student access to computing and similar technologies. Board Guideline B-060, Section VIII provides that TAF funds be used to benefit students directly, for items such as new and improved high technology laboratories and classrooms, appropriate network and software, computer and other equipment, and technological improvements that enhance instruction. For compliance purposes, Section B.4 of this guideline requires that the Chancellor annually review TAF proposed spending plans from 25% of TBR institutions and provide a report to the Board.

For fiscal year 2020-21, TAF spending plans from Chattanooga State Community College, Nashville State Community College, Pellissippi State Community College and Vol State Community College, as well as Tennessee Colleges of Applied Technology at Hartsville, Jacksboro, Knoxville, McKenzie, Murfreesboro, Nashville and Whiteville were reviewed for compliance with TAF use guidelines.

Some minor template problems, mathematical problems, and questionable items were discovered and corrected or replaced. Once this occurred, all plans reviewed were found to be in compliance with TAF use guidelines.

SUBJECT: TBR System State Funding Requests for  
FY 2021-2022

DATE: September 22, 2020

PRESENTER: Vice Chancellor Danny Gibbs

PRESENTATION REQUIREMENTS: 15 minutes with discussion

ACTION REQUIRED: None - For Informational Purposes

---

On an annual basis, Board staff develops a list of System funding needs that are not recognized through the higher education funding formula. Items identified are intended to have broad benefit across the System and to align with the State's strategic goals. Review of these items by the Board is the first step in this process. Items will be then submitted to the Tennessee Higher Education Commission for its consideration. TBR items endorsed by the Commission are then forwarded to the Governor for his consideration in developing his FY 2021-2022 budget recommendations to the General Assembly. The legislature then ultimately determines which items recommended are funded. There are three items listed on the next two pages, totaling approximately \$10.1 million (\$9.75 million Recurring and \$350,000 Non-recurring).

While each of the following items is worthy of consideration, it is noted that the System's priority is that THEC's formula funding recommendations be sufficient to recognize improvements in outcomes funded through the outcome formula.

## **Draft for Review Purposes**

### **1) Safety and Security (\$5.9 million)**

These funds would continue the investments that Tennessee has made in campus safety and security by adding security personnel at each TCAT. The request would fund 90 FTE officers to serve approximately 68 locations for coverage when students are on campus. Funding would include a TBR Director of Public Safety/Chief of TCAT Police who would be responsible for campus security operations across the system.

#### Estimated Costs

Personnel Costs (Recurring) \$5,900,000

### **2) TCAT Student Success Support (\$2.7 million)**

Over the last few years, TCATs have undergone significant operational and strategic changes that build off their successful foundation and expand into new areas of student access and success. The current strategic policy environment requires TCATs to have greater capacity to serve student and workforce needs. For instance, over the last two years, all TCATs have begun the in-depth process of focusing their efforts on strategic recruitment of new populations, as well as building student supports and expertise to better serve students through graduation and into the workforce via their participation in Achieving the Dream. Furthermore, they have deployed new technologies that modernize systems of financial aid, admissions, and business operations. These strategic and operational efforts are labor intensive and new to the TCAT sector and investment in the capacity of these institutions would provide them the ability to meet these demands. Across the 27 TCATs, one FTE per campus would have tremendous marginal effect on their workforce.

#### Estimated Costs

Student Access and Success Personnel Costs (Recurring) \$2,700,000

### **3) Revitalizing Online Instruction (\$1.5 million)**

Even before COVID-19, the necessity of expanding instructional methods was a key strategic priority to reach new populations and increase student success. As the pandemic shapes the next several years for our colleges, the use of competency-based education (CBE) as well as scaling and improving online education are critical priorities. Both areas need a level of infrastructure and expertise that exceeds current capacity. First, in order to convert more programs to CBE,

which bases instruction on skill mastery rather than seat time, TBR requests \$750,000. This would allow TBR to develop the expertise to develop and design CBE courses and programs, while also allowing faculty the time to convert their courses to the CBE model. Second, as online education becomes more of a necessity and gains prominence, TBR must improve and expand online teaching, learning, and accessibility. The 6,000 TBR faculty need greater assistance in curriculum development and assuring quality in instructional design in an online environment. These challenges extend across TBR from community colleges to the TCATs and include an ongoing training component for new and existing faculty. A team of seven experts who would be devoted to this endeavor – six regionally based across the state with one centrally located to be deployed where the need is most acute – would be able to work with TBR faculty on instructional design that would greatly improve online teaching and learning.

Estimated Costs

CBE Personnel Costs (Recurring)	\$400,000
CBE Personnel Costs (Non-recurring)	\$350,000
Enhance on-line instruction Personnel Costs (Recurring)	\$750,000

MEETING: Personnel and Compensation Committee

SUBJECT: Recommendation to Award Tenure upon Appointment

DATE: September 22, 2020

PRESENTER: Lana Hamilton, Vice Chancellor Academic Affairs

ACTION REQUIRED: Roll Call Vote

STAFF'S RECOMMENDATION: Approve

---

The Committee on Personnel is asked to act on recommendations for the granting of tenure upon appointment to eligible faculty members at the community colleges. The recommendations are made within the requirements of TBR policies on tenure and promotion specifically TBR Policy 5:02:03:70.

The Community College Presidents were solicited for submissions and one recommendation was received from Pellissippi State Community College with supporting materials. TBR central office staff have certified that approved campus policies and procedures were followed. TBR staff review indicates that Pellissippi State Community College has been consistent in their application of Board and institutional personnel policies pertinent in these decisions.

Staff recommends approval that tenure upon appointment be granted for Dr. Jeff Horner as professor of pre-health sciences/biology in the Natural and Behavioral Sciences Department at Pellissippi State Community College.

Most recently, Dr. Horner served as Executive Vice President for Student Success and Academic Affairs at Motlow State Community College. The majority of Dr. Horner's distinguished career, however, has been at Walters State Community College, where he joined the Natural Sciences Department as a faculty member in 1995. He rose through the academic ranks, receiving tenure in 2004, becoming dean of the department in 2007, and serving in that role for twelve years. In 2000, he received the college's Faculty of the Year award, and he was promoted to full professor in 2008.

Dr. Horner has an Ed.D. in Educational Leadership and Policy Analysis and an M.S. in biology with an emphasis in biochemistry. He has remained professionally active throughout his career, serving on various committees at the state level, including as a Training-Research-Pilots consultant for the TBR Office of Emerging Technologies and Mobilization from 2013-2018. An early proponent of mobile technologies, he served on Walters State's first mobilization team and its executive council and has presented at numerous conferences on the topic.

Dr. Horner's academic leadership has been recognized by his selection as a participant in the Regents Academic Leadership Institute in 2009-2010 and the 2015 award from the Tennessee Association of Science Department Chairs as the Outstanding Contributor to Research and Development in Education.

During his 25 years in the Tennessee Board of Regents system, Dr. Horner has demonstrated academic excellence through teaching, research, service, and leadership.

In implementing Jackson State Community College's (JSCC) new compensation plan, approved at the June TBR Quarterly meeting, they recognized a need for a revision. The plan submitted to TBR stated faculty would receive a 5% increase when promoting from one rank to the next. Later in the plan, it stated non-faculty employees would receive a 5% per grade increase unless such an increase would not achieve the minimum of the new pay grade. In such a case, the employee's pay would be raised to the new minimum.

Although not stated explicitly for faculty, the college intended that all employees be paid at least at the minimum of their job's pay range. Therefore, if a faculty member's 5% raise would not achieve the new rank minimum, their new salary should be the new rank minimum.

The revision to the compensation plan to include this additional language has been submitted separately for your review and approval in an amended compensation plan.

In the meantime, the college respectfully requests approval to implement the change effective retroactively to July 1, 2020 to provide the increase to the (5) five faculty members affected this year.

Additionally, TCAT Shelbyville submitted a Faculty Promotion request for Mr. Robert Swartzentover. In keeping with the faculty promotion guidelines for the TCATs, upon approval of the promotion, Mr. Swartzentover is eligible for a 10% increase in salary. The college respectfully requests approval retroactive to July 1, 2020.

After review of the proposed plans, the Committee respectively recommends Board approval of the proposed revisions or new compensation plans.

## REVIEW OF INSTITUTION COMPENSATION PLANS

Committee on Personnel and Compensation  
September 2020

### **Jackson State Community College**

Jackson State Community College (JSCC) is proposing a revision to their compensation plan related to faculty promotions. The previous plan allowed for a 5% increase for faculty promotions, but didn't address what to do if the 5% wasn't enough to move the faculty member into the correct paygrade. They are proposing a revision to their plan to allow for a 5% increase or the minimum of the appropriate pay grade, whichever is larger for faculty promotions.

### **Dyersburg State Community College**

Dyersburg State Community College (DSCC) is proposing a new compensation plan for all employee groups. The previous plan was approved in 2010. The proposed plan is at 100% of market. For Faculty, Administrative and Executive positions, the marketplace is defined as Southeast-Southcentral United States. For support positions, the target market is the greater Memphis area. This recognizes that the greater Memphis area is within the recruitment market, especially for the Covington campus.

The following compensation survey resources were used: CUPA-HR, various staff and faculty reports for Associate's Institutions; Southern Region Education Board (SREB) Fact Book; TBR sister institutions; American Association of University Professors (AAUP)/Academe; Area Secondary Education Teachers' Salaries – for masters level faculty; PayScale, Inc.-Comp Analyst; Economic Research Institute (ERI) and O\*Net Online, a public domain maintained by the Department of Labor.

The proposal is for the faculty salaries to be a function of academic rank, degree, and discipline. The range spread is 40% between minimums and maximums, with four (4) salary ranges for each of the four (4) academic ranks; Instructor, Assistant Professor, Associate Professor, and Professor. Prior experience is considered when calculating starting pay and pay progression with the range for faculty. To move from entry to market salary for Instructor is designed to take at least three years, to move from Assistant Professor to Associate professor takes at least four years, and to move from entry to market salary for Associate Professor to Professor is designed to take at least five years in rank. The following disciplines will have a 14% premium applied to them, due to them being difficult to recruit and retain faculty; Nursing and Industrial Technologies. Faculty members will receive a 5% salary increase upon being promoted in rank. Faculty members will receive a \$1200 bonus for obtaining degrees higher than the degree they currently hold. Additionally a \$1200 bonus will be given for the same degree if it is in a discipline that will enhance teaching excellence.

For non-exempt support positions the college has made a commitment to a minimum salary of not less than the Federal Poverty Level for a one-person household of \$19,890. Therefore the minimum of the entry-level grade represents this figure, with a 40% spread from minimum to maximum for

each salary range. The salary ranges have a consistent differential of 10% between market salaries. The target number of years for an employee to reach the range midpoint ranges from five (5) years to ten (10) years, based on the level of the position. Higher level positions take longer and more experience to reach the target salary. Support staff will receive a \$1200 bonus for obtaining degrees higher than the degree they currently hold. For promotions and reclassifications, employees who move into a higher pay grade will receive the higher of 1) a 6% increase for each pay grade, 2) the calculation based on experience to cap at a 10% increase, or 3) the minimum of the new paygrade.

For administrative and executive positions, the defined market is southeastern/southcentral United States. The midpoint differential of the proposed salary ranges is a consistent 10% and the range spread for each salary range from minimum to maximum is 50%. The target number of years for an employee to reach the range midpoint is between eight (8) years and ten (10) years, depending on the level of the position. For promotions and reclassifications, employees who move into a higher pay grade will receive the higher of 1) a 6% increase for each pay grade, 2) the calculation based on experience to cap at a 10% increase, or 3) the minimum of the new paygrade. Administrative staff will receive a \$1200 bonus for obtaining degrees higher than the degree they currently hold.

The compensation plan proposal would allow the compensation plan to be adjusted annually using reference resources allowing the pay ranges to stay competitive and reflect market increases.

### **Roane State Community College**

Roane State Community College (RSCC) is proposing a new compensation plan for all employee groups. The previous plan was approved in 2013. The proposed plan is at 100% of market. For Faculty, Administrative and Executive positions, the marketplace is defined as Southeast-Southcentral United States. For support positions, the target market is the greater Knoxville area.

The following compensation survey resources were used: CUPA-HR, various staff and faculty reports for Associate's Institutions; Southern Region Education Board (SREB) Fact Book; TBR sister institutions; American Association of University Professors (AAUP)/Academe; Area Secondary Education Teachers' Salaries – for masters level faculty; PayScale, Inc.-Comp Analyst; Economic Research Institute (ERI) and O\*Net Online, a public domain maintained by the Department of Labor.

The proposal is for the faculty salaries to be a function of academic rank and degree. The range spread is 40% between minimums and maximums, with four (4) salary ranges for each of the four (4) academic ranks; Instructor, Assistant Professor, Associate Professor, and Professor. Total higher education teaching experience is considered when calculating starting pay and pay progression within the range for faculty. To move from entry to market salary for any salary range is designed to take twelve years. The following disciplines will have a 10% premium applied to them, due to them being difficult to recruit and retain faculty; Industrial Maintenance/Technology. Faculty members will receive a 5% salary increase upon being promoted in rank or be moved to the minimum of the salary range, whichever is greater. Faculty members will receive a 3% increase for a degree attainment of an Associate's, Bachelor's or Master's degrees, and a 5% increase for attainment of a doctorate or terminal degree.

For non-exempt support positions the college has made a commitment to a minimum salary of not less than \$25,500. The salary spread is 40% spread from minimum to maximum for each salary range. The salary ranges have a consistent differential of 10% between market salaries. The target number of years for an employee to reach the range midpoint ranges is twelve years. Support staff will receive a 3% increase for degree attainment of an Associate, Bachelor's, or Master's degree, and a 5% increase for attainment of a doctorate or terminal degree. For promotions and reclassifications, employees who move into a higher pay grade will receive a salary commensurate with their experience within the salary range of that position.

For administrative and executive positions, the defined market is southeastern/southcentral United States. The midpoint differential of the proposed salary ranges for administrative positions is a consistent 10% and the range spread for each salary range from minimum to maximum is 50%. Executive positions have a midpoint differential of 10% with a range spread of 60% between the minimum and maximum of the salary ranges. The target number of years for an employee to reach the range midpoint is twelve years. For promotions and reclassifications, employees who move into a higher pay grade will receive a salary commensurate with their experience within the salary range of that position.

Administrative and executive staff will receive a 3% increase for attainment of a Master's degree and a 5% increase for attainment of a doctorate or terminal degree.

The compensation plan proposal would allow the compensation plan to be adjusted annually using reference resources allowing the pay ranges to stay competitive and reflect market increases.

The following materials are respectfully submitted for consideration.

## 2020-2021 Community College

### Tenure Recommendations

The Committee on Personnel is asked to act on recommendations for the granting of tenure to eligible faculty members at the Volunteer state Community College. The recommendations are made within the requirements of TBR policies on tenure.

Volunteer State Community College has submitted six additional recommendations to tenure faculty. The six recommendations were included on the promotion list, which was approved at the June Board of Regents Meeting, but mistakenly left off the tenure recommendations. These recommendations were submitted with supporting materials and central office staff have certified that approved campus policies and procedures for tenure recommendations were followed in each case. Further TBR staff review indicates that Volunteer State has been consistent in their application of Board and institutional personnel policies pertinent in these decisions. The tables submitted in June have been revised to reflect these additional recommendations.

Table 1 summarizes the impact of tenure recommendations at each community college with the addition of these six.

### I. [Disposal of Records](#)

- A. Disposal of records must be approved by the State Public Records Commission (PRC).  
No records, paper, electronic, or other media may be destroyed unless and until meeting the criteria of this policy and PRC rules.

- B. Unless specified otherwise, or otherwise required by law, records may be imaged, microfilmed, or electronically reproduced and the paper copy destroyed upon verification of an archival quality reproduction. The microfilm, image, or electronic record will then be retained for the balance of the indicated retention period.
- C. No record shall be destroyed, however, so long as it pertains to any pending legal case, claim, or action; or to any federal or state audit until such actions have been concluded.
  - 1. State records have been approved for disposal by state-approved methods:
    - a. Shredding
    - b. Recycling
    - c. Purge (paper & electronic)
  - 2. Any record designated "confidential" shall be so treated by agencies in the maintenance, storage and disposition of such confidential records. These records shall be destroyed in such a manner that they cannot be read, interpreted or reconstructed.
- D. Unless specifically approved by the System Office or Institution Records Officer, any records which reflect "Permanent" retention should be maintained by means other than paper after verification of an archival quality electronic reproduction. After verification, the paper copies will be destroyed.
- E. Actions by the State Commission shall be communicated to all campus Records Officers through the System Office.

## II. [Records Officers](#)

- A. Records Officers have the authority and responsibility to retain and dispose of records in accordance with approved records disposition authorizations.
- B. Prior to the destruction of any records, the Records Officer must determine if the action should be delayed due to audit or litigation requirements.
- C. Specific records pertaining to current or pending litigation or investigation must be retained until all questions are resolved. These specific records can be retained in a suspense file, while all other records not under pending investigation shall be disposed

of in accordance with established Statewide and TBR Records Disposition Authorizations (RDAs).

- D. Records Officers should establish and apply retention schedules for records in their custody that may not be specifically addressed in this policy.

### III. [Certificate of Destruction](#)

- A. Records Management Division has authorized the implementation and utilization of the [Certificate of Destruction Form](#) in order to better track the volume of records destroyed and to insure that records have met the criteria necessary for destruction.
- B. Certificate of Destruction forms must be used when destroying public or confidential records that are not destroyed during the annual Operation Roundfile campaign – an initiative through Executive Order 38 to purge out-of-date documents and/or records on an annual basis. (Exhibit 1)
  - 1. Certificates shall be held at the institution.

### IV. [Records Retention Schedules](#)

- A. The Tennessee Board of Regents adheres to Statewide, College/University Statewide, other agency (where appropriate) and TBR Records Destruction Authorization (RDA) classifications.
- B. Notwithstanding the retention period stated herein, should such periods conflict with federal or state law or regulation, the period of longer retention shall apply.
- C. Each RDA listed below has a brief synopsis of the record type, the retention period and end action.
- D. Click on the following link to access the Record Division RDA Public Page to see the actual RDA which includes cut-off dates and other pertinent information. Use the Fulltext search function to find the RDA for viewing. Example: SW-U02.

## Policy/Guideline

- I. Student Attendance

- A. The nature of the programs at the Tennessee Colleges of Applied Technology is such that it is necessary for every student to attend regularly. Excessive interruptions due to absences will have an adverse effect on student progress.
1. A full-time student enrolled for a full term (432 hours) <sup>JB21</sup> and that has been absent for more than 5.5% (24 hours) of the scheduled hours enrolled, will receive written communication alerting the student to the number of hours remaining prior to suspension. Available community and institutional resources will be shared to assist students with attendance issues. The number of hours of absence triggering notification must be prorated for all part-time students and full-time students enrolled for less than a full term.
  2. When a full-time student enrolls for a full term (432 hours) <sup>JB31</sup> and has absences exceeding 9.7% (42 hours) of the scheduled hours enrolled, that student will be suspended. A student suspended for attendance may appeal the suspension in writing to the president within three (3) days of receiving notification of the suspension. A student appealing suspension of attendance may remain in class until the suspension has been reviewed. The number of hours triggering suspension must be prorated for all part-time and full-time students enrolled for less than a full term.
  3. A student is considered tardy if not in the classroom at the designated time for class to start. Multiple tardies will result in the following discipline:
    - a. Five (5) tardies: Student will be given a written warning by instructor.
    - b. Six (6) tardies: Student will be placed on probation by the president or the president's designee.
    - c. Seven (7) tardies: Student will be referred to the president, and may be suspended.
  4. An attendance record for each student shall be maintained in the student information system.
- B. When a student misses three (3) consecutive days without contacting the college, that student <sup>JB4</sup> may be presumed to have withdrawn from the college.

## II. Exceptions for Suspension Due to Student Attendance

- A. In individual cases of extenuating circumstances, the president may make exceptions to the requirement of suspension or presumed withdrawal due to absences. The circumstances warranting such exceptions should be fully documented.

## III. Student Progress

- A. Evaluations of student achievement toward a program's identified occupational competencies are recorded for each student at the end of (432 hours) <sup>JB5</sup> of instruction that comprise a term. Those evaluations shall be based on the following scale of progress:
1. A = 94 – 100
  2. B = 87 – 93
  3. C = 80 – 86
  4. D = 73 – 79
  5. F = 0 – 72
  6. <sup>JB6</sup> P = Pass
  7. CONT = Continuing/Incomplete

8. **W = Withdrew** [JB7]
- B. Grades for courses will be determined as described in course syllabi. Students will be graded in the following categories:
  1. Skill Proficiency
  2. Theory/Related Information

#### IV. **Prior Learning Assessment/Transfer Credit**

- A. Each TCAT will establish a process for prospective students to submit prior learning or transfer credit for review by an instructor in the student's selected program of study. The process will be advertised to all students and will be outlined in the student handbook.
- B. Transfer credit for previous training from other institutions or prior learning experience may be given credit toward program completion requirements upon demonstration of common competencies. Students requesting credit for prior education/training or experiences may do so through two sources of prior credit that can be reviewed by instructors for recommendation for the student to receive credit towards a course in a TCAT program of study.
  1. Credit from a sister TCAT institution.
  2. Credit from all other institutions, work experiences, certifications, etc.
- C. For the purpose of GPA, the prior learning or transfer credit will appear on the student's transcript. A grade of 'TP' for Transfer--Full Course Credit or 'TC' for Transfer—Partial Course Credit will be assigned and will not be included in the GPA calculation.
- D. Transfer credit provisions are set by each technical college in keeping with best practice guidelines. As such, transfer of prior credit is limited in a number of areas. For example,
  1. the number of hours that may be transferred,
  2. in equivalency of requirements,
  3. the procedures for acceptance of transfer credits, including GPA requirements,
  4. the period in which courses may be taken and time limits on work varies by institution,
  5. department and academic program. [JB8]

#### V. **Grade Point System**

- A. The following grade point system is to be used in grade point average (GPA):
  1. A: 4 points per customary clock hour
  2. B: 3 points per customary clock hour
  3. C: 2 points per customary clock hour
  4. D: 1 points per customary clock hour
  5. F: 0 points per customary clock hour
- B. The grade point average is determined by dividing the total number of grade points earned by the total number of customary clock hours for the courses which the student attempted. Customary clock hours in courses from which the student withdraws or in which the student receives grades such as pass/fail, are not considered when determining the GPA.
- C. Finally, a single student transcript will include term and cumulative GPA calculations. The cumulative calculation will be used in determining the required GPA for graduation,

honors, and financial aid eligibility. The term calculation will be used when determining suspension.

- D. For the purpose of increasing mastery in a course when such is necessary for program progression or for the purpose of increasing the GPA, institutions may permit students to repeat courses in which their final grades are C or lower. Allied Health programs may outline specific repeat course guidelines in their respective Allied Health student handbook.
- E. In computing the GPA, the question of how to count repeat courses must be specifically addressed in the Student Handbook of each institution. In the event a student repeats a course, the repeat course grade is calculated into, and the original grade is excluded from the GPA. If courses are repeated more than twice (three attempts), GPA is calculated using the third attempt and all subsequent attempts. [JB9]

## VI. Retention Standards [JB10]

### A. GPA TCATs

- 1. A student who fails during any term to attain a cumulative GPA at or above the level indicated below for the customary clock hours attempted or the average grade per course, will be placed on suspension at the end of the term. [JB11]
  - a. Standards:
    - I. A student must earn a "D" (73) or better per course for each term and an overall 2.0 GPA [JB12] or better per term.
    - II. Allied Health Programs require a "C" (80) or better per course for each term.
- 2. Additional retention standards for specific programs may be established by the college based on accreditation or licensing requirements applicable to a program.

## VII. Readmission from Suspension for Grades or Attendance

- A. The president may consider for readmission the applicant who has been suspended.
- B. Criteria that the president will consider in assessing candidacy for readmission are as follows:
  - 1. Assessment of the candidate's willingness to address those deficiencies that contributed to the prior suspension, and
  - 2. Assessment of the likelihood that the readmitted student may succeed in pursuing their training objective.

Regent Hatch opened the meeting by thanking everyone and welcoming the audit committee. Mike Batson echoed the thanks before beginning the informational reporting section.

Item I, Informational Reporting, included three topics for discussion. Item I.a., Highlights of Audit Findings and Recommendations, consisted of Mike Batson discussing the following topic: System-wide – Campus Safety and Security Audits as well as several other audits included in the materials;

and Recommendation Logs. This item was for informational purposes and required no action.

Item I.b., Audit Reports and Reviews, consisted of informing the committee that a summary of the Miscellaneous Reviews and the Internal Audit Reports for the fourth quarter are included in the meeting materials. This item was for informational purposes and required no action.

Item II, Consent Agenda, included two topics for approval. Item II.a., Review of Internal Audit Plans for Fiscal Year 2021 and Item II.b., Review of New Internal Audit Charters, were presented by Mike Batson. A motion was made by Regent Burdine and seconded by Regent Duckett to approve the audit plans and the new charter. The Committee voted to approve the audit

plans and charter as presented. The audit plans are included as Attachment B to these minutes. The audit charter is included as Attachment C to these minutes.

Item III., Review of Internal Audit Year-End Status Reports for Fiscal Year 2020, was presented by Mike Batson. This item was for informational purposes and required no action.

Item IV., Review of Audit Committee Charter, Responsibilities, and the IIA Standards, was presented by Mike Batson. Mr. Batson outlined and highlighted several responsibilities, roles, and authority of the audit committee. Regent Hatch proposed the following revision to the Audit Committee Charter: Under the Internal Audit Administration section on page 3 of the charter (second bullet), it is suggested that the approval of System Office Internal Auditors (with the exception of the Chief Audit Executive) be removed from the charter. The System Office Internal Auditor's compensation and termination will still be reviewed and approved by the Audit Committee. This will leave the approval of System Office Internal Auditors to the Chief Audit Executive and the Chancellor. This revision will

be sent to the Comptroller's Office for approval. A motion was made by Regent Burdine and seconded by Regent Duckett to approve the revision. The Committee voted to approve the revision. The proposed revision is included as Attachment D to these minutes.

Regent Hatch asked that the Office of System-wide Internal Audit consider any changes that may need to be made to office procedures or staffing due to the current pandemic and to bring any concerns to the Audit Committee.

There being no further business to come before the Committee on Audit, the meeting was adjourned.

Respectfully submitted,

Committee on Audit

---

Joey Hatch, Committee Chair

## Jackson State Community College

### Internal Audit Charter

#### Introduction

Jackson State Community College is an institution of the Tennessee Board of Regents (TBR) system. The system is governed by the Board of Regents, consisting of 19 members (the Board) as determined by state law. The TBR Audit Committee is a standing committee of the Board. In accordance with the “State of Tennessee Audit Committee Act of 2005,” the System-wide Chief Audit Executive reports directly to the Audit Committee and the Board and oversees the internal audit operations. Jackson State Community College employs an internal auditor (or audit staff) in accordance with TBR policy.

#### Purpose

Internal audit is an independent, objective assurance and consulting activity designed to add value and improve Jackson State Community College operations. The mission of internal audit is to enhance and protect organizational value by providing risk-based and objective assurance, advice, and insight. Internal audit helps Jackson State Community College accomplish its objectives by bringing a systematic, disciplined approach to evaluate and improve the effectiveness of risk management, control, and governance processes. Internal audit assists Jackson State Community College’s management in the effective discharge of their duties and responsibilities by evaluating activities through assurance and consulting services, recommending improvements, and providing other information designed to promote effective controls.

Assurance services involve the internal auditor’s objective assessment of evidence to provide an independent opinion or conclusions regarding an entity, operation, function, process, system, or other subject matter. The nature and scope of the assurance engagement are determined by the internal auditor. There are generally three parties involved in assurance services: (1) the person or group directly involved with the entity, operation, function, process, system, or other subject matter — the process owner, (2) the person or group making the assessment — the internal auditor, and (3) the person or group using the assessment — the user.

Consulting services are advisory in nature, and are generally performed at the specific request of an engagement client. The nature and scope of the consulting engagement are subject to agreement with the engagement client. Consulting services generally involve two parties: (1) the person or group offering the advice — the internal auditor, and (2) the person or group seeking and receiving the advice — the engagement client. When performing consulting services, the internal auditor should maintain objectivity and not assume management responsibility.

Jackson State Community College's management has the primary responsibility for establishing and maintaining a sufficient system of internal controls.

### **Audit Standards**

The internal audit function adheres to mandatory elements of the Institute of Internal Auditors' International Professional Practices Framework, including the Definition of Internal Auditing, the Code of Ethics, the *International Standards for the Professional Practice of Internal Auditing (Standards)*, and the Core Principles for the Professional Practice of Internal Auditing. These mandatory elements constitute principles of the fundamental requirements for the professional practice of internal auditing and for evaluating the effectiveness of the internal audit activity's performance.

### **Authority and Scope**

Internal audit's review of operations may include the examination and evaluation of the effectiveness of all aspects of institutional operations at Jackson State Community College. In the course of its work, internal audit has complete and direct access to all Jackson State Community College books, electronic and manual records, physical properties, and personnel information relative to the performance of duties and responsibilities. All documents and information given to internal audit during their work will be handled in the same prudent manner that Jackson State Community College expects of the employees normally accountable for them.

### **Organizational Status/Reporting Structure**

In accordance with T.C.A. 49-14-102 and TBR Policy 4-01-05-00, *Internal Audit*, the System-wide Chief Audit Executive reports directly to the Audit Committee and the TBR. Jackson State Community College's internal auditor reports to the President with audit reporting responsibility to the Audit Committee and the Board through the System-wide Chief Audit Executive.

The internal auditing services provided by the internal audit office are reported directly to the President and the TBR Audit Committee. All audit work is summarized in timely written reports distributed to management to ensure that the results are given due consideration. In addition to management, reports or summaries are distributed to members of the Audit Committee and to the State of Tennessee, Comptroller's Office. Management is provided a discussion draft of the audit report prior to the report being issued. Internal audit is responsible for following up timely on audit findings to ascertain the status of management's corrective actions.

### **Independence and Objectivity**

Internal audit has neither direct responsibility for, nor authority over, any of the activities, functions, or tasks it reviews, nor shall their review relieve others of their responsibilities. The internal auditors must maintain a high degree of independence and not be assigned duties or engage in any operations or decision making in any activities that they would normally be expected to review or evaluate as part of the normal audit function.

### **Responsibility and Role**

TBR Policy 04:01:05:00, *Internal Audit*, states the role of internal audit is to assist members of the organization in the effective discharge of their responsibilities. Meaningful internal auditing requires cooperation among internal audit, Jackson State Community College's administration, and the department under audit. In fulfilling their responsibilities, internal audit will:

- Comply with auditing standards established by the Institute of Internal Auditors to ensure the effectiveness and quality of the internal audit effort.
- Develop and implement audit plans and programs after consultation with the President that respond to both risk and cost effectiveness criteria.
- Review the reliability and integrity of information, and the information technology processes that produce that information.
- Verify compliance with applicable policies, guidelines, laws, and regulations.
- Suggest policies and procedures or improvements to existing policies and procedures where appropriate.
- Provide audit reports that identify internal control issues and make cost-effective recommendations to strengthen control.
- Facilitate the resolution of audit issues with administrators who have the most direct involvement and accountability.
- Review institutional operations (financial and other) on an advisory basis to inform and assist management in the successful execution of their duties.
- Assist with audits or perform certain agreed upon procedures for external parties. External parties include but are not limited to audit offices of federal and state governments and related agencies.
- Review management's risk assessment process and advise management on the reasonableness and propriety of the assessment.

- Promote and evaluate fraud prevention and identification programs and investigate allegations involving fraud, waste, and abuse.
- Demonstrate and promote appropriate ethics and values within the organization.
- Communicate activities and information among the board, internal auditors, external auditors and the administration.

### Quality Assurance and Improvement

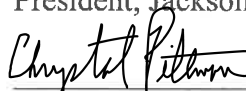

Internal audit will maintain a quality assurance and improvement program that covers all aspects of the internal audit activity. The program will include an evaluation of the internal audit's conformance with the *Standards* and an evaluation of whether the internal auditors apply the Institute of Internal Auditors' Code of Ethics, Definition of Internal Auditing, and the Core Principles for the Professional Practices of Internal Auditing. The program will include both internal and external assessments. The System-wide Chief Audit Executive will communicate the results of the assessments to the Audit Committee.

### Periodic Review of Internal Audit Charter

This charter will be periodically assessed by the Chief Audit Executive to determine whether the purpose, authority, and responsibilities defined in this charter are adequate to enable the internal auditing activity to accomplish its objectives. The results of the periodic assessment will be communicated to senior management and the Audit Committee.

For the Board of Regents and its colleges, the Audit Committee will provide oversight in the following areas:

- Audit engagements with the Tennessee Comptroller's Office, including the integrity of financial statements and compliance with legal and regulatory requirements.
- Audit engagements with external auditors.
- Internal Audit activities.
- Internal Audit administration.
- Internal controls and compliance with laws, regulations and other requirements.
- Risk and control assessments.
- Fraud, waste and abuse prevention, detection, and reporting.
- Other areas as directed by the Board.

### **Audit Standards**

The internal audit function adheres to the mandatory elements of the Institute of Internal Auditors' International Professional Practices Framework, including the Definition of Internal Auditing, the Code of Ethics, the *International Standards for the Professional Practice of Internal Auditing (Standards)*, and the Core Principles for the Professional Practice of Internal Auditing. These mandatory elements constitute principles of the fundamental requirements for the professional practice of internal auditing and for evaluating the effectiveness of the internal audit activity's performance.

### **Authority and Scope**

The Audit Committee has the authority to conduct or authorize audits or investigations into any matter within its scope of responsibility. The scope of internal auditing extends to all aspects of institutional operations and beyond fiscal boundaries. The committee is authorized to:

- Seek any information it requires from employees or external parties. Employees are directed to cooperate with the committee's requests.
- Have access to all books, records and physical properties of the Tennessee Board of Regents and its colleges.
- Meet with Board and institutional officials, external and internal auditors, legal counsel, or others as necessary.
- Delegate authority to subcommittees, providing that such decisions by any subcommittee are presented to the full committee at its next scheduled meeting.

### **Organization and Reporting Structure**

In accordance with T.C.A. 49-14-102 and TBR Policy 04-01-05-00, *Internal Audit*, the Board employs a person qualified by training and experience to serve as the Chief Audit Executive for the system. The System-wide Chief Audit Executive reports directly to the Audit Committee and the Board. The System-wide Chief Audit Executive reports administratively to the Vice Chancellor for Business and Finance. The campus Internal Auditors report to the respective community college President with audit reporting responsibility to the Audit Committee and the Board through the System-wide Chief Audit Executive. The Chief Audit Executive coordinates audit activities with the Tennessee Comptroller of the Treasury, with the campus internal auditors and with any other external auditors. The Audit Committee facilitates any audit and investigative matters, including advising auditors and investigators of any information the committee may receive pertinent to these matters.

### **Role and Responsibilities**

The Audit Committee will carry out the following duties for the Board and its colleges and will report to the Board about Audit Committee activities and issues that arise with such recommendations as the committee deems appropriate:

#### Tennessee Comptroller of the Treasury Audits

- Understand the scope and approach used by the auditors in conducting their examinations.
- Review results of the Comptroller's examinations of financial statements and any other matters related to the conduct of the audits.
- Review with management and general counsel any legal matters (including pending litigation) that may have a material impact on the financial statements, and any material reports or inquiries from regulatory or governmental agencies.
- Resolve any differences between management and the Comptroller's auditors regarding financial reporting.
- Meet, as needed, with the Comptroller's auditors to discuss any matters that the Audit Committee or auditors deem appropriate.

#### External Audits

- Understand the scope and approach used by the external auditors in conducting their examinations.
- Review results of the external auditors' examinations and any other matters related to the conduct of the audits.
- Meet with the external auditors to discuss any matters that the Audit Committee or auditors deem appropriate.

#### Internal Audit Activities

- Ensure that the Chief Audit Executive has direct and unrestricted access to the chairman and other committee members.
- Review and approve the charter for the System-wide Internal Audit function and the colleges' audit functions.
- Review and approve the annual audit plans for the system office and the colleges' audit functions, including management's request for unplanned audits.
- Receive and review significant results of internal audits performed.
- Review the results of the year's work with the Chief Audit Executive. Receive and review any other work prepared by the Chief Audit Executive for the system.
- Ensure the internal audit function maintains a quality assurance and improvement program, including internal procedures and assessments and a periodic external quality assessment of conformance with the Institute of Internal Auditors' *International Standards for the Professional Practice of Internal Auditing*.

#### Internal Audit Administration

- Review the Chief Audit Executive's administrative reporting relationship to the Vice Chancellor for Business and Finance to assure not only that independence is fostered, but adequate resources in terms of staff and budget are provided to enable the department to effectively perform its responsibilities. The Vice Chancellor has administrative authority for approval of the Chief Audit Executive's time, travel and other expenses of the Office of System-wide Internal Audit. Additionally, the Vice Chancellor may initiate a performance evaluation of the Chief Audit Executive at the request of the Audit Committee or Chair of the committee. This administrative reporting relationship is meant to facilitate administrative activities and does not diminish the Chief Audit Executive's reporting relationship to the Audit Committee and the Board of Regents.
- Review and approve the appointment, compensation, reassignment, or dismissal of the Chief Audit Executive; review and approve the ~~\_appointment,~~ compensation, and termination of system office internal auditors; review the compensation of campus internal auditors; and approve the termination of campus internal auditors.

#### Risk, Internal Control and Compliance

- Consider the effectiveness of the internal control system and compliance with laws and regulations, including computerized information system controls and security.
- Understand the scope of internal and external auditors' reviews of internal controls over financial reporting.

- Make recommendations to improve the internal control and compliance systems to ensure the safeguarding of assets and prevention and detection of errors and fraud. The components of the control system are:
  1. control environment—creating a culture of accountability;
  2. risk assessment—performing analyses of program operations to determine if risks exist;
  3. control activities—taking actions to address identified risk areas;
  4. information and communication—using and sharing relevant, reliable, and timely information; and
  5. monitoring—tracking improvement initiatives and identifying additional actions needed to further improve program efficiency and effectiveness.
- Review and evaluate risk assessments performed by management of the Board and its colleges.

#### Fraud

- Ensure that the Board, the management and staff of the Board, and its colleges take all reasonable steps to prevent, detect, and report fraud, waste and abuse.
- Formally and regularly inform management of their responsibility for preventing, detecting, and reporting fraud, waste and abuse.
- Establish a process for employees, taxpayers and other citizens to confidentially report suspected illegal, improper, wasteful or fraudulent activity.
- Inform the Comptroller of the Treasury of assessments of controls to reduce risks of fraud.
- Promptly report indications of fraud to the Comptroller of the Treasury.

#### Other

- Review and assess the adequacy of the Audit Committee’s charter annually, requesting Board approval for proposed changes.
- Ensure the receipt, retention and resolution of complaints regarding accounting, internal controls or auditing matters.
- Review the Board’s policies regarding employee conduct to ensure they are readily available to all employees, easy to understand and implement, enforced and provide a confidential means of reporting violations.
- Review the Board’s policy regarding conflict of interest to ensure that “conflict of interest” is clearly defined, guidelines are comprehensive, annual signoff is required for those in key positions and procedures are in place to ensure potential conflicts are adequately resolved and documented.

### **Membership**

*Tennessee Code Annotated*, Section 49-8-201, includes the requirements for the appointment and terms of public members of the Tennessee Board of Regents. From this membership, the Audit Committee and its chair shall be appointed annually by the Board

## **Tennessee Board of Regents** *Audit Committee Charter*

### **Purpose**

The Audit Committee, a standing committee of the Tennessee Board of Regents, provides oversight and accountability on all aspects of institutional operations within the Tennessee Board of Regents system. The committee will assist the Board in fulfilling its oversight responsibilities by reporting regularly to the Board about Audit Committee activities and issues that arise with such recommendations as the committee deems appropriate. The Audit Committee will provide for open communications among the Board of Regents, the Board's and colleges' senior management, the Tennessee Comptroller of the Treasury, and System-wide Internal Audit regarding audit matters.

For the Board of Regents and its colleges, the Audit Committee will provide oversight in the following areas:

- Audit engagements with the Tennessee Comptroller's Office, including the integrity of financial statements and compliance with legal and regulatory requirements.
- Audit engagements with external auditors.
- Internal Audit activities.
- Internal Audit administration.
- Internal controls and compliance with laws, regulations and other requirements.
- Risk and control assessments.
- Fraud, waste and abuse prevention, detection, and reporting.
- Other areas as directed by the Board.

### **Audit Standards**

The internal audit function adheres to the mandatory elements of the Institute of Internal Auditors' International Professional Practices Framework, including the Definition of Internal Auditing, the Code of Ethics, the *International Standards for the Professional Practice of Internal Auditing (Standards)*, and the Core Principles for the Professional Practice of Internal Auditing. These mandatory elements constitute principles of the fundamental requirements for the professional practice of internal auditing and for evaluating the effectiveness of the internal audit activity's performance.

### **Authority and Scope**

The Audit Committee has the authority to conduct or authorize audits or investigations into any matter within its scope of responsibility. The scope of internal auditing extends to all aspects of institutional operations and beyond fiscal boundaries. The committee is authorized to:

- Seek any information it requires from employees or external parties. Employees are directed to cooperate with the committee's requests.
- Have access to all books, records and physical properties of the Tennessee Board of Regents and its colleges.
- Meet with Board and institutional officials, external and internal auditors, legal counsel, or others as necessary.
- Delegate authority to subcommittees, providing that such decisions by any subcommittee are presented to the full committee at its next scheduled meeting.

### **Organization and Reporting Structure**

In accordance with T.C.A. 49-14-102 and TBR Policy 04-01-05-00, *Internal Audit*, the Board employs a person qualified by training and experience to serve as the Chief Audit Executive for the system. The System-wide Chief Audit Executive reports directly to the Audit Committee and the Board. The System-wide Chief Audit Executive reports administratively to the Vice Chancellor for Business and Finance. The campus Internal Auditors report to the respective community college President with audit reporting responsibility to the Audit Committee and the Board through the System-wide Chief Audit Executive. The Chief Audit Executive coordinates audit activities with the Tennessee Comptroller of the Treasury, with the campus internal auditors and with any other external auditors. The Audit Committee facilitates any audit and investigative matters, including advising auditors and investigators of any information the committee may receive pertinent to these matters.

### **Role and Responsibilities**

The Audit Committee will carry out the following duties for the Board and its colleges and will report to the Board about Audit Committee activities and issues that arise with such recommendations as the committee deems appropriate:

#### Tennessee Comptroller of the Treasury Audits

- Understand the scope and approach used by the auditors in conducting their examinations.
- Review results of the Comptroller's examinations of financial statements and any other matters related to the conduct of the audits.
- Review with management and general counsel any legal matters (including pending litigation) that may have a material impact on the financial statements, and any material reports or inquiries from regulatory or governmental agencies.
- Resolve any differences between management and the Comptroller's auditors regarding financial reporting.
- Meet, as needed, with the Comptroller's auditors to discuss any matters that the Audit Committee or auditors deem appropriate.

#### External Audits

- Understand the scope and approach used by the external auditors in conducting their examinations.
- Review results of the external auditors' examinations and any other matters related to the conduct of the audits.
- Meet with the external auditors to discuss any matters that the Audit Committee or auditors deem appropriate.

#### Internal Audit Activities

- Ensure that the Chief Audit Executive has direct and unrestricted access to the chairman and other committee members.
- Review and approve the charter for the System-wide Internal Audit function and the colleges' audit functions.
- Review and approve the annual audit plans for the system office and the colleges' audit functions, including management's request for unplanned audits.
- Receive and review significant results of internal audits performed.
- Review the results of the year's work with the Chief Audit Executive. Receive and review any other work prepared by the Chief Audit Executive for the system.
- Ensure the internal audit function maintains a quality assurance and improvement program, including internal procedures and assessments and a periodic external quality assessment of conformance with the Institute of Internal Auditors' *International Standards for the Professional Practice of Internal Auditing*.

#### Internal Audit Administration

- Review the Chief Audit Executive's administrative reporting relationship to the Vice Chancellor for Business and Finance to assure not only that independence is fostered, but adequate resources in terms of staff and budget are provided to enable the department to effectively perform its responsibilities. The Vice Chancellor has administrative authority for approval of the Chief Audit Executive's time, travel and other expenses of the Office of System-wide Internal Audit. Additionally, the Vice Chancellor may initiate a performance evaluation of the Chief Audit Executive at the request of the Audit Committee or Chair of the committee. This administrative reporting relationship is meant to facilitate administrative activities and does not diminish the Chief Audit Executive's reporting relationship to the Audit Committee and the Board of Regents.
- Review and approve the appointment, compensation, reassignment, or dismissal of the Chief Audit Executive; review and approve the compensation, and termination of system office internal auditors; review the compensation of campus internal auditors; and approve the termination of campus internal auditors.

#### Risk, Internal Control and Compliance

- Consider the effectiveness of the internal control system and compliance with laws and regulations, including computerized information system controls and security.
- Understand the scope of internal and external auditors' reviews of internal controls over financial reporting.

- Make recommendations to improve the internal control and compliance systems to ensure the safeguarding of assets and prevention and detection of errors and fraud. The components of the control system are:
  1. control environment—creating a culture of accountability;
  2. risk assessment—performing analyses of program operations to determine if risks exist;
  3. control activities—taking actions to address identified risk areas;
  4. information and communication—using and sharing relevant, reliable, and timely information; and
  5. monitoring—tracking improvement initiatives and identifying additional actions needed to further improve program efficiency and effectiveness.
- Review and evaluate risk assessments performed by management of the Board and its colleges.

#### Fraud

- Ensure that the Board, the management and staff of the Board, and its colleges take all reasonable steps to prevent, detect, and report fraud, waste and abuse.
- Formally and regularly inform management of their responsibility for preventing, detecting, and reporting fraud, waste and abuse.
- Establish a process for employees, taxpayers and other citizens to confidentially report suspected illegal, improper, wasteful or fraudulent activity.
- Inform the Comptroller of the Treasury of assessments of controls to reduce risks of fraud.
- Promptly report indications of fraud to the Comptroller of the Treasury.

#### Other

- Review and assess the adequacy of the Audit Committee’s charter annually, requesting Board approval for proposed changes.
- Ensure the receipt, retention and resolution of complaints regarding accounting, internal controls or auditing matters.
- Review the Board’s policies regarding employee conduct to ensure they are readily available to all employees, easy to understand and implement, enforced and provide a confidential means of reporting violations.
- Review the Board’s policy regarding conflict of interest to ensure that “conflict of interest” is clearly defined, guidelines are comprehensive, annual signoff is required for those in key positions and procedures are in place to ensure potential conflicts are adequately resolved and documented.
