

TENNESSEE BOARD OF REGENTS
Committee Meetings
Thursday, June 15, 2023 – 1:00 p.m. (Eastern)
Agenda

I. Committee on External Affairs

1. Legislative Update
2. Marketing Update
 - a. Be Pro Be Proud Partnership
 - b. TSSAA Partnership
 - c. Trucking Tennessee

II. Committee on Workforce Development

1. Statewide Truck Driving Programs
2. Blue Oval City
3. EV Statewide Initiatives
4. Highlights from TBR Colleges' Workforce Offices

III. Committee on Finance and Business Operations

1. Consent Agenda
 - a. Proposed revisions to TBR Policy 7.01.00.00, Firearms and Other Weapons
2. Consideration for Approval of Tuition and Fee Recommendations for Academic Year 2023-2024
3. Consideration for Approval of FY23 Estimated Budgets and FY24 Proposed Budgets
4. Consideration for Approval of the Capital Budget Requests for the 2024-25 Fiscal Year

IV. Committee on Academic Policies and Programs and Student Life

1. Consent Agenda
 - a. Proposed TBR Policy 2.03.01.03 Ethical Recruitment of Prospective Students and Military Affiliated Individuals
 - b. Proposed TBR Policy 2.03.01.04 Admission, Enrollment, and Readmission of Service Members
 - c. Proposed TBR Policy 2.03.02.04: Micro-credentials and Learner Record
2. New Academic Programs
 - a. Chattanooga State's Electric Vehicle Engineering Technology A.A.S.
 - b. Northeast State's Automotive Technology A.A.S.
3. Proposed Program Terminations, Modifications, and New Technical Program Implementations for TCATs
4. Reimagining the Community College Experience
5. Tennessee Coaching Project
6. Accreditation Summary Report and Overview

V . Committee on Personnel and Compensation

1. Consent Agenda
 - a. Proposed TBR Policy 6.04.00.00, Pregnancy, Childbirth, and Related Conditions (Employees)
 - b. Proposed revisions to TBR Policy 5.01.01.07, Parental Leave
 - c. Proposed revisions to TBR Policy, 5.01.01.14, Family, Medical, and Service Member Leave
2. Approval of the May 31, 2023, Special Called Meeting of the Personnel and Compensation Committee Minutes that includes action taken on compensation strategies
3. Review and Approval of President Emeriti contracts
4. Review and Approval of Faculty Emeriti
5. Promotion Recommendations at Tennessee Colleges of Applied Technology
6. Promotion and Tenure Recommendations at Community Colleges
7. Faculty Promotion Increases
8. Executive Incentive Payments
9. Institutional Amendments or New Compensation Plans
10. Institutional Requests for Payments from the State Salary Pool
11. Evaluation of the Chancellor
12. Request for Chancellor Compensation Plan Payment

- *This meeting will be live-streamed and archived on the TBR website at <https://www.tbr.edu/board/june-2023-quarterly-board-meeting>.*
- *Persons who want to request to address the Board may follow the process authorized by [TBR Policy 1.02.12.00 – Requests to Address the Board](#).*

TENNESSEE BOARD OF REGENTS
Quarterly Board Meeting
Friday, June 16, 2023 – 9:30 a.m. (Eastern)
Agenda

- I. **Minutes**
 - A. March 30, 2023 Quarterly Board Meeting
 - B. April 27, 2023 Special Called Meeting of the Board

 - II. **Report of Interim Action**

 - III. **Report of the Committees**
 - A. Report of the Academic Policies and Programs/Student Life Committee Meeting on June 15, 2023
 - B. Report of the External Affairs Committee Meeting on June 15, 2023
 - C. Report of the Workforce Development Committee Meeting on June 15, 2023
 - D. Report of the Finance and Business Operations Committee Meeting on June 15, 2023, that includes Tuition and Fee Recommendations, FY23 Estimated Budgets and FY24 Proposed Budgets, Capital Budget Request for 2024-25, and a policy revision.
 - E. Report of the Personnel and Compensation Committee Meeting on June 15, 2023, that includes Faculty Promotion Increases, System Compensation Plan Recommendations, President Emeritus Contracts, Chancellor’s Evaluation, New and Revised Personnel Policies, and the Report of the Special Called Meeting of the Personnel and Compensation Committee held on May 31, 2023 that includes Compensation Strategies.
 - F. Report of the Audit Committee Meeting on May 31, 2023

 - IV. **Report of the Regents Award for Excellence in Philanthropy**

 - V. **Report of the Chancellor**
 - Organizational Effectiveness Update
 - TCAT Master Plan Capital Projects Update
 - Blue Oval City Update

 - VI. **Unfinished Business**

 - VII. **New Business**
 - A. Review and Consider Recommendation for the President of TCAT Jackson
 - B. Review and Consider Criteria for the Next President of TCAT Shelbyville
 - C. Building Naming Request from Roane State Community College
 - D. Resolution of Appreciation for Faculty Regent Ramona Shelton
 - E. Resolution of Appreciation for Student Regent John Long
 - F. Election of the Vice Chair for 2023-2024
- *This meeting will be live-streamed and archived on the TBR website at <https://www.tbr.edu/board/june-2023-quarterly-board-meeting>.*

 - *Persons who want to request to address the Board may follow the process authorized by [TBR Policy 1.02.12.00 – Requests to Address the Board](#).*

Tennessee Board of Regents Quarterly Board Meeting
Chattanooga State Community College
4501 Amnicola Hwy., Chattanooga, TN 37406

Thursday, June 15 – Friday June 16, 2023

SCHEDULE OF EVENTS
(Eastern Time Zone)

Thursday, June 15

Reserved parking will be available in the [P1 parking lot](#). Information packets will be available in the lobby of the Albright Omniplex (OMN) building.

- 9:00 a.m. Optional Tour of the [Construction Career Center](#)
2225 Roanoke Ave, Chattanooga, TN 37406
Transportation to tour facility available upon request
- 10:00 a.m. Welcome Desk
OMN Lobby
- 10:00 a.m. Optional Campus Tours
- Chattanooga State TCAT
 - Gerald McCormick Center for Engineering, Technology, Arts & Sciences
 - Erlanger Health Science Center
- 12:00 Noon Lunch
Faculty and Staff Dining Room, OMN 124-126
- 1:00 – 4:30 p.m. TBR Committee Meetings
Bond Humanities (HUM) Auditorium
Transportation to hotel after meetings conclude available upon request
- 4:00 - 6:15 p.m. Hospitality Suite Available at the [Courtyard by Marriott Downtown](#)
- 5:45—6:30 p.m. Transportation to Tennessee Aquarium available upon request
- 6:00 p.m. Reception at the [Tennessee Aquarium](#)
River Journey Building
1 Broad Street
Chattanooga, TN 37402
- 7:00 – 9:00 p.m. Dinner at the [Tennessee Aquarium](#)
River Journey Room
Transportation to the hotel after dinner concludes available upon request
- 9:30 – 10:30 p.m. Hospitality Suite Available at the [Courtyard by Marriott Downtown](#)

Chattanooga State Building & Parking Map

Chattanooga State is a smoke-free, tobacco-free campus.

- Academic and Administrative Buildings
- P# Parking Lots: Students Faculty/Staff Handicapped Visitor
- One-way Traffic
- Cafeterias/Grills

**TENNESSEE BOARD OF REGENTS
Quarterly Board Meeting
June 15 and 16, 2023**

EXECUTIVE SUMMARY

Thursday, June 15, 2023

I. COMMITTEE ON EXTERNAL AFFAIRS

1. LEGISLATIVE UPDATE

Executive Vice Chancellor for External Affairs Kim McCormick and Assistant Vice Chancellor John Williams will share an overview of the Legislative Session and provide an update of bills that we have tracked with an overview of legislation that impacted the TBR and higher education. This report highlights significant pieces of legislation that were relevant to the Board of Regents from this past legislative session.

2. MARKETING UPDATE

Executive Vice Chancellor for External Affairs Kim McCormick and Associate Vice Chancellor Matthew Gann will provide an update regarding the Be Pro Be Proud partnership, TSSAA partnership, and the Trucking Tennessee campaign.

II. COMMITTEE ON WORKFORCE DEVELOPMENT

Executive Vice Chancellor for External Affairs Dr. Kim McCormick and TBR's Center for Workforce Development Executive Director Dr. Jeff Sisk will share informational updates on:

- 1. STATEWIDE TRUCK DRIVING PROGRAMS**
- 2. BLUE OVAL CITY**
- 3. EV STATEWIDE INITIATIVES**
- 4. HIGHLIGHTS FROM TBR COLLEGES' WORKFORCE OFFICES**

III. COMMITTEE ON FINANCE AND BUSINESS OPERATIONS

1. CONSENT AGENDA

A. Proposed Revisions to TBR Policy 7.01.00.00, Firearms and Other Weapons

The proposed revisions to this policy are to comply with Public Chapter 149, effective July 1, 2023. The act permits a part-time employee who is a retired law enforcement officer in good standing with at least 20 years of service to carry a handgun under the same terms and conditions as full-time employees.

Executive Summary – June 2023 Quarterly Meeting

2. CONSIDERATION FOR APPROVAL OF TUITION AND FEE RECOMMENDATIONS FOR ACADEMIC YEAR 2023-2024

TBR staff will present the recommendations for maintenance fees, tuition, mandatory fees, and non-mandatory fees for academic year 2023-24.

3. CONSIDERATION FOR APPROVAL OF FY23 ESTIMATED BUDGETS AND FY24 PROPOSED BUDGETS

Under Board policy, the original budget for each fiscal year is known as the *Proposed Budget* and is prepared in the spring of each year. This budget is based on the level of state funds recommended in the Governor’s proposed budget as well as early estimates of factors such as enrollment growth, and availability of federal funds. The *Proposed Budget* is normally submitted to the Board for approval at the June Board meeting.

The final budget submitted for each fiscal year is the *Estimated Budget*. It includes final adjustments to the current year budget and is the budget against which final year-end actual amounts are compared. It is prepared, submitted, and considered by the Board at the same time as the *Proposed Budget* for the upcoming fiscal year.

Regarding the LGI’s budgets, the FOCUS Act requires that to ensure the ability to satisfy both contractual obligations to the Tennessee State School Bond Authority and obligations to that authority’s bondholders, the Tennessee Board of Regents shall have authority over, and shall give final approval to, the operating budget of each LGI.

The purpose of this agenda item is to consider for approval both the recommended *Estimated Budgets* for FY 2022-23 and the recommended *Proposed Budgets* for FY 2023-24. As part of approval of the Proposed Budgets for FY 2023-24, staff recommends that the Board authorize the Chancellor to take actions necessary to implement the approved budgets.

4. CONSIDERATION FOR APPROVAL OF THE CAPITAL BUDGET REQUEST FOR THE 2024-25 FY

The Committee will consider approval of the Capital Budget Request for fiscal year 2024-25.

IV. COMMITTEE ON ACADEMIC POLICIES AND PROGRAMS AND STUDENT LIFE

1. CONSENT AGENDA

A. Proposed TBR Policy 2.03.01.03, Ethical Recruitment of Prospective Students and Military Affiliated Individuals

To be compliant with the requirements of federal law and Executive Order 13607, the Tennessee Board of Regents (TBR) must establish consistent policies and practices at TBR institutions for the recruitment of prospective students, including military affiliated individuals (such as service members, reservists, veterans, spouses and other eligible family members).

Executive Summary – June 2023 Quarterly Meeting

B. Proposed TBR Policy 2.03.01.04, Admissions, Enrollment, and Readmission of Service Members

To be compliant with the requirements of federal law and Executive Order 13607, the Tennessee Board of Regents (TBR) must establish consistent policies and practices at TBR institutions applicable to eligible service members, veterans, reservists, and others covered by the Post 9/11 GI Bill and the Department of Defense Tuition Assistance Program (collectively, “service members”) for the admission, enrollment, and readmission of those returning from periods of active service.

C. Proposed TBR Policy 2.03.02.04, Micro-credentials and Learner Record

This policy sets out the principles and procedures for quality assurance of the TBR institutions’ micro-credentials that are included on the System’s comprehensive learner record. The principles and procedures include, but are not limited to design, approval, delivery, monitoring, and review.

2. NEW ACADEMIC PROGRAMS

A. Chattanooga State’s Electric Vehicle Engineering Technology A.A.S.

Chattanooga State Community College proposes the establishment of a new Associate of Applied Science (A.A.S.) in Electric Vehicle Engineering Technology (EVET).

Chattanooga’s industry partner Volkswagen Group of America is transitioning to producing electric vehicles, with the expectation of phasing out combustion engine automobiles by 2035. VW predicts a greater need in the near future, for Electric Vehicle Technicians. This program will prepare students with the education and skills needed to meet industry workforce demands to manufacture, diagnose, service, and repair electric vehicles.

VW has requested to use the A.A.S Electrical Vehicle Engineering Technology degree as the educational portion of the apprenticeship. They will also provide space, electric vehicles, subject matter experts, and job placement for graduates.

The A.A.S. in Electric Vehicle Engineering Technology degree will be initially offered through the Volkswagen Electric Vehicle apprenticeship starting August 2023 and is expected to expand to the Amnicola campus by 2025. The EVET degree is comprised of stackable credentials which allows for multiple entry (TCAT and dual enrollment) and exit (technical certificates) points. The program components can also be used in non-credit workforce training.

B. Northeast State’s Automotive Technology A.A.S.

Northeast State Community College proposes the establishment of a new Associate of Applied Science (A.A.S.) in Automotive Technology with a Concentration in Automotive Specialist.

The 60-credit hour proposed program would realign the automotive-related programs (Automotive Service, Automotive Body/Collision, Motor Sports) into a new degree with a concentration in Automotive Specialist. The program and concentration will offer students the ability to pursue coursework, training, and skills in three different pathways: Automotive Service, Automotive Body/Collision, and Motor Sports.

Executive Summary – June 2023 Quarterly Meeting

These areas represent the needs of regional workforce partners and afford the students a tailored set of unique skills specific to their area of interest. This also ensures an Associate of Applied Science degree that is more easily identified by industry and students will develop competencies applicable to the current and emerging needs of the automotive industry.

The program will be the first A.A.S in Automotive Technology in the TBR system so is considered a new program to the state, although the program uses the same courses that are already taught at Northeast State.

3. PROPOSED PROGRAM TERMINATIONS, MODIFICATIONS, AND NEW TECHNICAL PROGRAM IMPLEMENTATIONS FOR TCATS

Thirty-five (35) program proposals are being presented for the Committee's review and approval. These proposals will allow the Technical Colleges to be more responsive to the needs of students, businesses, and industries.

Sixty-eight (68) academic actions were submitted by a TCAT institution to the Vice-Chancellor for approval based on section C of the TBR Policy: 2:01:02:00, requiring only notification to the Vice-Chancellor.

4. REIMAGINING THE COMMUNITY COLLEGE EXPERIENCE

In summer 2022 TBR staff presented a concept paper that builds off the history of Tennessee and TBR reforms, and then rapidly accelerates them in a new direction resulting in a fundamentally different community college experience for students. In this concept, formally referred to as the Reimagining the Community College Experience, students would encounter:

- Extensive and personalized pre-college career exploration, followed by in-depth career advising and soft skills development throughout a student's program of study.
- A workforce-focused certificate in the first semester, drawn from programs that align with the local/regional economy, to expand and enrich entry and exit points for students as they navigate and move between higher education and the labor force.
- An articulated transition into the second semester that extends the workforce-ready skills and/or adds general education courses that have been contextualized to a student's program of study and that injects workforce skills like communication and critical thinking into the student's pathway.
- Reengineered transfer pathways that stack students' skills and courses from the first two semesters into AA/AS/AAS degrees and/or TCAT programs.

In early fall 2022, TBR solicited grant proposals from community colleges to develop and implement the ideas within the Reimagining the Community College Experience concept paper. At the September 2022 Board meeting, Walters, Pellissippi, Jackson and Southwest were announced as the grant winners and have since been working to fully develop and implement a multi-year pilot effort. As their efforts are taking shape, TBR staff will provide an overview of the colleges' plans as they prepare for fall 2023 implementation.

Executive Summary – June 2023 Quarterly Meeting

5. TENNESSEE COACHING PROJECT

In 2022, two community colleges launched a new project to support students who are underprepared for college, known as the *Tennessee Coaching Project*. Through this project, Northeast State Community College and Jackson State Community College embedded success coaches into students' first year of college. Coaches help students navigate coursework, connect with resources, and explore careers. In 2023, the project expanded to provide coaching to adult learners who are reconnecting with college after some time away.

The Tennessee Coaching Project includes a coaching model designed by TBR staff in partnership with advising leaders at the pilot colleges. This work is supported by \$2.9 million in grant funds to TBR from the U.S. Department of Education Institute of Education Sciences and Ascendium Education Group.

Early results suggest that coaching has promoted student success during the first year of this project. Students at both pilot colleges have engaged with coaching at high rates. Additionally, preliminary data indicates that students who engaged with their coach persisted at higher rates than other students. Early outcomes also suggest gains in math course success for students who engaged with their coach.

The TBR staff will provide an overview of this project and early outcomes. The presentation will describe the coaching model and present preliminary data from the first year of this project. The presentation will also highlight the contributions of advising staff at Jackson State and Northeast State to this project.

6. ACCREDITATION REPORT

The Annual Accreditation Report and Overview summarizes all activity for the academic year 2021-2022 on regional and program accreditation. The report also provides information on all non-accreditable programs that go through either the Program Review or the Academic Audit process. A summary of all activity is provided along with a more detailed accounting of all accreditation and quality assurance activity.

V. COMMITTEE ON PERSONNEL AND COMPENSATION

1. CONSENT AGENDA

A. Proposed TBR Policy 6.04.00.00, Pregnancy, Childbirth, and Related Conditions (Employees)

This new, proposed policy is designed to implement two amended federal statutes. The Pregnant Workers Fairness Act amends Title VII of the Civil Rights Act of 1964 and requires that institutions provide reasonable accommodations for pregnancy, childbirth, and medical conditions related to pregnancy and/or childbirth. The reasonable accommodation requirements and process are similar to the Americans with Disabilities Act accommodation process, but with a few notable exceptions as explained in policy.

Executive Summary – June 2023 Quarterly Meeting

The Providing Urgent Maternal Protections for Nursing Mothers Act (PUMP Act), amends the Fair Labor Standards Act. This law requires that nursing mothers be given time and a private place to express breast milk.

The U.S. Department of Education's June 2022 Notice of Proposed Rulemaking (NPRM) contains many similar protections for students, but with some important differences. The Department, which has been evaluating comments to the NPRM, is expected to issue a final rule in the near future, at which time the System Office will likely be proposing a new policy to comply with the regulations.

B. Proposed Revisions to TBR Policy 5.01.01.07, Parental Leave

Effective July 1, 2023, State of Tennessee employees will be able to take six weeks of paid parental leave for the birth of a child or placement of a child for adoption. (After expiration of six weeks paid leave, employees may use a combination of sick, annual, and unpaid leave for a total of four months parental leave.) This new paid parental leave is in addition to sick and annual leave. Proposed revisions to the Parental Leave policy implement such paid leave at TBR institutions.

C. Proposed Revisions to TBR Policy 5.01.01.14, Family, Medical, and Service Member Leave

The proposed revisions consist of a new section (II.A.2.c.) explaining that six weeks of paid parental leave is available upon the birth or placement of a child and that the details may be found in TBR Policy 5.01.01.07, Parental Leave. The revisions to the FML policy follow the new state law providing state employees with six weeks of paid parental leave and TBR's implementation process.

2. APPROVAL OF THE MAY 31, 2023 SPECIAL CALLED MEETING OF THE PERSONNEL AND COMPENSATION COMMITTEE MINUTES THAT INCLUDES ACTION TAKEN ON COMPENSATION STRATEGIES

The Committee will consider approval of the minutes from the May 31, 2023 special called meeting of the Personnel and Compensation Committee that includes action taken on the system wide compensation strategies.

3. REVIEW AND APPROVAL OF PRESIDENT EMERITUS CONTRACTS

Per requirements to be compensated as President Emeritus (T.C.A. § 8-36-714) and TBR Policy 5.01.03.00 Retirement, those serving as President Emeritus must file a report for the previous year's work (approved by the sitting President), and a copy of the contract for the next fiscal year's work, for approval by the board. **Renewal of contracts is subject to availability of institutional funding.** Attached are the certification of work forms for 2022-2023 and work contracts for 2023-2024 submitted for your review and approval for the following:

Dr. Karen Bowyer – Dyersburg State Community College
Dr. Jack Campbell – Walters State Community College
Dr. Nathan Essex – Southwest Tennessee Community College
Dr. Frank Glass – Motlow State Community College
Dr. Rebecca Hawkins – Columbia State Community College
Dr. William Locke – Northeast State Community College

Executive Summary – June 2023 Quarterly Meeting

4. REVIEW AND APPROVAL OF FACULTY EMERITI

The following faculty emeritus candidates are being recommended to the Board for consideration and approval:

Candidate	Rank/Discipline	Service Dates	College
Edward Nichols	Professor of Mathematics	1993-2023	Chattanooga State CC
Steve Smotherman	Associate Professor of Mathematics	1983-2023	Motlow State CC
Marylou Tate	Assistant Professor of Culinary Arts	2009-2023	Nashville State CC

Presidential nominations are appended.

5. PROMOTION AND TENURE RECOMMENDATIONS AT TENNESSEE COLLEGES OF APPLIED TECHNOLOGY

The Committee will be asked to act on recommendations for granting promotion and tenure to eligible faculty members. A list of the faculty being recommended for promotion and tenure is shown as Attachment A-1 and B-1 respectively.

The recommendations and supporting documents were submitted by the TCAT directors and were certified by them as having been processed through the approved institutional procedures. They have been reviewed by the Board's staff and are endorsed for favorable consideration by the Personnel Committee.

A summary of the tabulations regarding promotion and tenure recommendations for each center has been prepared by the staff. The thirty-two (32) faculty receiving promotions represent 5% of the TCAT instructional staff. There are no faculty members receiving tenure recommendations for this cycle. Tabulation tables for promotion and tenure are shown as Attachments A-2 and B-2. Other observations of interest are listed below.

PROMOTIONS:

The thirty-two promotions are divided into these categories: twenty (20) to Instructor (second rank); nine (9) to Senior Instructor (third rank); and three (3) to Master Instructor (fourth rank).

6. PROMOTION AND TENURE RECOMMENDATIONS AT COMMUNITY COLLEGES

The Committee will be asked to approve recommendations for promotion and tenure of faculty serving at the community colleges. Sixty-six (66) faculty members are recommended for tenure. This is a decrease from the previous year of seventy (70) recommendations for tenure.

One hundred fifty-six (156) faculty members are recommended for promotion. The number of promotions decreased by twenty (20) from 2022-23.

Executive Summary – June 2023 Quarterly Meeting

7. FACULTY PROMOTION INCREASES

A total of one-hundred-fifty-six (156) faculty members, including one by exception from Pellissippi State, are recommended for promotion at the community colleges. Of those, one hundred and fifty-five (155) are recommended for an increase due to promotion. At the TCATs, thirty-two (32) faculty members are recommended for promotion and increase. The recommendations are made within the requirements of TBR policies on tenure and promotion.

The recommendation and supporting documents were submitted to the Board by the community colleges and TCATs, and were certified by them as having been processed through the approved institutional procedures. TBR staff has verified the proposed ranks of the individuals submitted for promotion by the institutions and ensured a corresponding increase for those that were eligible was submitted, or an exception noted.

8. EXECUTIVE INCENTIVE PAYMENTS

The Executive Performance Incentive Plan was approved at the Board's June 2013 Meeting. The incentive does not add to the base salary for the position and will be recalculated each year.

Participants in the plan include the presidents of the community colleges and Tennessee Colleges of Applied Technology (TCATs) and the Chancellor.

The incentive amount is equal to ten percent (10%) of the market average salary for comparable positions and is divided into two components: the metric-based allowance equal to 85% of total incentive amount and a discretionary allowance equal to 15% of the total incentive amount. The primary incentive measurement for Community College Presidents is the change in weighted formula outcomes at each institution. The change in total weighted outcomes for the system is calculated in a similar manner and used to calculate the weighted outcome growth allowance amount for the Chancellor. The incentive measurement amount for the TCAT Presidents is based on five (5) outcomes, weighted equally: program completion rate; job placement rate; private giving; expanded offerings, and expanded enrollment.

RECOMMENDATION

Pursuant to the Plan, recommendations for incentive pay are brought before the Committee for review and approval. The Plan requires an individual to be employed in one of the eligible positions at the time the payments are approved and have satisfactory performance to be eligible to receive incentive pay.

The Council of Education (COE) provides the data needed to calculate the TCAT presidents' incentive pay. COE has notified us they have had a change in their timing and will be issuing the data later in the summer. Therefore, we will bring the TCAT incentive data to the Personnel & Compensation Committee for approval at a later meeting.

It is recommended the Committee take the following action:

- a) Consider for approval the Executive Performance Incentive Pay for the community college presidents and Chancellor, as presented in the attachment.

Executive Summary – June 2023 Quarterly Meeting

9. INSTITUTIONAL AMENDMENTS OR NEW COMPENSATION PLANS

In accordance with TBR Guideline P-043 Compensation, the following proposed compensation plans methodology are submitted for review:

Institution:

Nashville State Community College
Northeast State Community College
Volunteer State Community College

Summary of Changes:

Amendment to the existing compensation plans to include changes to Nashville State Community College raising their minimum starting pay to \$30,000/yr. or \$15.38/hr., as well as adding more faculty pay ranges based on discipline taught; Northeast State is adjusting their target salaries based on the salary market and adjusting the adjunct faculty rates; and Volunteer State is implementing language into their compensation plan that allows them to index it each year based on best practices.

The new or revised compensation plans were reviewed within the System Office by a committee of five (5) individuals from the following offices: Finance, Academic Affairs, Policy & Strategy and two (2) individuals from Human Resources. The Committee reviewed the proposed plan for methodology, market data being used, equity, consistency, completeness, and clarity. After review of the proposed plans, the Committee respectively recommends Board approval of the proposed revisions of the compensation plans.

10. INSTITUTIONAL REQUESTS FOR PAYMENTS FROM THE STATE SALARY POOL

At the May 31, 2023 special called meeting, the Personnel and Compensation Board Committee authorized a compensation strategy that included using 3% of the state provided 5% salary pool funding for an across-the-board increase and the remaining 2% salary pool to be used for employee increases effective July 1, 2023. The increases could be for additional across-the board increases, to assist in funding the college compensation plan, or faculty promotions, or some combination of the three.

For those colleges providing the full amount as an across-the-board increase, nothing further was required. For those colleges wanting to use some or all of the state funding for their compensation plans or faculty promotions, they have submitted a proposal for review and approval.

Staff has received and evaluated compensation salary increase proposals from three (3) institutions as outlined in the materials.

Staff is recommending the Board's approval of these compensation increases as outlined.

11. EVALUATION OF THE CHANCELLOR

Pursuant to Board policy, a performance review of the Chancellor is required every two years. The evaluation is to be conducted by a committee of at least four members appointed by the Vice Chair. Vice Chair Reynolds requested the Personnel and Compensation Committee review the feedback and make a recommendation to the Board.

The purpose of this agenda item will be consideration by the Committee of the Chancellor's performance review.

Executive Summary – June 2023 Quarterly Meeting

12. REQUESTS FOR CHANCELLOR COMPENSATION PLAN PAYMENT

In accordance with the Board approved compensation plan at the 2022 March Board meeting that included the Chancellor's salary, the following increase is recommended for the Chancellor. The decision was made last year to provide 50% of the amount recommended by the market study completed by the compensation consultant.

This increase will assist in keeping the pay for the Chancellor competitive and be effective July 1, 2023. It will be provided prior to any across the board increase that is approved.

FRIDAY, JUNE 16, 2023

I. MINUTES

The Board will consider approving minutes from the March 30, 2023 regular quarterly meeting and the April 27, 2023 special called meeting.

II. REPORT OF INTERIM ACTION

This report serves as a record of business transacted by the Office of the Chancellor since the previous meeting of the Board. A copy of the report is enclosed.

III. REPORT OF THE COMMITTEES

The Board will consider approving the minutes of the following committee meetings:

- A. Report of the Academic Policies and Programs/Student Life Committee Meeting on June 15, 2023
- B. Report of the External Affairs Committee Meeting on June 15, 2023
- C. Report of the Workforce Development Committee Meeting on June 15, 2023
- D. Report of the Finance and Business Operations Committee Meeting on June 15, 2023, that includes Tuition and Fee Recommendations, FY23 Estimated Budgets and FY24 Proposed Budgets, Capital Budget Request for 2024-25, and a policy revision.
- E. Report of the Personnel and Compensation Committee Meeting on June 15, 2023, that includes Faculty Promotion Increases, System Compensation Plan Recommendations, President Emeritus Contracts, Chancellor's Evaluation, New and Revised Personnel Policies, and the Report of the Special Called Meeting of the Personnel and Compensation Committee held on May 31, 2023 that includes Compensation Strategies.
- F. Report of the Audit Committee Meeting on May 31, 2023

IV. REPORT OF THE REGENTS AWARD FOR EXCELLENCE IN PHILANTHROPY

Recipients of the Regents award for Excellence in Philanthropy are selected based on their generous giving of their time, resources, influence on volunteers to become involved in fundraising, active promotion of higher education, leadership in philanthropy, exceptional civic responsibility, and integrity. The Board will receive a report on the following award presented on November 17, 2022:

Executive Summary – June 2023 Quarterly Meeting

Tipton County Legislature

Representatives from the Tipton County Legislature accepted the 2022 Regents Award for Excellence in Philanthropy as nominated by Dyersburg State Community College. The award was presented by Regent Nisha Powers at the Dyersburg State Community College campus on November 17, 2022.

V. REPORT OF THE CHANCELLOR

- Organizational Effectiveness Update
- TCAT Master Plan Capital Projects Update
- Blue Oval City Update

VI. UNFINISHED BUSINESS

VII. NEW BUSINESS

A. REVIEW AND CONSIDER RECOMMENDATION FOR THE PRESIDENT OF TCAT JACKSON

The search criteria and process for the next President of TCAT Jackson was approved by the Board at a Special Called Meeting on April 27, 2023. In accordance with TBR Policy 1.03.03.00 on Selection and Retention of Presidents, due to the finding of exceptional circumstances, Mr. Heath McMillian was selected as the sole finalist. An open forum interview took place on Monday, May 22.

After careful consideration of the feedback received, Chancellor Tydings will recommend the next president of TCAT Jackson.

B. REVIEW AND CONSIDER CRITERIA FOR THE NEXT PRESIDENT OF TCAT SHELBYVILLE

Due to the retirement of Laura Monks as president of TCAT Shelbyville effective September 1, 2023, search criteria is attached for your approval to recruit for a new president. Upon approval, the position will be posted, and the recruitment process will begin to find the next president of TCAT Shelbyville.

C. REVIEW AND CONSIDER BUILDING NAMING REQUEST FROM ROANE STATE COMMUNITY COLLEGE

The Board is authorized to name buildings, facilities, grounds, and organizational units in honor of individuals who have made significant contributions to society and who otherwise meet the criteria established in TBR Policy 4.02.02.01, Naming Buildings and Facilities & Building Plaques.

For the reasons explained in the attached recommendation from Chris Whaley, Roane State Community College President, Covenant Health meets the requirements in TBR policy and is deserving of the honor of having Roane State's Knox County Campus named the COVENANT HEALTH CAMPUS. Roane State convened a committee to consider and make the recommendation, and its attached report establishes that Covenant Health:

Executive Summary – June 2023 Quarterly Meeting

(1) has made a significant contribution to the fields of education, science, and human betterment.

(2) has demonstrated appropriate commitment to the community through its business and philanthropic efforts; and

(3) has provided significant support to Roane State students and has made a substantial donation to Roane State of the land on which the campus will be located.

D. RESOLUTION OF APPRECIATION FOR FACULTY REGENT RAMONA SHELTON

The Board will consider approving a resolution of appreciation for Faculty Regent Ramona Shelton for her service to the Tennessee Board of Regents.

E. RESOLUTION OF APPRECIATION FOR STUDENT REGENT JOHN LONG

The Board will consider approving a resolution of appreciation for Student Regent John Long for his service to the Tennessee Board of Regents.

F. ELECTION OF VICE CHAIR FOR 2023-2024

The Board will receive nominations and elect the Vice Chair for 2023-2024.

Tennessee Board of Regents

Committee on External Affairs

June 15, 2023

AGENDA

1. Legislative Update (*Executive Vice Chancellor Kim McCormick, Assistant Vice Chancellor John Williams*)

Executive Vice Chancellor for External Affairs Kim McCormick and Assistant Vice Chancellor John Williams will share an overview of the Legislative Session and provide an update of bills that we have tracked with an overview of legislation that impacted the TBR and higher education. This report highlights significant pieces of legislation that were relevant to the Board of Regents from this past legislative session.

2. Marketing Update (*Executive Vice Chancellor Kim McCormick, Associate Vice Chancellor Matthew Gann*)

Executive Vice Chancellor for External Affairs Kim McCormick and Associate Vice Chancellor Matthew Gann will provide an update regarding the Be Pro Be Proud partnership, TSSAA partnership, and the Trucking Tennessee campaign.

PRESENTATION
REQUIREMENTS: 10 minutes with discussion

ACTION REQUIRED: Informational Purposes

STAFF
RECOMMENDATION: Not Applicable

Executive Vice Chancellor for External Affairs Kim McCormick and TBR's Center for Workforce Development Executive Director Jeff Sisk will share informational updates on:

- Statewide truck driving programs, including recent curriculum updates; an upcoming partnership between TCAT Memphis and the state department of corrections; and work-based learning approaches to meet the need for more CDL drivers;
- Blue Oval City updates, including TCAT campus at Blue Oval City progress; recent RFPs issued by Ford/SK; Ford/SK onboarding plans; and a review of our Blue Oval City Workforce Development Strategic Plan;
- EV-related statewide grant initiatives, including the TN Charging Infrastructure Workgroup grant and the Community Charging and Infrastructure Grant proposal; and
- Highlights from TBR colleges' Workforce offices, with a focus on corrections/jail-based training programs.

Tennessee Board of Regents
Committee on Business and Finance

June 15, 2023

AGENDA

1. CONSENT AGENDA (*General Counsel Brian Lapps*)

a. PROPOSED REVISIONS TO TBR POLICY 7.01.00.00, FIREARMS AND OTHER WEAPONS

The proposed revisions to this policy are to comply with Public Chapter 149, effective July 1, 2023. The act permits a part-time employee who is a retired law enforcement officer in good standing with at least 20 years of service to carry a handgun under the same terms and conditions as full-time employees.

2. CONSIDERATION FOR APPROVAL OF TUITION AND FEE RECOMMENDATIONS FOR ACADEMIC YEAR 2023-2024 (*Vice Chancellor Alisha Fox*)

TBR staff will present the recommendations for maintenance fees, tuition, mandatory fees, and non-mandatory fees for academic year 2023-24.

3. CONSIDERATION FOR APPROVAL OF FY23 ESTIMATED BUDGETS AND FY24 PROPOSED BUDGETS (*Vice Chancellor Alisha Fox*)

The purpose of this agenda item is to consider for approval both the recommended ***Estimated Budgets*** for FY 2022-23 and the recommended ***Proposed Budgets*** for FY 2023-24.

4. CONSIDERATION FOR APPROVAL OF THE CAPITAL BUDGET REQUESTS FOR THE 2024-25 FISCAL YEAR (*Executive Director Dick Tracy*)

The Committee will consider approval of the Capital Budget Request for fiscal year 2024-25.

BOARD TRANSMITTAL

MEETING: Committee on Finance and Business Operations

SUBJECT: TBR Policy 7.01.00.00, Firearms & Other Weapons
(Revisions)

DATE: May 31, 2023

PRESENTER: General Counsel Brian Lapps

PRESENTATION
REQUIREMENTS: 2 Minutes

ACTION REQUIRED: Voice Vote

STAFF
RECOMMENDATION: Recommend Approval

The proposed revisions to this policy are to comply with Public Chapter 149, effective July 1, 2023. The act permits a part-time employee who is a retired law enforcement officer in good standing with at least 20 years of service to carry a handgun under the same terms and conditions as full-time employees.

Firearms and Other Weapons: 7.01.00.00

Policy/Guideline Area

Safety and Security

Applicable Divisions

TCATs, Community Colleges, System Office, Board Members

Purpose

To maintain a safe educational and working environment for students and employees by establishing rules for possessing and carrying firearms and other weapons on TBR institution property.

Definitions

As used in this policy:

- "Carry" means to physically transport a firearm or other weapon on or about the body.
- "Concealed" means not visible to ordinary observation.
- "Eligible Retired Law Enforcement Employee" includes all faculty, executive, administrative, professional and support staff who are retired federal, state, or local law enforcement officers; served as a federal, state, or local law enforcement officer for at least twenty (20) years prior to retirement; retired in good standing as certified by the chief law enforcement officer of the organization from which the officer retired; is employed on a part-time basis by a TBR institution; and is not enrolled as a student at the institution.
- "Employee" means all faculty, executive, administrative, professional and support staff employed in the service of and whose compensation is paid by a TBR institution. "Employee" does not include independent contractors who provide goods or services to the institution or student workers as defined in TBR Policy 5.01.01.00.

- “Full-time Employee” includes all faculty, executive, administrative, professional and support staff who are employed on a full-time basis by a TBR institution, but does NOT include a person who is enrolled as a student at the institution, regardless of whether the person is also an employee. A full-time employee is one who has a regular work week of at least 37.5 hours, or who is scheduled to carry a full teaching load or its equivalent. This includes full-time modified fiscal year (MODFY) employees, temporary employees and term appointees who have a regular work week of at least 37.5 hours or are scheduled to carry a full teaching load or its equivalent. “Full-time Employee” does NOT include independent contractors who provide goods or services to the institution. For example, if an institution contracts for custodial services or food services, the contractor’s employees are NOT allowed to carry a handgun on the premises, even if they work on the premises full time.
- “Enrolled as a Student” as used in the definition of “Full-time Employee” and “Eligible Retired Law Enforcement Employee” means to be registered for an academic offering at the TBR institution where one is employed, whether or not the academic offering is offered for credit or is not for credit. “Enrolled as a Student” does not include being registered for an academic offering that is delivered solely online, with no requirement for the student to appear on campus in order to complete the course.
- “Firearm” means any weapon designed, made or adapted to expel a projectile by the action of an explosive or any device readily convertible to that use.
- “Handgun” means any firearm with a barrel length of less than twelve inches (12”) that is designed, made or adapted to be fired with one (1) hand.

- "Institution Property" means all land, ground, structures, and any other real property owned, operated or controlled by a TBR institution.
- "Motor Vehicle" means a motor vehicle as defined in T.C.A. § 55-1-103.
- "On or About the Person" means carried concealed on the person or carried concealed in a handbag, briefcase or other carrying case that remains within an arm's reach of the person at all times.
- "Parking Area" means property provided by the TBR institution for the purpose of permitting employees, students, or invitees to park motor vehicles.
- "Possess" means either: (1) direct physical control over a firearm or other weapon at a given time; or (2) the power and intention at any given time to exercise dominion and control over a firearm or other weapon. Examples of possessing a firearm or other weapon include, without limitation, the presence of a firearm or other weapon on or about the person of the employee or in the employee's motor vehicle, desk, lunch box, locker, tool kit, bag, purse, cabinet, or office.
- "Student" means any person who is admitted and/or registered for study at a TBR institution for the current academic period. This shall include any period of time following admission and/or registration, but preceding the start of classes for any academic period. It will also include any period which follows the end of an academic period through the last day for registration for the succeeding academic period, and during any period while the student is under suspension from the institution.
- "Valid Handgun Carry Permit" or "Enhanced Handgun Carry Permit" means a current handgun carry permit issued by the State of Tennessee under T.C.A. § 39-17-1351 or issued by another state that has been given reciprocity under T.C.A. § 39-17-1351(r).

- “Weapon” means firearm; explosive; explosive weapon; bowie knife; hawk bill knife; ice pick; dagger; slingshot; leaded cane; switchblade knife; blackjack; metal knuckles; razors and razor blades, except those used solely for personal shaving; any sharp pointed or edged instrument, except unaltered nail files and clips and tools used solely for preparation of food instruction and maintenance; or any other weapon of like kind, not used solely for instructional or school-sanctioned ceremonial purposes.

Policy/Guideline

I. General Prohibition.

- A. Except as otherwise provided in this policy, possession of firearms or other weapons on institution property is prohibited. (T.C.A. § 39- 17-1309). (See Exhibit 1, Guide to Gun Laws on Campus). The permitless/constitutional carry legislation, ~~enacted in~~ T.C.A. § 39-17-1307(g), ~~(PC-108 effective July 1, 2021)~~ does NOT allow permitless/constitutional carry on TBR property. The requirements of T.C.A. § 39-17-1309 and this policy remain in effect.

II. Exceptions for Employees with Valid Handgun Carry Permits/Enhanced Handgun Carry Permits.

- A. In accordance with T.C.A. § 39-17-1309(e)(11) and subject to the limitations set forth in this policy, full-time employees and eligible retired law enforcement employees who possess a valid handgun carry permit/enhanced handgun carry permit and are authorized to carry a handgun under T.C.A. § 39-17-1351 may carry a handgun on property owned, operated, or controlled by the TBR institution at which they are employed, provided that they are not permitted to carry a handgun openly or in any manner in which the handgun is

visible to ordinary observation, unless the employee is carrying, displaying, or employing the handgun in justifiable self-defense or in justifiable defense of another during the commission of a crime in which the employee or other person defended was a victim.

1. ~~Full-time~~ Employees who intend to exercise this right to carry a handgun must first register with the law enforcement agencies that have jurisdiction over the institution, which may be identified by their employing institution. If an institution has locations in more than one jurisdiction, the employee must register with the law enforcement agency in each jurisdiction where they intend to carry on campus. (See Exhibit 2, Handgun Carry Notification & Summary of Campus Concealed Carry Rights & Responsibilities).
2. The registering employees' names and other identifying information shall be confidential, not open for public inspection and shall not be disclosed except to the administrative officer of the institution responsible for security of the institution. However, that administrative officer will not be provided with the names or other identifying information of employees under their direct supervision or for whom they evaluate job performance.
3. The institution's designated law enforcement agency shall develop and implement policies and procedures regarding the registration and confidentiality.

4. Registered employees may not carry a handgun on the property of any TBR institution other than their employing institution. If two or more institutions share a property, properly registered employees of all sharing institutions may carry on the shared property.
5. ~~Full-time e~~Employees who elect to carry a handgun under T.C.A. § 39-17-1309(e)(11) shall have their valid handgun carry permit/enhanced handgun carry permit in their immediate possession at all times when carrying a handgun and shall display the permit on demand of a law enforcement officer.
6. Except for eligible retired law enforcement employees, pPart-time employees may not carry a handgun on institution property, even if they have carry permits.
7. The institution's designated law enforcement agency may develop and implement a course or courses to be offered to employees electing to carry a handgun under T.C.A. § 39-17-1309(e)(11). Firearm safety shall be a component of any such course offered. Institutions are not required to offer such courses. Employees are not required to participate in such courses if they are offered.
8. Employees who elect to carry a handgun under T.C.A. § 39-17-1309(e)(11) are not permitted to carry a handgun at the following times and at the following locations:

- a. Stadiums, gymnasiums, and auditoriums when school-sponsored events are in progress, such as ball games; pep rallies; convocations; graduations; concerts, plays and other entertainment; etc. This includes such events that are sponsored by recognized student organizations.
- b. Formal meetings regarding employee or student disciplinary matters.
- c. Formal meetings regarding tenure issues.
- d. A hospital, or an office where medical or mental health services are the primary services provided, such as a clinic, student health center or a mental health counseling center.
- e. Any location where a provision of state or federal law prohibits the carrying of a handgun on that property, including, but not limited to:
 - (1) On the premises of a child care agency, in any vehicle used by a child care agency to transport children, or in the presence of a child

being cared for by a child care agency, such as a campus day care center. (Source: Rules of the Tennessee Department of Human Services, Chapter 1240-04-03, Licensure Rules for Child Care Centers);

- (2) In or on any public K-12 school building, bus, school campus, grounds, recreation area, athletic field or any other property owned, operated, or while in use by any K-12 board of education, school, or directors for the administration of any public or private K-12 educational institution. This includes buildings or parts of buildings that are dedicated to use by a campus K-12 school, middle college, etc. (Source: T.C.A. § 39-17-1309);

- (3) In or on any building, bus, campus, grounds,

recreation area, athletic field or any other property owned, operated, or while in use by a private institution of higher education that prohibits possession of firearms on its property. For example, if a TBR institution operates in a facility shared with a private institution of higher education that prohibits firearms on its property, a TBR employee will not be able to carry a handgun into the portion of the facility controlled by the private institution.

(Source: T.C.A. § 39-17-1309);

- (4) A public park, playground, civic center or other building facility, area or property which, at the time of the employee's possession of a handgun, the employee knows or should know is being

used by board of education, school, college or university board of trustees, regents, or directors for the administration of any public or private educational institution for the purpose of conducting an athletic event or other school-related activity on an athletic field, permanent or temporary, including but not limited to, a football or soccer field, tennis court, basketball court, track, running trail, Frisbee field, or similar multi-use field (Source: T.C.A. § 39-17-1311); and

- (5) A federal facility.
(Source: 18 United States Code § 1930).

f. Property leased to the institution, if the lessor has prohibited the possession of firearms on the premises.

9. The employee shall not possess a handgun:

- a. While under the influence of alcohol or any controlled substance or controlled substance analogue (Source: T.C.A. § 39-17-1321); or
 - b. While consuming liquor, wine, beer, or other alcoholic beverage within the confines of an establishment open to the public where liquor, wine, beer, or other alcoholic beverages are served for consumption on the premises. (Source: T.C.A. § 39-17-1321)
- 10. Employees who elect to carry a handgun under T.C.A. § 39-17-1309(e)(11) shall not disclose the fact that they are carrying a handgun with the intent to intimidate or threaten other employees, students or third parties.

- B. When on the premises of the TBR institution where they are employed, employees who are registered to carry a handgun on the premises under T.C.A. § 39-17-1309(e)(11) and this policy must have the handgun either:
 - 1. On or about their person, which means that the gun must be carried concealed on the person or it must be carried concealed in a handbag, briefcase or other carrying case that remains within an arm's reach of the person at all times; or
 - 2. Secured in their personal motor vehicle in accordance with Section III.A of this policy and T.C.A. § 39-17-1313.

III. Other Exceptions to the Prohibition on Weapons

- A. Any adult with an enhanced handgun carry permit, concealed handgun carry permit, or who lawfully carries a handgun pursuant to T.C.A. § 39-17-1307(g) may, unless expressly prohibited by federal law, transport and store a firearm or firearm ammunition in the person's motor vehicle while on or utilizing a parking area if:
 - 1. The person's motor vehicle is parked in a location where it is permitted to be, and
 - 2. The firearm or ammunition being transported or stored in the motor vehicle:
 - a. Is kept from ordinary observation if the person is in the motor vehicle; or
 - b. Is kept from ordinary observation and locked within the trunk, glove box, or interior of the motor vehicle or a container securely affixed to such motor vehicle if the person is not in the motor vehicle.
 - 3. A person transporting, storing or both transporting and storing a firearm or firearm ammunition in accordance with this policy does not violate this policy or the law if the firearm or firearm ammunition is observed by another person or security device during the ordinary course of securing the firearm or firearm ammunition from observation in or on a motor vehicle.

- B. A person may possess or carry a firearm or other weapon used solely for instructional or school-sanctioned ceremonial purposes on institution property.
- C. Persons employed in the Army, Air Force, Navy, Coast Guard or Marine service of the United States or any member of the Tennessee National Guard, when in the discharge of their official duties and acting under orders requiring them to carry arms or weapons, may possess the weapons required by the orders.
- D. Civil officers of the United States in the discharge of their official duties may possess required weapons.
- E. Officers and soldiers of the militia and the National Guard, when called into actual service, may possess required weapons.
- F. POST-certified, active-duty law enforcement officers, whether on or off duty, may possess and carry their service firearm on institution property.

IV. [Right to Search for Weapons](#)

- A. Any TBR institution has the right to search for illegally possessed weapons in any area on the institution's premises, including, but not limited to, lockers, furniture, containers, drawers, equipment or other facilities, lunch boxes, brief cases, personal bags, personal toolboxes or tool kits, parking lots, TBR vehicles and other vehicles parked on the institution's premises.
 - 1. **Such searches may only be conducted by law enforcement officers.**

V. [Violations and Sanctions](#)

- A. Violation of this policy and/or the applicable laws regarding possession of firearms or other weapons on TBR institution property may result in disciplinary action, up to

and including immediate termination of employment or expulsion from the institution. Violation of applicable laws may also result in referral to a law enforcement agency, arrest, and/or prosecution. An institution's response to a violation of this policy and/or applicable law will be based on the totality of the circumstances, including, but not limited to, any threat posed by such violation; whether the violation was intentional or inadvertent; and any history of non-compliance with this policy.

- B. No TBR institution shall take any adverse employment or disciplinary action against an employee or student based solely on the fact that the person has carried a handgun on TBR institution property in compliance with T.C.A. § 39-17-1309(e)(11) and this policy or stored a firearm or firearm ammunition in a motor vehicle on institution property in compliance with T.C.A. § 39-17-1313. T.C.A. § 49-7-163.

VI. [Limitations of Liability](#)

- A. Unless carrying a handgun is a requirement of the employee's job description, the carrying of a handgun as allowed by T.C.A. § 39-17-1309(e)(11) is a personal choice of the employee and not a requirement of the employing institution. Consequently, an employee is not:
 - 1. Acting in the course of or scope of their employment when carrying or using the handgun;
 - 2. Entitled to workers' compensation benefits under T.C.A. § 9-8-307(a)(1)(K) for injuries arising from the carrying or use of a handgun; or

3. Immune from personal liability with respect to use or carrying of a handgun under T.C.A. § 9-8-307(h).
- B. A TBR institution is absolutely immune from claims for monetary damages arising solely from or related to an employee's use of, or failure to use, a handgun by an employee of that institution who has elected to carry a handgun under T.C.A. § 39-17-1309(e)(11).

Policy/Guideline Area

Safety and Security

Applicable Divisions

TCATs, Community Colleges, System Office, Board Members

Purpose

To maintain a safe educational and working environment for students and employees by establishing rules for possessing and carrying firearms and other weapons on TBR institution property.

Definitions

As used in this policy:

- “Carry” means to physically transport a firearm or other weapon on or about the body.
- “Concealed” means not visible to ordinary observation.
- “Eligible Retired Law Enforcement Employee” includes all faculty, executive, administrative, professional and support staff who are retired federal, state, or local law enforcement officers; served as a federal, state, or local law enforcement officer for at least twenty (20) years prior to retirement; retired in good standing as certified by the chief law enforcement officer of the organization from which the officer retired; is employed on a part-time basis by a TBR institution; and is not enrolled as a student at the institution.
- “Employee” means all faculty, executive, administrative, professional and support staff employed in the service of and whose compensation is paid by a TBR institution. “Employee” does not include independent contractors who provide goods or services to the institution or student workers as defined in TBR Policy 5.01.01.00.
- “Full-time Employee” includes all faculty, executive, administrative, professional and support staff who are employed on a full-time basis

by a TBR institution, but does NOT include a person who is enrolled as a student at the institution, regardless of whether the person is also an employee. A full-time employee is one who has a regular work week of at least 37.5 hours, or who is scheduled to carry a full teaching load or its equivalent. This includes full-time modified fiscal year (MODFY) employees, temporary employees and term appointees who have a regular work week of at least 37.5 hours or are scheduled to carry a full teaching load or its equivalent. "Full-time Employee" does NOT include independent contractors who provide goods or services to the institution. For example, if an institution contracts for custodial services or food services, the contractor's employees are NOT allowed to carry a handgun on the premises, even if they work on the premises full time.

- "Enrolled as a Student" as used in the definition of "Full-time Employee" and "Eligible Retired Law Enforcement Employee" means to be registered for an academic offering at the TBR institution where one is employed, whether or not the academic offering is offered for credit or is not for credit. "Enrolled as a Student" does not include being registered for an academic offering that is delivered solely online, with no requirement for the student to appear on campus in order to complete the course.
- "Firearm" means any weapon designed, made or adapted to expel a projectile by the action of an explosive or any device readily convertible to that use.
- "Handgun" means any firearm with a barrel length of less than twelve inches (12") that is designed, made or adapted to be fired with one (1) hand.
- "Institution Property" means all land, ground, structures, and any other real property owned, operated or controlled by a TBR institution.

- "Motor Vehicle" means a motor vehicle as defined in T.C.A. § 55-1-103.
- "On or About the Person" means carried concealed on the person or carried concealed in a handbag, briefcase or other carrying case that remains within an arm's reach of the person at all times.
- "Parking Area" means property provided by the TBR institution for the purpose of permitting employees, students, or invitees to park motor vehicles.
- "Possess" means either: (1) direct physical control over a firearm or other weapon at a given time; or (2) the power and intention at any given time to exercise dominion and control over a firearm or other weapon. Examples of possessing a firearm or other weapon include, without limitation, the presence of a firearm or other weapon on or about the person of the employee or in the employee's motor vehicle, desk, lunch box, locker, tool kit, bag, purse, cabinet, or office.
- "Student" means any person who is admitted and/or registered for study at a TBR institution for the current academic period. This shall include any period of time following admission and/or registration, but preceding the start of classes for any academic period. It will also include any period which follows the end of an academic period through the last day for registration for the succeeding academic period, and during any period while the student is under suspension from the institution.
- "Valid Handgun Carry Permit" or "Enhanced Handgun Carry Permit" means a current handgun carry permit issued by the State of Tennessee under T.C.A. § 39-17-1351 or issued by another state that has been given reciprocity under T.C.A. § 39-17-1351(r).
- "Weapon" means firearm; explosive; explosive weapon; bowie knife; hawk bill knife; ice pick; dagger; slingshot; leaded cane; switchblade knife; blackjack; metal knuckles; razors and razor blades, except those used solely for personal shaving; any sharp pointed or edged

instrument, except unaltered nail files and clips and tools used solely for preparation of food instruction and maintenance; or any other weapon of like kind, not used solely for instructional or school-sanctioned ceremonial purposes.

Policy/Guideline

VII. [General Prohibition.](#)

- A. Except as otherwise provided in this policy, possession of firearms or other weapons on institution property is prohibited. (T.C.A. § 39- 17-1309). (See Exhibit 1, Guide to Gun Laws on Campus). The permitless/constitutional carry legislation, T.C.A. § 39-17-1307(g), does NOT allow permitless/constitutional carry on TBR property. The requirements of T.C.A. § 39-17-1309 and this policy remain in effect.

VIII. [Exceptions for Employees with Valid Handgun Carry Permits/Enhanced Handgun Carry Permits.](#)

- A. In accordance with T.C.A. § 39-17-1309(e)(11) and subject to the limitations set forth in this policy, full-time employees and eligible retired law enforcement employees who possess a valid handgun carry permit/enhanced handgun carry permit and are authorized to carry a handgun under T.C.A. § 39-17-1351 may carry a handgun on property owned, operated, or controlled by the TBR institution at which they are employed, provided that they are not permitted to carry a handgun openly or in any manner in which the handgun is visible to ordinary observation, unless the employee is carrying, displaying, or employing the handgun in justifiable self-defense or in justifiable defense of another during the commission of a crime in which the employee or other person defended was a victim.

1. Employees who intend to exercise this right to carry a handgun must first register with the law enforcement agencies that have jurisdiction over the institution, which may be identified by their employing institution. If an institution has locations in more than one jurisdiction, the employee must register with the law enforcement agency in each jurisdiction where they intend to carry on campus. (See Exhibit 2, Handgun Carry Notification & Summary of Campus Concealed Carry Rights & Responsibilities).
2. The registering employees' names and other identifying information shall be confidential, not open for public inspection and shall not be disclosed except to the administrative officer of the institution responsible for security of the institution. However, that administrative officer will not be provided with the names or other identifying information of employees under their direct supervision or for whom they evaluate job performance.
3. The institution's designated law enforcement agency shall develop and implement policies and procedures regarding the registration and confidentiality.
4. Registered employees may not carry a handgun on the property of any TBR institution other than their employing institution. If two or more institutions share a property, properly

registered employees of all sharing institutions may carry on the shared property.

5. Employees who elect to carry a handgun under T.C.A. § 39-17-1309(e)(11) shall have their valid handgun carry permit/enhanced handgun carry permit in their immediate possession at all times when carrying a handgun and shall display the permit on demand of a law enforcement officer.
6. Except for eligible retired law enforcement employees, part-time employees may not carry a handgun on institution property, even if they have carry permits.
7. The institution's designated law enforcement agency may develop and implement a course or courses to be offered to employees electing to carry a handgun under T.C.A. § 39-17-1309(e)(11). Firearm safety shall be a component of any such course offered. Institutions are not required to offer such courses. Employees are not required to participate in such courses if they are offered.
8. Employees who elect to carry a handgun under T.C.A. § 39-17-1309(e)(11) are not permitted to carry a handgun at the following times and at the following locations:
 - a. Stadiums, gymnasiums, and auditoriums when school-sponsored events are in progress, such as ball games; pep rallies; convocations; graduations; concerts,

plays and other entertainment; etc. This includes such events that are sponsored by recognized student organizations.

- b. Formal meetings regarding employee or student disciplinary matters.
- c. Formal meetings regarding tenure issues.
- d. A hospital, or an office where medical or mental health services are the primary services provided, such as a clinic, student health center or a mental health counseling center.
- e. Any location where a provision of state or federal law prohibits the carrying of a handgun on that property, including, but not limited to:
 - (1) On the premises of a child care agency, in any vehicle used by a child care agency to transport children, or in the presence of a child being cared for by a child care agency, such as a campus day care center. (Source: Rules of the Tennessee

Department of Human Services, Chapter 1240-04-03, Licensure Rules for Child Care Centers);

- (2) In or on any public K-12 school building, bus, school campus, grounds, recreation area, athletic field or any other property owned, operated, or while in use by any K-12 board of education, school, or directors for the administration of any public or private K-12 educational institution. This includes buildings or parts of buildings that are dedicated to use by a campus K-12 school, middle college, etc.
(Source: T.C.A. § 39-17-1309);

- (3) In or on any building, bus, campus, grounds, recreation area, athletic field or any other property owned, operated, or while in use by a private institution

of higher education that prohibits possession of firearms on its property. For example, if a TBR institution operates in a facility shared with a private institution of higher education that prohibits firearms on its property, a TBR employee will not be able to carry a handgun into the portion of the facility controlled by the private institution.

(Source: T.C.A. § 39-17-1309);

- (4) A public park, playground, civic center or other building facility, area or property which, at the time of the employee's possession of a handgun, the employee knows or should know is being used by board of education, school, college or university board of trustees, regents, or directors for

the administration of any public or private educational institution for the purpose of conducting an athletic event or other school-related activity on an athletic field, permanent or temporary, including but not limited to, a football or soccer field, tennis court, basketball court, track, running trail, Frisbee field, or similar multi-use field (Source: T.C.A. § 39-17-1311); and

(5) A federal facility. (Source: 18 United States Code § 1930).

f. Property leased to the institution, if the lessor has prohibited the possession of firearms on the premises.

9. The employee shall not possess a handgun:
- a. While under the influence of alcohol or any controlled substance or controlled substance analogue (Source: T.C.A. § 39-17-1321); or
 - b. While consuming liquor, wine, beer, or other alcoholic beverage within

the confines of an establishment open to the public where liquor, wine, beer, or other alcoholic beverages are served for consumption on the premises.

(Source: T.C.A. § 39-17-1321)

10. Employees who elect to carry a handgun under T.C.A. § 39-17-1309(e)(11) shall not disclose the fact that they are carrying a handgun with the intent to intimidate or threaten other employees, students or third parties.

- B. When on the premises of the TBR institution where they are employed, employees who are registered to carry a handgun on the premises under T.C.A. § 39-17-1309(e)(11) and this policy must have the handgun either:

1. On or about their person, which means that the gun must be carried concealed on the person or it must be carried concealed in a handbag, briefcase or other carrying case that remains within an arm's reach of the person at all times; or
2. Secured in their personal motor vehicle in accordance with Section III.A of this policy and T.C.A. § 39-17-1313.

IX. [Other Exceptions to the Prohibition on Weapons](#)

- A. Any adult with an enhanced handgun carry permit, concealed handgun carry permit, or who lawfully carries a handgun pursuant to T.C.A. § 39-17-1307(g) may, unless expressly prohibited by federal law, transport and store a

firearm or firearm ammunition in the person's motor vehicle while on or utilizing a parking area if:

1. The person's motor vehicle is parked in a location where it is permitted to be, and
 2. The firearm or ammunition being transported or stored in the motor vehicle:
 - a. Is kept from ordinary observation if the person is in the motor vehicle; or
 - b. Is kept from ordinary observation and locked within the trunk, glove box, or interior of the motor vehicle or a container securely affixed to such motor vehicle if the person is not in the motor vehicle.
 3. A person transporting, storing or both transporting and storing a firearm or firearm ammunition in accordance with this policy does not violate this policy or the law if the firearm or firearm ammunition is observed by another person or security device during the ordinary course of securing the firearm or firearm ammunition from observation in or on a motor vehicle.
- B. A person may possess or carry a firearm or other weapon used solely for instructional or school-sanctioned ceremonial purposes on institution property.
- C. Persons employed in the Army, Air Force, Navy, Coast Guard or Marine service of the United States or any member of the Tennessee National Guard, when in the discharge of their official duties and acting under orders

requiring them to carry arms or weapons, may possess the weapons required by the orders.

- D. Civil officers of the United States in the discharge of their official duties may possess required weapons.
- E. Officers and soldiers of the militia and the National Guard, when called into actual service, may possess required weapons.
- F. POST-certified, active-duty law enforcement officers, whether on or off duty, may possess and carry their service firearm on institution property.

X. [Right to Search for Weapons](#)

- A. Any TBR institution has the right to search for illegally possessed weapons in any area on the institution's premises, including, but not limited to, lockers, furniture, containers, drawers, equipment or other facilities, lunch boxes, brief cases, personal bags, personal toolboxes or tool kits, parking lots, TBR vehicles and other vehicles parked on the institution's premises.

1. **Such searches may only be conducted by law enforcement officers.**

XI. [Violations and Sanctions](#)

- A. Violation of this policy and/or the applicable laws regarding possession of firearms or other weapons on TBR institution property may result in disciplinary action, up to and including immediate termination of employment or expulsion from the institution. Violation of applicable laws may also result in referral to a law enforcement agency, arrest, and/or prosecution. An institution's response to a violation of this policy and/or applicable law will be based on the totality of the circumstances, including, but not limited to, any threat posed by such violation; whether the

violation was intentional or inadvertent; and any history of non-compliance with this policy.

- B. No TBR institution shall take any adverse employment or disciplinary action against an employee or student based solely on the fact that the person has carried a handgun on TBR institution property in compliance with T.C.A. § 39-17-1309(e)(11) and this policy or stored a firearm or firearm ammunition in a motor vehicle on institution property in compliance with T.C.A. § 39-17-1313. T.C.A. § 49-7-163.

XII. [Limitations of Liability](#)

- A. Unless carrying a handgun is a requirement of the employee's job description, the carrying of a handgun as allowed by T.C.A. § 39-17-1309(e)(11) is a personal choice of the employee and not a requirement of the employing institution. Consequently, an employee is not:
 - 1. Acting in the course of or scope of their employment when carrying or using the handgun;
 - 2. Entitled to workers' compensation benefits under T.C.A. § 9-8-307(a)(1)(K) for injuries arising from the carrying or use of a handgun; or
 - 3. Immune from personal liability with respect to use or carrying of a handgun under T.C.A. § 9-8-307(h).
- B. A TBR institution is absolutely immune from claims for monetary damages arising solely from or related to an employee's use of, or failure to use, a handgun by an employee of that institution who has elected to carry a handgun under T.C.A. § 39-17-1309(e)(11).

BOARD TRANSMITTAL

MEETING: Committee on Finance and Business Operations

SUBJECT: Approval of Tuition and Fee Recommendations for the
2023-2024 Academic Year

DATE: June 15, 2023

PRESENTER: Vice Chancellor Alisha Fox

PRESENTATION
REQUIREMENTS: 30 Minutes

ACTION REQUIRED: Roll Call Vote

STAFF
RECOMMENDATION: Recommend Approval

TBR staff will present the recommendations for maintenance fees, tuition, mandatory fees, and non-mandatory fees for academic year 2023-24.

BOARD TRANSMITTAL

MEETING:	Committee on Finance and Business Operations
SUBJECT:	Approval of FY23 Estimated Budgets and FY24 Proposed Budgets
DATE:	June 15, 2023
PRESENTER:	Vice Chancellor Alisha Fox
PRESENTATION REQUIREMENTS:	15 Minutes
ACTION REQUIRED:	Roll Call Vote
STAFF RECOMMENDATION:	Recommend Approval

Under Board policy, the original budget for each fiscal year is known as the ***Proposed Budget*** and is prepared in the spring of each year. This budget is based on the level of state funds recommended in the Governor's proposed budget as well as early estimates of factors such as enrollment growth, and availability of federal funds. The ***Proposed Budget*** is normally submitted to the Board for approval at the June Board meeting.

The final budget submitted for each fiscal year is the ***Estimated Budget***. It includes final adjustments to the current year budget and is the budget against which final year-end actual amounts are compared. It is prepared, submitted, and considered by the Board at the same time as the ***Proposed Budget*** for the upcoming fiscal year.

Regarding the LGI's budgets, the FOCUS Act requires that to ensure the ability to satisfy both contractual obligations to the Tennessee State School Bond Authority and obligations to that authority's bondholders, the Tennessee Board of Regents shall have authority over, and shall give final approval to, the operating budget of each LGI.

The purpose of this agenda item is to consider for approval both the recommended ***Estimated Budgets*** for FY 2022-23 and the recommended ***Proposed Budgets*** for FY 2023-24. As part of approval of the Proposed Budgets for FY 2023-24, staff recommends that the Board authorize the Chancellor to take actions necessary to implement the approved budgets.

BOARD TRANSMITTAL

MEETING: Committee on Finance and Business Operations

SUBJECT: Capital Budget Request Fiscal Year 2024-25

DATE: June 15, 2023

PRESENTER: Dick Tracy, Executive Director of Facilities Development

PRESENTATION REQUIREMENTS: 10 Minutes

ACTION REQUIRED: Roll Call Vote

STAFF RECOMMENDATION: Recommend Approval

The Committee will consider approval of the Capital Budget Request for fiscal year 2024-25.

Summary of Capital Budget Request

2024 - 2025

of the

Tennessee Board of Regents

June 15, 2023

Capital Outlay Projects

Institution	Project	Budget
1 TCAT Nashville	Robertson/Sumner County Campus Replacements	\$75,500,000
2 VSCC/TCAT Hartsville	Wilson County Higher Education Center	57,000,000
3 TCAT Shelbyville	Lincoln County Campus Replacement	42,000,000
Total Capital Outlay THEC Submittal		\$174,500,000

Unprioritized Potential Out-Year Projects

Institution	Project	Budget
MSCC	Smyrna Building 4	\$42,500,000
WSCC	Health Programs Relocation/Renovation	64,000,000
TCAT Hohenwald	Industrial Training Center Building	22,000,000
TCAT Newbern	Construction Technology Building	11,000,000
TCAT Ripley	Truck Driving Facility	11,000,000
Total Unprioritized Capital Outlay		\$150,500,000

25	TCAT Statewide	TCAT Roof and Envelope Upgrades B	1,650,000	
26	NeSCC	Chiller Replacement	750,000	
27	CoSCC	Multiple Buildings HVAC Updates	1,250,000	
28	WSCC	Humanities MEP Improvements Phase 2	1,354,000	
29	TCAT Statewide	TCAT MPE and Lighting Updates B	1,675,000	
30	TCAT Statewide	TCAT Building Systems Updates B	1,550,000	
31	MSCC	Parking and Roadway Repairs Phase 2	1,800,000	
32	DSCC	Multiple Buildings Door and Hardware Updates	950,000	THEC Target
33	PSCC	ERC and Goins Buildings Updates	2,650,000	\$55,580,000
34	TCAT Statewide	TCAT Parking and Paving Upgrades B	2,110,000	
35	ChSCC	Omni Building Chemistry Lab Modernization	1,800,000	
36	STCC	Multiple Bldgs. Roof Replacement & Envelope Repairs C	3,800,000	
37	NaSCC	Science Lab Updates	1,300,000	
38	TCAT Statewide	TCAT Maintenance Repairs B	2,120,000	
39	RSCC	Multiple Buildings HVAC Updates	1,850,000	
40	JSCC	Nelms Classroom HVAC Updates	2,800,000	TBR Target
41	PSCC	Magnolia Campus ADA Corrections	485,000	\$71,746,749
Annual Maintenance Request			\$70,904,000	

TBR institutions submitted 24 additional projects at \$40,618,000 of unmet maintenance needs for a total request of \$111,522,000. Listing and back-up for these projects are available upon request.

Additional FY 24/25 Capital Maintenance Projects

Priority	Institution	Project	2024-2025
42	VSCC	Parking and Paving Upgrades	\$1,100,000
43	PSCC	Magnolia Campus HVAC Updates	1,650,000
44	VSCC	Pickel Restroom ADA Upgrades	1,000,000
45	STCC	Multiple Buildings Elevator Replacements	2,500,000
46	CISCC	Multiple Buildings Roof Replacements Phase 3	3,000,000
47	ChSCC	Plant Buildings Roof and HVAC Replacements	675,000
48	MSCC	Marcum Roof Replacement & Exterior Repairs Phase 2	3,000,000
49	DSCC	Multiple Buildings HVAC Updates	1,100,000
50	STCC	Campus Plumbing Repairs and Upgrades	8,000,000
51	NeSCC	Library Carpet Replacement	520,000
52	DSCC	Multiple Buildings Window Updates	1,100,000
53	RSCC	Building Envelope Repairs Phase 2	1,300,000
54	JSCC	Multiple Buildings Roof Replacements	2,410,000
55	MSCC	Geothermal System Upgrades	1,850,000
56	MSCC	Sunquist Roof Replacement and Exterior Repairs	1,110,000
57	JSCC	Campus Electrical Distribution Upgrades	1,460,000
58	PSCC	Strawberry Plains Campus Annex Renovation	1,368,000
59	PSCC	Multiple Buildings Envelope Repairs	855,000
60	MSCC	Hardscape and Sidewalk Upgrades	1,850,000
61	PSCC	Multiple Buildings Access Controls Upgrades	400,000
62	MSCC	Interior Building Repairs	1,500,000
63	PSCC	Hardin Valley Settlement Repairs	856,000
64	PSCC	Parking and Paving Upgrades	950,000
65	PSCC	Campus Network Security Upgrades	1,064,000
Additional Maintenance Projects			\$40,618,000

Tennessee Board of Regents
Committee on Academic Policies and Programs and Student Life
June 15, 2023

AGENDA

1. CONSENT AGENDA

- a. PROPOSED TBR POLICY 2.03.01.03 ETHICAL RECRUITMENT OF PROSPECTIVE STUDENTS AND MILITARY AFFILIATED INDIVIDUALS** (*Vice Chancellor Heidi Leming*)

To be compliant with the requirements of federal law and Executive Order 13607, the Tennessee Board of Regents (TBR) must establish consistent policies and practices at TBR institutions for the recruitment of prospective students, including military affiliated individuals (such as service members, reservists, veterans, spouses and other eligible family members).

- b. PROPOSED TBR POLICY 2.03.01.04 ADMISSION, ENROLLMENT, AND READMISSION OF SERVICE MEMBERS** (*Vice Chancellor Heidi Leming*)

To be compliant with the requirements of federal law and Executive Order 13607, the Tennessee Board of Regents (TBR) must establish consistent policies and practices at TBR institutions applicable to eligible service members, veterans, reservists, and others covered by the Post 9/11 GI Bill and the Department of Defense Tuition Assistance Program (collectively, “service members”) for the admission, enrollment, and readmission of those returning from periods of active service.

- c. PROPOSED TBR POLICY 2.03.02.04 MICRO-CREDENTIALS AND LEARNER RECORD** (*Vice Chancellor Heidi Leming*)

This policy sets out the principles and procedures for quality assurance of the TBR institutions’ micro-credentials that are included on the System’s comprehensive learner record. The principles and procedures include, but are not limited to design, approval, delivery, monitoring, and review.

2. NEW ACADEMIC PROGRAMS *(Vice Chancellor Jothany Reed)*

The committee will receive and consider proposals of two new degree programs for approval.

a. Chattanooga State Community College

Associate of Applied Science (A.A.S.) in Electric Vehicle Engineering Technology

Chattanooga State Community College proposes the establishment of a new Associate of Applied Science (A.A.S.) in Electric Vehicle Engineering Technology (EVET).

Chattanooga's industry partner Volkswagen Group of America is transitioning to producing electric vehicles, with the expectation of phasing out combustion engine automobiles by 2035. VW predicts a greater need in the near future, for Electric Vehicle Technicians. This program will prepare students with the education and skills needed to meet industry workforce demands to manufacture, diagnose, service, and repair electric vehicles.

VW has requested to use the A.A.S Electrical Vehicle Engineering Technology degree as the educational portion of the apprenticeship. They will also provide space, electric vehicles, subject matter experts, and job placement for graduates.

The A.A.S. in Electric Vehicle Engineering Technology degree will be initially offered through the Volkswagen Electric Vehicle apprenticeship starting August 2023 and is expected to expand to the Amnicola campus by 2025. The EVET degree is comprised of stackable credentials which allows for multiple entry (TCAT and dual enrollment) and exit (technical certificates) points. The program components can also be used in non-credit workforce training.

b. Northeast State Community College

Associate of Applied Science (A.A.S.) in Automotive Technology with a Concentration in Automotive Specialist.

Northeast State Community College proposes the establishment of a new Associate of Applied Science (A.A.S.) in Automotive Technology with a Concentration in Automotive Specialist.

The 60-credit hour proposed program would realign the automotive-related programs (Automotive Service, Automotive Body/Collision, Motor Sports) into a new degree with a concentration in Automotive Specialist. The program and concentration will offer students the ability to pursue coursework, training, and skills in three different pathways: Automotive Service, Automotive Body/Collision, and Motor Sports.

These areas represent the needs of regional workforce partners and afford the students a tailored set of unique skills specific to their area of interest. This also ensures an Associate of Applied Science degree that is more easily identified by industry and students will develop competencies applicable to the current and emerging needs of the automotive industry.

The program will be the first A.A.S in Automotive Technology in the TBR system so is considered a new program to the state, although the program uses the same courses that are already taught at Northeast State.

3. PROPOSED NEW PROGRAM IMPLEMENTATIONS, MODIFICATIONS, AND TERMINATIONS FOR TCATS (*Vice Chancellor Jothany Reed*)

Thirty-five (35) program proposals are being presented for the Committee's review and approval. These proposals will allow the Technical Colleges to be more responsive to the needs of students, businesses, and industries.

Sixty-eight (68) academic actions were submitted by a TCAT institution to the Vice Chancellor for approval based on section C of the TBR Policy: 2.01.02.00, requiring only notification to the Vice Chancellor. Appropriate documentation to support the need was provided.

4. REIMAGINING THE COMMUNITY COLLEGE EXPERIENCE (*Executive Vice Chancellor Russ Deaton*)

In summer 2022 TBR staff presented a concept paper that builds off the history of Tennessee and TBR reforms, and then rapidly accelerates them in a new direction resulting in a fundamentally different community college experience for students. In this concept, formally referred to as the Reimagining the Community College Experience, students would encounter:

- Extensive and personalized pre-college career exploration, followed by in-depth career advising and soft skills development throughout a student's program of study.
- A workforce-focused certificate in the first semester, drawn from programs that align with the local/regional economy, to expand and enrich entry and exit points for students as they navigate and move between higher education and the labor force.
- An articulated transition into the second semester that extends the workforce-ready skills and/or adds general education courses that have been contextualized to a student's program of study and that injects workforce skills like communication and critical thinking into the student's pathway.
- Reengineered transfer pathways that stack students' skills and courses from the first two semesters into AA/AS/AAS degrees and/or TCAT programs.

In early fall 2022, TBR solicited grant proposals from community colleges to develop and implement the ideas within the Reimagining the Community College Experience concept paper. At the September 2022 Board meeting, Walters, Pellissippi, Jackson and Southwest were announced as the grant winners and have since been working to fully develop and implement a multi-year pilot effort. As their efforts are taking shape, TBR staff will provide an overview of the colleges' plans as they prepare for fall 2023 implementation.

5. TENNESSEE COACHING PROJECT (*Assistant Vice Chancellor Amy Moreland*)

In 2022, two community colleges launched a new project to support students who are underprepared for college, known as the Tennessee Coaching Project. Through this project, Northeast State Community College and Jackson State Community College embedded success coaches into students' first year of college. Coaches help students navigate coursework, connect

with resources, and explore careers. In 2023, the project expanded to provide coaching to adult learners who are reconnecting with college after some time away.

The Tennessee Coaching Project includes a coaching model designed by TBR staff in partnership with advising leaders at the pilot colleges. This work is supported by \$2.9 million in grant funds to TBR from the U.S. Department of Education Institute of Education Sciences and Ascendium Education Group.

Early results suggest that coaching has promoted student success during the first year of this project. Students at both pilot colleges have engaged with coaching at high rates. Additionally, preliminary data indicates that students who engaged with their coach persisted at higher rates than other students. Early outcomes also suggest gains in math course success for students who engaged with their coach.

The TBR staff will provide an overview of this project and early outcomes. The presentation will describe the coaching model and present preliminary data from the first year of this project. The presentation will also highlight the contributions of advising staff at Jackson State and Northeast State to this project.

6. ACCREDITATION SUMMARY REPORT AND OVERVIEW 2021-2022

(Vice Chancellor Jothany Reed)

The Annual Accreditation Report and Overview summarizes all activity for the academic year 2021-2022 on regional and program accreditation. The report also provides information on all non-accreditable programs that go through either the Program Review or the Academic Audit process. A summary of all activity is provided along with a more detailed accounting of all accreditation and quality assurance activity.

BOARD TRANSMITTAL

MEETING: Committee on Academic Policies/Programs, Student Life

SUBJECT: Proposed TBR Policy 2.03.01.03 Ethical Recruitment of Prospective Students and Military Affiliated Individuals

DATE: June 15, 2023

PRESENTER: Vice Chancellor Heidi Leming

PRESENTATION REQUIREMENTS: 5 minutes

ACTION REQUIRED: Voice Vote

STAFF RECOMMENDATION: Recommend Approval

To be compliant with the requirements of federal law and Executive Order 13607, the Tennessee Board of Regents (TBR) must establish consistent policies and practices at TBR institutions for the recruitment of prospective students, including military affiliated individuals (such as service members, reservists, veterans, spouses and other eligible family members).

Ethical Recruitment of Prospective Students and Military Affiliated Individuals: 2.03.01.03

Policy/Guideline Area

Student Success

Applicable Divisions

TCATs, Community Colleges

Purpose

To establish consistent policies and practices at Tennessee Board of Regents (TBR) institutions for the recruitment of prospective students, including military affiliated individuals (such as service members, reservists, veterans, spouses and other eligible family members), that are compliant with the requirements of federal law and Executive Order 13607.

Policy/Guideline

I. Introduction

- A. This policy establishes standards for recruitment for all prospective students, including military affiliated individuals at the community colleges and colleges of applied technology under the governance of the Tennessee Board of Regents.
- B. Each institution is directed to enact a policy consistent with the requirements of this policy. Alternatively, an institution may operate under this system policy. Institutional policy, and any subsequent revisions thereto, shall be submitted to the Vice Chancellor of Student Success and the Office of General Counsel for review and approval prior to final promulgation at the institution.
- C. The applicable policy regarding the recruitment of students, including military affiliated individuals, shall be stated, at minimum, in the institution's catalog or handbook and uniformly applied to all prospective students.

II. Prohibitions and Requirements

- A. No institution shall pay any commission, bonus, or other incentive payment to any person or entity engaged in any student recruiting, admission activities, or making decisions regarding the award of student financial assistance based directly, or indirectly, on securing enrollments or federal financial aid (including military Tuition Assistance Program funds) for any prospective student, including military affiliated individuals. For purposes of this policy, a “prospective student” is any individual who has contacted, or been contacted by, the institution or its employees/agents for the purpose of communicating about enrolling at the institution and/or the availability/types of financial aid.
- B. High-pressure recruitment tactics are prohibited. “High-pressure recruitment tactics” include making multiple unsolicited contacts (3 or more), including contacts by phone, email, or in-person, and engaging in same-day recruitment and registration for the purpose of securing enrollment of prospective students, including military affiliated individuals or obtaining access to financial aid or tuition assistance funds.
- C. Institutions are prohibited from using or offering inducements for securing enrollments of prospective students or obtaining access to financial aid or tuition assistance funds. Inducements include, but are not limited to, any gratuity, favor, discount, entertainment, hospitality, loan, transportation, lodging, meals or other item having a monetary value of more than an insignificant amount, to any individual or entity, or its agents including third-party lead generators or marketing firms. This policy does not prohibit the payment of regular salaries to institutional employees or fees paid to contractors in conformity with all the applicable laws for the purpose of securing enrollments of prospective students, including military affiliated individuals or obtaining access to financial aid or tuition assistance funds.

- D. Institutions shall not make any misrepresentation(s) to prospective students, including military affiliated individuals or their family members regarding the nature of educational programs, financial charges, or employability of graduates. The prohibition shall apply to any direct or indirect contact with prospective students, including, but not limited to, any outreach, recruitment, marketing, advertisement, or admissions operation. Institutions shall also prohibit the making or use of any false, erroneous, or misleading statements to a prospective student. Misrepresentation(s) includes any statement that has the likelihood or tendency to mislead under the circumstances, regardless of whether it is made visually, in writing, orally, or through other means.
- E. Institutions are permitted to provide information about educational institution-sponsored scholarships or grants and tuition reductions available to prospective students, including military affiliated individuals.
- F. Institutions shall educate and monitor employees and third-party agents acting on behalf of the institution regarding compliance with this policy. Persons found to have violated the terms set forth in the policy will be subject to corrective action and potential disciplinary action, up to and including termination.

BOARD TRANSMITTAL

MEETING: Committee on Academic Policies/Programs, Student Life

SUBJECT: Proposed TBR Policy 2.03.01.04 Admission, Enrollment,
and Readmission of Service Members

DATE: June 15, 2023

PRESENTER: Vice Chancellor Heidi Leming

PRESENTATION
REQUIREMENTS: 5 minutes

ACTION REQUIRED: Voice Vote

STAFF
RECOMMENDATION: Recommend Approval

To be compliant with the requirements of federal law and Executive Order 13607, the Tennessee Board of Regents (TBR) must establish consistent policies and practices at TBR institutions applicable to eligible service members, veterans, reservists, and others covered by the Post 9/11 GI Bill and the Department of Defense Tuition Assistance Program (collectively, “service members”) for the admission, enrollment, and readmission of those returning from periods of active service.

Admission, Enrollment, and Readmission of Service Members: 2.03.01.04

Policy/Guideline Area

Student Success

Applicable Divisions

TCATs, Community Colleges

Purpose

To establish consistent policies and practices at Tennessee Board of Regents (TBR) institutions applicable to eligible service members, veterans, reservists, and others covered by the Post 9/11 GI Bill and the Department of Defense Tuition Assistance Program (collectively, “service members”) for the admission, enrollment, and readmission of those returning from periods of active service that are compliant with the requirements of federal law and Executive Order 13607.

Policy Statement

- I. Admission and Enrollment of Service Members
 - I. Service Members shall be admitted as students pursuant to the same standards and policies applicable to all other applicants for admission.
 - II. Special Provisions and Services for Service Members Applying for Admission and Financial Aid Pursuant to the Post 9/11 GI Bill and the Department of Defense Tuition Assistance Programs
 - I. An institution may enact an institutional policy consistent with the requirements of this policy. Alternatively, an institution may operate under this system policy. An institutional policy, and/or any amendment thereof, shall be submitted to the Vice Chancellor for Student Success and the Office of General Counsel for review and approval prior to promulgation.
 - II. Each institution shall designate a point of contact for academic and financial advising (including access to disability counseling) to assist service members with the successful completion of their studies and with their job searches.
 - III. Service members, eligible for the Department of Defense Tuition Assistance Program (“TA”) must be directed to the appropriate Education Service Officer of the applicable branch of the armed forces to determine branch-specific eligibility criteria prior to enrollment in courses.

- IV. The institution shall inform service members that they are responsible for the timely submission of requests for TA to the appropriate Education Service Officer prior to enrollment and that they will be responsible for payment of the costs of tuition and fees if they fail to receive TA approval prior to branch-specific TA deadlines.
- V. The institution shall provide prospective student service members who are eligible to receive Federal military and veterans educational benefits with a personalized and standardized form to help those prospective students understand the total cost of the educational program, including tuition and fees; the amount of that cost that will be covered by Federal educational benefits; the type and amount of financial aid they may qualify for; their estimated student loan debt upon graduation; information about student outcomes; and other information to facilitate comparison of aid packages offered by different educational institutions.
- VI. The institution shall provide prospective student service members who are eligible to receive Federal military and veterans education benefits information about the availability of state financial aid and federal financial aid before arranging any private student loans or alternative financing programs.
- VII. The institution shall provide refunds in accordance with the refund of unearned student aid rules applicable to Federal student aid provided through the Department of Education under Title IV of the Higher Education Act of 1965, as required under section 484B of that Act when students withdraw prior to course completion.
- VIII. The institution shall provide educational plans for all service members using Federal military and veterans education benefits that detail how they will fulfill all the requirements necessary to graduate and the expected timeline of

completion. Such educational plans are permitted to be consistent with educational plans provided to other students.

III. [Readmission of Service Members](#)

- A. Institutions shall take the following actions relating to readmission of service members.
 - 1. Designate one or more offices that a service member may contact regarding notice of the need to suspend educational efforts and to request readmission.
 - 2. Accept any reasonable notice of intent to reenroll and not require that the notice of intent to return be provided in any particular form.
 - 3. Promptly readmit a service member who meets the requirements of this policy with the same academic status as when they last attended or were accepted for admission to the college prior to deployment for military service.
- B. Service members requirements:
 - 1. When possible, the service member, or an appropriate officer of the Department of Defense, must provide oral or written notice to the institution's designated office or contact that the reason for withdrawal from enrollment is due to receipt of orders or instructions to report for military service of at least 30 days. Notice must be provided as far in advance as reasonably possible and prior to withdrawal unless precluded from doing so by the military, e.g. service i related to a classified mission, etc.
 - 2. When notice cannot reasonably be provided prior to the date of withdrawal, the service member may submit an attestation of military service that necessitated the absence from school at the time of readmission.

3. Pre-withdrawal notice does not have to indicate whether the service member, intends to return to the school and may not be subject to any rule of timeliness. Timeliness must only be determined by the facts in each case.
 4. The service member, must provide notice of intent to re-enroll, along with documentation that eligibility for admission has not been terminated for a dishonorable discharge or other disqualifying event, after an absence of no longer than 5 years and;
 - a. Within 3 years of completion of service or
 - b. Within 2 years of the completion of any convalescence for any injury or illness related to their service.
- C. For purposes of this policy prompt readmission is:
1. Re-enrollment in the next available class in the same or most similar program as that in which the service member was enrolled prior to withdrawal;
 2. With the same enrollment status (e.g., full-time), unless the service member requests or agrees to a different enrollment status;
 3. With the same academic status as before withdrawal;
 4. With the same academic progress as before withdrawal, unless the service member is admitted to a different program and the hours are not transferable; and
 5. With the same number of credit or clock hours as had been completed before withdrawal.
- D. Exceptions to the prompt readmission requirement include:
1. When the service member fails to meet the requirements of section III above. In such circumstances however, the service member

shall be permitted to be readmitted pursuant to the same policies or requirements as all regular students.

2. When the institution reasonably determines that the service member is not prepared to return to their program of study at the status, rank, and/or level of academic progress previously achieved or is unable to complete the program, provided the institution has made reasonable efforts, at no extra cost to the student, to prepare the student to re-enroll. The institution shall bear the burden of proof in establishing that the service member is not prepared to resume their course of study at the level obtained prior to withdrawal.
3. When the service member requests to enroll in a different program, or
4. When the service member requests to re-enter their program of study at the beginning, or at any earlier point, of the program of study.

E. Tuition Upon Readmission

1. The tuition and fees charged the service member for the first academic year upon readmission shall be:
 - a. The same as that charged at the time of withdrawal;
 - b. Up to the limit of available TA benefits if not greater than that charged to other students; or
 - c. If starting in a new program, the same tuition and fees charged to other students in that program.
2. For subsequent academic years or for a different program, the tuition and fees shall not be more than the standard charges for other students.

IV. The provisions of federal law requiring or otherwise relating to this policy shall supersede any state laws to the contrary.

BOARD TRANSMITTAL

MEETING: Committee on Academic Policies/Programs, Student Life

SUBJECT: Proposed TBR Policy 2.03.02.04 Micro-credentials and
Learner Record

DATE: June 15, 2023

PRESENTER: Vice Chancellor Heidi Leming

PRESENTATION
REQUIREMENTS: 5 minutes

ACTION REQUIRED: Voice Vote

STAFF
RECOMMENDATION: Recommend Approval

This policy sets out the principles and procedures for quality assurance of the TBR institutions' micro-credentials that are included on the System's comprehensive learner record. The principles and procedures include, but are not limited to design, approval, delivery, monitoring, and review.

TBR Policy 2.03.02.04 Micro-Credentials and Learner Records

Policy/Guideline Area

Academic Policies

Applicable Divisions

Community Colleges and Technical Colleges

Purpose

This Policy sets out the principles and procedures for quality assurance of the TBR institutions' micro-credentials that are included on the System's comprehensive learner record. The principles and procedures include, but are not limited to design, approval, delivery, monitoring, and review.

Policy/Guideline

Definitions

Assertion: the digital credential or claim the earner receives and serves as the record of their achievement. The assertion contains all general information of the badge and what makes it a unique instance of the badge, the identity of the badge recipient, and optionally a link to evidence, a narrative, and an expiration date.

Assessment: a process that ensures appropriate rigor and expertise to evaluate a learning activity to determine to what extent learning may have occurred.

Badges (Digital): online representations that recognize skills, achievements, membership affiliation, and participation. Badges are the visual representation issued to students upon successful completion of a micro-credential or demonstrated accomplishment or skill.

Certificate: certificates are academic programs based on a free-standing body of knowledge, often interdisciplinary in nature. They typically have a minimum number of credits, and are smaller than major programs of study. Certificates can be comprised of micro-credentials that culminate in the awarding of a certificate. Institutions should follow guidance found in [TBR Policy 2.01.01.00 II.B.4a](#). on academic actions required for certificate programs.

Credit Hour: A credit hour is an amount of work represented in intended learning outcomes and verified by evidence of student achievement that is an institutionally established equivalency. [SACS-COC policy](#) and [COE Objectives 2-A-6 and 2-A-7](#) follow the federal definition of the credit hour.

Alternative Credentials: non-degree credentials offered by TBR institutions may include a myriad of credit alternatives including Massive Open Online Courses (MOOCs),

micro-credentials (badges), credit- or non-credit bearing certificate programs and various other opportunities. Typically issued in a digital format.

Digital credentials: digital insignia that can be stored and shared virtually to show accomplishment of learning, skills, and knowledge.

Learning outcomes: the expression of the set of knowledge and skills, and the application of the knowledge and skills a person has acquired and is able to demonstrate as a result of learning through measurable assessments and standards.

Micro-credential: a certification of an individual's discrete learning and achievements. Micro-credentials are often aligned to industry or other professional needs and, in some instances, may be used to provide credit towards formal qualifications. Micro-credentials are certified through assignment of a digital credential and associated metadata. A micro-credential offered by a TBR institution should be asserted by a recognized campus authority.

Micro-credential Programs: largely stand-alone programs created to provide professional development opportunities to equip enrollees with specific knowledge, skills, and proficiencies. The credentials may be either credit-bearing or non-credit bearing. Micro-credentials allow institutions to recognize a learners' skills and accomplishments in ways that are verifiable. Micro-credentials are less than a technical certificate (less than 15 credit hours or 300 clock hours). Schools and programs may consider implementation of additional admissions standards for credentials that are transferable toward a certificate or degree program.

For-credit learning: college-level courses, often stackable toward a certificate and/or degree program. Courses must follow the credit or clock hour policy for earned hours.

Not-for-credit learning: courses or other learning experiences that do not result in a learner earning academic credit, which do not typically appear on an academic transcript, and may be recognized through other means. Learning may be offered in a variety of formats ranging from stand-alone courses to a series of courses or modules, focused on a specialized set of competencies. Non-credit micro-credential programs are not directly transferrable toward a certificate or degree program.

Third Party micro-credential provider: an arrangement made with another party in the provision of higher education, including placements and joint award of qualifications. All third parties who design and deliver a micro-credential on behalf of a TBR institution must adhere to this policy.

Verifiable: confirmation that a credential is authentic, accurate, and legitimate and has been awarded by an institution to a specific learner. Verifiable credentials can protect against credential fraud and increase trust in the credential being awarded. Any credential listed on a TBR Learner Record must be verified.

A. Awarding of Credit for Degree-Seeking Programs

- I. Admission
 - a. For the purposes of institutional and governmental reporting obligations, a learner taking a micro-credential course does not meet the definition of any degree or certificate seeking student.
 - b. If a learner wishes to pursue a formal degree-seeking program, clear information should be provided about official admission application requirements that exist, including whether or not micro-credential credits may transfer to the degree program, and if so, which degree-program requirements they might fulfill.
- II. Credit arrangements for micro-credentials may be established. Eligibility for formal credit will be assessed according to TBR Policy [TBR Policy 2.01.00.04 and any applicable College policies and procedures](#).
- III. Schools may determine advanced standing equivalencies, if applicable, for non-credit and for-credit micro-credential programs.
- IV. Upon successful completion of micro-credential program requirements, digital acknowledgement of achievement will be granted to students.
- V. Programs are encouraged to develop ways for micro-credentials to be highly visible, with connections to professional networks and leveraged as much as possible.
- VI. Micro-credentials will usually be an open “public” offering. However, in some circumstances, micro-credentials will have restricted entry, for example an industry partner offering, or specific entry requirements.
- VII. There is no limit to the number of micro-credentials a student may earn.
- VIII. Students enrolled in a micro-credential credit-bearing program must have a cumulative GPA of at least 2.0 for successful completion of the program.

B. Micro-credential Program Duration

- I. For-credit micro-credential programs are generally 15 or fewer credit hours. Non-credit micro-credentials vary in length.
- II. Micro-credential programs should balance time-to-completion considerations (either credit hours, units, etc.) with the time necessary for students to demonstrate competency and achievement of program outcomes.
- III. Micro-credential programs should enable participants to achieve program outcomes in as timely a manner as possible.

C. Tuition and Aid

- I. Micro-credential programs pursued as stand-alone programs do not qualify for federal financial aid. Micro-credential participants may apply for other forms of funding that may be available. However, some micro-credential programs may be completed while students are pursuing a degree. Those degree-seeking students may be eligible for federal financial aid.
- II. Innovative pricing models are encouraged to make programs widely accessible given that federal financial aid is generally not available to participants. TBR institutions should seek guidance and approval from the TBR System Office prior to implementing new models.
- III. Micro-credentials embedded into credit-bearing degree pathways are eligible for federal financial aid.

D. Micro-credential Program Design and Delivery

- I. When designing and delivering for-credit offerings, the following principles must be adhered to:
 - a. for-credit learning must align with the strategic directions of the College and the relevant Faculty / Department / School / Office;
 - b. for-credit learning must be financially viable, with due consideration given to design and delivery costs and other factors as appropriate to the Faculty / Department / School / Office;
 - c. admission requirements to a for-credit learning or micro-credential program will be determined as part of the approval process specified in Part A of this policy;
 - d. any for-credit learning must be consistent with the requirements of [TBR Policy 2.01.00.04](#)
 - e. when and how credentials may be stacked together should be included in institutional policies and approved in accordance with TBR Policy 2.01.01.00 II B.
 - f. in cases of for-credit learning and micro-credential programs, learning outcomes aligned [to SACS-COC's Policy on Quality and Integrity of Educational Credentials](#) and SACS-COC Principle 8.2a must be developed; task(s) must be set to assure the attainment of the learning outcomes; and
 - g. credit must be based on the hours it will take for participants to successfully complete the micro-credential using the following standards:
 - i. The basis for the assignment of credit is defined federally as not less than one hour each week for approximately 15 weeks for one semester or trimester hour of credit, or ten to twelve weeks for one quarter hour of credit, or the equivalent amount of work over a different amount of time; or
 - ii. At least an equivalent amount of work as required outlined above for other academic activities as established by the institution including laboratory work, internships, practicums, studio work, and other academic work leading to the award of credit hours.

E. Model Framework for Micro-Credentials

- I. Each institution must establish a model for faculty oversight regarding the review, approval, and verification of micro-credentials. Institutions should determine their specific needs and consider whether different information should be collected and approval workflows established between credit-bearing or non-credit micro-credentials. An institutional model framework or proposal form should contain information regarding:
 - a. Program title
 - b. Program description
 - c. Issuing entity type (credit or non-credit)
 - d. Requirements
 - e. Criteria
 - f. Evidence (demonstrations or examples of criteria to be met)
 - g. Assessment protocol
 - h. Effective date
 - i. Expiration date (if applicable)
 - j. Learning outcomes

- k. Alignment with external standards and competency frameworks
 - l. Description of the timing of how the micro-credential can be earned and when a learner can begin and finish the credential (traditional semester/quarter model or on-demand)
 - m. Clock or credit hours, if applicable
- F. Recording micro-credentials in student record
- a. Certifications and micro-credentials should be recorded on the STDGVC screen in Banner
 - b. Micro-credentials will be titled “*name* Credential” in the student information system
- E. Micro-credential Program Assessment and Effectiveness
- I. Micro-credential programs and courses should be reviewed annually by the creating school to ensure continued viability. This cyclical review will ensure that programs remain effective at meeting students’ educational needs. Updates to the curriculum, courses and teaching strategies should be implemented regularly in the pursuit of continuous improvement.
 - II. All courses should be reviewed prior to release to students to ensure effective design and delivery strategies are in place to support engaging learning experiences and student achievement of learning objectives.
 - III. Instructors who teach online micro-credential courses should first complete professional development to ensure they are prepared to teach students in the online learning environment.

BOARD TRANSMITTAL

MEETING: Committee on Academic Policies/Programs, Student Life

SUBJECT: Proposed A.A.S. in Electric Vehicle Engineering
Technology at Chattanooga State Community College

DATE: June 15, 2023

PRESENTER: Vice Chancellor Jothany Reed

PRESENTATION
REQUIREMENTS: 10 Minutes

ACTION REQUIRED: Voice Vote

STAFF
RECOMMENDATION: Recommend Approval

Chattanooga State Community College proposes the establishment of a new Associate of Applied Science (A.A.S.) in Electric Vehicle Engineering Technology (EVET).

Chattanooga's industry partner Volkswagen Group of America is transitioning to producing electric vehicles, with the expectation of phasing out combustion engine automobiles by 2035. VW predicts a greater need in the near future, for Electric Vehicle Technicians. This program will prepare students with the education and skills needed to meet industry workforce demands to manufacture, diagnose, service, and repair electric vehicles.

VW has requested to use the A.A.S Electrical Vehicle Engineering Technology degree as the educational portion of the apprenticeship. They will also provide space, electric vehicles, subject matter experts, and job placement for graduates.

The A.A.S. in Electric Vehicle Engineering Technology degree will be initially offered through the Volkswagen Electric Vehicle apprenticeship starting August 2023 and is expected to expand to the Amnicola campus by 2025. The EVET degree is comprised of stackable credentials which allows for multiple entry (TCAT and dual enrollment) and exit (technical certificates) points. The program components can also be used in non-credit workforce training.

CHATT STATE EXECUTIVE SUMMARY

ELECTRIC VECHICLE ENGINEERING TECHNOLOGY

PROGRAM DESCRIPTION

Chattanooga State Community College (ChSCC) proposes an Electric Vehicle Engineering Technology Associate of Applied Science degree (AAS-EVET). The proposed program will require 61-64 credit hours and will primarily be offered on-ground. The AAS-EVET will provide an educational pathway for students interested in the electric vehicle manufacturing and maintenance industry. The Electrical Vehicle Engineering Technology, AAS, will prepare students with the education and skills needed to meet industry workforce demands to manufacture, diagnose, service, and repair electric vehicles.

The proposed program was intentionally designed, in conjunction with TCAT and industry partner peers, to provide multiple entrance points for students with and without automotive or electric vehicle experience. Furthermore, the proposed program will include stackable certificates aligned to in-demand occupations and industry workforce needs.

Electric Vehicle start-ups, legacy automakers, and suppliers invest heavily in Tennessee. In late 2021, Tennessee had the country's largest share of electric vehicle investment and was ranked first in the southeast for EV production (<https://www.areadevelopment.com/>). Tennessee has almost 1000 auto suppliers with operations in over 90% of its counties. According to the Tennessee Department of Economic and Community Development, over 20,000 Tennesseans will be employed by companies with electric vehicle operations. Tennessee is projected to have over 200,000 electric vehicles by 2028 (<https://tnecd.com/industries/electric-vehicle-manufacturing/>).

Volkswagen Group of America – Chattanooga Operations (VW) is transitioning to producing the electric vehicle, with the expectation of phasing out combustion engine automobiles by 2035. Volkswagen –Chattanooga Operations is VW's first electric vehicle manufacturing plant in North America and is projected to create 1,000 new jobs in Tennessee. VW currently has a need and predicts a more significant need for an Electric Vehicle Technicians soon. This technician will be able to diagnose and troubleshoot electric vehicles to ensure quality new cars. VW also predicts OEMs will require technicians with Electric Vehicle Technician skills.

To ensure its workforce needs are met, VW is starting a new Electric Vehicle Expert apprenticeship in August 2023. Chattanooga State Community College, the educational partner for VW's current Robotronics Technical Expert apprenticeship, will be the educational partner for the Electrical Vehicle Expert apprenticeship. A requirement of VW's apprenticeships is for the apprentices to attain an AAS in the targeted program of study successfully. In addition, VW will expand the current high school program at the Volkswagen Academy to include an electric vehicle track.

The proposed program will seek accreditation by the Engineering Technology Accreditation Commission of ABET. According to ABET's website (abet.org), ABET is the global accreditor of college and university programs in applied and natural science, computing, engineering, and engineering technology. ABET accreditation assures that programs meet standards to produce graduates ready to enter critical technical fields by focusing on what the student experience and learns. In addition, ABET accreditation includes an in-depth review of program curricula, faculty, facilities, and institutional support by subject matter experts within the discipline. This accreditation aligns with current engineering technology programs at Chattanooga State Community College.

The title and descriptions of the recommended CIP and associated SOC codes for the proposed EVET-AAS program are displayed in Table 1. Recommended CIP and SOC Codes Description.

Table 1. Recommended CIP and SOC Codes Descriptions

<i>A program that prepares individuals to apply technical knowledge and skills to the maintenance of alternative fuel vehicles and the conversion of standard vehicles to AFV status.</i>		<i>Diagnose, adjust, repair, or overhaul automotive vehicles.</i>	
47.0604	Automobile/Automotive Mechanics Technology/Technician	49-2092	Electronic Equipment Installers and Repairers, Motor Vehicles
<i>A program that prepares individuals to apply technical knowledge and skills to repair, service, and maintain all types of automobiles.</i>		<i>Repair, maintain, or install electric motors, wiring, or switches.</i>	
15.0403	Electromechanical Technology/Electromechanical Engineering Technology	17-3024	Electro-Mechanical and Mechatronics Technologists and Technicians
<i>Prepares individuals to apply basic engineering principles and technical skills in support of engineers engaged in developing and testing automated, servo-mechanical, and other electromechanical systems.</i>		<i>Operate, test, maintain, or adjust unmanned, automated, servo-mechanical, or electromechanical equipment</i>	

INSTITUTIONAL GOVERNING BOARD APPROVAL

The proposed Electric Vehicle Engineering Technology, AAS program is scheduled for approval by the the Tennessee Board of Regents on June 15, 2023.

PROPOSED IMPLEMENTATION DATE

August 2023

ALIGNMENT WITH STATE MASTER PLAN AND INSTITUTIONAL MISSION/STRATEGIC PLAN

State Master Plan

How the proposed Electric Vehicle Engineering Technology, AAS program aligns with the State's Mater Plan is described below.

- Increase enrollment in majors leading to high-demand jobs.
 - Motor Vehicle Manufacturing, Motor Vehicle Parts Manufacturing, Other Electrical Equipment, and Component Manufacturing are categorized as high demand with a growth outlook, according to Jobs4TN.gov.
- Increase the number of Tennesseans with post-secondary credentials (Drive to 55).
 - Electric Vehicle Engineering Technology is an emerging technological field identified as an occupational area with above-average growth over the next decade. The EVET-AAS will provide access to high-quality education to attain skills desired by Tennessee's employers. (jobs4tn.gov)
- Increase dual enrollment opportunities in high-need, technical fields.
 - The EVET-AAS was designed with opportunities for high school dual enrollment courses. VW has communicated with ChSCC and Hamilton County Schools their desire to expand the current high school program to 100 participants with a combination of mechatronics and electric vehicle pathways. The current high school program (Mechatronics Academy at VW) offers students the opportunity to earn up to 42 credit hours towards a Mechatronics Technology AAS degree.
- Execute partnerships between higher education and industry.
 - VW will integrate the EVET-AAS into their new Electric Vehicle Expert apprenticeship. Courses were developed in conjunction with VW's fundamental electric vehicle technician competencies. In addition, the proposed program course structure was designed to be easily replicated across Tennessee, where vendor-specific content can be integrated into practical (lab) experiences.

The proposed Electric Vehicle Engineering Technology, AAS program will provide graduates with the knowledge, skills, and competencies to successfully enter the electric vehicle workforce in manufacturing (diagnose problems and repair, vehicle control systems, high voltage systems, battery management systems, battery safety) and maintenance/repair (diagnose issues via integrated electronic systems and complex computers, repair/replace components, thermal management systems). The proposed EVET-AAS program will provide a pathway for students to attain a high-demand, high-wage career aligning with The College System of Tennessee's strategic plan, TBR's Center for Workforce Development goals, and Chattanooga State Community College's vision, mission, and supports strategic plan theme of Program Innovation.

The College System of Tennessee

2015-25 TBR Strategic Plan's Community and Workforce policy pillar

TBR is committed to improving the condition of individuals, families, and communities across the state, which manifests itself in tangible ways such as economic vitality and mobility, but also by improving and enriching the communities we serve. (<https://www.tbr.edu/sites/default/files/2015-25-TBR-Strategic-Plan.pdf>)

TBR's Center for Workforce Development goal

Collaborate with business, industry, government agencies, local agencies, and our college institutions to develop and deliver rapid response workforce training programs that will prepare and support a competitive workforce across a range of occupational levels. (<https://www.tbr.edu/cwd>)

Chattanooga State Community College

Vision: 5,000 Chattanooga State students of every race and income-level will earn a credential that creates a pathway to family-sustaining wages.

Mission: We are Chattanooga State, a dedicated team that delivers accessible, innovative learning opportunities that surpass expectations. Together, we enrich the lives of students and their families; develop a talented workforce; and partner with our community to lead boldly.

Strategic Plan: Program Innovation: We encourage fearless innovation and resiliency through opportunities to pilot or deploy at scale new programs, supports, and services and enhance or improve existing programs, supports, and services.

FEASIBILITY

Industry Support

With a focus on sustainability, the Volkswagen Group wants to achieve carbon neutrality by 2050 and plans to introduce over 25 new electric vehicles to the US over the next ten years. In 2022, VW started its US production of the ID4 and committed over \$800 million to "electricify its plant," building dedicated facilities for vehicle and battery pack assembly. VW currently has an urgent need and predicts a more significant need soon for an Electric Vehicle Technician. This technician will be able to diagnose and troubleshoot electric vehicles to ensure quality new cars. VW also predicts OEMs will require technicians with Electric Vehicle Technician skills. Therefore, VW is establishing a new apprenticeship with a high school pathway starting in August 2023. VW requested Chattanooga State to create an AAS Electrical Vehicle Engineering Technology degree as the apprenticeship's educational portion.

Student Interest

Chattanooga State Community College did not formally survey students about their interest in electric vehicle engineering technology. However, ChSCC has been able to gauge interest via presentations and outreach events. Below lists the critical qualitative EVET data.

- April 2023: Presentation "Electric Vehicle Workforce Innovation," EV Innovations Conference. Over 30 secondary and post-secondary personnel inquired about new courses and VW's Electric Vehicle apprenticeship program.
- February 2023: Informal survey of TCAT-Automotive Technology students on interest in learning more about EV repair. 25 out of 25 were interested.
- AY-2022-23: Career fair, open houses, and bus tours.
- Information about VW's Electric Vehicle apprenticeship was provided to Unum Group Pop-Up Career Fair attendees, and ~30 were interested in learning more.
- High school bus tours of the Mechatronics Academy at VW provided an overview of the new electric vehicle apprenticeship, and 25-30% of the high school students were interested.
- Volkswagen Academy hosted an open house highlighting the new Electric Vehicle apprenticeship. The approximately 160 attendees demonstrated significant interest.

Local and Regional Demand

With four major OEMs in the state, Tennessee is number one in the southeast for electric vehicle manufacturing and investments. Since 2017, the electric vehicle industry has committed over \$16 billion in investments and over 12,300 new jobs. According to The Improving the Pipeline for Tennessee's Workforce Academic Supply for Occupational Demand Report's In-Demand Occupations data (provided by THEC, TDLWD, and TDOE (2022)), Electrical and Electronic Engineering Technologists and Technicians are in-demand in seven regions, including the Chattanooga area, and key to six TNECD Industry clusters. In addition, Automotive Service Technicians and Mechanics are in high demand in nine regions in Tennessee.

Workforce Need

According to Jobs4TN.gov, there is a high demand for Motor Vehicle Manufacturing and Motor Vehicle Parts Manufacturing talent, and the job outlook is growing. Additionally, employment of Electrical and Electronic Technicians is projected to grow 2% from 2020 to 2030. Furthermore, VW anticipates an additional need for skilled electric vehicle technicians soon to meet their labor needs.

CURRICULUM

The proposed curriculum consists of 64 credit hours comprised of 16 credit hours of general education, 15 credit hours of engineering technology core courses, and 33 credit hours of electrical vehicle engineering technology courses, including a three credit hour capstone course. The proposed curriculum requires the development of nine new courses for a total of 27 credit hours. Initially, for the VW Electric Vehicle apprenticeship two full-time, non-tenure-track faculty member will be hired to support the new program. An additional full-time, tenure-track faculty will be hired in Year 3 to support the program on the Amnicola campus.

Upon completion of the proposed program, students will be able to:

- Diagnose, repair, and test electric vehicles and subsystems
- Safely handle, store, and dispose of high voltage battery systems
- Diagnose, repair, and test high voltage battery systems
- Diagnose, repair, and test DC/DC converters.
- Diagnose, repair, and test vehicle charging interface/infrastructure.
- Diagnose, repair, and test regenerative braking.
- Diagnose, repair, and test power electronic circuitry for electric drive systems.
- Diagnose, repair, and test motor control electronic hardware.
- Diagnose, repair, and test thermal systems management and control.
- Integrate automotive systems, include mechanic certification and testing requirements.
- Diagnose, repair, and test high voltage electric distribution systems.

PROGRAM PRODUCTIVITY

Please provide 3 years of enrollment and graduate data

	2023-24	2024-25	2025-26	2026-27
Enrollment	12	24	36	50
Graduates	--	12	12	16

INSTITUTIONAL CAPACITY TO DELIVER THE PROGRAM

The Electric Vehicle Engineering Technology, AAS will be housed in the Engineering Systems Technology department, which is part of the Engineering and Information Technologies (EIT) division.

Initially, the proposed program will require two full-time, non-tenure track faculty. The technical courses will be taught at the Volkswagen Academy. VW has allocated classroom space and will allow VW-EVE apprentices to use VW training equipment and electric vehicles during lab activities, over 7000 square feet in training space. The EVET-AAS @ VW will also share computer, classroom, and electrical lab space with the Mechatronics Technology-AAS apprentices and Mechatronics Academy @ VW high school students.

In year 3, the EVET-AAS program will be offered at the Amnicola Campus. The new TCAT-4 building is projected to be completed at this time. The credit program expects to share automotive lab space with the Automotive Technology TCAT program. The EIT Division has labs with electrical and motor controls equipment the EVET-AAS program can use. Additionally, a garage near the CETAS building (where EIT is housed) can be used for additional lab space. An additional full-time tenure track faculty member will be hired in year three, and adjuncts will be used to teach specialized courses. Current faculty are available to teach electrical and engineering technology core courses.

ASSESSMENT AND POST-APPROVAL MONITORING

An annual performance review of the proposed program will be conducted for the first three years following program approval. The review will be based on benchmarks established in the approved proposal. At the end of this period, the campus, institutional governing board, and THEC staff will perform a summative evaluation. The benchmarks include but are not limited to enrollment and graduation, program cost, progress toward accreditation, and other metrics set by the institution and staff. If benchmarks are not met during the monitoring period, the Commission may recommend that the institutional governing board terminate the program. If additional time is needed and requested by the institutional governing board, the Commission may extend the monitoring period.

Budget Justification

Projected One-Time Expenditures

Accreditation: Chattanooga State can seek ABET accreditation after the first graduate. Currently the ABET Accreditation Program Review fees are \$3,700 base fee for program review and \$11,100 for evaluation (\$3,700 for each program evaluator - three evaluators needed).

Equipment: In Years 1 & 2, the program will be only located at the VW Academy where the majority of the required equipment will be provided by VW. Beginning in Year 2, the College will start securing equipment for the Amnicola campus program.

Equipment Needs	Expected Cost	Year Purchased/Funding Sources
Testing and Diagnostic Equipment	\$ 110,000.00	Y1 – hard money, Y2 – Y4: TAF, Grant, Donation
Battery Pack	\$ 60,000.00	Y1 – VW; Y2 – Y4: TAF, Grant, Donation
Motor Drive Systems	\$ 40,000.00	Y1 – VW; Y2 – Y4: TAF, Grant, Donation
Inverters	\$ 24,000.00	Y1 – VW; Y2 – Y4: TAF, Grant, Donation
Power Controllers	\$ 18,000.00	Y1 – VW; Y2 – Y4: TAF, Grant, Donation
Battery Management Systems	\$ 18,000.00	Y1 – VW; Y2 – Y4: TAF, Grant, Donation
Chargers	\$ 18,000.00	Y1 – VW; Y2/3 – TDOT Grant
High Voltage DC Chargers	\$ 36,000.00	Y1 – VW; Y2/3 – TDOT Grant
DC to DC Converters	\$ 12,000.00	V Y1 – VW, Y2 – Y4: TAF, Grant, Donation
Cabling & Connectors	\$ 10,000.00	Y1 – 4 – hard money - expendables

Projected Recurring Expenditures

Faculty & Instructional Staff: Years 1 & 2 – two full-time non-tenure track faculty teaching at VW per MOU agreement. Year 3 – program begins on Amnicola campus – current faculty and adjuncts will be used for instruction.

			Year 1	Year 2	Year 3	Year 4	Year 5
Faculty 1	Base + Benefits	\$ 90,000.00	\$ 90,000.00	\$ 92,700.00	\$ 95,481.00	\$ 98,345.43	\$ 101,295.79
Faculty 2	Base + Benefits	\$ 90,000.00	\$ 90,000.00	\$ 92,700.00	\$ 95,481.00	\$ 98,345.43	\$ 101,295.79
Adjuncts	Per class (5 load hours)	\$ 3,500.00			\$ 21,000.00	\$ 35,000.00	\$ 35,000.00
	Total:		\$ 180,000.00	\$ 185,400.00	\$ 211,962.00	\$ 231,690.86	\$ 237,591.59

Accreditation: Currently ABET accreditation maintenance fees are \$800 per commission and \$800 per program for a total of \$1,600 per year.

Travel: Conference fees and travel expenses for electric vehicle competencies professional development per year.

Other: Miscellaneous expendable supply expenses for practical lab and instructor supplies.

Grants:

- TDOT Grant for infrastructure - Charging stations and chargers -
- NSF/DOL/DOE – small project grants for curriculum development [\$300,000 - \$600,000 3 year grant]
- Industry donations
- TAF funds – Technology Access Funds – request equipment one year prior to needing. TAF funds will also be used to replace equipment Perkins V Funds

Academic Proposal Form for All New Programs (degrees, concentrations, certificates), New Collaborative, and Conversion to 100% Online Delivery

Please refer to TBR Policy 2:01:01:00, TBR Guideline A-010, and THEC Policy A1:0 and A1:1 before developing a proposal.

INSTRUCTIONS: Please respond to each question. If the question is not applicable, please use “NA” and include a brief explanation of why the question is not applicable to the proposed action. The form will expand to allow space as needed and must be submitted to the TBR Vice Chancellor for Academic Affairs as an MSWord document.

SECTION I.

EXECUTIVE SUMMARY

INSTITUTION: Chattanooga State Community College

PROPOSAL: Associate of Applied Science in Electric Vehicle Engineering Technology

PROPOSED DATE OF IMPLEMENTATION: Fall 2023

PURPOSE:

Chattanooga State Community College (ChSCC) proposes an Electric Vehicle Engineering Technology, Associate of Applied Science degree (AAS-EVET). The proposed program will require 61-64 credit hours and will primarily be offered on-ground. The AAS-EVET will provide an educational pathway for students who are interested in the electric vehicle manufacturing and maintenance industry. The proposed program was intentionally designed, in conjunction with TCAT peers, to provide multiple entrance points for students with and without automobile or electric vehicle experience. Furthermore, the proposed program will include stackable certificates that will be aligned to in-demand occupations and industry workforce needs.

Electric Vehicle start-ups, legacy automakers, and their suppliers are investing heavily Tennessee. In late 2021, Tennessee had the largest share of electric vehicle investment in the country and is ranked first in the southeast for EV production (<https://www.areadevelopment.com/>). Tennessee has almost 1000 auto suppliers in with operations in over 90% of its counties. According to the Tennessee Department of Economic and Community Development, over 20,000 Tennesseans will be employed by companies with electric vehicle operations and there will be over 200,000 electric vehicles on Tennessee by 2028 (<https://tnecd.com/industries/electric-vehicle-manufacturing/>).

Volkswagen Group of America – Chattanooga Operations (VW) is transitioning to producing the electric vehicle, with the expectation of phasing out combustion engine automobiles by 2035. Volkswagen – Chattanooga Operations is VW’s first electric vehicle manufacturing plant in North America and is projected to create 1,000 new jobs in Tennessee. VW currently has a need, and predicts a greater need

in the near future, for an Electric Vehicle Technician. This technician will be able to diagnose and troubleshoot electric vehicles to ensure quality new cars. VW also predicts OEMs will have a need for technicians with the Electric Vehicle Technician skills.

To ensure its workforce needs are met, VW is starting a new Electric Vehicle Expert apprenticeship in August 2023. Chattanooga State Community College, the educational partner for VW's current Robotronics Technical Expert apprenticeship, will be the educational partner for the Electrical Vehicle Expert apprenticeship. A requirement of VW's apprenticeships is for the apprentices to successfully attain an AAS in the targeted program of study. In addition, VW will expand the current high school program located at the Volkswagen Academy to include an electric vehicle track.

INSTITUTIONAL PRIORITY (Justify why this is a priority and why at this time)

State Master Plan

The manner in which the proposed Electric Vehicle Engineering Technology, AAS program aligns with the State's Mater Plan is described below.

- Increase enrollment in majors leading to high-demand jobs.
 - Motor Vehicle Manufacturing, Motor Vehicle Parts Manufacturing, Other Electrical Equipment and Component Manufacturing are categorized as high demand with a growing outlook, according to Jobs4TN.gov
- Increase the number of Tennesseans who hold a postsecondary credential (Drive to 55).
 - Electric Vehicle Engineering Technology is an emerging technological field and is identified as an occupational area with an above average growth over the next decade. The EVET-AAS will provide access to high-quality education to attain skills desired by Tennessee's employers. (jobs4tn.gov)
- Increase dual enrollment opportunities in high-need, technical fields.
 - The EVET-AAS was designed with opportunities for high school dual enrollment courses. VW has communicated with ChSCC and Hamilton County Schools their desire to expand the current high school program to 100 participants with a combination of mechatronics and electric vehicle pathways. The current high school program (Mechatronics Academy at VW) offers students the opportunity to earn up to 42 credit hours towards an Mechatronics Technology AAS degree.
- Execute partnerships between higher education and industry.
 - VW will integrate the EVET-AAS into their new Electric Vehicle Expert apprenticeship. Courses were developed in conjunction with VW's fundamental electric vehicle technician competencies. The proposed program course structure was designed to be easily replicated across the State of Tennessee where vendor specific content can be integrated into practical (lab) experiences.

The proposed Electric Vehicle Engineering Technology, AAS program will provide graduates with the knowledge, skills, and competencies to successfully enter the electric vehicle workforce in manufacturing (diagnose problems and repair, vehicle control systems, high voltage systems, battery management systems, battery safety) and maintenance/repair (diagnose issues via integrated electronic systems and complex computers, repair/replace components, thermal management systems). The proposed EVET-AAS program will provide a pathway for students to attain a high-demand, high-wage career aligning with The College System of Tennessee's strategic plan, TBR's Center for Workforce Development goals, and Chattanooga State Community College's vision, mission, and supports strategic plan theme of Program Innovation.

The College System of Tennessee

- **2015-25 TBR Strategic Plan's Community and Workforce policy pillar**
TBR is committed to improving the condition of individuals, families, and communities across the state, which manifests itself in tangible ways such as economic vitality and mobility, but also by improving and enriching the communities we serve.
(<https://www.tbr.edu/sites/default/files/2015-25-TBR-Strategic-Plan.pdf>)
- **TBR's Center for Workforce Development goal**
Collaborate with business, industry, government agencies, local agencies, and our college institutions to develop and deliver rapid response workforce training programs that will prepare and support a competitive workforce across a range of occupational levels.
(<https://www.tbr.edu/cwd>)

Chattanooga State Community College

- **Vision**
5,000 Chattanooga State students of every race and income-level will earn a credential that creates a pathway to family-sustaining wages.
- **Mission**
We are Chattanooga State, a dedicated team that delivers accessible, innovative learning opportunities that surpass expectations. Together, we enrich the lives of students and their families; develop a talented workforce; and partner with our community to lead boldly.
- **Strategic Plan: Program Innovation**
We encourage fearless **innovation** and **resiliency** through opportunities to pilot or **deploy at scale new programs**, supports, and services and enhance or improve existing programs, supports, and services.

CURRICULUM: The proposed program requires completion of 60 semester credit hours distributed as follows:

<u>Curriculum Component</u>	<u>Hours Required</u>
General Education	16
Major Field Core (courses required of all students in program)	33
Concentration (courses specific to the concentration)	0
Electives (may be guided or general electives)	0
Other (specify, i.e.)	15
TOTAL:	64

No. of new general education courses: 0 with 0 credit hours

No. of new major field core and concentration courses: 9 with 27 credit hours

NEED & IMPACT:

Industry Support

With a focus on sustainability, the Volkswagen Group wants to achieve carbon neutrality by 2050 and plans to introduce over 25 new electric vehicles to the US over the next ten years. In 2022, VW started its US production of the ID4 and committed over \$800 million to "electricify its plant," building dedicated

facilities for vehicle and battery pack assembly. VW currently has an urgent need and predicts a more significant need soon for an Electric Vehicle Technician. This technician will be able to diagnose and troubleshoot electric vehicles to ensure quality new cars. VW also predicts OEMs will require technicians with Electric Vehicle Technician skills. Therefore, VW is establishing a new apprenticeship with a high school pathway starting in August 2023. VW requested Chattanooga State to create an AAS Electrical Vehicle Engineering Technology degree as the apprenticeship's educational portion.

Student Interest

Chattanooga State Community College did not formally survey students about their interest in electric vehicle engineering technology. However, ChSCC has been able to gauge interest via presentations and outreach events. Below lists the critical qualitative EVET data.

- April 2023: Presentation "Electric Vehicle Workforce Innovation," EV Innovations Conference. Over 30 secondary and post-secondary personnel inquired about new courses and VW's Electric Vehicle apprenticeship program.
- February 2023: Informal survey of TCAT-Automotive Technology students on interest in learning more about EV repair. 25 out of 25 were interested.
- AY-2022-23: Career fair, open houses, and bus tours.
- Information about VW's Electric Vehicle apprenticeship was provided to Unum Group Pop-Up Career Fair attendees, and ~30 were interested in learning more.
- High school bus tours of the Mechatronics Academy at VW provided an overview of the new electric vehicle apprenticeship, and 25-30% of the high school students were interested.
- Volkswagen Academy hosted an open house highlighting the new Electric Vehicle apprenticeship. The approximately 160 attendees demonstrated significant interest.

Local and Regional Demand

With four major OEMs in the state, Tennessee is number one in the southeast for electric vehicle manufacturing and investments. Since 2017, the electric vehicle industry has committed over \$16 billion in investments and over 12,300 new jobs.

According to The Improving the Pipeline for Tennessee's Workforce Academic Supply for Occupational Demand Report's In-Demand Occupations data (provided by THEC, TDLWD, and TDOE (2022)), Electrical and Electronic Engineering Technologists and Technicians are in-demand in seven regions, including the Chattanooga area, and key to six TNECD Industry clusters. In addition, Automotive Service Technicians and Mechanics are in high demand in nine regions in Tennessee.

Workforce Need

According to Jobs4TN.gov, there is a high demand for Motor Vehicle Manufacturing and Motor Vehicle Parts Manufacturing talent, and the job outlook is growing. Additionally, employment of Electrical and Electronic Technicians is projected to grow 2% from 2020 to 2030. Furthermore, VW anticipates an additional need for skilled electric vehicle technicians soon to meet their labor needs.

PLANS FOR ACCREDITATION:

The proposed program will seek accreditation by the Engineering Technology Accreditation Commission of ABET. According to ABET's website (abet.org), ABET is the global accreditor of college and university programs in applied and natural science, computing, engineering, and engineering technology. ABET accreditation assures that programs meet standards to produce graduates ready to enter critical technical fields by focusing on what the student experience and learns. In addition, ABET accreditation

includes an in-depth review of program curricula, faculty, facilities, and institutional support by subject matter experts within the discipline. This accreditation aligns with current engineering technology programs at Chattanooga State Community College

LIST ALL NEWLY APPROVED AND ESTABLISHED PROGRAMS WITH THE SAME CIP CLASSIFICATION AT THE SAME DEGREE LEVEL OFFERED AT ANY PUBLIC INSTITUTION IN TENNESSEE:

N/A No other associates degree programs in Distilled Spirits exist in Tennessee.

IDENTIFY ANY LOW PRODUCING PROGRAM AMONG THOSE LISTED BASED ON THE ANNUAL PROGRAM PRODUCTIVITY REPORTS:

1. AAS Paramedic (2016). Status: Extended Productivity. Did not meet enrollment or graduation benchmarks.
2. AAS Nuclear Medicine Technology (2017). Status: Extended Productivity. Met enrollment benchmark, but did not meet graduation rates.

***EVIDENCE OF COOPERATING/COLLABORATING INSTITUTIONS (WHEN RELEVANT) INCLUDING OPPORTUNITIES FOR COLLABORATION THAT WILL BE PURSUED:**

**For Doctoral Programs, provide letters from presidents of Tennessee institutions offering same CIP doctoral programs within the same broad geographic service area certifying that the doctoral program will not be perceived as duplicative.* N/A This is not a doctoral program.

**For Technical Certificates, provide documentation of notification to Tennessee Technology Centers within the service area with a statement of no objection or an explanation of any concerns to be addressed during the approval process.*

N/A This is not a technical certificate program

SECTION II: Collaborative Programs. If this action involves a collaborative/cooperative program, including on-line and/or on-ground delivery, please complete this section. **Otherwise, skip to next section.**

N/A This program is not offered as part of a collaboration with other institutions.

A. Length of agreement: _____ (open-ended or limited)

B. Specify if

RODP (Regents Online Degree Programs) *credit

ROCE (Regents Online Continuing Education and Workforce Development) *non-credit

Other Collaborative or Partnerships

C. Check all the institutions that will participate in the collaborative:

Universities: APSU ETSU MTSU TSU TTU UOM Community

Colleges: CLSCC COSCC CSTCC DSCC JSCC MSCC NSCC NSTCC

PSTCC RSCC STCC VSCC WSCC

Other Support Agencies including clinical affiliations, government, health and business:

Specify plans for any articulation:

D. Which institution(s) will have a degree-granting authority?

- E. Which institution(s) will have the authority for faculty hiring, course assignment, evaluation, and reappointment decisions?
- F. What agreements exist to ensure that faculty from all participating institutions will be involved in decisions about the curriculum, admissions standards, exit requirements?
- G. Which institution(s) will be responsible for academic and student-support services, e.g., registration, advising, library, academic assistance, financial aid, etc.?
- H. What agreements exist to ensure that the academic calendars of the participating institutions have been aligned as needed?
- I. In addition to the information provided by each participating institution regarding Financial Projections, please address the following items:
 - 1. How will tuition rates be determined if they differ among the institutions?
 - 2. Has a formal agreement been developed regarding cost-sharing policies? If yes, please include it as part of the proposal. If no, please summarize the current understanding between all parties and the plans for developing a formal agreement.
 - 3. What arrangements, if any, have been made for exchange of money between participating institutions?
- J. What commitments have been made by all participants to evaluate the program systematically?
- K. If one institution wishes to discontinue the program, what agreements exist for terminating the offering?
- L. Specify any other issues and how they are proposed to be addressed.

SECTION III: Program Structure

A. Residency requirements (if any): A minimum of twenty-five percent (25%) of coursework must be completed in residence at Chattanooga State Community College. This is standard for all of our programs and is indicated in the Catalog/Student Handbook.

B. Courses (specific courses OR distribution areas) and credits:

Course Number	Course Name	Credits
Semester 1		
CSEG 1000	College Success for Eng. Tech	3
ET 112	Mathematics for ET	3
EVET 1010	Intro to EV Technology	3
EVET 1120	Braking Systems	3
EVET 1130	Steering & Suspension Sys.	3

Semester 2		
MECH 1310	Electrical Components	3
EVET 1240	Elect. & Chassis Ctrl Sys	3
EVET 1350	Clim Ctrl & Therm Mgmt Sys	3
MATH 1710	Pre-Calculus Algebra	3
PHYS 1030	Concepts of Physics	4
Semester 3		
ENST 1313	CAD for Electronics	3
MECH 2320	Motor Controls	3
EVET 2120	EV Power Elec & Propul.	3
ENGL 1010	English Composition I (GE)	3
ET 115	Computers for ET	3
Semester 4		
EVET 2230	Bat. Sys, Mgmt, & HV Safe	3
EVET 2250	HV Arch. & Integration	3
EVET 2790	EV Capstone	3
ET 220	Communication for ET	3
HU/FA ELEC	Humanity/Fine Art Elective	3
SO/BEH ELEC	Social/Beh. Science Elective	3
	TOTAL PROGRAM HOURS	64

- General Education including transfer of 15-hour pre-major paths:

Rubric/Number	Course Title	SCH
MATH 1710	Pre-Calculus Algebra	3
PHYS 1030	Concepts of Physics	4
ENGL 1010	Compositions 1	3
HU/FA ELEC	Humanity/Fine Art Elective	3
SO/BEH ELEC	Social/Beh. Science Elective	3

Total: 16

- Major Field Core

ET 220*	Communication for ET	3
*(Pre-req ENGL 1010)		Total: 15

A. Admission, Retention, and Graduation Requirements (Provide complete statement only if requirements are different from standard institutional requirements as stated in the *Catalog*.)

Program requirements will be the same as for other programs and are reflected appropriately in the Catalog.

B. Description of New Courses: Provide rubric, number, title, credit hours and catalog description of each new course needed for full implementation of the proposed program.

- EVET 1010, INTRODUCTION TO ELECTRIC VEHICLE TECHNOLOGY (3)
Introduction to Electric Vehicle Technology covers standard terminology, introductory concepts, hand tools, electric vehicle safety, regulations, and service information. Topics include familiarization with major vehicle systems and personal protective equipment. Upon completion, students should be able to demonstrate appropriate safety procedures, identify and use hand tools and equipment, and describe government regulations.
- EVET 1120, BRAKING SYSTEMS (3)
Braking Systems covers electric vehicle braking systems, including electric power brake assist, electric parking brake systems, and regenerative braking systems. Topics include theory, operation, diagnosis, service, and repair of electrically controlled brake system components and control systems.
- EVET 1130 STEERING AND SUSPENSION SYSTEMS (3)
Steering and Suspension Systems covers electric steering, adaptive suspension, and Driver Assist systems. Topics include theory, operation, diagnosis, service, and repair of steering

and suspension systems and components including Electric Power Assist steering systems, air suspension systems, speed-adaptive suspension systems, wheel alignments, and all-wheel alignments.

- **EVET 1240, ELECTRICAL AND CHASSIS CONTROL SYSTEMS (3)**
Electrical and Chassis Control Systems covers advanced transportation electronic systems including programmable logic controllers, computer control systems, telematics, high voltage systems, navigation, collision avoidance systems and repair of starting, charging, lighting, airbags, power accessories, and various body computer control systems. The use of electronic service information, the proper diagnostic process, and proper diagnostic services tools are emphasized.
- **EVET 1350, CLIMATE CONTROL AND THERMAL MANAGEMENT SYSTEMS (3)**
Climate Control and Thermal Management Systems covers refrigeration and heating, electrical/electronic/pneumatic controls, and diagnosis and repair of climate control and battery pack cooling systems. Topics include theory, operation, diagnosis, service, and repair of climate control components and systems, recovery/recycling of refrigerants, thermal management systems, and safety and environmental regulations.
- **EVET 2120, EV POWER ELECTRONICS AND PROPULSION (3)**
EV Power Electronics and Propulsion covers the embedded power controls from inverters to variable frequency drives controlling the rotating magnetic fields in induction motors. Various hybrid design systems from range extenders to electric power systems assisting the internal combustion engine power will be discussed. Use of hydrogen fuel cells will also be covered as range extenders to direct power supply to the propulsion system.
- **EVET 2230, BATTERY SYSTEMS, MANAGEMENT, AND HIGH VOLTAGE SAFETY (3)**
Battery Systems, Management and High Voltage (HV) Safety will cover the various types of battery technology that have been, are being and may be used in the future electric/hybrid electric vehicles. Battery management systems purpose and importance will also be covered. Working with battery systems will be thoroughly covered and the importance of using proper PPE to protect from electrocution and arc flash.
- **EVET 2250, HIGH VOLTAGE ARCHITECTURE AND INTEGRATION (3)**
High Voltage Architecture covers advanced charging processes including charge sensing circuits, charging rates, and cabling. Topics include theory, operation, diagnosis, service, and repair high voltage energy storage systems in electric vehicle and energy infrastructure applications.
- **EVET 2790, ELECTRIC VEHICLE CAPSTONE (3)**
This course provides a platform for students to integrate, synthesize and apply the knowledge, skills, and perspectives acquired in the EVET curriculum. Students will demonstrate the ability to diagnose, disassemble, repair, and reassemble EV components and systems. Students will demonstrate EV safety and knowledge of regulations. The course can be completed through internship, apprenticeship, or a comprehensive student project.

C. Provide a rationale for the planned delivery methods for the proposed program. Include options, such as block scheduling, dual enrollment, dual admissions, cohort programs, etc.

EVET courses will be offered in person or hybrid (lab in person/lecture online). The engineering technology core and general education courses may be offered in person, online, or hybrid.

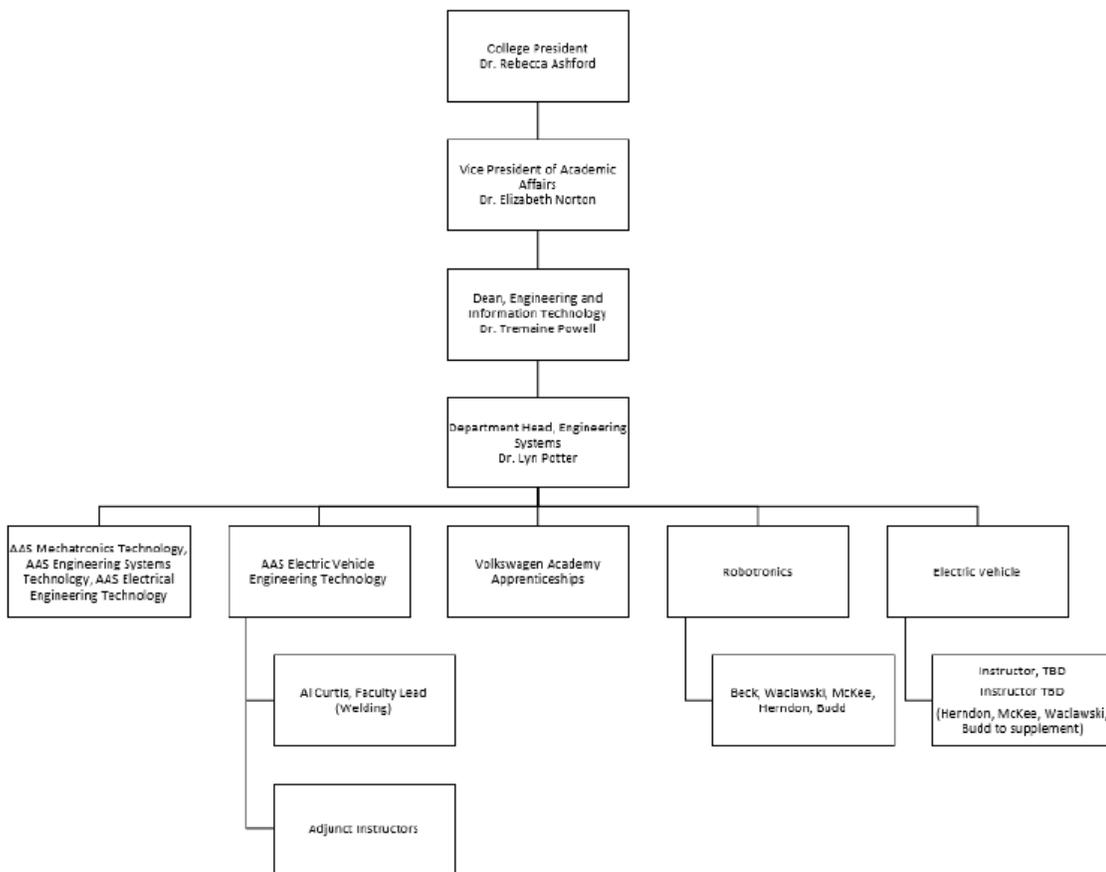

D. If the program is to be delivered 100% online, how will the on-ground delivery of the program be impacted?

N/A This program will be offered on ground with students having options to take existing general education core courses online if they so choose.

E. Describe any unique features not previously addressed, e.g., interdepartmental cooperation, industry partners, articulation, etc.

This program is being developed in conjunction with Volkswagen. The EVET-AAS will be the educational portion of the new VE Electric Vehicle Expert apprenticeship.

F. Include an organizational chart and/or statement to describe the positioning of the proposed program or unit within the institution's structure. The program will exist in the Career and Technical Division.

SECTION IV: Student Enrollment Projections

A. Estimate the unduplicated headcount and full-time equated enrollment and the number of graduates for a complete program cycle.

	Full-Time			Part-Time			Totals		
	SC	CH	SCH	SC	CH	SCH	Total HC	FTE	Graduates
Year 1 (FR)	12	34	408	0	0	0	12	13.6	0
Year 1 (SO)	0	0	0	0	0	0	0	0	0
Total	12	34	408	0	0	0	12	13.6	
Year 2 (FR)	12	34	408	0	0	0	12	13.6	
Year 2 (SO)	12	30	360	0	0	0	12	12.0	12
Total	24	64	768	0	0	0	24	25.6	12
Year 3 (FR)	18	34	612	6	12	72	24	20.4	
Year 3 (SO)	12	30	360	0	0	0	12	12.0	12
Total	30	64	972	6	12	72	36	32.4	12
Year 4 (FR)	20	34	680	6	12	72	26	22.7	
Year 4 (SO)	18	30	540	6	12	72	24	18.0	16
Total	38	64	1220	12	24	144	50	40.7	16

B. Explain the basic assumptions used in estimating the size of the proposed program. The VW Electric Vehicle apprenticeship will have 12 students per cohort with a new cohort each year. The attrition rate for the VW RTE apprenticeship is nearly 0, so the assumption is made that the cohort will be full.

Year 3 is the anticipated start date for the Amnicola Hwy campus to offer the program. Conservatively projecting 6 full time students and 6 part time students participating in the program.

- SC: Student Count
- HC: Head Count
- CH: Credit Hours
- SCH: Student Credit Hours
- FTE: Full-time Equivalent

SECTION V: Program Justification, Performance, Evaluation, and Resources

The following requirements may not be applicable to all proposals. Carefully consider the elements in each area and respond as completely as possible in the format below. Quantification of performance goals should be included whenever possible. If the item is not applicable, add a statement explaining why it is not applicable.

Evaluation Plans

- **List the assessment standards that are most appropriate for measuring the effectiveness and success of the proposed program as related to the stated goals and objectives.**

The AAS Electric Vehicle Engineering Technology degree will be accredited by the Accreditation Board of Engineering and Technology of ABET. The program can request accreditation evaluation after the first AAS degree is awarded. All Engineering Technology degrees at Chattanooga State are accredited by ETAC-ABET.

As part of the ABET accreditation process, students will be required to take an end of program assessment the division calls a "Major Field Test". The MFT will evaluate student learning retention. The MFT will have 25-30 questions from critical topics from the program of study.

- **Designate how assessment results will be used.**
Faculty will review the students' assessment. For any topic which the majority of students did not score at least 70%, the faculty member will define how the students' learning will be remediated or ensured.
- **Identify the institutional office responsible for conducting the evaluation and explain how evaluations will be conducted, i.e., alumni surveys, employer surveys, external review, pass rates on certification/licensure exams, etc., and provide an evaluation schedule.**

EIT Division Coordinator is responsible for conducting the evaluations to include MFT and surveys.

FEASIBILITY

Industry Support

With a focus on sustainability, the Volkswagen Group wants to achieve carbon neutrality by 2050 and plans to introduce over 25 new electric vehicles to the US over the next ten years. In 2022, VW started its US production of the ID4 and committed over \$800 million to "electricify its plant," building dedicated facilities for vehicle and battery pack assembly. VW currently has an urgent need and predicts a more significant need soon for an Electric Vehicle Technician. This technician will be able to diagnose and troubleshoot electric vehicles to ensure quality new cars. VW also predicts OEMs will require technicians with Electric Vehicle Technician skills. Therefore, VW is establishing a new apprenticeship with a high school pathway starting in August 2023. VW requested Chattanooga State to create an AAS Electrical Vehicle Engineering Technology degree as the apprenticeship's educational portion.

Student Interest

Chattanooga State Community College did not formally survey students about their interest in electric vehicle engineering technology. However, ChSCC has been able to gauge interest via presentations and outreach events. Below lists the critical qualitative EVET data.

- April 2023: Presentation "Electric Vehicle Workforce Innovation," EV Innovations Conference. Over 30 secondary and post-secondary personnel inquired about new courses and VW's Electric Vehicle apprenticeship program.
- February 2023: Informal survey of TCAT-Automotive Technology students on interest in learning more about EV repair. 25 out of 25 were interested.
- AY-2022-23: Career fair, open houses, and bus tours.
- Information about VW's Electric Vehicle apprenticeship was provided to Unum Group Pop-Up Career Fair attendees, and ~30 were interested in learning more.
- High school bus tours of the Mechatronics Academy at VW provided an overview of the new electric vehicle apprenticeship, and 25-30% of the high school students were interested.
- Volkswagen Academy hosted an open house highlighting the new Electric Vehicle apprenticeship. The approximately 160 attendees demonstrated significant interest.

Local and Regional Demand

With four major OEMs in the state, Tennessee is number one in the southeast for electric vehicle manufacturing and investments. Since 2017, the electric vehicle industry has committed over \$16 billion in investments and over 12,300 new jobs.

According to The Improving the Pipeline for Tennessee's Workforce Academic Supply for Occupational Demand Report's In-Demand Occupations data (provided by THEC, TDLWD, and TDOE (2022)), Electrical and Electronic Engineering Technologists and Technicians are in-demand in seven regions, including the Chattanooga area, and key to six TNECD Industry clusters. In addition, Automotive Service Technicians and Mechanics are in high demand in nine regions in Tennessee.

Workforce Need

According to Jobs4TN.gov, there is a high demand for Motor Vehicle Manufacturing and Motor Vehicle Parts Manufacturing talent, and the job outlook is growing. Additionally, employment of Electrical and Electronic Technicians is projected to grow 2% from 2020 to 2030. Furthermore, VW anticipates an additional need for skilled electric vehicle technicians soon to meet their labor needs.

Program Duplication: Explain why the primary objective cannot be met by existing programs, collaboration with other institutions, or Academic Common Market.

No duplication exists; While there are similar bachelor's degree and certificate programs, there are no other Associate Degree programs such as this in existence in Tennessee.

Anticipated impact on existing associated degree programs or concentrations at the institution

No impact; there are no other Associate Degree programs such as this in existence in Tennessee.

Anticipated impact on existing associated or similar programs at other institutions within the region

No impact; there are no other Associate Degree programs such as this in existence in Tennessee.

Resources Available and Required

- Faculty: Two full time non-tenure tracked faculty will be needed for the VW program.
- Administrative: Administrative support will be provided by the Dean Engineering and Information Technologies and the Department Head of Engineering Systems Technology. There is also a coordinator at the VW Academy to provide administrative support.

- Clerical and Support Personnel: Clerical and Support personnel will be the administrative assistant for EIT division.

Other Needs for Support

- Existing and Needed Library and Information Technology: Library resources are adequate.
- Student Advisement Support:
For the VW apprenticeship, the Department Head and coordinator will provide directed advise. For the Amnicola Campus, the professional advisors will be equipped to provide advising support.
- Instructional Equipment:
Volkswagen Group of America’s electric vehicle training equipment and vehicles will be available for ChSCC faculty and student use for the apprenticeship program. When the program is offered on campus, equipment will need to be secured either through industry donations, grants, or TAF funding.
 - Testing and Diagnostic Equipment
 - Battery Pack
 - Motor Drive Systems
 - Inverters
 - Power Controllers
 - Battery Management Systems
 - Chargers
 - High Voltage DC Chargers
 - DC to DC Converters
 - Cabling & Connectors
 - Electric Vehicles
- Facilities:
The AAS EVET will initially be offered at the Volkswagen Academy utilizing Volkswagen Group of America’s electric vehicle training facilities, equipment and vehicles. TCAT- Chattanooga is in the construction phase of a TCAT-5 building. Once building is complete, space will be allocated to electric vehicle programs for ChSCC and TCAT.

SECTION VI: Justification for Duplicative Program and/or Course:

(If the program is not duplicative, proceed to the next section.)

- A. Based on CIP codes and site codes, where do similar programs or courses exist? List all applicable TBR and UT institutions.

TCAT: Hybrid Electrical Vehicle - CIP Code: 29.47.0614.00

Program Description: This program provides training in Hybrid and Electric Vehicle fundamentals as well as other systems in which a technician may be challenged.

Training in each area includes classroom instruction and practice on simulated vehicle systems before receiving hands-on experience diagnosing and repairing “live” vehicles.

Articulation opportunities by awarding credit for:

Course Number	Course Name	Credit Hours
EVET 1010	Intro to EV Technology	3
EVET 1120	Braking Systems	3
EVET 1130	Steering & Suspension Sys.	3
EVET 1240	Elect. & Chassis Ctrl Sys.	3
EVET 1350	Clim Ctrl & Therm Mgmt Sys	3

B. Please provide justification for program and/or course development if **similar programs and/or courses** have been (or are being) developed or converted to online delivery by the Regents Online Camp Tus Collaborative (ROCC) or other TBR or UT institutions or academic units.

n/a

C. Justify why the need for the requested program/course development cannot be better met through collaboration or the Academic Common Market (ACM). (ACM is available only to universities.)

N/A

D. Justification for external program/course hosting (third party) and for a specified course management system beyond the system wide approved vendor.

N/A

E. Sharing and Maximizing Resources among Schools/Centers

Please list the resources that you would like to request from the system or the campus collaborative to support you in the development and implementation of your program/course:

- Instructional Design
- Learning Objects
- ADA
- Library Resources, databases, etc.
- Content Development
- Pedagogy of Course Design
- Pedagogy of Teaching Online
- Marketing of Program
- Multimedia (streaming video, audio, etc.)
- Student Services
- Training
- Consultant Services
- Other (explain)
- Course Management Training

SECTION VII: THEC Financial Projection Form INSTRUCTIONS

A. Provide evidence of non-state funds (gifts, grants, awards) already made available to meet start-up costs.

B. If reallocation is used, provide a rationale and source for reallocation of budgeted funds. Cite THEC annual degree productivity data where funds may be redirected from closed/low producing programs.

C. List:

1. All active Letters of Intent

2. Programs not meeting benchmarks – Paramedic AAS, Medical Laboratory Technician AAS, Fine Arts AFA, Entrepreneurship AAS
 3. Low producing programs at all levels – Paramedic AAS, Medical Laboratory Technician AAS, Fine Arts AFA
 4. Programs terminated within the last 12 months – Early Childhood Education and General Technology programs are in the teach out phase
- D. Include estimated cost of external training and/or out-of-state consultants not available through the TBR.
Training will be provided by industry representatives with specialized certifications, experience, and training related directly to the production of distilled spirits within the region. These representatives have acted as consultants during the development of courses and will continue to provide guidance and expertise as the program matures. Additionally, regional experts from other distilling operations may be utilized on an as-needed basis. Estimated cost for consultants is estimated at a maximum 25,000.
- E. For course development that will exceed \$9,500, please provide projected costs by line item and the source(s) of revenue to support these costs.
Current labs will be utilized for a portion of course work; therefore, expense considerations are for small equipment and supplies relating to the Fermentation Microbiology, Introduction to Distiller Operations, Spirits Production I and II, Sensory and Productive Analysis, and Safety and Sanitation courses. None of the individual course development expenses are expected to exceed \$9,500. Distilling and classroom equipment will cost approximately \$510K and space renovation costs at Nearest Green, Inc. are expected to run approximately \$500,000. Revenue to support these expected expenditures have been committed to be provided by Nearest Green, Inc. and Jack Daniel’s Distillery through the MOU attached.
- F. For converting to online delivery, provide projected costs by line item and the source(s) of revenue to support these costs. Existing online general education courses may be utilized; however, this program is projected to be offered in a primarily onground format. N/A
- G. **Submit as an Appendix the THEC Financial Projection Form.** See complete form, Appendix A, below.

Budget Justification

Projected One-Time Expenditures

Accreditation: Chattanooga State can seek ABET accreditation after the first graduate. Currently the ABET Accreditation Program Review fees are \$3,700 base fee for program review and \$11,100 for evaluation (\$3,700 for each program evaluator - three evaluators needed).

Equipment: In Years 1 & 2, the program will be only located at the VW Academy where the majority of the required equipment will be provided by VW. Beginning in Year 2, the College will start securing equipment for the Amnicola campus program.

Equipment Needs	Expected Cost	Year Purchased/Funding Sources
Testing and Diagnostic Equipment	\$ 110,000.00	Y1 – hard money, Y2 – Y4: TAF, Grant, Donation
Battery Pack	\$ 60,000.00	Y1 – VW; Y2 – Y4: TAF, Grant, Donation
Motor Drive Systems	\$ 40,000.00	Y1 – VW; Y2 – Y4: TAF, Grant, Donation
Inverters	\$ 24,000.00	Y1 – VW; Y2 – Y4: TAF, Grant, Donation
Power Controllers	\$ 18,000.00	Y1 – VW; Y2 – Y4: TAF, Grant, Donation
Battery Management Systems	\$ 18,000.00	Y1 – VW; Y2 – Y4: TAF, Grant, Donation
Chargers	\$ 18,000.00	Y1 – VW; Y2/3 – TDOT Grant
High Voltage DC Chargers	\$ 36,000.00	Y1 – VW; Y2/3 – TDOT Grant
DC to DC Converters	\$ 12,000.00	V Y1 – VW, Y2 – Y4: TAF, Grant, Donation
Cabling & Connectors	\$ 10,000.00	Y1 – 4 – hard money - expendables

Projected Recurring Expenditures

Faculty & Instructional Staff: Years 1 & 2 – two full-time non-tenure track faculty teaching at VW per MOU agreement. Year 3 – program begins on Amnicola campus – current faculty and adjuncts will be used for instruction.

			Year 1	Year 2	Year 3	Year 4	Year 5
Faculty 1	Base + Benefits	\$ 90,000.00	\$ 90,000.00	\$ 92,700.00	\$ 95,481.00	\$ 98,345.43	\$ 101,295.79
Faculty 2	Base + Benefits	\$ 90,000.00	\$ 90,000.00	\$ 92,700.00	\$ 95,481.00	\$ 98,345.43	\$ 101,295.79
Adjuncts	Per class (5 load hours)	\$ 3,500.00			\$ 21,000.00	\$ 35,000.00	\$ 35,000.00
	Total:		\$ 180,000.00	\$ 185,400.00	\$ 211,962.00	\$ 231,690.86	\$ 237,591.59

Accreditation: Currently ABET accreditation maintenance fees are \$800 per commission and \$800 per program for a total of \$1,600 per year.

Travel: Conference fees and travel expenses for electric vehicle competencies professional development per year.

Other: Miscellaneous expendable supply expenses for practical lab and instructor supplies.

BOARD TRANSMITTAL

MEETING: Committee on Academic Policies/Programs, Student Life

SUBJECT: Proposed A.A.S. in Automotive Technology with a
Concentration in Automotive Specialist at Northeast State
Community College

DATE: June 15, 2023

PRESENTER: Vice Chancellor Jothany Reed

PRESENTATION
REQUIREMENTS: 10 Minutes

ACTION REQUIRED: Voice Vote

STAFF
RECOMMENDATION: Recommend Approval

Northeast State Community College proposes the establishment of a new Associate of Applied Science (A.A.S.) in Automotive Technology with a Concentration in Automotive Specialist.

The 60-credit hour proposed program would realign the automotive-related programs (Automotive Service, Automotive Body/Collision, Motor Sports) into a new degree with a concentration in Automotive Specialist. The program and concentration will offer students the ability to pursue coursework, training, and skills in three different pathways: Automotive Service, Automotive Body/Collision, and Motor Sports.

These areas represent the needs of regional workforce partners and afford the students a tailored set of unique skills specific to their area of interest. This also ensures an Associate of Applied Science degree that is more easily identified by industry and students will develop competencies applicable to the current and emerging needs of the automotive industry.

The program will be the first A.A.S in Automotive Technology in the TBR system so is considered a new program to the state, although the program uses the same courses that are already taught at Northeast State.

NORTHEAST STATE'S EXECUTIVE SUMMARY AUTOMOTIVE TECHNOLOGY AAS

PROGRAM DESCRIPTION

Northeast State Community College (NeSCC) proposes an Associate of Applied Science (AAS) in Automotive Technology to meet the customized, industry-specific needs and unique academic and career goals of the students within the College's five-county service region. The College currently offers well-established and developed automotive-related programs under its AAS in Industrial Technology. This 60-credit hour program would realign the automotive-related programs (Automotive Service, Automotive Body/Collision, Motor Sports) into a new degree with a concentration of Automotive Specialist. The program and concentration will offer the students flexibility to pursue coursework, training, and skills in three different pathways: Automotive Service, Auto Body/Collision, and Motor Sports. Embedded certificates will provide another avenue into the workforce for Northeast State students. These programmatic areas represent the needs of our regional workforce partners and afford the students a tailored set of unique skills specific to their area of interest. Furthermore, this realignment will also position the College strategically for future growth within the industry in areas such as Alternative Fuel Vehicles and Fleet Conversion. The proposed program also includes two embedded certificates to provide students with a direct connection to the skills and knowledge needed to more immediately enter the workforce in a variety of automotive-related areas. Furthermore, the proposed program leads to National Coalition of Certification Centers (NC3) certifications in torque and electrical metering. Students completing the AAS in Automotive Technology would have the skills and knowledge to successfully complete the Automotive Service Excellence (ASE) certification.

INSTITUTIONAL GOVERNING BOARD APPROVAL

The proposed Automotive Technology, AAS program is scheduled for approval by the Tennessee Board of Regents on June 15, 2023.

PROPOSED IMPLEMENTATION DATE

Fall 2023

ALIGNMENT WITH STATE MASTER PLAN AND INSTITUTIONAL MISSION/STRATEGIC PLAN

The proposed Associate of Applied Science in Automotive Technology aligns with the THEC State Master Plan for Higher Education by addressing the three areas of student success, family prosperity, and the workforce. The proposed program will provide students with high-quality and relevant career focused credentials. The Associate of Applied Science in Automotive Technology supports the current effort of the THEC Master Plan to implement unique industry aligned, workforce-driven academic programs. Furthermore, this degree allows for future integration of alternative fuel vehicles and will prepare the students of our five-county service area for the state's workforce needs in 2030 and beyond.

As dual enrollment will be a component of the proposed program, students of the region will have a clear pathway from high school, through higher education, and into the workforce. Students will be able to utilize the increase in funds from the GIVE Act for the additional tuition free, dual enrollment courses allowing them to make progress toward earning a certificate and then a degree while still in high school. Additionally, embedded certificate programs provide students with various on and off ramps throughout the education journey.

Furthermore, the proposed program aligns with the vision mission of Northeast State Community College by investing the students the skills and knowledge to be among the best prepared individuals to meet current and emerging needs. Graduates of this program will strengthen the regional workforce while providing an affordable career path which can lead to greater levels of prosperity.

FEASIBILITY

Student Interest

Student interest in automotive-related programs is strong within the College's five-county service region. This is evidenced by historical enrollment patterns in the current automotive-related areas at Northeast State (5-year averages: Enrollment – 49, Academic Awards – 15).

Local and Regional Demand

According to the US Bureau of Labor Statistics, the annual median pay in 2021 for Automotive Body repairers was \$47,020 and \$46,880 for Automotive Service Technicians. With the developing nature of alternative fuel vehicles, including electric vehicles, the need for well-qualified technicians will continue. With current grant funding from the National Science Foundation, Northeast State Community College is actively integrating electric vehicle technology and training into automotive-related programs. The proposed program would position Northeast State Community College as the only AAS degree conferring institution in northeast Tennessee and provide students a credential more easily identified by industry partners. The competencies developed will be applicable to the current and emerging needs of the automotive industry.

A review of the THEC Supply and Demand report, SOC code 49-3023: Automotive Service Technicians and Mechanics, indicates that Northeast State would be the only AAS degree conferring institution in the region. TCAT Elizabethton confers certificate and diploma credentials. SOC code 49-3021: Automotive Body and Related Repairers, indicates that Northeast State would be the only AAS degree or certificate conferring institution in the region.

Industry Support

The proposed program will continue to deliver the students of our service region quality and applicable general education and workforce skills. These skills are in direct response to over two decades of continuous industry participation and collaboration. Northeast State has and will continue to evolve its automotive-related curriculum to reflect the needs of the industry and workforce requirements of our regional partners. The institution has secured letters of support from industry partners to further elucidate the regional need for the proposed program.

Workforce Need

The program faculty are continually involved with regional industry partners to better understand the workforce needs. The reliance of workforce advisory boards is paramount and allows for continuous improvement related to both current and emerging needs of the regional workforce. For Automotive Service Technicians and Mechanics, the THEC Supply and Demand report indicated there were more than 10,000 new hires in the state of Tennessee with 1800 of those in the East Tennessee Region in 2020. With the developing nature of alternative fuel vehicles, including electric vehicles, the need for well-qualified technicians will continue.

CURRICULUM

The curriculum for the proposed Associate of Applied Science in Automotive Technology is a 60-semester credit hour program that consists of 16 credit hours of general education, 16 credit hours of major field core, and 25 credit hours of pathway options. This model will allow students to develop a more varied and diverse skill set leading to a broader scope of employment opportunities. An additional three credit hours will be from Northeast State's first year experience course, College and Lifelong Learning. This course was implemented during the 2015 – 2016 academic year. The proposed program includes two embedded certificates that provide the students with industry-specific skills and knowledge needed to immediately enter the workforce in a variety of automotive-related areas. The embedded certificates are Auto Body Service Technology, consisting of 21 credit hours and Automotive Service, consisting of 31 credit hours. The tables below provide the specific curricular layout of each certificate.

The program area faculty are proactive in responding to the needs of the College's workforce partners and in the light of continuous improvement, regularly updates the curriculum. The proactive, instead of a reactive approach, allows the program to continue to impart relevant skills and abilities unto the students. These skills and abilities are focused on not only preparing students of the region with direct entry into the workforce, but also with an affordable career path which can lead to greater levels of prosperity.

The program competencies for the proposed program were developed to reflect the skills and abilities students will need and in response to the needs of the regional industry partners. Program competencies will be used as the unit of measure for the program and are organized by Core Competencies and Pathway Competencies. Core competencies are those that are developed from the general education and major field core components which all students enrolled in the proposed program will complete. Pathway competencies are those developed from the specific pathway options based on the specific goals of the student.

Table 3: Curricular layout of the Automotive Service embedded certificate.

AAS Automotive Technology: Automotive Specialist – Core Competencies

1. Demonstrate critical thinking skills for inquiry and analysis, assimilation of facts and knowledge, and problem solving.
2. Demonstrate appropriate computer skills applicable in Automotive Technology fields such as analyzing computer serial data to discover and solve specific system problems.
3. Demonstrate, perform, and adhere to appropriate OSHA safety standards in the Automotive Technology industry including basic and intermediate rigging methods.

AAS Automotive Technology: Automotive Specialist – Pathway Competencies

Automotive Body/Collision Repair

1. Disassemble, assemble, and repair auto body components.
2. Demonstrate ability to utilize basic welding practices in an industrial environment.

Automotive Service

1. Troubleshoot, assemble, and repair mechanical systems found in the automotive service industry.

Motor Sports

1. Troubleshoot, assemble, and repair performance systems found in the motor sports industry.
2. Demonstrate ability to utilize basic welding practices in an industrial environment.

PROGRAM PRODUCTIVITY

Enrollment	36	40	45
Academic Awards	15	20	25

Table 4: Projected enrollment and academic awards of proposed program.

PROGRAM DUPLICATION

According to the Tennessee Higher Education Commission Academic Program Inventory ([THEC API](#)), there are no Associate of Applied Science in Automotive Technology programs in the state of Tennessee. A review of the related CIP code, 29.47.0604.00, indicates the following:

- Automotive Service Technology AAS – Southwest Tennessee Community College.
- Automotive Technology Diploma – Tennessee Colleges of Applied Technology.

INSTITUTIONAL CAPACITY TO DELIVER THE PROGRAM

Northeast State Community College currently offers a well-developed set of automotive-related programs to include embedded certificates of Automotive Service and Auto Body Service Technology as well as AAS program concentrations in Automotive Service, Automotive Body/Collision Repair, and Motor Sports. These programs are offered in the Automotive Center at the Blountville, TN teaching site as well as at the Regional Center for Automotive Programs in Kingsport, TN. The capacity to offer automotive-related programs at multiple teaching sites allows the College to extend the proposed program across a wider range of its service region, to include dual enrollment.

ASSESSMENT AND POST-APPROVAL MONITORING

Program evaluation will consist of various metrics to include enrollment, graduation rates, job placement, and accredited body review. Current institutional mechanisms for program evaluation will apply to the proposed program and will include ATMAE and SACSCOC consideration. In line with current institutional processes, the program will be reviewed annually by the program head, the Office of Academic Affairs, and the Office of Research, Analytics, and Planning. The review process will also include input from the program advisory board to ensure applicability to the current trends in the region's workforce.

FINANCIAL PROJECTIONS

As the components of the proposed program have been offered for many years, the facilities, faculty, support staff, and equipment are in place. The proposed program is a realignment of currently offered automotive-related program concentrations to a more industry-recognized and representative program. As reflected in the financial projections form, there are no new one-time financial considerations associated with the proposed program.

- Projected recurring expenditures are based on actual budget numbers for the current automotive-related programs.
- The automotive programs are currently supplemented by two grants: one funded by the National Science Foundation – Advanced Technological Education (\$349,340) and another, through an NSF funded entity, the National Electric Vehicle Consortium (\$143,877). The average yearly distribution is reflected in the chart below.
- Tuition revenue was estimated based on the dollar amount per FTE for projected enrollment numbers.

Please refer to TBR Policy 2:01:01:00, TBR Guideline A-010, and THEC Policy A1:0 and A1:1 before developing a proposal.

INSTRUCTIONS: Please respond to each question. If the question is not applicable, please use “NA” and include a brief explanation of why the question is not applicable to the proposed action.

SECTION I: Executive Summary

INSTITUTION: Northeast State Community College

PROPOSAL: Associate of Applied Science in Automotive Technology with a Concentration in Automotive Specialist

PROPOSED DATE OF IMPLEMENTATION: Fall 2023

PURPOSE: (Goals and Objectives in keeping with Institutional Mission) Specify: campus specific, regional, state-wide, national, international

Northeast State Community College (NeSCC) proposes an Associate of Applied Science (AAS) in Automotive Technology to meet the customized, industry-specific needs and unique academic and career goals of the students within the College’s five-county service region. Northeast State Community College currently offers well-established and developed automotive-related programs under its Industrial Technology program. The 60-credit hour proposed program would realign the automotive-related programs (Automotive Service, Automotive Body/Collision, Motor Sports) into a new degree with a concentration of Automotive Specialist. Culminating in an Associate of Applied Science degree more easily identified by industry, the students will develop competencies applicable to the current and emerging needs of the automotive industry. The proposed program also includes two embedded certificates to provide students with a direct connection to the skills and knowledge needed to more immediately enter the workforce in a variety of automotive-related areas. Furthermore, the proposed program leads to National Coalition of Certification Centers (NC3) certifications in torque and electrical metering. Students completing the AAS in Automotive Technology would have the skills and knowledge to successfully complete the Automotive Service Excellence (ASE) certification.

The program and concentration will offer students the ability to pursue coursework, training, and skills in three different pathways: Automotive Service, Automotive Body/Collision, and Motor Sports. These areas represent the needs of our regional workforce partners and afford the students a tailored set of unique skills specific to their area of interest. This model will allow students to develop a more varied and diverse skill set leading to a broader scope of employment opportunities. Furthermore, this realignment will position the College strategically for future growth within the industry in areas such as Alternative Fuel Vehicles and Fleet Conversion.

The proposed program aligns with both the THEC Master Plan for Higher Education and the mission of Northeast State Community College by providing the students within the College’s five-county service

area with high-quality and relevant credentials that are career-focused. The Associate of Applied Science in Automotive Technology supports the current effort of the THEC Master Plan to implement unique industry aligned, workforce-driven academic programs. Furthermore, this degree allows for future integration of alternative fuel vehicles and will prepare the students of our five-county service area for the state’s workforce needs in 2030 and beyond. As dual enrollment will be a component of the proposed program, students of the region will have a clear pathway from high school, through higher education, and into the workforce. Students will be able to utilize the increase in funds from the GIVE Act for the additional tuition free, dual enrollment courses allowing them to make progress toward earning a certificate and then a degree while still in high school. Additionally, embedded certificate programs provide students various on and off ramps throughout their educational journey. Graduates of this program will strengthen the regional workforce while providing an affordable career path which can lead to greater levels of prosperity for the student and their family.

INSTITUTIONAL PRIORITY: (Justify why this is a priority and why at this time.)

Northeast State’s automotive programs have been successfully established for many years aligned under Industrial Technology. The proposed program will continue to deliver the students of our service region quality and applicable general education and workforce skills. The continuous development of the curriculum is in direct response to over two decades of industry participation and collaboration. Northeast State has and will continue to evolve its automotive-related curriculum to reflect the needs of the industry and workforce requirements of our regional partners while providing the students with the skills and knowledge needed to prosper.

The AAS Automotive Technology will continue to utilize the facilities, faculty, and equipment currently in use for current automotive programs under Industrial Technology. As the College is ever conscious of continuous improvement, the implementation of the proposed program is seen as a mechanism to better prepare our students for the rapidly developing automotive-related workforce. This program will also position the College strategically for future growth within the industry in areas such as Alternative Fuel Vehicles and Fleet Conversion.

CURRICULUM:

The proposed program requires completion of 60 semester credit hours distributed as follows:

Curricular Area	Credit Hours
General Education	16
Major Field Core	16
Pathway Options	25
Other: EDUC 1030 – College and Lifelong Learning	3
Total	60

Table 1: Overview of credit hours for AAS Automotive Technology.

NEED and IMPACT: (Cite employment projections and supply/demand data appropriate to the discipline and degree level as justification. Include THEC supply/demand analyses from THEC website below.)

[http://tennessee.gov/thec/Divisions/AcademicAffairs/academic_programs/THEC supply and demand Final.pdf](http://tennessee.gov/thec/Divisions/AcademicAffairs/academic_programs/THEC_supply_and_demand_Final.pdf)

According to the US Bureau of Labor Statistics, the annual median pay in 2021 for Automotive Body repairers was \$47,020 and \$46,880 for Automotive Service Technicians. With the developing nature of alternative fuel vehicles, including electric vehicles, the need for well-qualified technicians will continue. For Automotive Service Technicians and Mechanics, the THEC Supply and Demand report indicated there were more than 10,000 new hires in the state of Tennessee with 1800 of those in the East Tennessee Region in 2020. The proposed program would position Northeast State Community College as the only AAS degree conferring institution in northeast Tennessee for Automotive Technology.

Included in this proposal are letters of support from industry partners further supporting the pertinence of this proposed program.

PLANS FOR ACCREDITATION: (Identify the source and projected date of Professional accreditation if applicable; SACS notification, if required, and if a substantive change, the scope of the substantive change. If there are no plans to seek specialized accreditation, please provide reasons.)

Northeast State is fully accredited by the Southern Association of Colleges and Schools Commission on Colleges to confer Associate level degrees. With that, the proposed program will require no further action from SACSCOC. The Automotive Service and Motor Sports pathways under the AAS Industrial Technology are accredited by the Association of Technology, Management, and Applied Engineering (ATMAE). If the proposed program is approved, the pathways will be housed under the new AAS Automotive Technology. At that point, the College will initiate the process to update its ATMAE accreditation to reflect the new alignment of automotive-related programs.

LIST ALL NEWLY APPROVED AND ESTABLISHED PROGRAMS WITH THE SAME CIP CLASSIFICATION AT THE SAME DEGREE LEVEL OFFERED AT ANY PUBLIC INSTITUTION IN TENNESSEE:

CIP: 29.47.0604.00 – Southwest Tennessee Community College

- Associate of Applied Science in Automotive Service Technology

IDENTIFY ANY LOW PRODUCING PROGRAM AMONG THOSE LISTED BASED ON THEC ANNUAL PROGRAM PRODUCTIVITY REPORTS:

A review of the THEC Academic Program Productivity Report (July 2021) indicates no automotive-related programs as low producing.

EVIDENCE OF COOPERATING/COLLABORATING INSTITUTIONS (WHEN RELEVANT) INCLUDING OPPORTUNITIES FOR COLLABORATION THAT WILL BE PURSUED:

The proposed program includes no cooperating/collaborating institutions.

SECTION II: Collaborative Programs

The proposed program will not be offered as part of a collaboration with other institutions.

- A. Length of agreement: (open-ended or limited)
- B. Specify if
 - a. [] RODP (Regents Online Degree Programs) *credit

- b. ROCE (Regents Online Continuing Education and Workforce Development) *non-credit
- c. Other Collaborative or Partnerships
- C. Check all the institutions that will participate in the collaborative:
 - a. Universities:
 - i. APSU ETSU MTSU TSU TTU UOM
 - b. Community Colleges:
 - i. CLSCC COSCC CSTCC DSCC JSCC MSCC NSCC NSTCC PSTCC RSCC STCC VSCC WSCC

Other Support Agencies including clinical affiliations, government, health and business: Specify plans for any articulation:

- D. Which institution(s) will have a degree-granting authority?
- E. Which institution(s) will have the authority for faculty hiring, course assignment, evaluation, and reappointment decisions?
- F. What agreements exist to ensure that faculty from all participating institutions will be involved in decisions about the curriculum, admissions standards, exit requirements?
- G. Which institution(s) will be responsible for academic and student-support services, e.g., registration, advising, library, academic assistance, financial aid, etc.?
- H. What agreements exist to ensure that the academic calendars of the participating institutions have been aligned as needed?
- I. In addition to the information provided by each participating institution regarding Financial Projections, please address the following items:
 - a. How will tuition rates be determined if they differ among the institutions?
 - b. Has a formal agreement been developed regarding cost-sharing policies? If yes, please include it as part of the proposal. If no, please summarize the current understanding between all parties and the plans for developing a formal agreement.
 - c. What arrangements, if any, have been made for exchange of money between participating institutions?
- J. What commitments have been made by all participants to evaluate the program systematically?
- K. If one institution wishes to discontinue the program, what agreements exist for terminating the offering?
- L. Specify any other issues and how they are proposed to be addressed.

SECTION III: Program Structure

RESIDENCY REQUIREMENTS (if any):

A minimum of twenty-five percent (25%) of coursework must be completed in residence at Northeast State Community College as this is standard for all programs and is indicated in the Catalog/Student Handbook.

FUTURE CURRICULAR CONSIDERATIONS:

Further considerations for the proposed program would be the addition of a second concentration for Alternative Fuel Vehicles.

Admission, Retention, and Graduation Requirements:

Program requirements will be the same as for other programs and are reflected appropriately in the Catalog.

Description of New Courses: Provide rubric, number, title, credit hours and catalog description of each new course needed for full implementation of the proposed program.

The proposed program will require no new courses.

Provide a rationale for the planned delivery methods for the proposed program. Include options, such as block scheduling, dual enrollment, dual admissions, cohort programs, etc.

The general education courses in the proposed program can be completed in either online or on-ground formats. The major field core and the pathway courses will be offered in a traditional, 15-week format on-ground at either the College’s Blountville or Kingsport teaching site.

If the program is to be delivered 100% online, how will the on-ground delivery of the program be impacted?

This program will not be offered fully online.

Describe any unique features not previously addressed, e.g., interdepartmental cooperation, industry partners, articulation, etc.

Local and regional articulation agreements between institutions of higher education are an important component of academic program development as they provide students various entry and exit points within a specific educational field. These valuable agreements can lead to increased program enrollment as well as a more varied and diverse workforce.

Northeast State Community College is committed to developing articulation agreements, when possible, to better serve the students of the College’s five-county service region. Discussions have begun with the Tennessee Center for Applied Technology in Elizabethton, Tennessee regarding an agreement that would allow diploma-completing students in Automotive Technology at TCAT to matriculate to Northeast State with the benefit of articulated course work between the two institutions. Furthermore, the College is looking into an articulation agreement with Tennessee Tech University’s School of Engineering. As

Northeast State has a rich history in motor sports, such an agreement would provide students with a pathway to a more advanced degree.

Include an organizational chart and/or statement to describe the positioning of the proposed program or unit within the institution’s structure.

The proposed program will be housed in the Technologies Division as shown in the chart below. The chart shows the Associate of Applied Science degrees within the Technologies Division along with the specific concentrations in each degree.

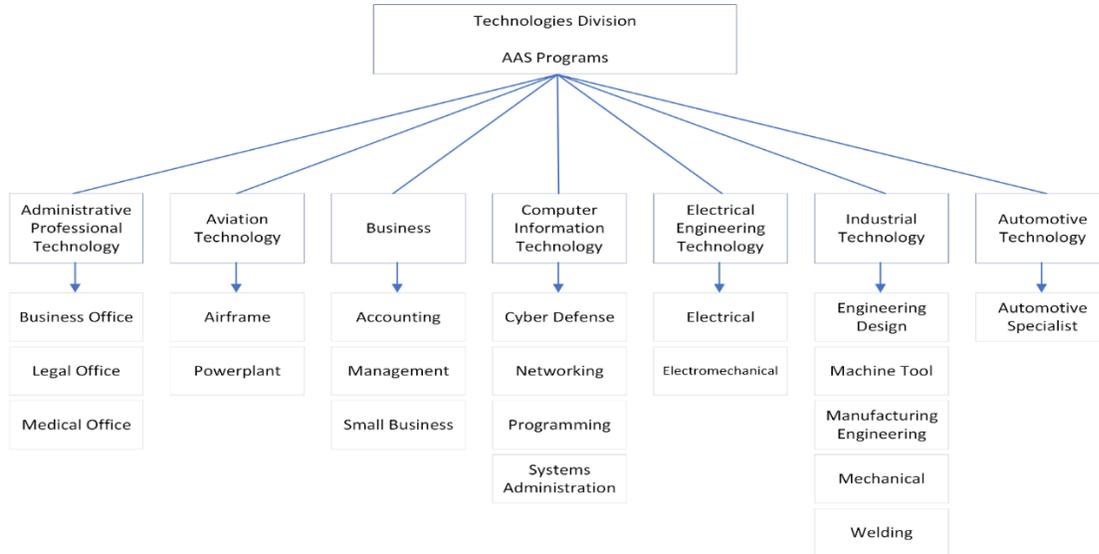

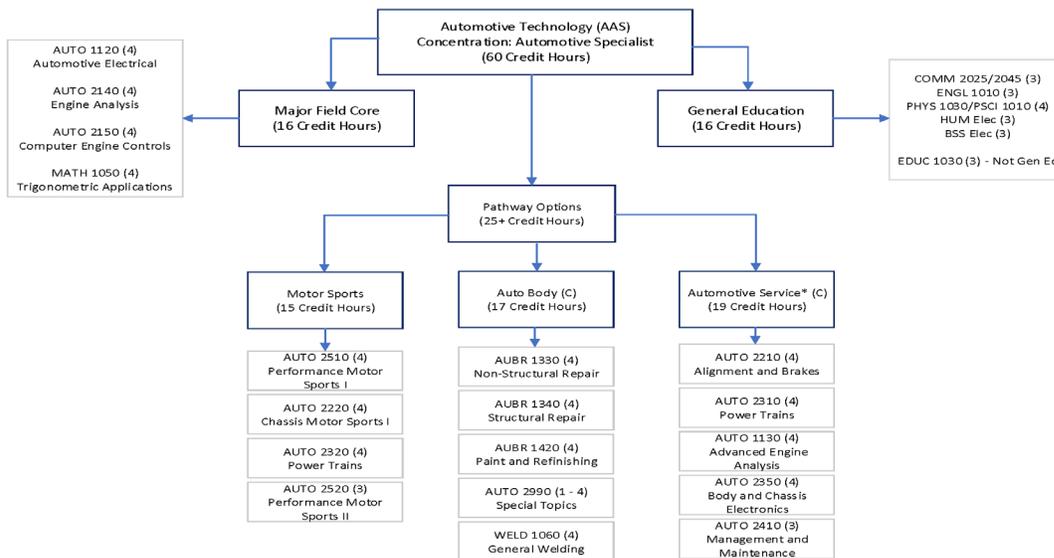

Chart 1: Overview of proposed programmatic layout within the Technologies Division.

The following chart shows the alignment of automotive-related pathways and coursework under the proposed programmatic organization.

*EV topics currently taught in Automotive Service concentration
 Embedded certificates can be earned in Auto Body and Automotive Service

Chart 2: Curricular components of the proposed program including the three pathway options.

SECTION IV: Student Enrollment Projections

Estimate the unduplicated headcount and full-time equated enrollment and the number of graduates for a complete program cycle.

	2022 – 23	2023 – 24	2024 – 25
Enrollment	36	40	45
Academic Awards	15	20	25

Explain the basic assumptions used in estimating the size of the proposed program. Assumptions should be related to the evidence of need and to other supportive data.

Enrollment projections were developed using historical enrollment data in current automotive-related programs. Regional industry partners and projected workforce needs were also factors included in student enrollment projections.

SECTION V: Program Justification, Performance, Evaluation, and Resources

The following requirements may not be applicable to all proposals. Carefully consider the elements in each area and respond as completely as possible in the format below. Quantification of performance goals should be included whenever possible. If the item is not applicable, add a statement explaining why it is not applicable.

EVALUATION PLANS

The program competencies for the proposed program were developed to reflect the skills and abilities students will need and in response to the needs of the regional industry partners. Program

competencies will be used as the unit of measure for the program and are organized by Core Competencies and Pathway Competencies. Core competencies are those that are developed from the general education and major field core components which all students enrolled in the proposed program will complete. Pathway competencies are those developed from the specific pathway options based on the specific goals of the student.

AAS Automotive Technology: Automotive Specialist – Core Competencies

1. Demonstrate critical thinking skills for inquiry and analysis, assimilation of facts and knowledge, and problem solving.
2. Demonstrate appropriate computer skills applicable in Automotive Technology fields such as analyzing computer serial data to discover and solve specific system problems.
3. Demonstrate, perform, and adhere to appropriate OSHA safety standards in the Automotive Technology industry including basic and intermediate rigging methods.

AAS Automotive Technology: Automotive Specialist – Pathway Competencies

Automotive Body/Collision Repair

1. Disassemble, assemble, and repair auto body components.
2. Demonstrate ability to utilize basic welding practices in an industrial environment.

Automotive Service

1. Troubleshoot, assemble, and repair mechanical systems found in the automotive service industry.
2. Upon completion of the program, all students will demonstrate critical thinking skills for inquiry and analysis, assimilation of facts and knowledge, and problem solving.

Motor Sports

1. Troubleshoot, assemble, and repair performance systems found in the motor sports industry.
2. Demonstrate ability to utilize basic welding practices in an industrial environment.

Program evaluation will consist of various metrics to include enrollment, graduation rates, job placement, and accredited body review. Current institutional mechanisms for program evaluation will apply to the proposed program and will include ATMAE and SACSCOC consideration. In line with current institutional processes, the program will be reviewed annually by the program head, the Office of Academic Affairs, and the Office of Research, Analytics, and Planning. The review process will also include input from the program advisory board to ensure applicability to the current trends in the region's workforce.

Identify the institutional office responsible for conducting the evaluation and explain how evaluations will be conducted, i.e., alumni surveys, employer surveys, external review, pass rates on certification/licensure exams, etc., and provide an evaluation schedule.

Annual reviews will be conducted by the Office of Academic Affairs and the Office of Research, Analytics, and Planning. Evaluation metrics will include program completion and job placement rates.

Program Duplication: Explain why the primary objective cannot be met by existing programs, collaboration with other institutions, or Academic Common Market.

No duplication exists. While there is a similar associate degree at Southwest Tennessee Community College and certificate programs Tennessee College for Applied Technology, there are no other associate degree programs such as this in the state of Tennessee.

Anticipated impact on existing associated degree programs or concentrations at the institution:

No impact. Students will be notified of programmatic changes and given the opportunity to finish their current pathway option or change to the new alignment.

Anticipated impact on existing associated or similar programs at other institutions within the region:

No impact. There are no other associate degree programs such as this in the state of Tennessee.

Resources Available and Required

- Faculty: No new faculty are anticipated to be hired as no new courses are being developed. Faculty credentials are met with current instructors within the Technologies Division. Enrollment and student needs are met by two full-time faculty, one full-time lab assistant, one part-time lab assistant and adjunct faculty as needed.
- Administrative: The proposed program will be housed within the existing Technologies Division. The dean of Technologies provides administrative oversight to the faculty and staff within the Technologies Division. The dean reports directly to the Vice President for Academic Affairs. The division also staffs an Assistant Director of Technologies to provide further support to the students, faculty, and industry partners.
- Clerical and Support Personnel: The Technologies Division is currently staffed with one academic dean, two full-time support staff (Administrative Assistants).

Other Needs for Support:

Existing and Needed Library and Information Technology: Students in this program will access and utilize information and resources currently available through Northeast State Community College's Wayne G. Basler Library. Students are provided a general overview of library resources via new student orientation and librarians are available as guest lecturers in many classes to provide additional information, literacy content, and database tutorials. Students may also request individual sessions to obtain help with research and other library questions. There are over 70 computers available for student use in the library with open computer labs on the 3rd floor and the 1st floor (in The Learning Center). Additional computers are located on the 2nd and 3rd floors. Computer labs are available at our other teaching sites when not occupied by regular scheduled classes. Students have access to The Learning Center which provides drop-in and online tutoring, as well as online resources, in a wide variety of subject areas. Professional and peer tutors assist students as requested. Targeted services are also available during select hours at other teaching sites. Accessibility Services provides services and support to students with documented disabilities to provide equal access to classes, campus programs, and activities.

Student Advisement Support:

An academically qualified faculty member is assigned program academic advisement responsibilities for each associate degree program, concentration, and certificate (e.g. Industrial Technology with a concentration in Automotive) as evidenced in the College's advisor directory. Annually (July-August), the academic deans review the advisement caseload for program faculty to determine if changes are warranted for the upcoming academic year. Following the review, Northeast State's Advisor Directory is revised, as appropriate. All full-time faculty members serve as academic advisors with a component of their workload being dedicated to academic advising. In addition to faculty academic advisors, Northeast State also staffs the College's Advising Resource Center with professional advisors. The center's purpose is to increase students' persistence to graduation by providing academic advising, career counseling, transfer advising, and career services.

Existing and Needed Instructional Facilities & Instructional Equipment:

The proposed program shall be offered within existing college's automotive facilities. Current space and equipment allocations meet the needs of the College's current automotive-related program as will continue to meet the needs of the proposed program.

SECTION VI: Justification for Duplicative Program and/or Course

(If the program is not duplicative, proceed to the next section.)

Based on CIP codes and site codes, where do similar programs or courses exist? List all applicable TBR and UT institutions.

There are no concerns for duplication of the proposed program.

Please provide justification for program and/or course development if similar programs and/or courses have been (or are being) developed or converted to online delivery by the Regents Online Camp Tus Collaborative (ROCC) or other TBR or UT institutions or academic units.

There are no concerns with the proposed program.

Justify why the need for the requested program/course development cannot be better met through collaboration or the Academic Common Market (ACM). (ACM is available only to universities.)

Not applicable to the proposed program.

Justification for external program/course hosting (third party) and for a specified course management system beyond the system wide approved vendor. N/A This program will be hosted by Motlow College via our current course management system.

Sharing and Maximizing Resources among Schools/Centers

Please list the resources that you would like to request from the system or the campus collaborative to support you in the development and implementation of your program/course:

Instructional Design

Marketing of Program

Learning Objects

- ADA
- Multimedia (streaming video, audio, etc.)
- Student Services Library Resources, databases, etc.
- Training
- Content Development
- Consultant Services
- Pedagogy of Course Design
- Pedagogy of Teaching Online
- Course Management Training
- Other (explain)

SECTION VII: THEC Financial Projection Form

Provide evidence of non-state funds (gifts, grants, awards) already made available to meet start-up costs.

In support of the continuous improvement of the current automotive-related programs, Northeast State has been awarded two grants. The primary focus of these grants is to develop and implement electrical vehicle training within the automotive programs. The grants are as follows:

- Integrating Electric Vehicle Technology into Legacy Automotive Programs (National Science Foundation) - \$349,340
- National Electric Vehicle Consortium (an NSF funded entity) - \$143,877

If reallocation is used, provide a rationale and source for reallocation of budgeted funds. Cite THEC annual degree productivity data where funds may be redirected from closed/ low producing programs.

There is no planned reallocation of funds for the proposed program.

Include estimated cost of external training and/or out-of-state consultants not available through the TBR.

As Northeast State Community College's commitment to continuous improvement, the automotive-related faculty participate in industry lead training and professional development. This training is then applied to the process of continual curriculum enhancement.

For course development that will exceed \$9,500, please provide projected costs by line item and the source(s) of revenue to support these costs.

The proposed program will not require the development of new courses.

For converting to online delivery, provide projected costs by line item and the source(s) of revenue to support these costs. Existing online general education courses may be utilized; however, this program is projected to be offered in a primarily on ground format.

The converting of on-ground courses to online delivery does not apply to the proposed program.

In what year is tuition and fee revenue expected to be generated and explain any differential fees. Tuition and fees include maintenance fees, out-of-state tuition, and any applicable earmarked fees for the program.

Students are currently enrolled in the AAS Industrial Technology: Automotive Service, Automotive Body/Collision Repair, and Motor Sports. As the proposed program is a realignment of those three concentrations in the AAS Automotive Technology, revenue is not expected to vary from historical trends.

Please identify the source(s) of the institutional reallocations, and grant matching requirements if applicable.

No institutional reallocations apply to the proposed program.

Please provide the source(s) of the Federal Grant including the granting department and CFDA(Catalog of Federal Domestic Assistance) number.

This is not applicable to the proposed program.

Please provide the name of the organization(s) or individual(s) providing grant(s) or gift(s).

This is not applicable to the proposed program.

Please provide information regarding other sources of the funding.

This is not applicable to the proposed program.

BOARD TRANSMITTAL

MEETING: Committee on Academic Policies/Programs, Student Life

SUBJECT: Proposed Program Terminations, Modifications, and
New Technical Program Implementations for TCATs

DATE: June 15, 2023

PRESENTER: Vice Chancellor Jothany Reed

PRESENTATION
REQUIREMENTS: 10 minutes with discussion

ACTION REQUIRED: Voice Vote

STAFF
RECOMMENDATION: Recommend Approval

Program Proposals requiring Board approval from TCAT Committee:

Thirty-five (35) program proposals are being presented for the Committee's review and approval. These proposals will allow the Technical Colleges to be more responsive to the needs of students, businesses, and industries. Please see corresponding implementation proposals for each program following the list below. The proposals are:

1. Implementation of the Criminal Justice: Correctional Officer program at TCAT Athens main campus.
2. Implementation of the Electric Vehicle Production Technology program at TCAT Crump- Henderson Instructional Service Center (2B).
3. Implementation of the Retail, Hospitality, & Tourism Technology dual enrollment program at TCAT Crump- Chester County High School (2F).
4. Duplicate the existing Truck Driving program and add an evening/weekend section at the TCAT Crump- Parsons Extension Campus (2P).
5. Implementation of the Aesthetics Technology program at TCAT Dickson main campus.
6. Implementation of the Cosmetology Instructor Training program at TCAT Dickson main campus.
7. Implementation of the Cosmetology Instructor Training program at TCAT Dickson- Clarksville Extension Campus (AA).

8. Implementation of the Heating, Air Conditioning, and Refrigeration program at TCAT Dickson main campus.
9. Implementation of the Heating, Air Conditioning, and Refrigeration program at TCAT Dickson-Clarksville Extension Campus (AA).
10. Implementation of the Patient Care Technology/Medical Assisting program at TCAT Dickson main campus.
11. Implementation of the Patient Care Technology/Medical Assisting program at TCAT Dickson-Clarksville Extension Campus (AA).
12. Implementation of the Electrical & Plumbing Construction Technology program at TCAT Hartsville- Wilson County Campus (ZM).
13. Relocate the existing Building Construction Technology program from the TCAT Hohenwald- Columbia Central HS to Lewis County High School (pending THEC site code approval).
14. Replicate the existing Building Construction Technology program at the TCAT Hohenwald main campus.
15. Replicate the existing Forestry and Ag Technology program at the TCAT Hohenwald-Wayne County Schools Extended Learning Facility (pending THEC site code approval).
16. Replicate the existing Practical Nursing program at the TCAT Hohenwald- Wayne Medical Instructional Service Center (2F).
17. Replicate the existing Truck Driving program at the TCAT Hohenwald- Wayne County Schools Extended Learning Facility. (pending THEC site code approval).
18. Replicate the existing Truck Driving program at the TCAT Hohenwald- Lawrence County Instructional Service Center (2C).
19. Duplicate the existing Automotive Technology program and add an additional day section at TCAT Knoxville main campus.
20. Duplicate the existing Computer Information Technology program and add an additional day section at TCAT Knoxville main campus.
21. Duplicate the existing Cosmetology program and add an additional day section at TCAT Knoxville main campus.
22. Duplicate the existing Heating, Ventilation, Air Conditioning, and Refrigeration program and add an additional day section at TCAT Knoxville main campus.
23. Implementation of the Computer Information Technology program at TCAT Livingston main campus.
24. Relocate the existing Heating, Ventilation, Air Conditioning, and Refrigeration program from TCAT Livingston- Jackson Instructional Service Center (2D) to main campus.
25. Duplicate the existing Practical Nursing program and add an evening section at the TCAT Livingston main campus.
26. Implementation of the Residential/Commercial/Industrial Electricity program at TCAT McMinnville main campus.
27. Duplicate the existing Criminal Justice: Correctional Officer program and add an evening section at TCAT McMinnville- Coffee County Instructional Service Center (2J).
28. Implementation of the Pre-Practical Nursing dual enrollment program at TCAT Memphis- Collierville High School (2D).
29. Duplicate the existing Automotive Technology program and add an evening section at TCAT Memphis main campus.

30. Duplicate the existing Heating, Ventilation, Air Conditioning, and Refrigeration program and add an evening section at TCAT Memphis- Bartlett Extension Campus (2S).
31. Duplicate the existing Welding Technology program and add an evening section at TCAT Memphis main campus.
32. Duplicate the existing Welding Technology program and add an evening section at TCAT Memphis- Bartlett Extension Campus (2S).
33. Implementation of the Electric Vehicle Production Technology program at the TCAT- Memphis main campus.
34. Implementation of the Electric Vehicle Production Technology program TCAT Memphis- Bartlett Extension Campus (2S).
35. Implementation of the Residential/Commercial/Industrial Electricity program at TCAT Nashville main campus.

Academic Actions for June 2023 Requiring Only Notification to Vice Chancellor

Sixty-eight (68) academic actions were submitted by a TCAT institution to the Vice Chancellor for approval based on section C of the TBR Policy: 2:01:02:00, requiring only notification to the Vice Chancellor. Appropriate documentation to support the need was provided. The proposals are as follows:

College	Summary of Proposal	New Costs/Funding Source	Approval/Implementation Date
TCAT Athens	TCAT Athens proposes to modify the Automotive Technology program to align with the statewide approved curriculum for TCAT institutions. Thereby reducing the total clock hours from 2592 to 1728.	None	Fall 2023
TCAT Athens	TCAT Athens proposes to modify the Administrative Office Technology program curriculum to align with the statewide approved curriculum altered in the March 2023 curriculum committee meeting.	None	Fall 2023
TCAT Crossville	TCAT Crossville proposes to modify the Automotive Technology program to align with the statewide approved curriculum for TCAT institutions. Thereby reducing the total clock hours from 2592 to 1728.	None	Fall 2023
TCAT Crump	TCAT Crump proposes to terminate the Emergency Medical Technology program and will adopt the Accelerated EMT program to align with advisory board recommendations based on industry need. This would reduce the program to 300 clock hours from 432 clock hours.	None	Fall 2023
TCAT Crump	TCAT Crump proposes to modify the Administrative Office Technology program	None	Fall 2023

	curriculum to align with the statewide approved curriculum altered in the March 2023 curriculum committee meeting.		
TCAT Crump	TCAT Crump proposes to terminate the Information Technology and Infrastructure Management program due to the overlap of this program's curriculum and the Computer Information Technology curriculum.	None	Fall 2023
TCAT Dickson	TCAT Dickson proposes to add an exit point after the first trimester of the Pharmacy Technology program. This would result in the Pharmacy Assistant certificate after successful completion of the first 432 hours of the program.	None	Fall 2023
TCAT Dickson	TCAT Dickson proposes to reduce the length of the Dental Assisting program to become more responsive to industry workforce needs. The program would be reduced from 1296 clock hours to 864 clock hours.	None	Fall 2023
TCAT Dickson	TCAT Dickson proposes to modify the Automotive Technology program to align with the statewide approved curriculum for TCAT institutions. Thereby reducing the total clock hours from 2160 to 1512.	None	Fall 2023
TCAT Dickson	TCAT Dickson proposes to change the name of the Mechatronics program to Mechatronics Multicraft Tech to represent the program more adequately to students and industry.	None	Fall 2023
TCAT Dickson	TCAT Dickson proposed to terminate the Heating, Ventilation, Air Conditioning,	None	Summer 2023

	and Refrigeration program at the main campus.		
TCAT Dickson	TCAT Dickson proposed to terminate the Heating, Ventilation, Air Conditioning, and Refrigeration program at the Clarksville Extension Campus (AA).	None	Summer 2023
TCAT Elizabethton	TCAT Elizabethton proposes to modify the Automotive Technology program to align with the statewide approved curriculum for TCAT institutions. Thereby reducing the total clock hours from 2592 to 1728.	None	Fall 2023
TCAT Harriman	TCAT Harriman proposes to modify the Automotive Technology program to align with the statewide approved curriculum for TCAT institutions. Thereby reducing the total clock hours from 2160 to 1296.	None	Fall 2023
TCAT Hartsville	TCAT Hartsville proposes to modify the Automotive Technology program to align with the statewide approved curriculum for TCAT institutions. Thereby reducing the total clock hours from 2592 to 1728.	None	Fall 2023
TCAT Hartsville	TCAT Hartsville proposes to modify the Administrative Office Technology program curriculum and added the Financial Services Diploma to align with the statewide approved curriculum altered in the March 2023 curriculum committee meeting.	None	Summer 2023
TCAT Hartsville	TCAT Hartsville proposes to modify the current Patient Care Technology/Medical Assisting program to align with the approved statewide curriculum.	None	Fall 2023

	Thereby increasing the total clock hours from 864 to 1296.		
TCAT Hohenwald	TCAT Hohenwald proposes to modify the Automotive Technology program to align with the statewide approved curriculum for TCAT institutions. Thereby reducing the total clock hours from 2592 to 1728.	None	Fall 2023
TCAT Hohenwald	TCAT Hohenwald proposes to modify the Administrative Office Technology program curriculum to align with the statewide approved curriculum altered in the March 2023 curriculum committee meeting.	None	Fall 2023
TCAT Hohenwald	TCAT Hohenwald proposes to change the name of the Telecommunications Technology program to Telecommunications to represent the program more adequately to students and industry.	None	Fall 2023
TCAT Jacksboro	TCAT Jacksboro proposes to modify the Automotive Technology program to align with the statewide approved curriculum for TCAT institutions. Thereby reducing the total clock hours from 2160 to 1296.	None	Fall 2023
TCAT Jacksboro	TCAT Jacksboro proposes to modify the Administrative Office Technology program curriculum to align with the statewide approved curriculum altered in the March 2023 curriculum committee meeting.	None	Fall 2023
TCAT Jacksboro	TCAT Jacksboro proposes to add an exit point after the first trimester of the Pharmacy Technology program. This would result in the Pharmacy Assistant certificate after	None	Fall 2023

	successful completion of the first 432 hours of the program.		
TCAT Jackson	TCAT Jackson proposes to modify the Automotive Technology program to align with the statewide approved curriculum for TCAT institutions. Thereby reducing the total clock hours from 2592 to 1728.	None	Fall 2023
TCAT Jackson	TCAT Jackson proposes to modify the Administrative Office Technology program curriculum to align with the statewide approved curriculum altered in the March 2023 curriculum committee meeting.	None	Fall 2023
TCAT Jackson	TCAT Jackson proposes terminating the Industrial Maintenance Integrated Automation Apprenticeship program on the main campus due to low interest/enrollment.	None	Fall 2023
TCAT Jackson	TCAT Jackson proposes terminating the Health Information Management Technology program. Job placement rate is below the minimum of 70% in jobs trained for or in related jobs for the last three years.	None	Fall 2023
TCAT Knoxville	TCAT Knoxville proposes to modify the Automotive Technology program to align with the statewide approved curriculum for TCAT institutions. Thereby reducing the total clock hours from 2160 to 1728.	None	Fall 2023
TCAT Knoxville	TCAT Knoxville proposes to modify the Administrative Office Technology program and add the Admin/Marketing Diploma curriculum to align with the statewide approved curriculum altered in the March	None	Fall 2023

	2023 curriculum committee meeting.		
TCAT Livingston	TCAT Livingston proposes to modify the Automotive Technology program to align with the statewide approved curriculum for TCAT institutions. Thereby reducing the total clock hours from 2592 to 1728.	None	Fall 2023
TCAT Livingston	TCAT Livingston proposes to modify the Administrative Office Technology program and add the Financial Services Diploma curriculum to align with the statewide approved curriculum altered in the March 2023 curriculum committee meeting.	None	Fall 2023
TCAT Livingston	TCAT Livingston proposes to add an exit point after the first trimester of the Pharmacy Technology program. This would result in the Pharmacy Assistant certificate after successful completion of the first 432 hours of the program.	None	Fall 2023
TCAT Livingston	TCAT Livingston proposes to terminate the Power Line Construction and Maintenance program offered at the Jackson Co. Instructional Service Center (2D) due to lack of an instructor and low enrollment.	None	Fall 2023
TCAT Livingston	TCAT Livingston proposes to terminate the Patient Care Technology/Medical Assisting program offered at the Cookeville Higher Education Center (2F) due to low enrollment.	None	Fall 2023
TCAT Livingston	TCAT Livingston proposes to terminate the Emergency Medical Technology program offered at the Jackson Co. Instructional Service Center (2F)	None	Fall 2023

	and the main campus due to low enrollment.		
TCAT Livingston	TCAT Livingston proposes to terminate the Manicuring program due to low enrollment.	None	Fall 2023
TCAT Livingston	TCAT Livingston proposes to terminate the Transportation, Distribution and Logistics program due to low enrollment.	None	Fall 2023
TCAT Livingston	TCAT Livingston proposes to terminate the Information Technology program due to low enrollment. The college plans to implement the Computer Information Technology program to better align with industry needs.	None	Fall 2023
TCAT Livingston	TCAT Livingston proposes to teach out and terminate the Accounting Diploma section of the Administrative Office Technology program.	None	Fall 2023
TCAT McMinnville	TCAT McMinnville proposes to terminate the Computer Aided Design Technology program due to no enrollment.	None	Fall 2023
TCAT McMinnville	TCAT McMinnville proposes to terminate the Barbering program due to no enrollment.	None	Fall 2023
TCAT McMinnville	TCAT McMinnville proposes to modify the Automotive Technology program to align with the statewide approved curriculum for TCAT institutions. Thereby reducing the total clock hours from 2160 to 1728.	None	Fall 2023
TCAT Memphis	TCAT Memphis proposes to modify the Administrative Office Technology program curriculum to align with the statewide approved curriculum altered in the March 2023 curriculum committee meeting.	None	Fall 2023
TCAT Memphis	TCAT Memphis proposes to modify the Automotive	None	Fall 2023

	Technology program to align with the statewide approved curriculum for TCAT institutions. Thereby reducing the total clock hours from 2160 to 1728.		
TCAT Memphis	TCAT Memphis proposes to modify the Aviation Maintenance Technology program curriculum and add a first trimester certificate to align credentials with approved statewide curriculum following the March 2023 curriculum committee meeting.	None	Fall 2023
TCAT Memphis	TCAT Memphis proposes to reduce the length of the Dental Laboratory Technology program from 1728 to 1296 clock hours to better align with industry workforce needs.	None	Fall 2023
TCAT Memphis	TCAT Memphis proposes to modify the Information Technology and Infrastructure Management program to align with the statewide approved curriculum. Thereby reducing the total clock hours from 2160 to 1296.	None	Fall 2023
TCAT Memphis	TCAT Memphis proposes to add an exit point after the first trimester of the Pharmacy Technology program. This would result in the Pharmacy Assistant certificate after successful completion of the first 432 hours of the program.	None	Fall 2023
TCAT Morristown	TCAT Morristown proposes to modify the Automotive Technology program to align with the statewide approved curriculum for TCAT institutions. Thereby reducing the total clock hours from 2160 to 1728.	None	Fall 2023

TCAT Morristown	TCAT Morristown proposes to modify the Aviation Maintenance Technology program curriculum and add a first trimester certificate to align credentials with approved statewide curriculum following the March 2023 curriculum committee meeting.	None	Fall 2023
TCAT Nashville	TCAT Nashville proposes to modify the Automotive Technology program to align with the statewide approved curriculum for TCAT institutions. Thereby reducing the total clock hours from 2592 to 1728.	None	Fall 2023
TCAT Nashville	TCAT Nashville proposes to reduce the length of the Industrial Maintenance/Mechatronics program to become more responsive to industry workforce needs. The program would be reduced from 2160 clock hours to 1728 clock hours	None	Fall 2023
TCAT Nashville	TCAT Nashville proposes to reduce the length of the Dental Laboratory Technology program from 1728 to 1296 clock hours to better align with industry workforce needs.	None	Fall 2023
TCAT Nashville	TCAT Nashville proposes to modify the Aviation Maintenance Technology program curriculum to align credentials with approved statewide curriculum following the March 2023 curriculum committee meeting.	None	Fall 2023
TCAT Nashville	TCAT Nashville proposes to reduce the length of the Dental Assisting program to become more responsive to industry workforce needs. The program	None	Fall 2023

	would be reduced from 1296 clock hours to 864 clock hours.		
TCAT Northwest	TCAT Northwest proposes to modify the Automotive Technology program to align with the statewide approved curriculum for TCAT institutions. Thereby reducing the total clock hours from 2160 to 1728.	None	Fall 2023
TCAT Northwest	TCAT Northwest proposes to modify the Administrative Office Technology program curriculum to align with the statewide approved curriculum altered in the March 2023 curriculum committee meeting.	None	Fall 2023
TCAT Northwest	TCAT Northwest proposes to add an exit point after the first trimester of the Pharmacy Technology program. This would result in the Pharmacy Assistant certificate after successful completion of the first 432 hours of the program.	None	Fall 2023
TCAT Northwest	TCAT Northwest proposes to reduce the length of the Hybrid Electric Vehicle program from 1728 to 1296 clock hours to reflect industry workforce needs.	None	Fall 2023
TCAT Northwest	TCAT Northwest proposes to add Advanced Precision Agriculture as an additional elective diploma option to the Farming Operations Technology program at the Covington and Bells campuses.	None	Fall 2023
TCAT Northwest	TCAT Northwest proposes to reduce the length of the Dental Assisting program to become more responsive to industry workforce needs. The program would be reduced from 1296 clock hours to 864 clock hours.	None	Fall 2023
TCAT Oneida	TCAT Oneida proposes to modify the Automotive	None	Fall 2023

	Technology program to align with the statewide approved curriculum for TCAT institutions. Thereby reducing the total clock hours from 2160 to 1728.		
TCAT Oneida	TCAT Oneida proposes to add an exit point after the first trimester of the Pharmacy Technology program. This would result in the Pharmacy Assistant certificate after successful completion of the first 432 hours of the program.	None	Fall 2023
TCAT Pulaski	TCAT Pulaski proposes to modify the Administrative Office Technology program curriculum to align with the statewide approved curriculum altered in the March 2023 curriculum committee meeting.	None	Fall 2023
TCAT Ripley	TCAT Ripley proposes to close the Ripley High School Extension (2G) campus and inactivate the Welding Technology program offered there due to low enrollment and interest.	None	Summer 2023
TCAT Shelbyville	TCAT Shelbyville proposes to modify the Automotive Technology program to align with the statewide approved curriculum for TCAT institutions. Thereby reducing the total clock hours from 2160 to 1728.	None	Fall 2023

Board Interim Actions:

On May 22, Tennessee Board of Regents approved the following programs through interim action:

1. Implementation of an Electric Vehicle Production Technology dual enrollment certificate program at TCAT Jackson main campus. The program length is 864 clock hours and the CIP code is 09.15.0613.03.
2. Implementation of an Electric Vehicle Production Technology dual enrollment certificate program at TCAT Jackson- Bolivar Central High School (2G) campus. The program length is 864 clock hours and the CIP code is 09.15.0613.03.
3. Implementation of an Electric Vehicle Production Technology dual enrollment certificate program at TCAT Jackson- Haywood High School (2B) campus. The program length is 864 clock hours and the CIP code is 09.15.0613.03.
4. Implementation of an Electric Vehicle Production Technology certificate program at TCAT Northwest main campus. The program length is 864 clock hours and the CIP code is 09.15.0613.03.

PROGRAM IMPLEMENTATION PROPOSAL – 1

INSTITUTION: Tennessee College of Applied Technology
Athens

PROPOSED PROGRAM TITLE: Criminal Justice: Correctional Officer

PROPOSAL: Tennessee College of Applied Technology Athens proposes to implement the main campus. The program is 864 clock hours and awards a Master Correctional Officer certificate.

PROGRAM ACCREDITOR:

EFFECTIVE DATE: Fall 2023

OBJECTIVE: The Criminal Justice curriculum contains a broad range of courses design to equip jailers and guards with the knowledge and understanding of inmate processing, maintaining order in the jail and invoking disciplinary measures when necessary. In addition, a jailer may also perform cell searches for drugs and other contraband, inspect the facility for cleanliness and stand guard during exercise periods. This training program, which may be completed over two trimesters, provides jailers and guards with knowledge of emergency procedures, mental health and first aid, defensive tactics and use of force, ethics and legal issues, investigations, and personal development, among other items.

NEED: The Criminal Justice: Correctional Officer program responds to the Governor's investment in "Tennessee Law Enforcement Hiring, Training, and Recruitment Program – Correctional Officer Training."

PROJECTED ENROLLMENT:	YEAR	ENROLLMENT	COMPLETERS
	1	20	18
	2	20	18
	3	20	18

PROJECTED COSTS:	YEAR	COST
	1	\$30,000
	2	\$20,000
	3	\$10,000

NEW FACULTY NEEDED:	YEAR	NUMBER	COST
	1	1	\$77,000
	2	0	\$77,000
	3	0	\$77,000

FISCAL RESOURCES: State of Tennessee funding for correctional officer training.

FACILITIES: The program will be offered in an existing space on the TCAT Athens main campus.

ACTION REQUIRED: Staff recommends approval.

PROGRAM IMPLEMENTATION PROPOSAL – 2

INSTITUTION: Tennessee College of Applied Technology
Crump

PROPOSED PROGRAM TITLE: Electric Vehicle Production Technology

PROPOSAL: Tennessee College of Applied Technology Crump proposes to implement an Electric Vehicle Production Technology program at the Henderson Instructional Service Center (2B). The program is 864 clock hours and awards an Electric Vehicle Production Technician certificate.

PROGRAM ACCREDITOR:

EFFECTIVE DATE: Fall 2023

OBJECTIVE: The objectives of the Electric Vehicle Production Technology program are:

Expand students' opportunities to earn technical college credit and industry recognized stackable credentials within their current school setting.

Equip students with a valuable set of skills that will allow them to earn a living wage immediately after high school graduation.

Expand economic development activity by increasing the number of residents with technical college certificates and industry credentials.

NEED: According to the Bureau of Labor Statistics (2023), the market for electric vehicles (EVs) has grown rapidly in recent years and is expected to continue to grow at a fast pace over the coming decade. Electric car sales in the United States increased from a mere 0.2 percent of total car sales in 2011 to 4.6 percent in 2021. S&P Global Mobility forecasts electric vehicle sales in the United States could reach 40 percent of total passenger car sales by 2030, and more optimistic projections foresee electric vehicle sales surpassing 50 percent by 2030.

The Tennessee College of Applied Technology Crump plans to implement programs that support Blue Oval City, a \$5.6 billion project that is designed to produce electric trucks and electric vehicle batteries at a 4,100-acre site in West Tennessee. The project is expected to create about 5,800 jobs. Blue Oval City is a key part of Ford's plan to scale EV production and make them more accessible to customers. Ford is targeting a production run rate of 2 million EVs annually across the globe by late 2026.

To support Ford Motor Company's Level 1 / 2 Production Associate needs by the May 2024 hiring target date TCAT Crump is implementing this program as a Dual Enrollment and Adult program.

PROJECTED ENROLLMENT:

YEAR	ENROLLMENT	COMPLETERS
1	20	15
2	20	15
3	20	15

PROJECTED COSTS:

YEAR	COST
1	\$100,00
2	\$10,000
3	\$10,000

NEW FACULTY NEEDED:

YEAR	NUMBER	COST
1	1	\$77,500
2	0	\$77,500
3	0	\$77,500

FISCAL RESOURCES:

TCAT Crump will partner with Chester County Schools to purchase equipment and to pay costs for salary and benefits.

FACILITIES:

TCAT Crump will partner with Chester County Schools utilize existing space at the Henderson County Instructional Service center.

ACTION REQUIRED:

Staff recommends approval.

PROGRAM IMPLEMENTATION PROPOSAL – 3

INSTITUTION:	Tennessee College of Applied Technology Crump
PROPOSED PROGRAM TITLE:	Retail, Hospitality and Tourism Technology
PROPOSAL:	The Tennessee College of Applied Technology Crump proposes to implement the Retail, Hospitality and Tourism Technology dual enrollment program at Chester County High School (2F). The program is 1296 clock hours and awards a Retail, Hospitality & Tourism Professional diploma.
PROGRAM ACCREDITOR:	
EFFECTIVE DATE:	Fall 2023
OBJECTIVE:	<p>At the completion of the diploma in Retail, Hospitality and Tourism Technology, graduates will be able to:</p> <ul style="list-style-type: none">• Perform operations associated with sales in a variety of settings• Apply the concepts and skills necessary to achieve customer/guest satisfaction• Maintain security and safety procedures• Practice effective marketing, sales, and business promotion techniques• Demonstrate the ability to use the computer and information services for business-related activities• Conduct oneself in a professional and ethical manner, and practice industry-defined work ethics• Demonstrate ability to perform basic and supervisory level job functions in retail, hospitality and tourism careers
NEED:	Tourism is a top driver of economic growth and job creation across the state of Tennessee and in Southwest Tennessee / Chester County. The leisure and hospitality industry is essential to the economy of Chester County resulting in \$7.6 million dollars in direct spending, \$14.1 million dollars in total business sales, and employment of 103 workers. In addition, according to the U.S. Census Bureau Quickfacts, Chester County had total retail sales in

2017 of \$130,370,000. This program will provide a trained and skilled workforce to support the growth in Retail, Hospitality and Tourism in Chester County.

PROJECTED ENROLLMENT:	YEAR	ENROLLMENT	COMPLETERS
	1	30	0
	2	30	10
	3	30	20

PROJECTED COSTS:	YEAR	COST
	1	\$5,000
	2	\$5,000
	3	\$5,000

NEW FACULTY NEEDED:	YEAR	NUMBER	COST
	1	1	\$1,500
	2	0	\$1,500
	3	0	\$1,500

FISCAL RESOURCES: The college will utilize funds from the dual enrollment grant to cover costs of the program.

FACILITIES: Current facilities at the high school provides adequate space for the program. Additionally, an existing high school CTE teacher will be assigned to teach the course.

ACTION REQUIRED: Staff recommends approval.

PROGRAM IMPLEMENTATION PROPOSAL – 4

INSTITUTION: Tennessee College of Applied Technology
Crump

PROPOSED PROGRAM TITLE: Truck Driving

PROPOSAL: Tennessee College of Applied Technology
Elizabethton proposes to duplicate the Truck
Driving program by adding an evening / weekend
program at the Parsons Extension Campus (2P).
The program is 222 clock hours and awards a Truck
Driving certificate.

PROGRAM ACCREDITOR: Tennessee Department of Safety & Homeland
Security: CDL Division

EFFECTIVE DATE: Fall 2023

OBJECTIVE: This program is designed to provide the classroom
work/activities, yard driving, and road experiences
necessary to develop the skills necessary for initial
employment in the commercial trucking industry.
Students learn to drive defensively and to abide by
all local, state, and federal regulations. The
information presented prepares the student to pass
the written and skills portion of the commercial
driver’s license (CDL) examination.

NEED: Governor Bill Lee implemented Operation Open
Road through Executive Order 93. This order
sought to expand the types of CDL applicants and
licensees participating in training programs. The
program was a response to supply chain issues that
were affecting the economy. In addition, Governor
Lee provided funding in the FY 2023 budget to
expand truck driving training at TCAT Crump.

PROJECTED ENROLLMENT:	YEAR	ENROLLMENT	COMPLETERS
	1	14	10
	2	14	10
	3	14	10

PROJECTED COSTS:	YEAR	COST
	1	\$1,003,500

2	\$45,400
3	\$45,400

NEW FACULTY NEEDED:

YEAR	NUMBER	COST
1	1.5	\$118,622
2	0	\$118,622
3	0	\$118,622

FISCAL RESOURCES:

Funding for the expansion of the Truck Driving program is provided through Governor Bill Lee's CDL appropriation. \$1,003,500 in non-recurring funds and \$164,022 in recurring funds for personnel and operating costs.

FACILITIES:

Current facilities provide adequate space.

ACTION REQUIRED:

Staff recommends approval.

PROGRAM IMPLEMENTATION PROPOSAL – 5

INSTITUTION: Tennessee College of Applied Technology
Dickson

PROPOSED PROGRAM TITLE: Aesthetics Technology

PROPOSAL: Tennessee College of Applied Technology Dickson proposes to implement an Aesthetics Technology program at the main campus. The program is 864 clock hours and awards a Aesthetician certificate.

PROGRAM ACCREDITOR: Tennessee Board of Cosmetology and Barbering

EFFECTIVE DATE: Spring 2024

OBJECTIVE: The Aesthetics Technology program specializes in the study of skin care and offers instruction in keeping skin healthy, attractive, and well maintained. Students will complete a basic Aesthetics curriculum while demonstrating competence in theory and practical skills. Students are required to complete supervised laboratory aesthetic procedures on live clients. Graduates will obtain a diploma and a license by the Tennessee State Board of Cosmetology upon successful completion of a written and practical examination.

NEED: An occupational survey by Workforce Essentials of the seven counties in TCAT Dickson's service area shows 222 jobs in 2023 for skin specialists with 33 annual openings. Adding this program to the existing Cosmetology program will assist with meeting the workforce needs of the community.

PROJECTED ENROLLMENT:	YEAR	ENROLLMENT	COMPLETERS
	1	10	8
	2	10	9
	3	10	9

PROJECTED COSTS:	YEAR	COST
	1	\$5,000
	2	\$5,000
	3	\$5,000

NEW FACULTY NEEDED:

No few faculty needed.

FISCAL RESOURCES:

Institutional funds will be utilized for program fiscal resources.

FACILITIES:

Current facilities provide adequate space. Consumables will be included in the regular annual budget. The current cosmetology instructor will also teach the Aesthetics program.

ACTION REQUIRED:

Staff recommends approval.

PROGRAM IMPLEMENTATION PROPOSAL – 6

INSTITUTION: Tennessee College of Applied Technology
Dickson

PROPOSED PROGRAM TITLE: Cosmetology Instructor Training

PROPOSAL: Tennessee College of Applied Technology Dickson proposes to implement a Cosmetology Instructor Training program at the main campus. The program is 300 clock hours and awards a Cosmetology Instructor certificate.

PROGRAM ACCREDITOR: Tennessee Board of Cosmetology and Barbering

EFFECTIVE DATE: Spring 2024

OBJECTIVE: The primary purpose of the instructor course is to train the student in basic teaching skills, educational judgments, proper work habits, and desirable attitudes necessary to pass the state board examination and for competency in job entry level positions as an instructor or related career avenue.

NEED: The occupational data for TCAT Dickson's service area shows there to be a need of 1,093 cosmetologists in 2023, with an anticipated 159 openings annually. In order to adequately prepare cosmetologists for the workplace, licensed instructors are needed. Additionally, no Cosmetology Instructor Training programs exist in the area.

PROJECTED ENROLLMENT:

YEAR	ENROLLMENT	COMPLETERS
1	6	5
2	6	5
3	6	5

PROJECTED COSTS: No new costs.

NEW FACULTY NEEDED: No new faculty needed.

FISCAL RESOURCES:

Institutional funds will be utilized for the program's fiscal resources.

FACILITIES:

Current facilities provide adequate space. Consumables will be included in the regular annual budget. The current Cosmetology instructor will also teach this program.

ACTION REQUIRED:

Staff recommends approval.

PROGRAM IMPLEMENTATION PROPOSAL – 7

INSTITUTION: Tennessee College of Applied Technology
Dickson

PROPOSED PROGRAM TITLE: Cosmetology Instructor Training

PROPOSAL: Tennessee College of Applied Technology Dickson proposes to implement a Cosmetology Instructor Training program at the Clarksville Extension campus (AA). The program is 300 clock hours and awards a Cosmetology Instructor certificate.

PROGRAM ACCREDITOR: Tennessee Board of Cosmetology and Barbering

EFFECTIVE DATE: Spring 2024

OBJECTIVE: The primary purpose of the instructor course is to train the student in basic teaching skills, educational judgments, proper work habits, and desirable attitudes necessary to pass the state board examination and for competency in job entry level positions as an instructor or related career avenue.

NEED: The occupational data for TCAT Dickson's service area shows there to be a need of 1,093 cosmetologists in 2023, with an anticipated 159 openings annually. In order to adequately prepare cosmetologists for the workplace, licensed instructors are needed. Additionally, no Cosmetology Instructor Training programs exist in the area.

ACTION REQUIRED:

Staff recommends approval.

PROGRAM IMPLEMENTATION PROPOSAL – 8

INSTITUTION: Tennessee College of Applied Technology
Dickson

PROPOSED PROGRAM TITLE: Heating, Air Conditioning, and Refrigeration

PROPOSAL: Tennessee College of Applied Technology Dickson proposes to implement a Heating, Air Conditioning, and Refrigeration program at the main campus. The program is 1296 clock hours and awards a HVAC Technical Studies diploma.

PROGRAM ACCREDITOR: HVAC Excellence

EFFECTIVE DATE: Summer 2023

OBJECTIVE: The change to the Heating, Air Conditioning & Refrigeration program will reduce the course length to 1296. This will allow students to complete the course and enter the workforce in a more timely manner. It will also assist with reducing the waitlist for the program. The Heating, Air Conditioning & Refrigeration curriculum better meets the needs of the local workforce.

NEED: Employment of heating, air conditioning, and refrigeration mechanics and installers is projected to grow 5 percent from 2021 to 2031, about as fast as the average for all occupations.

PROJECTED ENROLLMENT:

YEAR	ENROLLMENT	COMPLETERS
1	50	40
2	50	40
3	50	40

PROJECTED COSTS: No new costs.

NEW FACULTY NEEDED: No new faculty needed.

FISCAL RESOURCES:

Institutional funds will be utilized for the program's fiscal resources.

FACILITIES:

TCAT Dickson will utilize existing classroom/lab space.

ACTION REQUIRED:

Staff recommends approval.

PROGRAM IMPLEMENTATION PROPOSAL – 9

INSTITUTION: Tennessee College of Applied Technology
Dickson

PROGRAM IMPLEMENTATION PROPOSAL – 10

INSTITUTION: Tennessee College of Applied Technology
Dickson

PROPOSED PROGRAM TITLE: Patient Care Technology/Medical Assisting

PROPOSAL: Tennessee College of Applied Technology Dickson proposes to implement a Patient Care Technology/Medical Assisting program at the main campus. The program is 1296 clock hours and awards a Medical Assisting diploma.

PROGRAM ACCREDITOR:

EFFECTIVE DATE: Spring 2024

OBJECTIVE: The Patient Care Technology/Medical Assisting program is designed to provide the student with a thorough understanding of basic nursing care, including providing direct bedside care to patients in a variety of settings. The PCT/MA is a multi-disciplinary technical assistive healthcare personnel. PCT's/MA's are educated to provide basic nursing care under the supervision or direction of a Physician, Advanced Practice Nurse, Registered Nurse, or Licensed Practical Nurse. The education shall be in an organized program with planned learning experiences in a logical sequence, including both theory and clinical.

NEED: An occupational report provided by Workforce Essentials shows that there are 322 annual openings for Medical Assistants and another 287 annual openings for Nursing Assistants in TCAT Dickson's service area. The proposed program will assist with meeting the healthcare needs of the local region.

PROGRAM IMPLEMENTATION PROPOSAL – 12

INSTITUTION: Tennessee College of Applied Technology
Hartsville

PROPOSED PROGRAM TITLE: Electrical & Plumbing Construction Technology

PROPOSAL: Tennessee College of Applied Technology
Hartsville proposes to implement an Electrical &
Plumbing Construction Technology program at the
Wilson County campus (ZM). The program is 1296
clock hours and awards a Residential and
Commercial Electrician and Plumbing diploma.

PROGRAM ACCREDITOR:

EFFECTIVE DATE: Spring 2024

OBJECTIVE: The Electrical and Plumbing Construction
Technology program is to prepare students for a
career as an electrician and/or plumber in the fast-
growing construction industry. Training includes
both classroom (theory) and hands-on lab
assignments designed to allow students to
demonstrate the mastery of the core skills required
for employment in the electrical and plumbing
field.

NEED: The demand for workers in this industry are
increasing within the college's service area. Three
area companies have requested the implementation
of this program to meet workforce needs.

PROJECTED ENROLLMENT:	YEAR	ENROLLMENT	COMPLETERS

PROGRAM IMPLEMENTATION PROPOSAL – 17

INSTITUTION: Tennessee College of Applied Technology
Hohenwald

PROPOSED PROGRAM TITLE: Truck Driving

PROPOSAL: Tennessee College of Applied Technology
Hohenwald proposes to replicate the Truck Driving
program at the Wayne County Schools Extended
Learning Facility (pending THEC site code
approval). The program is 222 hours and awards a
Truck Driving certificate.

PROGRAM ACCREDITOR: Tennessee Department of Safety & Homeland
Security: CDL Division

EFFECTIVE DATE: Fall 2023

OBJECTIVE: This program is designed to provide the classroom
work/activities, yard driving, and road experiences
necessary to develop the skills necessary for initial
employment in the commercial trucking industry.
Students learn to drive defensively and to abide by
all local, state, and federal regulations. The
information presented prepares the student to pass
the written and skills portion of the commercial
driver's license (CDL) examination.

NEED: According to the Bureau of Labor Statistics,
employment of heavy and tractor-trailer truck
drivers is projected to grow 4 percent from 2021 to
2031, about as fast as the average for all
occupations.

About 259,900 openings for heavy and tractor-
trailer truck drivers are projected each year, on
average, over the decade. Many of those openings
are expected to result from the need to replace
workers who transfer to different occupations or
exit the labor force, such as to retire.

PROPOSED PROGRAM TITLE: Truck Driving

PROPOSAL: Tennessee College of Applied Technology
Livingston proposes to replicate the Truck Driving program, currently offered at the main campus, at the Lawrence County Instructional Service Center (2C). The program is 222 hours and awards a Truck Driving certificate.

PROGRAM ACCREDITOR: Tennessee Department of Safety & Homeland Security: CDL Division

EFFECTIVE DATE: Fall 2023

OBJECTIVE: This program is designed to provide the classroom work/activities, yard driving, and road experiences necessary to develop the skills necessary for initial employment in the commercial trucking industry. Students learn to drive defensively and to abide by all local, state, and federal regulations. The information presented prepares the student to pass the written and skills portion of the commercial driver's license (CDL) examination.

NEED: According to the Bureau of Labor Statistics, employment of heavy and tractor-trailer truck drivers is projected to grow 4 percent from 2021 to 2031, about as fast as the average for all occupations.

About 259,900 openings for heavy and tractor-trailer truck drivers are projected each year, on average, over the decade. Many of those openings are expected to result from the need to replace workers who transfer to different occupations or exit the labor force, such as to retire.

PROJECTED ENROLLMENT:	YEAR	ENROLLMENT	COMPLETERS
	1	60	58
	2	60	58
	3	60	58

PROJECTED COSTS:	YEAR	COST
	1	\$300,000
	2	\$100,000
	3	\$100,000

NEW FACULTY NEEDED:	YEAR	NUMBER	COST
	1	1	\$75,000
	2	0	\$75,000
	3	0	\$75,000

FISCAL RESOURCES: Allocations for the cost of startup, equipment, and instruction will be drawn from the regular operating budget of the college.

FACILITIES: Current facilities provide adequate space. Consumables will be included in the regular annual budget.

ACTION REQUIRED: Staff recommends approval.

PROGRAM IMPLEMENTATION PROPOSAL – 19

INSTITUTION: Tennessee College of Applied Technology
Knoxville

PROPOSED PROGRAM TITLE: Automotive Technology

PROPOSAL: Tennessee College of Applied Technology
Knoxville proposes to duplicate the existing
Automotive Technology program to add an
additional daytime section at the main campus. The
program length is 1728 clock hours and awards a
Automotive & Hybrid Electric Vehicle Tech
diploma

PROGRAM ACCREDITOR: Automotive Service Excellence

EFFECTIVE DATE: Fall 2023

OBJECTIVE: Students will attain the needed knowledge of skills
and theory to obtain entry level job performance in
the automotive industry.

NEED: Due to increased program demand based on the
current waiting list, TCAT Knoxville proposes to
offer an additional day Automotive Technology
program at this site.

PROJECTED ENROLLMENT:	YEAR	ENROLLMENT	COMPLETERS
	1	20	0
	2	20	15
	3	20	15

PROJECTED COSTS:	YEAR	COST
	1	\$230,000
	2	\$30,000
	3	\$30,000

NEW FACULTY NEEDED:	YEAR	NUMBER	COST
	1	1	\$55,000
	2	0	\$55,000
	3	0	\$55,000

FISCAL RESOURCES:

TCAT Knoxville secured grant funds that will cover the costs of the equipment and trainers. The remaining costs will be incurred by the college budget.

FACILITIES:

The current facility provides adequate space.

ACTION REQUIRED:

Staff recommends approval.

PROGRAM IMPLEMENTATION PROPOSAL – 20

INSTITUTION: Tennessee College of Applied Technology
Knoxville

PROPOSED PROGRAM TITLE: Computer Information Technology

PROPOSAL: Tennessee College of Applied Technology
Knoxville proposes to duplicate the existing
Computer Information Technology program to add
an additional daytime section at the main campus.
The program length is 2160 clock hours and awards
an Enterprise Services Support Specialist diploma

PROGRAM ACCREDITOR:

EFFECTIVE DATE: Fall 2023

OBJECTIVE: Students will attain the needed knowledge of skills
and theory to obtain entry level job performance in
the IT industry.

NEED: Due to increased program demand based on the
current waiting list, TCAT Knoxville proposes to
offer an additional daytime section CIT program at
this site.

PROJECTED ENROLLMENT:	YEAR	ENROLLMENT	COMPLETERS
	1	20	0
	2	20	15
	3	20	15

PROJECTED COSTS:	YEAR	COST
	1	\$60,000
	2	\$20,000
	3	\$20,000

NEW FACULTY NEEDED:	YEAR	NUMBER	COST
	1	1	\$55,000
	2	0	\$55,000
	3	0	\$55,000

FISCAL RESOURCES:

The college will utilize revenue from tuition to cover the costs of the program.

FACILITIES:

Current facilities provide adequate space for the additional section.

ACTION REQUIRED:

Staff recommends approval.

PROGRAM IMPLEMENTATION PROPOSAL – 21

INSTITUTION: Tennessee College of Applied Technology
Knoxville

PROPOSED PROGRAM TITLE: Cosmetology

PROPOSAL: Tennessee College of Applied Technology
Knoxville proposes to duplicate the existing
Cosmetology program to add an additional daytime
section at the main campus. The program is 1500
clock hours and awards a Cosmetologist diploma.

PROGRAM ACCREDITOR: Tennessee Board of Cosmetology and Barbering

EFFECTIVE DATE: Fall 2023

OBJECTIVE: Students will attain the needed knowledge of skills
and theory to pass the state licensure exam and
obtain entry level job performance in the
cosmetology industry.

NEED: Due to increased program demand based on the
current waiting list, TCAT Knoxville proposes to
offer an additional daytime section at this site.

PROJECTED ENROLLMENT:	YEAR	ENROLLMENT	COMPLETERS
	1	20	0
	2	20	15
	3	20	15

PROJECTED COSTS:	YEAR	COST

	2	\$20,000
	3	\$20,000

NEW FACULTY NEEDED:	YEAR	NUMBER	COST
	1	1	\$55,000
	2	0	\$55,000
	3	0	\$55,000

FISCAL RESOURCES:

The college will utilize revenue from tuition to cover the costs of the program.

FACILITIES:

Current facilities provide adequate space for the additional section.

ACTION REQUIRED:

Staff recommends approval.

PROGRAM IMPLEMENTATION PROPOSAL – 22

INSTITUTION: Tennessee College of Applied Technology
Knoxville

PROPOSED PROGRAM TITLE: Heating, Ventilation, Air Conditioning &
Refrigeration

PROPOSAL: Tennessee College of Applied Technology
Knoxville proposes to duplicate the existing
Heating, Ventilation, Air Conditioning &
Refrigeration program to add an additional daytime
section at the main campus. The program is 1728
clock hours and awards a Heating, Ventilation, Air
Conditioning & Refrigeration Technician diploma.

PROGRAM ACCREDITOR:

EFFECTIVE DATE: Fall 2023

OBJECTIVE: Students will attain the needed knowledge of skills
and theory to obtain entry level job performance in
the HVAC industry.

NEED: Due to increased program demand based on the
current waiting list, TCAT Knoxville proposes to
offer an additional daytime section at this site.

PROJECTED ENROLLMENT:	YEAR	ENROLLMENT	COMPLETERS
	1	20	0
	2	20	15
	3	20	15

PROJECTED COSTS:	YEAR	COST
	1	\$60,000
	2	\$40,000
	3	\$25,000

NEW FACULTY NEEDED:	YEAR	NUMBER	COST
	1	1	\$60,000
	2	0	\$60,000
	3	0	\$60,000

FISCAL RESOURCES:

The college will utilize revenue from tuition to cover the costs of the program.

FACILITIES:

Current facilities provide adequate space for the additional section.

ACTION REQUIRED:

Staff recommends approval.

PROGRAM IMPLEMENTATION PROPOSAL – 23

INSTITUTION: Tennessee College of Applied Technology
Livingston

PROPOSED PROGRAM TITLE: Computer Information Technology

PROPOSAL: Tennessee College of Applied Technology
Livingston proposes to implement a Computer
Information Technology program at the main
campus. The program is 2160 clock hours and
awards an Enterprise Services Support Specialist
diploma.

PROGRAM ACCREDITOR:

EFFECTIVE DATE: Fall 2023

OBJECTIVE: This program is designed to provide students with
first hand knowledge of the software, hardware, and
operations of personal computers used in business
and industry today. Many aspects of the personal
computer including how it works, how data is
processed, and how to apply the functions to
solutions on the job are explored in the CIT
training. The program consists of studies in the
major operating systems, diagnostics, plus
configuration of computers and their related
peripheral devices.

NEED: Overall employment of computer support specialists
is projected to grow 6 percent from 2021 to 2031,
about as fast as the average for all occupations.
(bls.gov)

PROJECTED ENROLLMENT:

YEAR	ENROLLMENT	COMPLETERS
1	15	12
2	20	17
3	25	22

PROJECTED COSTS: No new program costs.

NEW FACULTY NEEDED:

No new faculty required.

FISCAL RESOURCES:

The college will utilize existing fiscal resources to cover the cost of the program.

FACILITIES:

Due to the termination of the ITIM program, the college will utilize existing space, faculty, and other resources for the program.

ACTION REQUIRED:

Staff recommends approval.

PROGRAM IMPLEMENTATION PROPOSAL – 24

INSTITUTION: Tennessee College of Applied Technology
Livingston

PROPOSED PROGRAM TITLE: Heating, Ventilation, Air Conditioning &
Refrigeration

PROPOSAL: Tennessee College of Applied Technology
Livingston proposes to relocate the existing
Heating, Ventilation, Air Conditioning &
Refrigeration program from the Jackson County
Instructional Service Center to the main campus.
The program is 1728 clock hours and awards a
Heating, Ventilation, Air Conditioning &
Refrigeration Technician diploma.

PROGRAM ACCREDITOR:

EFFECTIVE DATE: Fall 2023

OBJECTIVE: Students will attain the needed knowledge of skills
and theory to obtain an entry level job in HVAC-R.

NEED: Employment of heating, air conditioning, and
refrigeration mechanics and installers is projected to
grow 5 percent from 2021 to 2031, about as fast as
the average for all occupations. (bls.gov)

PROJECTED ENROLLMENT:	YEAR	ENROLLMENT	COMPLETERS
	1	10	8
	2	15	13
	3	20	17

PROJECTED COSTS: No new costs.

NEW FACULTY NEEDED: No new faculty needed.

FISCAL RESOURCES: The college will utilize existing funding for the
program.

FACILITIES:

Current facilities provide adequate space for the additional section.

ACTION REQUIRED:

Staff recommends approval.

PROGRAM IMPLEMENTATION PROPOSAL – 25

INSTITUTION: Tennessee College of Applied Technology
Livingston

PROPOSED PROGRAM TITLE: Practical Nursing

PROPOSAL: Tennessee College of Applied Technology
Livingston proposes to duplicate the existing
Practical Nursing program and add an evening
program at the main campus. The program is 1296
clock hours and awards a Practical Nursing
diploma.

PROGRAM ACCREDITOR: Tennessee Board of Nursing

EFFECTIVE DATE: Fall 2023

OBJECTIVE: Upon completion of the program the student is
prepared to take the State Board of Nursing Exam,
and may upon passing become a Licensed Practical
Nurse.

NEED: TCAT Livingston is adding an evening option to
meet the local workforce demands and interest.

PROJECTED ENROLLMENT:

YEAR	ENROLLMENT	COMPLETERS
1	15	12
2	20	17
3	25	21

PROJECTED COSTS: No new costs.

NEW FACULTY NEEDED: No new faculty needed.

FISCAL RESOURCES: The college will utilize existing funding for the
program.

FACILITIES: Current facilities provide adequate space for the
additional section.

ACTION REQUIRED:

Staff recommends approval.

PROGRAM IMPLEMENTATION PROPOSAL – 26

INSTITUTION: Tennessee College of Applied Technology
McMinnville

PROPOSED PROGRAM TITLE: Residential/Commercial/Industrial Electricity

PROPOSAL: Tennessee College of Applied Technology
McMinnville proposes to implement the
Residential/Commercial/Industrial Electricity
program at the main campus. The program is 1728
clock hours and awards a Residential/Commercial/
Industrial Electricity diploma.

PROGRAM ACCREDITOR:

EFFECTIVE DATE: Fall 2023

OBJECTIVE: This program is designed for today's technicians
requiring a broad base of information. The program
furnishes the basic theories, principles, practices,
experiments, and real work experience needed to
solve every day problems encountered by electrical
technicians in installation, maintenance,
troubleshooting, repairs and operation of electrical
equipment.

Broad Units of Study include Tools & Their Use,
Basic Electricity, Electric Motors & Controls and
Troubleshooting.

NEED: According to www.jobs4tn.gov, there are over 400
current openings for anyone performing electrical
work. This career also has many entrepreneurs, so
there are multiple avenues for students when they
enter the workforce after graduation.

PROJECTED ENROLLMENT:	YEAR	ENROLLMENT	COMPLETERS
	1	25	22
	2	30	27
	3	35	30

PROJECTED COSTS:

No additional cost.

NEW FACULTY NEEDED:

No new faculty needed.

FISCAL RESOURCES:

The college will utilize revenue from tuition to cover the costs of the program.

FACILITIES:

Current facilities provide adequate space for the additional section.

ACTION REQUIRED:

Staff recommends approval.

PROGRAM IMPLEMENTATION PROPOSAL – 27

INSTITUTION: Tennessee College of Applied Technology
McMinnville

PROPOSED PROGRAM TITLE: Criminal Justice: Correctional Officer

PROPOSAL: Tennessee College of Applied Technology McMinnville proposes to duplicate the existing Criminal Justice: Correctional Officer program and add an evening section at the Coffee County Instructional Service Center (2J). The program is 864 clock hours and Master Correctional Officer certificate.

PROGRAM ACCREDITOR:

EFFECTIVE DATE: Spring 2024

OBJECTIVE: Students will attain the needed knowledge of skills and theory to obtain a job as a Correctional Officer.

NEED: The Criminal Justice: Correctional Officer program responds to the Governor's investment in "Tennessee Law Enforcement Hiring, Training, and Recruitment Program – Correctional Officer Training."

PROJECTED ENROLLMENT:	YEAR	ENROLLMENT	COMPLETERS
	1	8	6
	2	12	9
	3	16	13

PROJECTED COSTS:	YEAR	COST
	1	\$145,000
	2	\$80,000
	3	\$80,000

NEW FACULTY NEEDED:	YEAR	NUMBER	COST
	1	1	\$77,000
	2	0	\$77,000
	3	0	\$77,000

FISCAL RESOURCES:

The college will utilize funds appropriated from the state legislature for the Correction Officer Training initiative.

FACILITIES:

Current facilities provide adequate space for the additional section.

ACTION REQUIRED:

Staff recommends approval.

PROGRAM IMPLEMENTATION PROPOSAL – 28

INSTITUTION: Tennessee College of Applied Technology
Memphis

PROPOSED PROGRAM TITLE: Pre-Practical Nursing (Dual Enrollment)

PROPOSAL: The Tennessee College of Applied Technology
Memphis proposes to implement the Pre-Practical
Nursing program at the Collierville High School
(2D). The program is 432 clock hours and awards a
Nurse Aide certificate.

PROGRAM ACCREDITOR: Tennessee Board of Nursing

EFFECTIVE DATE: Fall 2023

OBJECTIVE: The Pre-Practical Nursing (Pre-PN) pathway is an
articulated pathway from high school into the
TCAT Practical Nursing program through this early
post-secondary opportunity (EPSO) for the purpose
of providing eligible high school students the
opportunity to earn both college and high school
graduation credits simultaneously upon successful
completion of qualified courses/program.

NEED: Employment of licensed practical and licensed
vocational nurses is projected to grow 9 percent
from 2020 to 2030, about as fast as the average for
all occupations.

About 60,700 openings for licensed practical and
licensed vocational nurses are projected each year,
on average, over the decade. Many of those
openings are expected to result from the need to
replace workers who transfer to different
occupations or exit the labor force, such as to retire.

PROJECTED ENROLLMENT:

YEAR	ENROLLMENT	COMPLETERS
1	100	0
2	100	90
3	100	90

PROJECTED COSTS: No new costs.

NEW FACULTY NEEDED:

No new faculty needed.

FISCAL RESOURCES:

The college will utilize dual enrollment grant funds to cover the costs of the program.

FACILITIES:

Current facilities provide adequate space for the additional section.

ACTION REQUIRED:

Staff recommends approval.

PROGRAM IMPLEMENTATION PROPOSAL – 29

INSTITUTION: Tennessee College of Applied Technology
Memphis

PROPOSED PROGRAM TITLE: Automotive Technology

PROPOSAL: Tennessee College of Applied Technology
Memphis proposes to duplicate the existing
Automotive Technology program to add an evening
section of the program. The program is 1728 clock
hours and awards an Automotive & Hybrid/Electric
Vehicle Tech diploma.

PROGRAM ACCREDITOR: Automotive Service Excellence

EFFECTIVE DATE: Fall 2023

OBJECTIVE: Students will attain the needed knowledge of skills
and theory to obtain an entry level job in the
Automotive industry.

NEED: Currently there are approximately 500 open jobs in
this industry within the college’s service area with
approximately 70 qualified potential applicants.
Additionally, the TN Department of Labor and
Workforce Development projects approximately
1,800 annual job openings in this industry.

PROJECTED ENROLLMENT:	YEAR	ENROLLMENT	COMPLETERS

The college will utilize tuition revenue to cover the costs of the program.

FACILITIES:

Current facilities provide adequate space for the additional section.

ACTION REQUIRED:

Staff recommends approval.

PROGRAM IMPLEMENTATION PROPOSAL – 30

INSTITUTION: Tennessee College of Applied Technology
Memphis

PROPOSED PROGRAM TITLE: Heating, Ventilation, Air Conditioning, and
Refrigeration

PROPOSAL: Tennessee College of Applied Technology
Memphis proposes to duplicate the existing
Heating, Ventilation, Air Conditioning, and
Refrigeration program and add an evening section
at the Bartlett Extension Campus (2S). The
program is 1728 clock hours and awards a Heating,
Ventilation, Air Conditioning, and Refrigeration
Technician diploma.

PROGRAM ACCREDITOR: HVAC Excellence

EFFECTIVE DATE: Fall 2023

OBJECTIVE: Students will attain the needed knowledge of skills
and theory to obtain an entry level job in the
HVAC-R industry.

NEED: Currently there are approximately 500 open jobs in
this industry within the college's service area with
approximately 20 qualified potential applicants.
Additionally, the TN Department of Labor and
Workforce Development projects approximately
1,000 annual job openings in this industry.

Current facilities provide adequate space for the additional section.

ACTION REQUIRED:

Staff recommends approval.

PROGRAM IMPLEMENTATION PROPOSAL – 31

INSTITUTION: Tennessee College of Applied Technology
Memphis

PROPOSED PROGRAM TITLE: Welding Technology

PROPOSAL: Tennessee College of Applied Technology
Memphis proposes to duplicate the existing
Welding Technology Program by adding an evening
section on the main campus. The program is 1296
clock hours and awards a Combination Welder
diploma.

PROGRAM ACCREDITOR:

EFFECTIVE DATE: Fall 2023

OBJECTIVE: Students will attain the needed knowledge of skills
and theory to obtain an entry level job in the
Welding industry.

NEED: According to the US Department of Labor Bureau
of Labor Statistics, employment of welders, cutters,
solderers, and brazers is projected to grow 8 percent
from 2020 to 2030, about as fast as the average for
all occupations. About 49,200 openings for
welders, cutters, solderers, and brazers are projected
each year, on average, over the decade.

PROGRAM IMPLEMENTATION PROPOSAL – 33

INSTITUTION: Tennessee College of Applied Technology
Memphis

PROPOSED PROGRAM TITLE: Electric Vehicle Production Technology

PROPOSAL: Tennessee College of Applied Technology
Memphis proposes to implement an Electric
Vehicle Production Technology program at the
main campus. The program is 864 clock hours and
awards an Electric Vehicle Production Technician
certificate.

PROGRAM ACCREDITOR:

EFFECTIVE DATE: Fall 2023

OBJECTIVE: The objectives of the Electric Vehicle Production
Technology program are:

Expand students’ opportunities to earn technical
college credit and industry recognized stackable
credentials within their current school setting.

Equip students with a valuable set of skills that will
allow them to earn a living wage immediately after
high school graduation.

Expand economic development activity by
increasing the number of residents with technical
college certificates and industry credentials.

NEED: Implement a new Electric Vehicle Production
Technician program at the main campus, geared to
meet Ford’s Level ½ Production Associate Needs,
allowing students an opportunity to receive a CPT
Certification. The program will assist in Blue Oval
City’s May 2024 Target Hiring Date.

PROGRAM IMPLEMENTATION PROPOSAL – 35

INSTITUTION: Tennessee College of Applied Technology
Nashville

PROPOSED PROGRAM TITLE: Residential/Commercial/Industrial Electricity

PROPOSAL: The Tennessee College of Applied Technology
Nashville proposes to start a
Residential/Commercial/Industrial Electricity
program at the Main Campus. The program is 1728
clock hours and awards a diploma in
Residential/Commercial/Industrial Electricity.

PROGRAM ACCREDITOR:

EFFECTIVE DATE: Fall 2023

OBJECTIVE: Students will be trained in electrical theory. This
lays a solid foundation for a long and successful
career as an electrician. They are then instructed in
the use and understanding of the National Electric
Code book for proper residential, and commercial
and industrial installations. The proper use of tools
and reading of electrical prints is an important part
of their training. Upon completion students are
ready to start, at entry level, a long successful career
as a construction or commercial electrician.

NEED: According to the Jobs4TN website, the outlook is
bright nationally and statewide for electricians.
Currently there are 4 job postings for every 1
qualified candidate. The median wage is \$48,495
with experienced electricians receiving \$60,616
annually.

BOARD TRANSMITTAL

MEETING:	Committee on Academic Policies/Programs, Student Life
SUBJECT:	Reimagining the Community College Experience
DATE:	June 15, 2023
PRESENTER:	Executive Vice Chancellor Russ Deaton
PRESENTATION REQUIREMENTS:	10 minutes with discussion
ACTION REQUIRED:	Informational Purposes
STAFF RECOMMENDATION:	Not Applicable

In summer 2022 TBR staff presented a concept paper that builds off the history of Tennessee and TBR reforms, and then rapidly accelerates them in a new direction resulting in a fundamentally different community college experience for students. In this concept, formally referred to as the Reimagining the Community College Experience, students would encounter:

- Extensive and personalized pre-college career exploration, followed by in-depth career advising and soft skills development throughout a student's program of study.
- A workforce-focused certificate in the first semester, drawn from programs that align with the local/regional economy, to expand and enrich entry and exit points for students as they navigate and move between higher education and the labor force.
- An articulated transition into the second semester that extends the workforce-ready skills and/or adds general education courses that have been contextualized to a student's program of study and that injects workforce skills like communication and critical thinking into the student's pathway.
- Reengineered transfer pathways that stack students' skills and courses from the first two semesters into AA/AS/AAS degrees and/or TCAT programs.

In early fall 2022, TBR solicited grant proposals from community colleges to develop and implement the ideas within the Reimagining the Community College Experience concept paper. At the September 2022 Board meeting, Walters, Pellissippi, Jackson and Southwest were announced as the grant winners and have since been working to fully develop and implement a multi-year pilot effort. As their efforts are taking shape, TBR staff will provide an overview of the colleges' plans as they prepare for fall 2023 implementation.

Reimagining the Community College Experience

Over the past decade, completion rates at TBR community colleges have more than doubled. Yet, challenges remain. First, economic trends have sharpened the imperative to offer credentials that lead to economic opportunities for students. Many in-demand occupations require high-quality skills training at the certificate and associate level, but too few Tennesseans earn credentials in these fields. Plus, while success rates have risen, half of students leave college without credentials after their first year.

To meet these challenges, four colleges will launch pilots in 2023 to help students do three things:

Explore Careers Paths

All students encounter pre-college career exploration, followed by career advising throughout their program of study.

Build Career-Ready Skills

Students earn workforce-ready embedded certificates in their first semester, drawn from programs that align with local economies.

Stack Credentials

Colleges refine pathways to help students earn stackable credentials and continue working toward an associate degree, transfer, and beyond.

Project Greenlight

- Working with the American Jobs Center to help students complete career assessments.
- Embedding certificates in Health Care, IT, Criminal Justice, & Business programs.
- Introducing career readiness certificates & soft skills development in transfer programs.

The Reimagined Pellissippi Student Experience

- Strengthening K-12 partnerships to help students explore careers in YouScience.
- Connecting students to career communities with success teams and soft skills training.
- Embedding certificates and industry certifications in each career community.

Southwest Workforce Solutions Center

- Deploying the Career Coach tool to help students explore careers before registration.
- Embedding certificates in Health Care, IT, Business, Criminal Justice, & Early Childhood.
- Implementing auto-credentialing to award certificates automatically upon completion.

BADGE

- Adding durable or “soft” skills, as well as expanded career exploration opportunities into student’s first-year experience courses.
- Working to expand Prior Learning Assessment (PLA) opportunities for students.
- Building pathways to increase the transferability of non-credit & TCAT courses.

BOARD TRANSMITTAL

MEETING:	Committee on Academic Policies/Programs, Student Life
SUBJECT:	Tennessee Coaching Project
DATE:	June 15, 2023
PRESENTER:	Assistant Vice Chancellor Amy Moreland
PRESENTATION REQUIREMENTS:	10 minutes with discussion
ACTION REQUIRED:	Informational Purposes
STAFF RECOMMENDATION:	Not Applicable

In 2022, two community colleges launched a new project to support students who are underprepared for college, known as the *Tennessee Coaching Project*. Through this project, Northeast State Community College and Jackson State Community College embedded success coaches into students' first year of college. Coaches help students navigate coursework, connect with resources, and explore careers. In 2023, the project expanded to provide coaching to adult learners who are reconnecting with college after some time away.

The Tennessee Coaching Project includes a coaching model designed by TBR staff in partnership with advising leaders at the pilot colleges. This work is supported by \$2.9 million in grant funds to TBR from the U.S. Department of Education Institute of Education Sciences and Ascendium Education Group.

Early results suggest that coaching has promoted student success during the first year of this project. Students at both pilot colleges have engaged with coaching at high rates. Additionally, preliminary data indicates that students who engaged with their coach persisted at higher rates than other students. Early outcomes also suggest gains in math course success for students who engaged with their coach.

The TBR staff will provide an overview of this project and early outcomes. The presentation will describe the coaching model and present preliminary data from the first year of this project. The presentation will also highlight the contributions of advising staff at Jackson State and Northeast State to this project.

BOARD TRANSMITTAL

MEETING: Committee on Academic Policies/Programs, Student Life

SUBJECT: Accreditation Summary Report and Overview 2021-2022

DATE: June 15, 2023

PRESENTER: Vice Chancellor Jothany Reed

PRESENTATION
REQUIREMENTS: 5 minutes

ACTION REQUIRED: Informational Purposes

STAFF
RECOMMENDATION: Accept Report

The Annual Accreditation Report and Overview summarizes all activity for the academic year 2021-2022 on regional and program accreditation. The report also provides information on all non-accreditable programs that go through either the Program Review or the Academic Audit process. A summary of all activity is provided along with a more detailed accounting of all accreditation and quality assurance activity.

Summary
TBR Annual Accreditation and Quality Assessment Report
July 1, 2021 to June 30, 2022

COMMUNITY COLLEGES

Institutional Accreditation

- All thirteen community colleges continually monitor and comply with standards required for accreditation by the Southern Association of Colleges and Schools Commission on Colleges (SACSCOC).
- All thirteen institutions submitted other types of compliance documents such as fifth-year interim reports, decennial reports, substantive changes, and monitoring reports.

Program Accreditation

- In 2021 to 2022, TBR community colleges participated in a total of 112 accreditation-related activities including self-study reports, program reviews, site visits, and interim reports to accrediting agencies.
- 37 creditable programs in TBR community colleges received notice of accreditation, reaffirmation, or continuing accreditation in 2021-2022.
- Additional program accreditation activities include annual reports, midterm quality assurance reports, and substantive change submissions.

Academic Audit

- For the 2021-2022 academic year, 22 academic programs system-wide underwent the Academic Audit process. Sixteen degrees and six technical certificate programs were reviewed with an Academic Audit.
- In the spring of 2022, each of these programs completed an Academic Audit Self Study written report and hosted an Academic Auditor Team. The Academic Auditor Team provided an onsite review and subsequently issued a written report including commendations, affirmations, and recommendations for improvement.
- Academic Audits were conducted to meet the requirements of the THEC Quality Assurance Funding program.

Program Review

- The TBR community colleges had 4 programs undergo a Program Review process in 2021-22.
- For the Program Review, each prepared a written report and hosted external peer reviewers on campus or virtually. These peer reviewers each subsequently prepared an evaluation and a written report.
- All Program Reviews were conducted to meet the requirements of the THEC Quality Assurance Funding program.

Summary
TBR Annual Accreditation and Quality Assessment Report
July 1, 2021 to June 30, 2022

TENNESSEE COLLEGES OF APPLIED TECHNOLOGY (TCAT)

Institutional Accreditation

- All twenty-five TCATs continually monitor and comply with standards required for accreditation by the Council on Occupational Education (COE).
- The TCAT Northwest/Covington/Ripley merger received initial approval.
- TCATs Morristown and Murfreesboro received final reaffirmation.
- TCATs Elizabethton, Knoxville, and McMinnville received COE approval for substantive changes to establish an Instructional Service Center.
- TCAT Memphis received COE approval for substantive change to establish an Extension Campus.
- All TCATs submitted their COE annual reports in March 2022.

Program Accreditation

- In 2021-2022, TCATs participated in a total of 15 program accreditation-related activities including self-studies, program reviews, and site visits to accrediting agencies. All programs received notice of reaffirmation and continuing accreditation.

Tennessee Board of Regents
Committee on Personnel and Compensation
Thursday, June 15, 2023

AGENDA

1. CONSENT AGENDA

A. TBR Policy 6.04.00.00, Pregnancy, Childbirth, and Related Conditions (Employees)

The Committee will review for approval proposed revisions to the Pregnancy, Childbirth and Related Conditions, 6.04.00.00.

B. TBR Policy 5.01.01.07, Parental Leave

The Committee will review for approval proposed revisions to the Parental Leave, 5.01.01.07.

C. TBR Policy 5.01.01.14, Family, Medical and Service Member Leave

The Committee will review for approval proposed revisions to the Family, Medical and Service Member Leave, 5.01.01.14.

2. Approval of the May 31, 2023, Special Called Meeting of the Personnel and Compensation Committee Minutes that includes action taken on compensation strategies

Approval of the minutes of the May 31, 2023, special called personnel and compensation meeting that includes action taken on the compensation strategies.

3. Review and Approval of President Emeriti contracts (*General Counsel Brian Lapps*)

The community colleges request the review and approval of six (6) individuals to be appointed President Emeritus for the fiscal year 23-24.

4. Review and Approval of Faculty Emeriti (*Vice Chancellor Jothany Reed*)

Three (3) faculty emeritus candidates are being recommended to the Board for consideration and approval.

5. Promotion Recommendations at Tennessee Colleges of Applied Technology

(Vice Chancellor Jothany Reed)

The Committee will be asked to act on recommendations for granting promotion to eligible faculty members. The thirty-two (32) faculty receiving promotions represent 5.0% of the TCAT instructional staff.

6. Promotion and Tenure Recommendations at Community Colleges

(Vice Chancellor Jothany Reed)

The Committee will be asked to approve recommendations for promotion and tenure of faculty serving at the community colleges. Sixty-six (66) faculty members are recommended for tenure. One hundred fifty-six (156) faculty members are recommended for promotion.

7. Faculty Promotion Increases *(Vice Chancellor Alisha Fox)*

A total of one-hundred-fifty-six (156) faculty members are recommended for promotion at the community colleges. At the TCATs, thirty-two (32) faculty members are recommended for promotion. The recommendations are made within the requirements of TBR policies on tenure and promotion.

8. Executive Incentive Payments *(Vice Chancellor Alisha Fox)*

The Executive Performance Incentive Plan was approved at the Board's June 2013 Meeting. It was created at the request of Board Members to address the gap between the average market salaries for the presidents and Chancellor and the current compensation level for these officials. The incentive does not add to the base salary for the position and is recalculated each year.

9. Institutional Amendments or New Compensation Plans *(Vice Chancellor Alisha Fox)*

In accordance with legislative amendment and TBR Guideline P-043 Compensation, three community colleges submitted new or revised compensation plans.

The new or revised compensation plans were reviewed within the System Office by a committee of five (5) individuals from the following offices: Finance, Academic Affairs, Policy & Strategy and two (2) individuals from Human Resources. The Committee reviewed the proposed plans for methodology, market data being used, equity, consistency, completeness, and clarity.

10. Institutional Requests for Payments from the State Salary Pool

(Vice Chancellor Alisha Fox)

At the May 31, 2023, special called meeting, the Personnel and Compensation Board Committee authorized a compensation strategy that included using the state provided portion of a 2% salary pool to be used for employee increases effective July 1, 2023. The increases could be for additional across-the board increases, to assist in funding the college compensation plan, or faculty promotions, or some combination of the three. For those colleges providing the full amount as an across-the-board increase, nothing further was required. For those colleges wanting to use some or all of the state funding for their compensation plans or faculty promotions, they have submitted a proposal for review and approval.

11. Evaluation of the Chancellor *(Regent Nisha Powers)*

Pursuant to Board policy, a performance review of the Chancellor is required every two years. The evaluation is to be conducted by a committee of at least four members appointed by the Vice-Chair. Vice Chair Reynolds requested the Personnel and Compensation Committee review the feedback and make a recommendation to the Board.

The purpose of this agenda item will be consideration by the Committee of the Chancellor's performance review.

12. Request for Chancellor Compensation Plan Payment *(Vice Chancellor Alisha Fox)*

In accordance with the Board approved compensation plan at the 2022 March Board meeting that included the Chancellor's salary, the following increase is recommended for the Chancellor. The decision was made last year to provide 50% of the amount recommended by the market study completed by the compensation consultant.

This increase will assist in keeping the pay for the Chancellor competitive and be effective July 1, 2023. It will be provided prior to any across the board increase that is approved.

CONSENT AGENDA

1. CONSENT AGENDA

A. TBR Policy 6.04.00.00, Pregnancy, Childbirth, and Related Conditions
(Employees)

The Committee will review for approval proposed revisions to the Pregnancy, Childbirth and Related Conditions, 6.04.00.00.

B. TBR Policy 5.01.01.07, Parental Leave

The Committee will review for approval proposed revisions to the Parental Leave, 5.01.01.07.

C. TBR Policy 5.01.01.14, Family, Medical and Service Member Leave

The Committee will review for approval proposed revisions to the Family, Medical and Service Member Leave, 5.01.01.14.

BOARD TRANSMITTAL

MEETING: Committee on Personnel and Compensation

SUBJECT: TBR Policy 6.04.00.00, Pregnancy, Childbirth, and Related Medical Conditions (Employees) (New)

DATE: June 15, 2023

PRESENTER: General Counsel Brian Lapps

PRESENTATION REQUIREMENTS: 2 Minutes

ACTION REQUIRED: Roll Call Vote

STAFF RECOMMENDATION: Recommend Approval

This new, proposed policy is designed to implement two amended federal statutes. The Pregnant Workers Fairness Act amends Title VII of the Civil Rights Act of 1964 and requires that institutions provide reasonable accommodations for pregnancy, childbirth, and medical conditions related to pregnancy and/or childbirth. The reasonable accommodation requirements and process are similar to the Americans with Disabilities Act accommodation process, but with a few notable exceptions as explained in policy.

The Providing Urgent Maternal Protections for Nursing Mothers Act (PUMP Act), amends the Fair Labor Standards Act. This law requires that nursing mothers be given time and a private place to express breast milk.

The U.S. Department of Education's June 2022 Notice of Proposed Rulemaking (NPRM) contains many similar protections for students, but with some important differences. The Department, which has been evaluating comments to the NPRM, is expected to issue a final rule in the near future, at which time the System Office will likely be proposing a new policy to comply with the regulations.

PREGNANCY, CHILDBIRTH, AND RELATED MEDICAL CONDITIONS (EMPLOYEES): 6.04.00.00

Policy/Guideline Area

Sexual Discrimination/Harassment/Misconduct

Applicable Divisions

TCATs, Community Colleges, System Office

Purpose

The Tennessee Board of Regents prohibits discrimination against employees because of sex and requires institutions to comply with all legal obligations regarding pregnancy, childbirth, and related medical conditions in accordance with Title VII of the Civil Rights Act of 1964, the Pregnant Workers Fairness Act, Title IX of the Education Amendments of 1972, the PUMP Act, Tennessee Code Annotated § 50-1-305, and all other applicable state and federal statutes and regulations.

Definitions

- “Institution” means each college within the TBR System, and includes the TBR System Office.
- “Known limitation” means a physical or mental condition related to, affected by, or arising out of pregnancy, childbirth or related medical conditions that the employee or the employee’s representative has communicated to the institution, whether or not such condition constitutes a disability under the Americans with Disabilities Act.
- “Qualified employee” means an employee or applicant who, either with or without reasonable accommodation, can perform the essential functions of the job position. An employee or applicant is considered qualified if any inability to perform an essential function is for a temporary period, the essential function can be performed in the near future, and the inability to perform the essential function can be reasonably accommodated.
 - This policy applies to all qualified employees of the institution, whether full- or part-time; whether faculty, adjunct, or staff; and regardless of length of employment.
 - A qualified applicant is considered to be a qualified employee.
- “Reasonable accommodation” generally has the same meaning as under the ADA.
 - Reasonable accommodation means a modification or adjustment to a job or the work environment that will enable a qualified employee to perform the essential functions of the job. (Unlike the ADA, reasonable accommodation under this policy may include temporarily relieving a qualified employee of an essential function of the job.) If multiple reasonable accommodations are available, the institution may select among reasonable accommodations.
 - Reasonable accommodation may include, but is not limited to, making existing facilities accessible, leave, job restructuring, a part-time or modified work schedule, acquiring or modifying equipment, changing or making exceptions to a policy, and reassignment to a vacant position.
- “Related medical condition” includes any illness, complication, or symptoms arising out of pregnancy or childbirth. Examples of related medical conditions include, but are not limited to, morning sickness, gestational diabetes, pregnancy-induced hypertension, miscarriage, sciatica, lactation or the need to express breast milk, medical procedures and recovery, physical injuries from childbirth, and postpartum depression.

Policy/Guideline

- I. Nondiscrimination in General
 - A. Discrimination or harassment based on pregnancy or related medical condition is prohibited gender discrimination. Complaints of discrimination or harassment based on pregnancy should be submitted to the Title IX Coordinator and will be investigated pursuant to TBR P-080 or TBR Policy TBR Policy 6.01.00.00, Sex Discrimination, Sexual Harassment, or Sexual Misconduct.
 - B. Retaliation against someone who requests a reasonable accommodation for pregnancy, childbirth, or a related medical condition or who files a complaint based on pregnancy is prohibited. Retaliation complaints will be investigated under P-080 or TBR 6.01.00.00.
 - C. An institution shall treat employees who are temporarily unable to perform their job duties or participate in educational programs due to pregnancy, childbirth, or related medical conditions the same as non-pregnant employees who are similar in their ability or inability to work or participate in educational activities, for example with respect to temporary and light duty assignments.

- II. Reasonable Accommodation on the Basis of Pregnancy, Childbirth, and Related Medical Conditions
 - A. An employee or applicant who seeks a reasonable accommodation should contact the institution's Title IX Coordinator or other individual designated by the institution. Employees are required to participate in an interactive process to determine a reasonable accommodation.
 - B. An employee who learns that another employee may need reasonable accommodation under this policy should report the matter to the Title IX Coordinator or other individual designated by the institution.
 - C. An institution shall make reasonable accommodation to known limitations related to pregnancy, childbirth, or related medical condition of a qualified employee. The institution and employee must engage in a good faith, interactive process to identify a reasonable accommodation.
 - D. An institution may deny a reasonable accommodation if it would result in undue hardship to the institution. The Office of General Counsel must be consulted prior to denying a reasonable accommodation based on undue hardship.
 - E. An institution shall not:
 1. require a qualified employee to accept a reasonable accommodation other than one arrived at through an interactive process;
 2. deny equal employment opportunities to a qualified employee based on the need to make reasonable accommodations; or
 3. take adverse action against a qualified employee because the employee requested or used a reasonable accommodation, or otherwise retaliate against an individual in violation of applicable law.
 - F. A qualified employee may elect to take leave in accordance with TBR Policy 5.01.01.08, Parental Leave or TBR Policy 5.01.01.14, Family, Medical, and Service Member Leave. An institution shall not require a qualified employee to take leave, whether paid or unpaid, if another reasonable accommodation can be provided.
 - G. Reasonable accommodation pursuant to this policy is available only to qualified employees who are pregnant, have given birth, or have a pregnancy-related

condition. Leave for family members may be available pursuant to TBR Policy 5.0.01.08, Parental Leave or TBR Policy 5.01.01.14, Family, Medical, and Service Member Leave.

III. Lactation

- A. An institution shall provide space other than a restroom to express milk. The institution may either create dedicated space or provide temporary space on an as-needed basis. The space must be clean, shielded from view, and free from intrusion from others.
- B. Institutions must provide a reasonable amount of break time, as frequently as needed by the nursing mother, to express milk. Breaks must be provided for one year following birth, and any employee who wishes to continue expressing breast milk beyond one year should contact the Title IX Coordinator to discuss additional time to provide breaks.
- C. Employees taking breaks to express milk shall be compensated in the same manner as other employees are compensated during break time. No deduction may be made from an exempt employee's salary. No deduction from a non-exempt employee's pay is permitted unless the Title IX Coordinator has approved in advance.

BOARD TRANSMITTAL

MEETING: Committee on Personnel and Compensation

SUBJECT: TBR Policy 5.01.01.08 Parental Leave (Revisions)

DATE: June 15, 2023

PRESENTER: General Counsel Brian Lapps

PRESENTATION REQUIREMENTS: 2 Minutes

ACTION REQUIRED: Roll Call Vote

STAFF RECOMMENDATION: Recommend Approval

Effective July 1, 2023, State of Tennessee employees will be able to take six weeks of paid parental leave for the birth of a child or placement of a child for adoption. (After expiration of six weeks paid leave, employees may use a combination of sick, annual, and unpaid leave for a total of four months parental leave.) This new paid parental leave is in addition to sick and annual leave. Proposed revisions to the Parental Leave policy implement such paid leave at TBR institutions.

Parental Leave : 5.01.01.08

Policy Area

Personnel Policies

Applicable Divisions

TCATs, Community Colleges, System Office

Purpose

It is the policy of the Tennessee Board of Regents to provide a period of up to four (4) months of ~~unpaid~~ parental leave to eligible employees for adoption, pregnancy, childbirth and nursing the infant, where applicable, in accordance with T.C.A. § 4-21-408. With regard to adoption, the four (4) month period shall begin at the time the employee receives custody of the child. For eligible employees, six (6) weeks of parental leave will be paid, beginning with the birth of the child or placement of a child for adoption.

Policy

I. Eligibility

- A. Employees who have been employed by the State for at least twelve (12) consecutive months as full-time employees, as determined by the employer at the job site or location, are eligible for this leave.
- B. Subsequent references within policy to an employee shall assume eligibility of that individual.

II. Relevant Policies

- A. Upon receipt of a written request for parental leave, the President/Chancellor or designee will process the request in accordance with the provisions of this policy and the employee's eligibility for leave under TBR Policy 5.01.01.14 Family and Medical Leave. Reference may also need to be made to TBR Policies 5.01.01.07 Sick Leave, 5.01.01.03 Leave of Absence and 5.01.01.01 Annual Leave.

III. Notice; Employment Rights and Benefits; Reinstatement

- A. Employees who give at least three (3) months advance notice to their employer of their anticipated date of departure for such leave, their length of leave, and their intention to return to full-time employment after leave, shall be restored to their previous or similar

positions with the same status, pay, length of service credit and seniority, wherever applicable, as of the date of their leave.

- B. Employees who are prevented from giving three (3) months advance notice because of a medical emergency which necessitates that leave begins earlier than originally anticipated shall not forfeit their rights and benefits under this policy solely because of their failure to give three (3) months advance notice.
- C. Employees who are prevented from giving three (3) months advance notice because the notice of adoption was received less than three (3) months in advance shall not forfeit their rights and benefits under this policy solely because of their failure to give three (3) months advance notice.
- D. Leave will be granted as paid or unpaid pursuant to the policies of the Tennessee Board of Regents.
 - 1. Such leave shall not affect the employees' right to receive annual leave, sick leave, bonuses, advancement, seniority, length of service credit, benefits, plans or programs for which the employees were eligible at the date of their leave, and any other benefits or rights of their employment incident to the employees' employment position.
 - 2. However, the employer need not provide for the cost of any benefits, plans or programs during the period of leave unless such employer so provides for all employees on leaves of absence.
- E. If an employee's job position is so unique that the employer cannot, after reasonable efforts, fill that position temporarily, then the employer shall not be liable for failure to reinstate the employee at the end of the parental leave period.
- F. The purpose of this policy is to provide leave time to employees for adoption, pregnancy, childbirth and nursing the infant, where applicable.
 - 1. Therefore, if the employer finds that the employee has utilized the period of leave to actively pursue other employment opportunities or if the employer finds that the employee has worked part time or full time for another employer during the period of

leave, the employer shall not be liable for failure to reinstate the employee at the end of such leave.

- G. Whenever the employer shall determine that the employee will not be reinstated at the end of such leave because the employee's position cannot be filled temporarily or because the employee has used such leave to pursue employment opportunities or to work for another employer, the employer shall so notify the employee.

IV. Paid Parental Leave

- A. An employee eligible for parental leave under this policy shall be granted six (6) workweeks of paid parental leave at full pay following the birth or the placement of a child for adoption. The institution shall not charge paid parental leave to sick, annual, or other leave the employee may have accumulated. The institution shall consider such leave to be full-time employment for purposes of calculating service anniversary dates.
- B. Paid parental leave must be used within twelve (12) months of the birth or placement of a child for adoption.
- C. Paid parental leave shall be continuous, i.e., in a single block of time, unless the institution, in its discretion, permits the employee to use paid parental leave intermittently.
- D. Paid parental leave is part of, and not in addition to, the four (4) months of parental leave provided under this policy. Paid parental leave runs concurrently with FMLA and parental leave.
- E. Paid parental leave is not applicable to placement of foster care children.
- F. In order to receive paid parental leave, the eligible employee must provide thirty (30) days advance notice, unless the employee learns of the birth or adoption less than thirty (30) days in advance, in which case notice must be given as soon as reasonably possible.
- H.G. An employee is not eligible for more than six (6) weeks of paid leave during a twelve (12) month period, even if there is more than one birth or adoption.

IV.V. Use of Accrued Sick and Annual Leave and Compensatory Time

- A. In addition to receiving six (6) weeks of paid parental leave, an eligible employee may use up to thirty (360) working days of accrued sick leave or six (6) weeks working days following the birth of a child or placement for adoption, unless medical complications arise that fit ordinary rules regarding the use of sick leave.
- B. In the event both parents are state employees, the aggregate amount of sick leave that may be used for adoption is limited to sixty (60) working days total for both parents following the placement for adoption. In the event of childbirth, each parent may take up to sixty (60) working days when both parents are state employees.
- C. In order to be eligible to use sick leave as parental leave, a statement from the attending physician indicating the expected date of delivery must accompany the request for leave.
 - 1. Additional information from the attending physician may be required if there are complications and the period of absence must begin sooner than agreed, extend further than agreed, or require the use of sick leave beyond the period beginning with the period of hospitalization and extending for sixty (60) work days following the birth of a child or placement for adoption.
- ~~D.~~—After the sixty (60) working days following the birth of a child or placement for adoption or, if extended, after employee's physician determines that the employee should be released, thus ending the period of sick leave, the employee may use accrued annual leave or leave without pay for the remainder of the four-month parental leave.

E.D. Annual Leave; Compensatory Time

F.E. Accrued annual leave and compensatory time may be used for the entire leave period following the six (6) weeks of paid leave.

V.VI. Leave of Absence

- A. When accrued annual and sick leave balances are depleted prior to the end of the four (4) month parental leave period, the employee will be placed in a leave of absence status. Refer to TBR Policy 5.01.01.03 Leave of Absence regarding continuation of insurance coverage for employees on unpaid leave of absence.

VI.VII. Family and Medical Leave

- A. To be eligible for Family and Medical Leave (FML) which provides for up to twelve (12) work weeks of leave, an employee must have:
 - 1. Worked for the State at least 12 months; and,
 - 2. Worked a minimum of 1250 hours during the year preceding the start of the leave.
- B. Employees who are eligible for FML will have parental leave processed in conjunction with the provisions of TBR Policy 5.01.01.14 Family and Medical Leave regarding election of paid/unpaid leave, continuation of insurance coverage, etc. Parental leave and FML periods shall run concurrently.
- C. At the end of the FML period, an employee is also entitled to receive the difference between the four months granted under this policy and the 12 workweeks granted under FML. Accrued annual leave or leave of absence may be used for the remainder of the parental leave period.
- D. During work weeks that an employee takes leave designated as FML, the employer is responsible for paying the employer's portion of the employee's insurance premium, whether the leave is paid or unpaid.
- E. Employees who choose to take any unpaid leave over the amount to which they are entitled under FML should be made aware that they will be responsible for paying the employer's portion of the insurance premium for the remainder of the leave period if they wish to ensure continued coverage.
- F. The above Policy 5.01.01.08 Paternal Leave supersedes 5.01.01.02 Adoptive Parents Leave, 5.01.01.08 Maternity Leave, and 5.01.01.16 Paternity Leave.

Parental Leave : 5.01.01.08

Policy Area

Personnel Policies

Applicable Divisions

TCATs, Community Colleges, System Office

Purpose

It is the policy of the Tennessee Board of Regents to provide a period of up to four (4) months of parental leave to eligible employees for adoption, pregnancy, childbirth and nursing the infant, where applicable, in accordance with T.C.A. § 4-21-408. With regard to adoption, the four (4) month period shall begin at the time the employee receives custody of the child. For eligible employees, six (6) weeks of parental leave will be paid, beginning with the birth of the child or placement of a child for adoption.

Policy

I. Eligibility

- A. Employees who have been employed by the State for at least twelve (12) consecutive months as full-time employees, as determined by the employer at the job site or location, are eligible for this leave.
- B. Subsequent references within policy to an employee shall assume eligibility of that individual.

II. Relevant Policies

- A. Upon receipt of a written request for parental leave, the President/Chancellor or designee will process the request in accordance with the provisions of this policy and the employee's eligibility for leave under TBR Policy 5.01.01.14 Family and Medical Leave. Reference may also need to be made to TBR Policies 5.01.01.07 Sick Leave, 5.01.01.03 Leave of Absence and 5.01.01.01 Annual Leave.

III. Notice; Employment Rights and Benefits; Reinstatement

- A. Employees who give at least three (3) months advance notice to their employer of their anticipated date of departure for such leave, their length of leave, and their intention to return to full-time employment after leave, shall be restored to their previous or similar

positions with the same status, pay, length of service credit and seniority, wherever applicable, as of the date of their leave.

- B. Employees who are prevented from giving three (3) months advance notice because of a medical emergency which necessitates that leave begins earlier than originally anticipated shall not forfeit their rights and benefits under this policy solely because of their failure to give three (3) months advance notice.
- C. Employees who are prevented from giving three (3) months advance notice because the notice of adoption was received less than three (3) months in advance shall not forfeit their rights and benefits under this policy solely because of their failure to give three (3) months advance notice.
- D. Leave will be granted as paid or unpaid pursuant to the policies of the Tennessee Board of Regents.
 - 1. Such leave shall not affect the employees' right to receive annual leave, sick leave, bonuses, advancement, seniority, length of service credit, benefits, plans or programs for which the employees were eligible at the date of their leave, and any other benefits or rights of their employment incident to the employees' employment position.
 - 2. However, the employer need not provide for the cost of any benefits, plans or programs during the period of leave unless such employer so provides for all employees on leaves of absence.
- E. If an employee's job position is so unique that the employer cannot, after reasonable efforts, fill that position temporarily, then the employer shall not be liable for failure to reinstate the employee at the end of the parental leave period.
- F. The purpose of this policy is to provide leave time to employees for adoption, pregnancy, childbirth and nursing the infant, where applicable.
 - 1. Therefore, if the employer finds that the employee has utilized the period of leave to actively pursue other employment opportunities or if the employer finds that the employee has worked part time or full time for another employer during the period of

leave, the employer shall not be liable for failure to reinstate the employee at the end of such leave.

- G. Whenever the employer shall determine that the employee will not be reinstated at the end of such leave because the employee's position cannot be filled temporarily or because the employee has used such leave to pursue employment opportunities or to work for another employer, the employer shall so notify the employee.

IV. Paid Parental Leave

- A. An employee eligible for parental leave under this policy shall be granted six (6) workweeks of paid parental leave at full pay following the birth or the placement of a child for adoption. The institution shall not charge paid parental leave to sick, annual, or other leave the employee may have accumulated. The institution shall consider such leave to be full-time employment for purposes of calculating service anniversary dates.
- B. Paid parental leave must be used within twelve (12) months of the birth or placement of a child for adoption.
- C. Paid parental leave shall be continuous, i.e., in a single block of time, unless the institution, in its discretion, permits the employee to use paid parental leave intermittently.
- D. Paid parental leave is part of, and not in addition to, the four (4) months of parental leave provided under this policy. Paid parental leave runs concurrently with FMLA and parental leave.
- E. Paid parental leave is not applicable to placement of foster care children.
- F. In order to receive paid parental leave, the eligible employee must provide thirty (30) days advance notice, unless the employee learns of the birth or adoption less than thirty (30) days in advance, in which case notice must be given as soon as reasonably possible.
- G. An employee is not eligible for more than six (6) weeks of paid leave during a twelve (12) month period, even if there is more than one birth or adoption.

V. **Use of Accrued Sick and Annual Leave and Compensatory Time**

- A. In addition to receiving six (6) weeks of paid parental leave, an eligible employee may use up to thirty (30) days of accrued sick leave following the birth of a child or placement for adoption, unless medical complications arise that fit ordinary rules regarding the use of sick leave.
- B. In the event both parents are state employees, the aggregate amount of sick leave that may be used for adoption is limited to sixty (60) working days total for both parents following the placement for adoption. In the event of childbirth, each parent may take up to sixty (60) working days when both parents are state employees.
- C. In order to be eligible to use sick leave as parental leave, a statement from the attending physician indicating the expected date of delivery must accompany the request for leave.
 - 1. Additional information from the attending physician may be required if there are complications and the period of absence must begin sooner than agreed, extend further than agreed, or require the use of sick leave beyond the period beginning with the period of hospitalization and extending for sixty (60) work days following the birth of a child or placement for adoption.
- D. After the sixty (60) working days following the birth of a child or placement for adoption or, if extended, after employee's physician determines that the employee should be released, thus ending the period of sick leave, the employee may use accrued annual leave or leave without pay for the remainder of the four-month parental leave.
- E. Accrued annual leave and compensatory time may be used for the entire leave period following the six (6) weeks of paid leave.

VI. **Leave of Absence**

- A. When accrued annual and sick leave balances are depleted prior to the end of the four (4) month parental leave period, the employee will be placed in a leave of absence status. Refer to TBR Policy 5.01.01.03 Leave of Absence regarding continuation of insurance coverage for employees on unpaid leave of absence.

VII. **Family and Medical Leave**

- A. To be eligible for Family and Medical Leave (FML) which provides for up to twelve (12) work weeks of leave, an employee must have:
 - 1. Worked for the State at least 12 months; and,
 - 2. Worked a minimum of 1250 hours during the year preceding the start of the leave.
- B. Employees who are eligible for FML will have parental leave processed in conjunction with the provisions of TBR Policy 5.01.01.14 Family and Medical Leave regarding election of paid/unpaid leave, continuation of insurance coverage, etc. Parental leave and FML periods shall run concurrently.
- C. At the end of the FML period, an employee is also entitled to receive the difference between the four months granted under this policy and the 12 workweeks granted under FML. Accrued annual leave or leave of absence may be used for the remainder of the parental leave period.
- D. During work weeks that an employee takes leave designated as FML, the employer is responsible for paying the employer's portion of the employee's insurance premium, whether the leave is paid or unpaid.
- E. Employees who choose to take any unpaid leave over the amount to which they are entitled under FML should be made aware that they will be responsible for paying the employer's portion of the insurance premium for the remainder of the leave period if they wish to ensure continued coverage.
- F. The above Policy 5.01.01.08 Paternal Leave supersedes 5.01.01.02 Adoptive Parents Leave, 5.01.01.08 Maternity Leave, and 5.01.01.16 Paternity Leave.

BOARD TRANSMITTAL

MEETING: Committee on Personnel and Compensation

SUBJECT: TBR Policy 5.01.01.14 Family, Medical, and Service
Member Leave (Revisions)

DATE: June 15, 2023

PRESENTER: General Counsel Brian Lapps

PRESENTATION
REQUIREMENTS: 2 Minutes

ACTION REQUIRED: Roll Call Vote

STAFF
RECOMMENDATION: Recommend Approval

The proposed revisions consist of a new section (II.A.2.c.) explaining that six weeks of paid parental leave is available upon the birth or placement of a child and that the details may be found in TBR Policy 5.01.01.07, Parental Leave. The revisions to the FML policy follow the new state law providing state employees with six weeks of paid parental leave and TBR's implementation process.

Family, Medical, and Service Member Leave:

5.01.01.14

Policy Area

Personnel Policies

Applicable Divisions

TCATs, Community Colleges, System Office

Purpose

In compliance with the Family and Medical Leave Act of 1993, as amended, ("FMLA" or "the Act") it is the policy of the Tennessee Board of Regents ("TBR") to provide eligible employees up to 12 workweeks of leave during a 12-month period for family or medical leave, or for a qualifying exigency; or, up to 26 workweeks of leave for military caregiver leave during a 12-month period for reasons specified in this Policy, to provide continued health insurance coverage during the leave period and to insure employee reinstatement to the same or an equivalent position following the leave period.

Definitions

- State - shall be defined as any State agency, the TBR System, and/or the University of Tennessee System, for purposes of this policy.
- Other definitions are part of the policy text.

Policy

I. Employee Eligibility

- A. In order to be considered "eligible," an employee must: (1) have worked for the State for at least 12 months; and, (2) have worked at least 1,250 hours during the year preceding the start of the leave.
- B. The determination of whether an employee meets the eligibility criteria for receiving FMLA leave is based on the amount of service (including prior service) the employee has as of the date the leave actually begins.
- C. This policy applies to both regular and temporary employees.
- D. The right to take FMLA leave applies equally to male and female employees.

- E. This policy contains no exceptions for "key employees" (e.g., a salaried FMLA eligible employee who is among the highest paid 10 percent of all the employees of the institution).
- F. The 12 months of required work with the State do not have to be consecutive in order for an employee to be eligible. However, employment prior to a break in service lasting 7 or more years will not be counted unless the break was due to fulfillment of a National Guard or Reserve military service obligation. The time served performing the military service must also be counted in determining whether the employee has been employed for at least 12 months by the employer.
- G. If an employee is maintained on the payroll for any part of a week, that week is considered a week of employment, with 52 weeks of such employment considered equal to 12 months.
- H. In determining "hours worked" for the purposes of FMLA eligibility, all hours actually worked by an employee (including overtime hours) should be calculated.
 - 1. Annual and sick leave hours which have been used during the 12-month period preceding the start of the leave are not counted as hours worked.
 - 2. In situations where a full-time employee is considered "exempt" from the overtime provisions of the Fair Labor Standards Act (FLSA) and no record of overtime hours worked has been maintained, the employee is presumed to have met the 1,250 hour requirement if they have worked for the State for at least 12 months.
 - 3. For purposes of this policy, full-time faculty satisfy the 1,250 hour test.
- I. The determination of eligibility must be made as of the date the leave commences or within 5 business days (absent extenuating circumstances) of when notification of an FMLA qualifying event has been received.
 - 1. If an employee gives notice that leave is required before meeting the eligibility criteria, they must either be:
 - a. Provided with confirmation of when eligibility will be attained, based upon a projection; or

- b. Advised when the criteria have been met.
- 2. In the latter case, the notice of leave will remain current and outstanding until the employee is advised that eligibility has been attained.
- 3. Eligibility that is confirmed at the time the notice is received may not be subsequently challenged.
- 4. If notice of leave has been given and confirmation of eligibility is not given prior to commencement of the leave, the employee is deemed eligible; FMLA leave may not be denied.
- 5. In addition, if notice of the need for leave has not been given more than 5 business days prior to commencement of the leave, a determination of eligibility must be confirmed within 5 business days following notice.
- 6. If such a determination is not provided, the employee will be considered eligible.
- J. Leave requests for regular employees who do not satisfy the FMLA eligibility requirements shall be processed in accordance with the appropriate TBR leave policies.

II. Leave Entitlement - FMLA Qualifying Events

A. Family Leave

- 1. The birth of a son/daughter and to care for the newborn child.
 - a. In addition to leave taken after the birth of a child, FMLA leave may be taken by an expectant mother for the purpose of prenatal visits, pregnancy-related symptoms, and in situations where a serious health condition prevents her from performing her job duties prior to the child's birth.
 - b. Husbands may also use FMLA to accompany an expectant spouse to prenatal visits, to care for an expectant spouse with a serious health condition, or if needed to care for the spouse following the birth of the child if the spouse has a serious health condition.
- 2. The adoptive or foster care placement of a son or daughter with the employee.
 - a. FMLA leave may be taken prior to an adoptive or foster care placement if the leave is necessary for the placement to proceed. This would include granting

leave for required counseling sessions, court appearances, and legal or medical consultations.

b. Adoption: There is no requirement in the Act that the source of an adoption be from a licensed adoption agency in order for an employee to be eligible for FMLA leave. (See Section II, A.3., for age limitations for son/daughter.)

b.c. Paid Parental Leave: Eligible employees will receive six (6) weeks of paid parental leave in accordance with TBR Policy 5.01.01.08, Parental Leave. FMLA leave shall run concurrently with parental leave, whether paid or unpaid.

e.d. Foster Care: This is defined as "24-hour care for children in substitution for, and away from, their parents or guardian." The Act requires that this placement be made by or in agreement with the State and that State action be involved in the removal of the child from parental custody. Foster care may include children of relatives placed within the employee's home by the State.

3. To care for the employee's spouse, son, daughter, or parent with a serious health condition, as defined below:
 - a. Spouse: For purposes of this policy is defined by the U.S. Department of Labor - Family Medical Leave Act. (Code of Federal Regulations; 29 CFR 825.102 Definitions)
 - b. Parent: Biological parent or an individual who currently stands or stood in place of an absent parent to an employee when the employee was a child as defined in son/daughter below. The definition does not include parents-in-law.
 - c. Son/Daughter: Biological, adopted, foster child, stepchild, legal ward, or child of a person standing in place of an absent parent, who is either under age 18, or age 18 or older and incapable of self-care because of a mental or physical disability. An individual "incapable of self-care" means that the individual requires active assistance or supervision in performing 3 or more activities of daily living. An individual with a "physical or mental disability" means that the individual has an impairment that substantially limits one or more of the major

life activities of an individual. Regulations at 29 CFR Part 1630, issued by the Equal Employment Opportunity Commission under the Americans with Disabilities Act Amendments Act of 2008 (ADAAA), 42 U.S.C. 12101 et seq., define these terms.

1. For purposes of confirmation of family relationship, the president/Chancellor/or designee (hereafter referred to as "Employer") may require the employee giving notice of a need for leave to provide reasonable documentation or statement of family relationship.
2. This documentation may take the form of a simple statement from the employee, a birth certificate, a court document, etc.
3. After examination, the employee is entitled to the return of the official document.

B. Medical Leave. The employee has a serious health condition resulting in an inability to perform job functions.

1. An employee is unable to perform the functions of their position if the Health Care Provider ("HCP") finds that the employee is:
 - a. Unable to work at all; or
 - b. Unable to perform any one of the position's essential functions within the meaning of the ADAAA, 42 USC 12101, et. seq. and the regulations at 29 CFR Sec. 1630.2 (n). For FMLA purposes, the essential functions must be determined with reference to the employee's position when the notice is given or the leave commenced, whichever is earlier.
2. An employee absent from work to receive medical treatment for a serious health condition is considered to be unable to perform the essential functions of the position during the absence for treatment. The Designator may provide a copy of the essential functions of the employee's position for the HCP to review when requiring certification.

C. Service member [or Military Family] Leave

1. “Qualifying Exigency.” Employees with a spouse, son, daughter, or parent (“the Servicemember”) on covered active duty or a Federal call to covered active duty in the regular Armed Forces, the National Guard or Reserves, or a retired member of the regular Armed Forces or Reserves may use leave to address exigencies listed below arising out of the covered active duty or impending covered active duty deployment of the Service member to a foreign country:
 - a. Short-notice deployment (up to 7 days of leave);
 - b. Attending certain military events;
 - c. Child care or school activities;
 - d. Addressing financial and legal arrangements;
 - e. Periods of rest and recuperation with the Service member (up to 5 days of leave)
 - f. Attending counseling sessions related to active duty;
 - g. Attending post-deployment activities (available for up to 90 days after the termination of the covered Servicemember’s active duty status);
 - h. Other activities arising out of the Service member’s active duty or call to active duty, and agreed upon by the institution and employee.
2. Military Caregiver Leave
 - a. An eligible employee who is the spouse, son, daughter, parent, or next of kin of a covered Service member shall be entitled to a total of 26 work weeks of leave during a 12-month period to care for the covered Service member who has a serious injury or illness incurred in the line of duty while on covered active duty in the Regular Armed Forces, National Guard or Reserves provided that such injury or illness may render the Service member medically unfit to perform duties for which the Service member is undergoing medical treatment, recuperation, or therapy; or is in outpatient status; or is on the temporary disability retired list.
 1. A serious health condition also includes any injury or illness that existed before the beginning of the Servicemember’s covered active duty that was aggravated by service in the line of duty on covered active duty.

2. A veteran of the regular Armed Forces, National Guard or Reserves will be considered a covered Service member for purposes of this leave entitlement if:
 1. They are undergoing medical treatment, recuperation or therapy for a serious injury or illness that was incurred by or aggravated while on covered active duty in the Armed Forces, whether or not the illness or injury manifested itself before or after the member became a veteran; and
 2. They were a member of the Armed Forces, National Guard, or Reserves at any time during the five-year period before beginning the treatment, recuperation or therapy.
- b. An employee may take up to 26 workweeks of leave on a per Service member, per injury/illness basis during a 12-month period, beginning on the first day of leave. However, no more than 26 workweeks of leave may be taken within any single 12-month period.
- c. "Next of kin" means the nearest blood relative other than the covered Servicemember's spouse, parent or child designated by the Service member in the following order of priority:
 1. A legal guardian or custodian; or
 2. A sibling, grandparent, aunt/uncle, or first cousin, unless the Service member has specifically designated in writing another blood relative as his/her nearest blood relative.

III. FMLA definition of "a serious health condition" and "period of incapacity"

- A. "Serious health condition" means an illness, injury, impairment, or physical or mental condition involving any of the following:
 1. Inpatient care (i.e., an overnight stay) in a hospital, hospice, or residential medical-care facility, including any period of incapacity; or
 2. Continuing treatment by a HCP which includes:

- a. A period of incapacity lasting more than 3 consecutive, full calendar days, and any subsequent treatment or period of incapacity relating to the same condition that also includes:
 - 1. Treatment 2 or more times by or under the supervision of a HCP (i.e., in-person visits, the first within 7 days and both within 30 days of the first day of incapacity); or
 - 2. Treatment on at least one occasion by a HCP (i.e., an in-person visit within 7 days of the first day of incapacity) with a continuing regimen of treatment. (e.g., prescription medication, physical therapy)
 - b. Any period of incapacity related to pregnancy or for prenatal care. A visit to the HCP is not necessary for each absence; or
 - c. Any period of incapacity or treatment for a chronic serious health condition which continues over an extended period of time, requires periodic visits (at least twice a year) to a HCP, and may involve episodic rather than a continuing period of incapacity (e.g., asthma, diabetes, epilepsy, etc.). A visit to a HCP is not necessary for each absence; or
 - d. A period of incapacity that is permanent or long-term due to a condition for which treatment may not be effective (e.g., Alzheimer's, severe stroke, or terminal stages of a disease). Only supervision by a HCP is required, rather than active treatment; or
 - e. Any absences to receive multiple treatments, including any period of recovery therefrom, for restorative surgery after an accident or other injury; or, for a condition that would likely result in a period of incapacity of more than 3 days if not treated.
- B. "Period of incapacity" means an inability to work, attend school or perform other regular daily activities due to the serious health condition, treatment or recovery.

- C. Absences due to pregnancy or prenatal care, or chronic conditions as specified above, fall within FMLA even if no treatment from a HCP is received, and even if the absence does not last more than 3 consecutive, full calendar days.

IV. [Determination of the 12 Workweek/26 Workweek Periods](#)

A. Limitations on Length and Duration

1. Eligible employees are entitled to up to a total of 12 workweeks of leave for family or medical leave, and for a qualifying exigency under Service member leave; and, up to 26 workweeks of leave to care for a Service member with an injury or illness during a 12-month period.
 - a. The initial 12-month period starts on the date the employee's FMLA leave first begins.
 - b. A new 12-month period would begin the first time FMLA leave is taken after completion of any previous 12-month period.
 1. For example, an employee who first uses FMLA leave on October 7, 2008, would have their 12-month period begin on that date and continue through October 6, 2009.
 2. If this employee subsequently needed to use FMLA leave starting on December 2, 2009, a new 12-month period would be established from that date forward through December 1, 2010.
2. A holiday that occurs within the week taken as FMLA leave has no effect; the week is counted as a week of FMLA leave.
 - a. Exception: If the institution/System Office is temporarily closed for work for 1 or more weeks (e.g., closing for the Christmas/New Year holiday, summer breaks), those days do not count as FMLA leave.
 - b. If the employee takes intermittent leave, the holiday is not counted unless the employee would have been scheduled to work the holiday.

3. Overtime hours. If the employee is normally scheduled to work overtime but is unable to do so because of a serious health condition, the overtime missed may be counted as FMLA leave.
 - a. For example, if an employee would normally be required to work 48 hours in a particular week, but due to a serious health condition the employee is unable to work more than 40 hours that week, the employee would utilize 8 hours of FMLA protected leave.
 - b. Voluntary overtime hours that an employee does not work due to a serious health condition may not be counted against the employee's FMLA leave entitlement.
 4. Part-time employees receive FMLA leave on a pro rata or proportional basis.
 5. If an employee's schedule varies from week to week, a weekly average of the hours worked over the 12 workweeks prior to the beginning of the leave period would be used for calculating the employee's normal workweek.
- B. Leave entitlement for the birth of a child or for adoption or foster care placement of a child expires at the end of the 12-month period beginning on the date of the birth or placement. FMLA leave for these reasons must be concluded within this time period.
- C. Leave to care for an injured or ill Service member is to be applied on a per-covered Service member, per-injury basis such that an eligible employee may be entitled to take more than one period of 26 workweeks of leave if the leave is to care for different covered Servicemember's or to care for the same Service member with a subsequent serious injury or illness. However, no more than 26 workweeks of leave may be taken within any single 12-month period.
- D. FMLA leave limitations when both spouses are State employees.
1. Spouses who are both employees of the State are limited to a combined total of 12 workweeks of FMLA leave during a 12-month period if the leave is taken for the following reasons:
 - a. Birth of a child or for care of the child after birth; or

- b. Adoptive or foster care placement of a son or a daughter or for care of the child after placement; or
 - c. To care for a parent with a serious health condition.
 - d. However, each employee would be entitled to take 12 workweeks of FMLA leave to care for a child, including a newborn, with a serious health condition.
 - 2. In situations where both the husband and wife use a portion of FMLA leave for one of the reasons listed in the previous paragraph, each spouse is entitled to the difference between the amount each has taken individually and 12 workweeks of FMLA leave for reasons other than those listed.
 - a. For example, if both spouses use 6 workweeks of leave for the birth of a child, each could take an additional 6 workweeks of leave for personal illness, or to care for a family member with a serious health condition.
 - b. In situations where FMLA leave is not taken due to birth, adoption, or foster care, or to care for a parent during a given year, each spouse is entitled to full 12 workweeks of leave.
 - c. Additionally, each employee would be entitled to take 12 workweeks of FMLA leave to care for a newborn child or child if that child has a serious health condition.
 - 3. If one spouse is ineligible for FMLA leave, the spouse who meets the eligibility requirement is entitled to 12 workweeks of FMLA leave.
 - 4. Service member Leave. The aggregate number of workweeks of leave to which both that husband and wife may be entitled is limited to 26 workweeks during a 12-month period.
- E. Use of an intermittent or reduced leave schedule.
- 1. "Intermittent Leave" is leave taken in separate blocks of time due to a single qualifying reason and may include leave periods from an hour to several weeks. A "reduced leave schedule" reduces an employee's usual number of working hours per work-day or work-week.

2. An employee may take intermittent FMLA leave or have a reduced leave schedule over a 12-month time period when medically necessary for:
 - a. Planned and/or unanticipated medical treatment of a serious health condition by or under the supervision of a HCP;
 - b. Recovery from the condition;
 - c. Recovery from treatment of the condition; or
 - d. To provide care to an immediate family member with a serious health condition.
 1. Employees may not use intermittent FMLA leave following the birth of a child, or adoptive or foster care placement for any reason other than medical necessity.
3. Intermittent leave or a reduced schedule may also be used for absences where the employee or family member is incapacitated or unable to perform the position's essential functions due to a chronic serious health condition even if treatment is not rendered by a HCP.
4. If an employee requests intermittent leave or leave resulting in a reduced work schedule, the employer may require that the employee transfer temporarily to another position for which the employee is qualified and which better accommodates the employee's need for recurring leave periods.
 - a. Transfer to an alternative position may include altering an existing job to better accommodate the employee's need for intermittent or reduced leave.
 - b. This temporary position must have equivalent pay and benefits, but need not have equivalent duties.
 - c. For information regarding benefits (e.g., insurance and longevity) not ordinarily provided to part-time employees that may not be eliminated, see Section XVIII.
 - d. An employee may not be transferred to an alternative position in an effort to discourage use of FMLA leave or otherwise work a hardship on the employee (e.g., a day-shift employee may not be reassigned to a later shift).

- e. When an employee who transferred to an alternative position is able to return to full-time work, they shall be placed in the same or equivalent position as the job held when the leave commenced.
 - f. An employee cannot be required to take more FMLA leave than the circumstance for the leave requires.
5. The employer must account for intermittent or reduced leave using an increment no greater than the shortest period of time that the employer uses to account for use of other forms of leave provided that it is not greater than one hour and provided further that an employee's FMLA leave entitlement may not be reduced by more than the amount of leave actually taken.

V. Employee Notice Requirements

A. General.

- 1. An employee giving notice of the need for FMLA leave does not need to expressly assert rights under the Act or even mention the FMLA to meet the obligation to provide notice though the employee would need to state a qualifying reason for the needed leave and otherwise satisfy the notice requirements.
- 2. However, if the employee fails to explain the reasons for the leave, the request may be denied.

B. Foreseeable leave

1. Timing of notice

- a. The employee must provide at least 30 days advance notice before the leave is to begin, or if 30 days is not practicable, as soon thereafter as possible. The employer may require the employee to explain the reasons why notice was not given at least 30 days prior to the leave.
- b. Notice need be given only once but the employee shall advise the employer as soon as practicable if dates of scheduled leave change or are extended, or were initially unknown.

2. Content of notice

- a. An employee shall provide at least verbal notice sufficient to make the employer aware that the employee needs FMLA qualifying leave, and the anticipated timing and duration of the leave.
- b. The employer may request medical certification to support the need for the leave to determine if the condition qualifies as a serious health condition. The employer may request certification to support the need for leave for a qualifying exigency or for military caregiver leave.
- c. An employee has an obligation to respond to an employer's questions designed to determine whether an absence is potentially FMLA qualifying. Failure to respond to reasonable employer inquiries may result in denial of FMLA protection if the employer is unable to determine whether the leave is FMLA qualifying.
- d. An employer may require an employee to comply with the employer's usual and customary notice and procedural requirements for requesting leave, absent unusual circumstances.

3. Scheduling leave

- a. The employee must consult with the employer and make a reasonable effort to schedule planned medical treatments so as not to unduly disrupt the employer's operations subject to the approval of the HCP.
- b. Intermittent leave or leave on a reduced schedule must be medically necessary due to a serious health condition, injury or illness. The employee and employer shall attempt to work out a schedule for such leave that meets the employee's needs without unduly disrupting the employer's operation, subject to the approval of the health care provider.

C. Unforeseeable Leave

1. Timing of notice

- a. An employee must provide notice as soon as practicable under the facts and circumstances of the case.

- b. Notice may be given by the employee's spokesperson if the employee is unable to do so personally.
2. Content of notice
- a. An employee shall provide sufficient information for an employer to reasonably determine whether the FMLA may apply to the leave request, and the anticipated duration of the absence.
 - b. Calling in sick without providing more information will not be considered sufficient notice to trigger an employer's obligations under the FMLA. The employer may obtain any additional required information by contacting the employee or the employee's spokesperson through informal means.
 - c. The employee has an obligation to respond to an employer's questions designed to determine whether an absence is potentially FMLA qualifying. Failure to respond to reasonable employer inquiries may result in denial of FMLA protection if the employer is unable to determine whether the leave is FMLA qualifying.
 - d. An employer may require an employee to comply with the employer's usual and customary notice and procedural requirements for requesting leave, absent unusual circumstances.
 - e. If an employee requires emergency medical treatment, they would not be required to follow the call-in procedure until their condition is stabilized and they have access to, and is able to use, a phone.

VI. [Employer Notice Requirements](#)

- A. Posting general notice.
 - 1. All employers are required to post, in conspicuous places, notices explaining the provisions of the FMLA.
 - 2. Electronic posting is sufficient. See the Department of Labor (DOL) Web site for a prototype notice.

3. The DOL notice form may be used, or another format may be used so long as the information provided includes, at a minimum, all the information contained in the DOL notice.
- B. If the employer has an employee handbook or other document explaining employee benefits or leave rights, information concerning FMLA entitlement, and employer/employee responsibilities and obligations must be included.
- C. Eligibility notice
1. When an employee requests FMLA leave or when the employer acquires knowledge that an employee's leave may be for an FMLA qualifying reason, the employer must notify the employee of eligibility to take FMLA leave within 5 business days, absent extenuating circumstances.
 2. If the employee is not eligible, the notice must state at least one reason why.
 3. Notification of eligibility may be oral or in writing and employers may use DOL forms to provide notice.
- D. Rights and responsibilities notice.
1. Employers must provide written notice detailing the specific expectations and obligations of the employee and explain any consequences of a failure to meet these obligations.
 2. This notice must be provided each time an eligibility notice is provided.
 3. The notice must, at minimum, include, as appropriate:
 - a. That the leave may be designated and counted against the employee's annual FMLA leave entitlement;
 - b. Any requirements for the employee to furnish certification of a serious health condition, serious injury or illness, or qualifying exigency arising out of active duty or call to active duty status, and the consequences of failing to do so;
 - c. That the employer will substitute paid leave and the employee's entitlement to take unpaid FMLA leave if they do not have sufficient accrued paid leave;

- d. Any requirement for the employee to make any premium payments to maintain health benefits and the arrangements for making such payments, and the possible consequences of failure to make such payments on a timely basis;
 - e. The employee's rights to maintenance of benefits during the FMLA leave and restoration to the same or an equivalent job upon return from FMLA leave; and,
 - f. The employee's potential liability for payment of health insurance premiums paid by the employer during the employee's unpaid FMLA leave if the employee fails to return to work after taking FMLA leave.
4. The employer may use the appropriate DOL form as the notice of rights and responsibilities. This notice may be distributed electronically so long as it otherwise meets the requirements of this section.

E. Designation Notice

1. When the employer has enough information to determine whether the leave is being taken for an FMLA qualifying reason, the employer must notify the employee whether the leave will be designated and counted as FMLA leave within 5 business days absent extenuating circumstances.
 - a. At the time of designating the leave as FMLA leave; the employer must indicate that paid leave will be utilized when the employee has accumulated leave balances.
 - b. An employee with no accumulated sick or annual leave balances must take leave as unpaid, unless otherwise stipulated in other TBR leave policies.
 - c. TBR leave policies and the FMLA leave policies shall run concurrently and not consecutively.
2. Only one notice of designation is required for each FMLA qualifying reason per applicable 12-month period, regardless of whether the leave taken due to the qualifying reason will be a continuous block of leave, or intermittent or reduced schedule leave.

3. If the employer determines that the leave will not be designated as FMA qualifying, the employee must be so notified.
4. If the employer will require the employee to present a fitness-for-duty certification to be restored to employment, the employer must provide notice of such requirement with the designation notice.
 - a. If the fitness-for-duty certification must address the employee's ability to perform the essential functions of their position, the employer must so indicate in the designation notice, and must include a list of the essential functions of the position.
5. The designation notice must be in writing and the appropriate DOL form may be used for this purpose. If the leave cannot be designated as FMLA leave, the notice may be in the form of a simple written statement.
6. The employer must notify the employee of the amount of leave counted against their FMLA leave entitlement.
 - a. If the amount of leave needed is known at the time the leave is designated as FMLA leave, the employer must notify the employee of the number of hours, days or weeks that will be counted against the employee's FMLA leave entitlement in the designation notice.
 - b. If it is not possible to provide this information, such as in the case of unforeseeable intermittent leave, the employer must provide notice of the amount of leave counted against the employee's FMLA leave entitlement at the request of the employee, but no more often than once in a 30-day period and only if FMLA leave was taken in that period.

VII. Designation of FMLA Leave

A. Employer responsibilities.

1. The decision to designate leave as FMLA qualifying must be based only on information received from the employee or the employee's spokesperson.

2. If the employer does not have sufficient information about the reason for the use of leave, the employer should inquire further of the employee or spokesman.
 3. The employer must then provide the appropriate notice pursuant to the prior section.
- B. Employee responsibilities
1. An employee giving notice of the need for FMLA leave does not need to expressly assert rights under the FMLA or even mention the FMLA to meet the obligation to provide notice, though they would need to state a qualifying reason for the needed leave and otherwise satisfy the notice requirements of Section V.
 2. If an employee fails to adequately explain the need for FMLA leave, the request may be denied.
- C. Retroactive designation.
1. The employer may retroactively designate leave as FMLA leave with appropriate notice to the employee provided the employer's failure to timely designate leave does not cause harm or injury to the employee.

VIII. Certification

- A. General
1. A request for certification must be made in writing.
 2. The employer should make a request for certification at the time the employee gives notice of the need for leave or within 5 business days thereafter; or, in the case of unforeseen leave, within 5 business days after the leave begins.
 3. The employee must provide the requested certification within 15 calendar days after the request unless it is not practicable under the particular circumstances to do so despite the employee's diligent, good faith efforts. The employee is responsible for paying any costs associated with obtaining a certification or recertification, and any necessary clarification or authentication.
 4. If the employee does not provide a complete and sufficient certificate, the employer must state in writing what additional information is necessary to make the certification complete and sufficient. If items on the certification are not filled in, or

the information provided is vague, ambiguous or non-responsive, the certification may be considered incomplete. The employee must be allowed 7 calendar days to cure any deficiencies.

5. No information beyond that specified below in Section IX may be required to be provided.
6. The employee may provide the employer with an authorization, release or waiver allowing the employer to communicate directly with the HCP, but the employee must not be required to do so.

B. Consequences

1. At the time the employer requests certification, the employee must be advised that the FMLA leave request may be denied if the certification is incomplete or insufficient despite the opportunity to cure the deficiencies, or if the employee fails to provide any certification.
2. It is the employee's responsibility to furnish a complete and sufficient certification, or to furnish the HCP the necessary authorization to complete the certification.
3. These principles apply whether the request is the initial certification, a recertification, a second or third opinion, or a fitness for duty certificate, including any clarifications necessary to determine if such certifications are authentic and sufficient.

IX. **Certification of Serious Health Condition of Employee or a Covered Family Member**

A. Permissible information

1. The name, address, telephone number and fax number of the HCP, and type of medical practice/specialization;
2. The approximate date on which the serious health condition began, and its probable duration;
3. A statement or description of appropriate medical facts regarding the patient's health condition for which FMLA leave is requested.
 - a. These facts must be sufficient to support the need for leave and may include information on symptoms, diagnosis, hospitalization, doctor visits, whether

medication has been prescribed, any referrals for evaluation or treatment, or any other regimen of continuing treatment.

4. If the employee is the patient, information sufficient to establish that they cannot perform the essential functions of their job, the nature of any other work restrictions; and, the likely duration of such inability.
 5. If the patient is a covered family member, information sufficient to establish that the family member is in need of care, and an estimate of the frequency and duration of the leave required to care for the family member.
 6. If the employee requests leave on an intermittent or reduced schedule basis for planned medical treatment for themselves, or a family member, information sufficient to establish the medical necessity and an estimate of the dates and duration of such treatments and any periods of recovery.
 7. If the employee requests leave on an intermittent or reduced schedule basis for a serious health condition, including pregnancy, that may result in unforeseeable episodes of incapacity, information sufficient to establish the medical necessity for such leave and an estimate of the frequency and duration of the episodes of incapacity.
 8. If the employee requests leave on an intermittent or reduced schedule basis to care for a covered family member, a statement that such leave is medically necessary to care for the family member who can include assisting in recovery, and an estimate of the frequency and duration of the required leave.
- B. The appropriate DOL form may be used to obtain information concerning the employee's serious health condition or the serious health condition of a covered family member. These forms may also be used if seeking second and third opinions.
- C. Workers' compensation - If the employee is concurrently on FMLA leave and workers' compensation leave, the FMLA does not prevent the employer from following the workers' compensation provisions in seeking information even if such would allow

inquires beyond that allowed under the FMLA. Information received may be considered in determining the employee's entitlement to FMLA protected leave.

- D. ADAAA - If the employee's serious health condition may also be a disability pursuant to the ADAAA, the FMLA does not prevent the employer from following the procedures for requesting medical information under the ADAAA. Any information received may be considered in determining the employee's entitlement to FMLA protected leave.
- E. Clarification and authentication of certification.
 - 1. If the employee submits an incomplete or insufficient certification signed by the HCP, the employer may contact the HCP for purposes of clarification and authentication.
 - a. The employee must first have been given 7 calendar days to cure the deficiency.
 - b. Employers may not ask for additional information beyond that required by the certification form as set out in Section IX.A.
 - 2. The employee must provide an authorization for the employer to contact the HCP.
 - 3. A HCP, human resources professional, leave administrator or a management official may contact the HCP for clarification or authentication. Under no circumstances shall the employee's direct supervisor contact the HCP.
 - 4. "Authentication" means providing the HCP with a copy of the certification and requesting verification that the information contained on the certification form was completed and/or authorized by the HCP who signed the document.
 - 5. "Clarification" means contacting the HCP to understand the handwriting on the medical certification or to understand the meaning of a response.
 - 6. It is the employee's responsibility to provide a complete and sufficient certification and to clarify the certification if necessary. Failure to do so or failure to provide authorization to contact the HCP may result in the denial of FMLA leave.
- F. Second and Third Opinions
 - 1. Second opinion

- a. If the employer doubts the validity of a certification, the employee may be required to obtain a second opinion which shall be at the employer's expense.
 - b. The employer is permitted to designate the HCP but the HCP must not be employed on a regular basis by the employer.
 2. Third opinion
 - a. If the first and second opinions differ, the employer may require the employee to obtain certification from a third HCP at the employer's expense.
 - b. The third HCP must be designated or approved jointly by the employer and the employee.
 - c. The third opinion shall be final and binding.
 3. Pending receipt of a second or third opinion, the employee is provisionally entitled to the benefits of the FMLA, including maintenance of group health benefits.
- G. FMLA leave may be denied and the leave designated as paid or unpaid under the employer's established leave policies if:
1. The certifications do not ultimately establish entitlement to FMLA leave; or,
 2. The employee fails to provide authorization for their HCP to release all relevant medical information pertaining to the serious health condition at issue if requested by the HCP designated to provide the second or third opinion.
- H. Recertification
1. 30-day rule - An employer may request recertification no more often than every 30 days and only in connection with an absence by the employee, unless sections 2 or 3 apply.
 2. More than 30 days
 - a. If the medical certification indicates the minimum duration of the condition is more than 30 days, an employer must wait until that minimum duration period expires before requesting a recertification.
 - b. Notwithstanding the limitation set forth above, an employer may request a recertification every 6 months in connection with an absence by the employee.

3. Less than 30 days - An employer may request certification in less than 30 days if:
 - a. The employee requests an extension of leave;
 - b. Circumstances described by the previous certification have changed significantly (e.g., the duration or frequency of the absence, the nature or severity of the illness, or complications); or,
 - c. The employer receives information that casts doubt on the stated reason for the absence or the continuing validity of the certification.
4. The employee must provide the recertification within the timeframe requested by the employer which must allow no less than 15 calendar days.
5. The employer may ask for the same information as that permitted for the original certification, and the employee has the same obligation to participate and cooperate in providing a complete and sufficient certification.
6. The employer may provide the HCP with a record of the employee's absence pattern and ask if the serious health condition and need for leave is consistent with such a pattern.
7. Any recertification requested by the employer may be at the employee's expense.
8. No second or third opinion on recertification may be required.

X. Certification of Qualifying Exigency

A. Active duty orders

1. The first time an employee requests leave based on a qualifying exigency arising out of the active duty or call to active duty status of a covered military member, the employer may require the employee to provide a copy of the covered military member's active duty orders or other documentation issued by the military that indicates that the covered military member is on active duty or call to active duty status in support of a contingency operation, and the dates of the active duty service. This information need only be provided once.
2. A copy of new active duty orders or other documentation issued by the military shall be provided to the employer if the need for leave because of a qualifying exigency

arises out of a different active duty or call to active duty status of the same or a different covered military member.

B. Required information - The employer may require a certification from the employee that sets forth the following information:

1. A statement or description, signed by the employee, of appropriate facts regarding the qualifying exigency, including the type of qualifying exigency and any documentation which supports the request for leave.
2. The approximate date(s) of the qualifying exigency.
 - a. If the event is a single, continuous period of time, the beginning and end dates.
 - b. If the leave request is for an intermittent or reduced schedule, an estimate of the frequency and duration of the qualifying exigency.
3. If the event involves meeting with a third party, appropriate contact information for the third party, and a brief description of the purpose of the meeting.

C. The appropriate DOL form may be used. No information beyond that specified may be required.

D. Verification

1. If the certification is complete and sufficient to support the request for leave, no additional information may be requested.
2. However, if the qualifying exigency concerns meeting with a third party, the employer may contact the third party to verify the nature and time of the meeting.
3. The employer may contact the Department of Defense to request verification that a covered military member is on active duty or call to active duty status.
4. If verification occurs pursuant to either item 2 or 3, no additional information may be requested and the employee's permission is not required.

XI. [Certification for Service member \(Military Caregiver\) Leave](#)

A. Required information from HCP - An employer may require an employee to obtain a certification completed by any one of the following:

1. A United States Department of Defense ("DOD") HCP;

2. A United States Department of Veterans Affairs (“VA”) HCP;
 3. A DOD TRICARE network authorized private HCP;
 4. A DOD non-network TRICARE authorized private HCP.
- B. If the authorized HCP is unable to make certain military-related determinations specified below, the authorized HCP may rely on determinations from an authorized DOD representative. An employer may request that the HCP provide the following information:
1. The name, address and appropriate contact information (telephone number, fax number, and/or email address) of the HCP, the type of medical practice, the medical specialty, and whether the health care provider is one of the following:
 - a. A DOD HCP;
 - b. A VA HCP;
 - c. A DOD TRICARE network authorized private HCP; or
 - d. A DOD non-network TRICARE authorized private HCP.
 2. Whether the covered Servicemember’s injury or illness was incurred in the line of duty on active duty.
 3. The approximate date on which the serious injury or illness began and its probable duration.
 4. A statement or description of appropriate medical facts regarding the covered Servicemember’s health condition for which FMLA leave is requested.
 - a. These facts must include information on whether the injury or illness may render the covered Service member medically unfit to perform the duties of the Servicemember’s office, grade, rank or rating and whether the member is receiving medical treatment, recuperation or therapy.
 5. Information sufficient to establish that the covered Service member is in need of care and whether they will need care for a single continuous period of time, including any time for treatment and recovery, and an estimate as to the beginning and ending dates for this period of time.

6. If intermittent or reduced schedule leave is requested for planned medical treatment appointments, whether there is a medical necessity for the covered Service member to have such periodic care and an estimate of the treatment schedule of such appointments.
 7. If intermittent or reduced schedule leave is requested for other than planned medical treatment (e.g., episodic flare-ups of a medical condition), whether there is a medical necessity to have such periodic care, which can include assisting the covered Servicemember's recovery, and an estimate of the frequency and duration of the periodic care.
- C. The employer may also ask the employee and/or the covered Service member to include the following information in the certification:
1. The name and address of the employer of the employee requesting leave to care for a covered Service member, the name of the employee requesting such leave, and the name of the covered Service member for whom the employee is requesting leave to care.
 2. The relationship of the employee to the covered Service member.
 3. Whether the covered Service member is a member of the Armed Forces, the National Guard or Reserves; and their military branch, rank and current unit assignment.
 4. Whether the covered Service member is assigned to a military medical facility as an outpatient or to a unit established for the purpose of providing command and control of members of the Armed Forces receiving medical care as outpatients, and the name of the medical treatment facility or unit.
 5. Whether the covered Service member is on the temporary disability retired list.
 6. A description of the care to be provided and an estimate of the leave needed to provide the care.
- D. The appropriate DOL form may be used to obtain certification that meets the FMLA's requirements.

1. No information may be required beyond that specified on the certification.
 2. Authentication and/or clarification of the certification may be sought.
 3. Second and third opinions and recertification are not permitted.
 4. Confirmation of covered family relationship to the covered Service member may be required.
- E. Invitational travel order (“ITO”) or invitational travel authorization (“ITA”).
1. An employer must accept an ITO or an ITA as sufficient certification to allow FMLA leave. No additional or separate certification may be required.
 2. If leave is needed beyond the period specified in the ITO/ITA, the employer may request certification from one of the authorized HCPs listed in B.1.
 3. The employer may seek authentication and clarification of the ITO/ITA. The employer may not seek a second or third opinion, or a recertification during the period of time in which leave is supported by an ITO/ITA.
 4. The employer may require an employee to provide confirmation of covered family relationship to the covered Service member.

XII. [Intent to Return to Work](#)

- A. An employer may require an employee on FMLA leave to report periodically on their status and intent to return to work.
- B. If an employee gives an unequivocal notice of intent not to return to work, the employer’s obligations under FMLA to maintain health benefits and to restore the employee cease.
1. However, these obligations continue if the employee indicates they may be unable to return to work but expresses a continuing desire to do so.
- C. An employee may need more leave than initially requested or the employee may not need as much leave as initially requested.
1. In the latter instance, the employee may not be required to take more FMLA leave than necessary to resolve the circumstance that precipitated the need for leave.

2. The employer may require the employee to provide reasonable notice (i.e., within two business days) of the changed circumstances where foreseeable.
3. The employer may also obtain information on such changed circumstances through requested status reports.

XIII. [Fitness-for-Duty Certification](#)

- A. As a condition for restoring an employee whose own serious health condition required FMLA leave, the employer may impose a uniformly-applied policy or practice that requires all similarly-situated employees to provide certification from their HCPs that the employee is able to resume work.
- B. The fitness-for-duty certification may only pertain to the specific health condition that required FMLA leave.
- C. The certification must state that the employee is able to resume work.
 1. Additionally, the employer may require the certification to specifically address the employee's ability to perform the essential functions of their job.
 2. In order to do so, the employer must provide the employee with a list of the essential functions of the job no later than with the designation notice.
 3. The designation notice must indicate that the certification must address the employee's ability to perform those essential functions.
- D. Authentication and/or clarification of the certification is allowed. However, the employee's return to work may not be delayed while contact with the HCP is being made.
- E. No second or third opinions may be required.
- F. The cost of a return-to-work certification shall be borne by the employee.
- G. Restoration may be delayed until the employee submits a required fitness-for-duty certification if the employer has provided notice of the need for such in the designation notice.

- H. If a fitness-for-duty certification is required, an employee who does not provide such or who does not request additional FMLA leave is no longer entitled to reinstatement under the FMLA.
- I. Return from intermittent or reduced schedule leave.
 - 1. The employer may not require a new certification after each absence if the employee is on intermittent or reduced scheduled leave.
 - 2. However, an employer is entitled to a certification for such absences up to once every 30 days if reasonable safety concerns exist regarding the employee's ability to perform their duties, based on the serious health condition for which leave was taken.
 - a. "Reasonable safety concerns" means a reasonable belief of significant risk of harm to the individual employee or others.
 - b. The nature and severity of the potential harm, and the likelihood that potential harm will occur must be considered in making this determination.
 - 3. The employer must inform the employee at the time the designation notice is issued that for each subsequent instance of intermittent or reduced schedule leave, the employee will be required to submit a fitness-for-duty certification unless one has already been submitted within the past 30 days.
 - 4. An employee may not be terminated while awaiting such a certification.
- J. If an employee's serious health condition may also be a disability under the ADAAA, the FMLA does not prevent the employer from following the procedures for requesting medical information under the ADAAA.

XIV. **Failure to Provide Certification**

- A. Foreseeable leave
 - 1. If the employee fails to provide certification in a timely manner, FMLA coverage may be denied until certification is provided.
- B. Unforeseeable leave

1. FMLA coverage may be denied if the employee fails to provide a certification within 15 calendar days from receipt of the request for certification unless not practicable due to extenuating circumstances.
 - a. Absent those circumstances, if the employee fails to timely return the certification, FMLA protections can be denied following expiration of the 15-day time period until a sufficient certification is provided.
 - b. If the employee never produces the certification, the leave is not FMLA leave.

C. Recertification

1. An employee must provide recertification within the time requested by the employer (which must allow at least 15 calendar days after the request) or as soon as practicable under the particular facts and circumstances.
 - a. Failure to do so may result in denial of continuation of FMLA leave protections until a sufficient recertification is produced.
 - b. If one is never provided, the leave is not FMLA.
2. Recertification does not apply to leave taken for a qualifying exigency or to care for a covered Service member.

D. Fitness-for-duty

1. The employee must provide medical certification at the time they seek reinstatement if such is requested pursuant to the employer's policy or practice, if the employer provided the required notice.
2. If the employee fails to do so, restoration may be delayed until the certification is provided.
3. Unless the employee provides either a fitness-for-duty certification or a new medical certification for a serious health condition at the time FMLA leave is concluded, the employee may be terminated.

XV. [Job Restoration](#)

A. Right to Reinstatement

1. Upon returning from FMLA leave, an employee must be restored to their original position or to an equivalent position.
 - a. An equivalent position is one that is virtually identical to the former position in terms of pay, benefits and working conditions, including privileges, perquisites and status.
 - b. This involves restoration to a position having the same or substantially similar duties and responsibilities and having substantially equivalent skill, effort, responsibility and authority.
 - c. An employee is entitled to such reinstatement even if the employee has been replaced or their position has been restructured to accommodate the employee's absence.
 - d. This applies only to employees returning from FMLA leave and may not apply to employees who used additional leave beyond the 12/26 workweek FMLA entitlement, as provided in other TBR leave policies.
2. An employee returning from FMLA leave is entitled to any general or unconditional pay increases that all other employees have received during the period the employee was on leave.
3. An employee is entitled to shift or work schedule assignments equivalent to those in effect prior to the beginning of the leave period and to the same or a geographically proximate work location where previously employed.
4. If an employee is no longer qualified for the position because of the employee's inability to attend a necessary course, renew a license, etc., as a result of the leave, the employee shall be given a reasonable opportunity to fulfill those conditions upon return to work.

B. Limitations on Reinstatement

1. An employee has no greater right to reinstatement or to other benefits and conditions of employment than if the employee had been continuously employed during the FMLA leave period.

- a. Thus, if a work location is closed, a shift eliminated, overall work hours for an entire unit reduced, or positions abolished through a reduction in force, the employee is only entitled to conditions that would have been in effect for the employee if the leave had never been taken.
 1. For example, if an employee's shift is eliminated during the time period that leave was taken, the employee is not entitled to assignment to the previous shift's work hours or to shift differential pay when returning from leave that other employees formerly on the shift no longer receive.
 - b. However, the employee is entitled to employment in a position meeting all other previous employment conditions.
 - c. An employer must be able to show that he/she would not otherwise have been employed at the time reinstatement is requested in order to deny restoration to employment.
2. If an employee can no longer perform an essential function of the position because of a physical or mental condition, including the continuation of a serious health condition or an injury or illness also covered by workers' compensation, the employee has no right to restoration to another position under the FMLA.
 - a. However, the provisions of the ADAAA may apply. Such cases should be referred to the ADAAA coordinator.
 3. If an employee should require more or less FMLA leave than was originally anticipated, they are required to provide the employer 2 business days' notice where feasible.
 - a. Regarding an employee who wants to return to work earlier than anticipated, they shall be restored once such notice is given, or where such notice is not feasible.
 4. In situations where an employee notifies the employer that they are not returning to work, the obligation to restore the employee to a position ends.

- a. Should the employee indicate they are unable to return to work but continues to want to return, restoration requirements remain in effect.
- 5. If an employee was hired for a specific term or only to perform work on a discrete project, the employer has no obligation to restore the employee if the employment term or project is over and the employer would not otherwise have continued to employ the employee.

XVI. **Prohibition against Interfering with Employee Rights**

- A. FMLA prohibits interference with an employee's rights under the law, and with legal proceedings or inquiries relating to an employee's rights.
- B. "Interfering with" the exercise of an employee's rights would include, for example, not only refusing to authorize FMLA leave, but discouraging an employee from using such leave.
- C. FMLA's prohibition against interference prohibits an employer from discriminating or retaliating against an employee or prospective employee for having exercised or attempted to exercise FMLA rights.
- D. Employees cannot waive, nor may employers induce employees to waive, their prospective rights under the FMLA.
- E. This does not prevent the settlement or release of FMLA claims by employees based on past employer conduct without the approval of the Department of Labor or a court.

XVII. **Recordkeeping**

- A. Records must be made, kept and preserved in accordance with the recordkeeping requirements of the Fair Labor Standards Act.
 - 1. The records must be kept for no less than 3 years and made available for inspection, copying and transcription by representatives of the Department of Labor upon request.
- B. Required records:
 - 1. Basic payroll and identifying employee data.

2. Dates FMLA leave was taken. The leave must be designated in records as FMLA leave.
3. The hours of leave taken, if less than in increments of a day.
4. Employee notices provided to the employer and notices given to employees as required by the FMLA.
5. Documents describing employee benefits or employer policies and practices regarding paid and unpaid leave.
6. Premium payments of employee benefits.
7. Records of any dispute between the employer and an eligible employee regarding designation of leave as FMLA leave.

C. Confidential records

1. Records and documents relating to certifications, recertification or medical histories of the employee or their family members created for purposes of FMLA, shall be maintained as confidential medical records in separate files, separate from the usual personnel files.
2. If the ADAAA is also applicable, such records shall be maintained in conformance with ADAAA confidentiality requirements.

XVIII. [Impact of FMLA Leave on Health Insurance and Other Benefits](#)

A. Insurance Coverage

1. For the duration of FMLA leave, the employer is required to maintain an employee's health coverage under the State Group Insurance Plan under the same conditions coverage would have been provided if the employee had continued working.
 - a. It is very important that the employer communicate approval of FMLA leave to the insurance preparer.
2. The same health benefits provided to an employee prior to taking FMLA leave must be maintained during the FMLA leave.
 - a. For example, if family coverage is provided to an employee, family coverage must be maintained during the FMLA leave.

- b. Moreover, an employee temporarily working a reduced schedule (for purposes of this section, less than 30 hours per week) during a period of FMLA leave is entitled to maintain the same insurance coverage(s) that were in effect prior to the FMLA leave period.
- 3. If an employer provides a new health plan or benefits, or changes health benefits or plans while an employee is on FMLA leave, the employee is entitled to the new or changed plan/benefits to the same extent as if the employee were not on leave.
 - a. For example, if an employer changes a group health plan so that dental care becomes covered under the plan, an employee on FMLA leave must be given the same opportunity as other employees to receive (or obtain) the dental care coverage.
- 4. Notice of any opportunity to change plans or benefits must also be given to an employee on FMLA leave.
 - a. If the plan permits an employee to change from single to family coverage upon the birth of a child or otherwise add new family members, such a change in benefits must be made available while an employee is on FMLA leave.
 - b. If the employee requests the changed coverage it must be provided by the employer.
- 5. The employer is responsible for advising the employee of the options to continue or discontinue insurance coverage(s) prior to the beginning of the leave period.
 - a. If the employee elects to continue insurance coverage(s), the employer must provide the employee with written notice of the terms and conditions under which premiums must be paid.
- 6. If coverage is not to be continued, the employee must contact the insurance preparer prior to the beginning of the leave.
 - a. When an employee returns from leave, the employee is entitled to be automatically reinstated on the same terms as prior to taking the leave, including

family or dependent coverage, without any qualifying period, physical examination, exclusion of pre-existing conditions, etc.

7. To ensure that an employee on unpaid FMLA leave is reinstated with the same benefits in effect prior to the leave period, the employer shall pay the employer as well as any employee portion of premiums which has not been remitted. Premiums paid on behalf of the employee will be deducted from the employee's paycheck following their return to work.
 8. For purposes of determining insurance premium payment responsibilities, an employee is deemed to have returned to work if they have returned for 30 calendar days.
 - a. An employee who retires immediately following FMLA leave or during the first 30 days after returning to work is also deemed to have returned to work.
 - b. If the employee fails to return to work or does not stay 30 calendar days, the employer portion of the insurance premium paid during FMLA leave may be recovered except for the following reasons:
 1. The continuation, recurrence or onset of a serious health condition which would entitle the employee to leave under FMLA; or
 2. Other circumstances beyond the employee's control, such as an unexpected transfer of the employee's spouse to a job location more than 75 miles from the employee's worksite or the lay-off of the employee while on leave.
 9. If the employee fails to return to work due to a serious health condition, the employer may require medical certification of the employee's or the family member's serious health condition.
 10. The employer portion of the health premium may not be recovered during workers' compensation leave designated as FMLA leave.
- B. Longevity
1. An employee on FMLA leave, paid or unpaid, shall receive longevity in accordance with the provisions of TBR Guideline P-120 Longevity Pay.

2. Note: The employer may not eliminate benefits which otherwise would not be provided to part-time employees.
3. Therefore, an employee who has been temporarily transferred to a part-time position during a period of FMLA leave retains eligibility for longevity pay regardless of the percentage of employment.

C. Leave Accrual

1. Employees shall accrue leave in accordance with the annual and sick leave policies.
2. Due to the fact that leave is based on the number of hours worked per week, the accrual rate may be proportionately reduced.

Family, Medical, and Service Member Leave:

5.01.01.14

Policy Area

Personnel Policies

Applicable Divisions

TCATs, Community Colleges, System Office

Purpose

In compliance with the Family and Medical Leave Act of 1993, as amended, ("FMLA" or "the Act") it is the policy of the Tennessee Board of Regents ("TBR") to provide eligible employees up to 12 workweeks of leave during a 12-month period for family or medical leave, or for a qualifying exigency; or, up to 26 workweeks of leave for military caregiver leave during a 12-month period for reasons specified in this Policy, to provide continued health insurance coverage during the leave period and to insure employee reinstatement to the same or an equivalent position following the leave period.

Definitions

- State - shall be defined as any State agency, the TBR System, and/or the University of Tennessee System, for purposes of this policy.
- Other definitions are part of the policy text.

Policy

I. [Employee Eligibility](#)

- A. In order to be considered "eligible," an employee must: (1) have worked for the State for at least 12 months; and, (2) have worked at least 1,250 hours during the year preceding the start of the leave.
- B. The determination of whether an employee meets the eligibility criteria for receiving FMLA leave is based on the amount of service (including prior service) the employee has as of the date the leave actually begins.
- C. This policy applies to both regular and temporary employees.
- D. The right to take FMLA leave applies equally to male and female employees.

- E. This policy contains no exceptions for "key employees" (e.g., a salaried FMLA eligible employee who is among the highest paid 10 percent of all the employees of the institution).
- F. The 12 months of required work with the State do not have to be consecutive in order for an employee to be eligible. However, employment prior to a break in service lasting 7 or more years will not be counted unless the break was due to fulfillment of a National Guard or Reserve military service obligation. The time served performing the military service must also be counted in determining whether the employee has been employed for at least 12 months by the employer.
- G. If an employee is maintained on the payroll for any part of a week, that week is considered a week of employment, with 52 weeks of such employment considered equal to 12 months.
- H. In determining "hours worked" for the purposes of FMLA eligibility, all hours actually worked by an employee (including overtime hours) should be calculated.
 - 1. Annual and sick leave hours which have been used during the 12-month period preceding the start of the leave are not counted as hours worked.
 - 2. In situations where a full-time employee is considered "exempt" from the overtime provisions of the Fair Labor Standards Act (FLSA) and no record of overtime hours worked has been maintained, the employee is presumed to have met the 1,250 hour requirement if they have worked for the State for at least 12 months.
 - 3. For purposes of this policy, full-time faculty satisfy the 1,250 hour test.
- I. The determination of eligibility must be made as of the date the leave commences or within 5 business days (absent extenuating circumstances) of when notification of an FMLA qualifying event has been received.
 - 1. If an employee gives notice that leave is required before meeting the eligibility criteria, they must either be:
 - a. Provided with confirmation of when eligibility will be attained, based upon a projection; or

- b. Advised when the criteria have been met.
- 2. In the latter case, the notice of leave will remain current and outstanding until the employee is advised that eligibility has been attained.
- 3. Eligibility that is confirmed at the time the notice is received may not be subsequently challenged.
- 4. If notice of leave has been given and confirmation of eligibility is not given prior to commencement of the leave, the employee is deemed eligible; FMLA leave may not be denied.
- 5. In addition, if notice of the need for leave has not been given more than 5 business days prior to commencement of the leave, a determination of eligibility must be confirmed within 5 business days following notice.
- 6. If such a determination is not provided, the employee will be considered eligible.
- J. Leave requests for regular employees who do not satisfy the FMLA eligibility requirements shall be processed in accordance with the appropriate TBR leave policies.

II. **Leave Entitlement - FMLA Qualifying Events**

A. Family Leave

- 1. The birth of a son/daughter and to care for the newborn child.
 - a. In addition to leave taken after the birth of a child, FMLA leave may be taken by an expectant mother for the purpose of prenatal visits, pregnancy-related symptoms, and in situations where a serious health condition prevents her from performing her job duties prior to the child's birth.
 - b. Husbands may also use FMLA to accompany an expectant spouse to prenatal visits, to care for an expectant spouse with a serious health condition, or if needed to care for the spouse following the birth of the child if the spouse has a serious health condition.
- 2. The adoptive or foster care placement of a son or daughter with the employee.
 - a. FMLA leave may be taken prior to an adoptive or foster care placement if the leave is necessary for the placement to proceed. This would include granting

leave for required counseling sessions, court appearances, and legal or medical consultations.

- b. Adoption: There is no requirement in the Act that the source of an adoption be from a licensed adoption agency in order for an employee to be eligible for FMLA leave. (See Section II, A.3., for age limitations for son/daughter.)
 - c. Paid Parental Leave: Eligible employees will receive six (6) weeks of paid parental leave in accordance with TBR Policy 5.01.01.08, Parental Leave. FMLA leave shall run concurrently with parental leave, whether paid or unpaid.
 - d. Foster Care: This is defined as "24-hour care for children in substitution for, and away from, their parents or guardian." The Act requires that this placement be made by or in agreement with the State and that State action be involved in the removal of the child from parental custody. Foster care may include children of relatives placed within the employee's home by the State.
3. To care for the employee's spouse, son, daughter, or parent with a serious health condition, as defined below:
- a. Spouse: For purposes of this policy is defined by the U.S. Department of Labor - Family Medical Leave Act. (Code of Federal Regulations; 29 CFR 825.102 Definitions)
 - b. Parent: Biological parent or an individual who currently stands or stood in place of an absent parent to an employee when the employee was a child as defined in son/daughter below. The definition does not include parents-in-law.
 - c. Son/Daughter: Biological, adopted, foster child, stepchild, legal ward, or child of a person standing in place of an absent parent, who is either under age 18, or age 18 or older and incapable of self-care because of a mental or physical disability. An individual "incapable of self-care" means that the individual requires active assistance or supervision in performing 3 or more activities of daily living. An individual with a "physical or mental disability" means that the individual has an impairment that substantially limits one or more of the major

life activities of an individual. Regulations at 29 CFR Part 1630, issued by the Equal Employment Opportunity Commission under the Americans with Disabilities Act Amendments Act of 2008 (ADAAA), 42 U.S.C. 12101 et seq., define these terms.

1. For purposes of confirmation of family relationship, the president/Chancellor/or designee (hereafter referred to as "Employer") may require the employee giving notice of a need for leave to provide reasonable documentation or statement of family relationship.
2. This documentation may take the form of a simple statement from the employee, a birth certificate, a court document, etc.
3. After examination, the employee is entitled to the return of the official document.

B. Medical Leave. The employee has a serious health condition resulting in an inability to perform job functions.

1. An employee is unable to perform the functions of their position if the Health Care Provider ("HCP") finds that the employee is:
 - a. Unable to work at all; or
 - b. Unable to perform any one of the position's essential functions within the meaning of the ADAAA, 42 USC 12101, et. seq. and the regulations at 29 CFR Sec. 1630.2 (n). For FMLA purposes, the essential functions must be determined with reference to the employee's position when the notice is given or the leave commenced, whichever is earlier.
2. An employee absent from work to receive medical treatment for a serious health condition is considered to be unable to perform the essential functions of the position during the absence for treatment. The Designator may provide a copy of the essential functions of the employee's position for the HCP to review when requiring certification.

C. Service member [or Military Family] Leave

1. "Qualifying Exigency." Employees with a spouse, son, daughter, or parent ("the Servicemember") on covered active duty or a Federal call to covered active duty in the regular Armed Forces, the National Guard or Reserves, or a retired member of the regular Armed Forces or Reserves may use leave to address exigencies listed below arising out of the covered active duty or impending covered active duty deployment of the Service member to a foreign country:
 - a. Short-notice deployment (up to 7 days of leave);
 - b. Attending certain military events;
 - c. Child care or school activities;
 - d. Addressing financial and legal arrangements;
 - e. Periods of rest and recuperation with the Service member (up to 5 days of leave)
 - f. Attending counseling sessions related to active duty;
 - g. Attending post-deployment activities (available for up to 90 days after the termination of the covered Servicemember's active duty status);
 - h. Other activities arising out of the Service member's active duty or call to active duty, and agreed upon by the institution and employee.
2. Military Caregiver Leave
 - a. An eligible employee who is the spouse, son, daughter, parent, or next of kin of a covered Service member shall be entitled to a total of 26 work weeks of leave during a 12-month period to care for the covered Service member who has a serious injury or illness incurred in the line of duty while on covered active duty in the Regular Armed Forces, National Guard or Reserves provided that such injury or illness may render the Service member medically unfit to perform duties for which the Service member is undergoing medical treatment, recuperation, or therapy; or is in outpatient status; or is on the temporary disability retired list.
 1. A serious health condition also includes any injury or illness that existed before the beginning of the Servicemember's covered active duty that was aggravated by service in the line of duty on covered active duty.

2. A veteran of the regular Armed Forces, National Guard or Reserves will be considered a covered Service member for purposes of this leave entitlement if:
 1. They are undergoing medical treatment, recuperation or therapy for a serious injury or illness that was incurred by or aggravated while on covered active duty in the Armed Forces, whether or not the illness or injury manifested itself before or after the member became a veteran; and
 2. They were a member of the Armed Forces, National Guard, or Reserves at any time during the five-year period before beginning the treatment, recuperation or therapy.
- b. An employee may take up to 26 workweeks of leave on a per Service member, per injury/illness basis during a 12-month period, beginning on the first day of leave. However, no more than 26 workweeks of leave may be taken within any single 12-month period.
- c. "Next of kin" means the nearest blood relative other than the covered Servicemember's spouse, parent or child designated by the Service member in the following order of priority:
 1. A legal guardian or custodian; or
 2. A sibling, grandparent, aunt/uncle, or first cousin, unless the Service member has specifically designated in writing another blood relative as his/her nearest blood relative.

III. [FMLA definition of "a serious health condition" and "period of incapacity"](#)

- A. "Serious health condition" means an illness, injury, impairment, or physical or mental condition involving any of the following:
 1. Inpatient care (i.e., an overnight stay) in a hospital, hospice, or residential medical-care facility, including any period of incapacity; or
 2. Continuing treatment by a HCP which includes:

- a. A period of incapacity lasting more than 3 consecutive, full calendar days, and any subsequent treatment or period of incapacity relating to the same condition that also includes:
 - 1. Treatment 2 or more times by or under the supervision of a HCP (i.e., in-person visits, the first within 7 days and both within 30 days of the first day of incapacity); or
 - 2. Treatment on at least one occasion by a HCP (i.e., an in-person visit within 7 days of the first day of incapacity) with a continuing regimen of treatment. (e.g., prescription medication, physical therapy)
 - b. Any period of incapacity related to pregnancy or for prenatal care. A visit to the HCP is not necessary for each absence; or
 - c. Any period of incapacity or treatment for a chronic serious health condition which continues over an extended period of time, requires periodic visits (at least twice a year) to a HCP, and may involve episodic rather than a continuing period of incapacity (e.g., asthma, diabetes, epilepsy, etc.). A visit to a HCP is not necessary for each absence; or
 - d. A period of incapacity that is permanent or long-term due to a condition for which treatment may not be effective (e.g., Alzheimer's, severe stroke, or terminal stages of a disease). Only supervision by a HCP is required, rather than active treatment; or
 - e. Any absences to receive multiple treatments, including any period of recovery therefrom, for restorative surgery after an accident or other injury; or, for a condition that would likely result in a period of incapacity of more than 3 days if not treated.
- B. "Period of incapacity" means an inability to work, attend school or perform other regular daily activities due to the serious health condition, treatment or recovery.

- C. Absences due to pregnancy or prenatal care, or chronic conditions as specified above, fall within FMLA even if no treatment from a HCP is received, and even if the absence does not last more than 3 consecutive, full calendar days.

IV. Determination of the 12 Workweek/26 Workweek Periods

A. Limitations on Length and Duration

1. Eligible employees are entitled to up to a total of 12 workweeks of leave for family or medical leave, and for a qualifying exigency under Service member leave; and, up to 26 workweeks of leave to care for a Service member with an injury or illness during a 12-month period.
 - a. The initial 12-month period starts on the date the employee's FMLA leave first begins.
 - b. A new 12-month period would begin the first time FMLA leave is taken after completion of any previous 12-month period.
 1. For example, an employee who first uses FMLA leave on October 7, 2008, would have their 12-month period begin on that date and continue through October 6, 2009.
 2. If this employee subsequently needed to use FMLA leave starting on December 2, 2009, a new 12-month period would be established from that date forward through December 1, 2010.
2. A holiday that occurs within the week taken as FMLA leave has no effect; the week is counted as a week of FMLA leave.
 - a. Exception: If the institution/System Office is temporarily closed for work for 1 or more weeks (e.g., closing for the Christmas/New Year holiday, summer breaks), those days do not count as FMLA leave.
 - b. If the employee takes intermittent leave, the holiday is not counted unless the employee would have been scheduled to work the holiday.

3. Overtime hours. If the employee is normally scheduled to work overtime but is unable to do so because of a serious health condition, the overtime missed may be counted as FMLA leave.
 - a. For example, if an employee would normally be required to work 48 hours in a particular week, but due to a serious health condition the employee is unable to work more than 40 hours that week, the employee would utilize 8 hours of FMLA protected leave.
 - b. Voluntary overtime hours that an employee does not work due to a serious health condition may not be counted against the employee's FMLA leave entitlement.
 4. Part-time employees receive FMLA leave on a pro rata or proportional basis.
 5. If an employee's schedule varies from week to week, a weekly average of the hours worked over the 12 workweeks prior to the beginning of the leave period would be used for calculating the employee's normal workweek.
- B. Leave entitlement for the birth of a child or for adoption or foster care placement of a child expires at the end of the 12-month period beginning on the date of the birth or placement. FMLA leave for these reasons must be concluded within this time period.
- C. Leave to care for an injured or ill Service member is to be applied on a per-covered Service member, per-injury basis such that an eligible employee may be entitled to take more than one period of 26 workweeks of leave if the leave is to care for different covered Servicemember's or to care for the same Service member with a subsequent serious injury or illness. However, no more than 26 workweeks of leave may be taken within any single 12-month period.
- D. FMLA leave limitations when both spouses are State employees.
1. Spouses who are both employees of the State are limited to a combined total of 12 workweeks of FMLA leave during a 12-month period if the leave is taken for the following reasons:
 - a. Birth of a child or for care of the child after birth; or

- b. Adoptive or foster care placement of a son or a daughter or for care of the child after placement; or
 - c. To care for a parent with a serious health condition.
 - d. However, each employee would be entitled to take 12 workweeks of FMLA leave to care for a child, including a newborn, with a serious health condition.
 - 2. In situations where both the husband and wife use a portion of FMLA leave for one of the reasons listed in the previous paragraph, each spouse is entitled to the difference between the amount each has taken individually and 12 workweeks of FMLA leave for reasons other than those listed.
 - a. For example, if both spouses use 6 workweeks of leave for the birth of a child, each could take an additional 6 workweeks of leave for personal illness, or to care for a family member with a serious health condition.
 - b. In situations where FMLA leave is not taken due to birth, adoption, or foster care, or to care for a parent during a given year, each spouse is entitled to full 12 workweeks of leave.
 - c. Additionally, each employee would be entitled to take 12 workweeks of FMLA leave to care for a newborn child or child if that child has a serious health condition.
 - 3. If one spouse is ineligible for FMLA leave, the spouse who meets the eligibility requirement is entitled to 12 workweeks of FMLA leave.
 - 4. Service member Leave. The aggregate number of workweeks of leave to which both that husband and wife may be entitled is limited to 26 workweeks during a 12-month period.
- E. Use of an intermittent or reduced leave schedule.
- 1. "Intermittent Leave" is leave taken in separate blocks of time due to a single qualifying reason and may include leave periods from an hour to several weeks. A "reduced leave schedule" reduces an employee's usual number of working hours per work-day or work-week.

2. An employee may take intermittent FMLA leave or have a reduced leave schedule over a 12-month time period when medically necessary for:
 - a. Planned and/or unanticipated medical treatment of a serious health condition by or under the supervision of a HCP;
 - b. Recovery from the condition;
 - c. Recovery from treatment of the condition; or
 - d. To provide care to an immediate family member with a serious health condition.
 1. Employees may not use intermittent FMLA leave following the birth of a child, or adoptive or foster care placement for any reason other than medical necessity.
3. Intermittent leave or a reduced schedule may also be used for absences where the employee or family member is incapacitated or unable to perform the position's essential functions due to a chronic serious health condition even if treatment is not rendered by a HCP.
4. If an employee requests intermittent leave or leave resulting in a reduced work schedule, the employer may require that the employee transfer temporarily to another position for which the employee is qualified and which better accommodates the employee's need for recurring leave periods.
 - a. Transfer to an alternative position may include altering an existing job to better accommodate the employee's need for intermittent or reduced leave.
 - b. This temporary position must have equivalent pay and benefits, but need not have equivalent duties.
 - c. For information regarding benefits (e.g., insurance and longevity) not ordinarily provided to part-time employees that may not be eliminated, see Section XVIII.
 - d. An employee may not be transferred to an alternative position in an effort to discourage use of FMLA leave or otherwise work a hardship on the employee (e.g., a day-shift employee may not be reassigned to a later shift).

- e. When an employee who transferred to an alternative position is able to return to full-time work, they shall be placed in the same or equivalent position as the job held when the leave commenced.
 - f. An employee cannot be required to take more FMLA leave than the circumstance for the leave requires.
5. The employer must account for intermittent or reduced leave using an increment no greater than the shortest period of time that the employer uses to account for use of other forms of leave provided that it is not greater than one hour and provided further that an employee's FMLA leave entitlement may not be reduced by more than the amount of leave actually taken.

V. Employee Notice Requirements

A. General.

- 1. An employee giving notice of the need for FMLA leave does not need to expressly assert rights under the Act or even mention the FMLA to meet the obligation to provide notice though the employee would need to state a qualifying reason for the needed leave and otherwise satisfy the notice requirements.
- 2. However, if the employee fails to explain the reasons for the leave, the request may be denied.

B. Foreseeable leave

1. Timing of notice

- a. The employee must provide at least 30 days advance notice before the leave is to begin, or if 30 days is not practicable, as soon thereafter as possible. The employer may require the employee to explain the reasons why notice was not given at least 30 days prior to the leave.
- b. Notice need be given only once but the employee shall advise the employer as soon as practicable if dates of scheduled leave change or are extended, or were initially unknown.

2. Content of notice

- a. An employee shall provide at least verbal notice sufficient to make the employer aware that the employee needs FMLA qualifying leave, and the anticipated timing and duration of the leave.
- b. The employer may request medical certification to support the need for the leave to determine if the condition qualifies as a serious health condition. The employer may request certification to support the need for leave for a qualifying exigency or for military caregiver leave.
- c. An employee has an obligation to respond to an employer's questions designed to determine whether an absence is potentially FMLA qualifying. Failure to respond to reasonable employer inquiries may result in denial of FMLA protection if the employer is unable to determine whether the leave is FMLA qualifying.
- d. An employer may require an employee to comply with the employer's usual and customary notice and procedural requirements for requesting leave, absent unusual circumstances.

3. Scheduling leave

- a. The employee must consult with the employer and make a reasonable effort to schedule planned medical treatments so as not to unduly disrupt the employer's operations subject to the approval of the HCP.
- b. Intermittent leave or leave on a reduced schedule must be medically necessary due to a serious health condition, injury or illness. The employee and employer shall attempt to work out a schedule for such leave that meets the employee's needs without unduly disrupting the employer's operation, subject to the approval of the health care provider.

C. Unforeseeable Leave

1. Timing of notice

- a. An employee must provide notice as soon as practicable under the facts and circumstances of the case.

- b. Notice may be given by the employee's spokesperson if the employee is unable to do so personally.
2. Content of notice
- a. An employee shall provide sufficient information for an employer to reasonably determine whether the FMLA may apply to the leave request, and the anticipated duration of the absence.
 - b. Calling in sick without providing more information will not be considered sufficient notice to trigger an employer's obligations under the FMLA. The employer may obtain any additional required information by contacting the employee or the employee's spokesperson through informal means.
 - c. The employee has an obligation to respond to an employer's questions designed to determine whether an absence is potentially FMLA qualifying. Failure to respond to reasonable employer inquiries may result in denial of FMLA protection if the employer is unable to determine whether the leave is FMLA qualifying.
 - d. An employer may require an employee to comply with the employer's usual and customary notice and procedural requirements for requesting leave, absent unusual circumstances.
 - e. If an employee requires emergency medical treatment, they would not be required to follow the call-in procedure until their condition is stabilized and they have access to, and is able to use, a phone.

VI. [Employer Notice Requirements](#)

- A. Posting general notice.
 - 1. All employers are required to post, in conspicuous places, notices explaining the provisions of the FMLA.
 - 2. Electronic posting is sufficient. See the Department of Labor (DOL) Web site for a prototype notice.

3. The DOL notice form may be used, or another format may be used so long as the information provided includes, at a minimum, all the information contained in the DOL notice.
- B. If the employer has an employee handbook or other document explaining employee benefits or leave rights, information concerning FMLA entitlement, and employer/employee responsibilities and obligations must be included.
- C. Eligibility notice
1. When an employee requests FMLA leave or when the employer acquires knowledge that an employee's leave may be for an FMLA qualifying reason, the employer must notify the employee of eligibility to take FMLA leave within 5 business days, absent extenuating circumstances.
 2. If the employee is not eligible, the notice must state at least one reason why.
 3. Notification of eligibility may be oral or in writing and employers may use DOL forms to provide notice.
- D. Rights and responsibilities notice.
1. Employers must provide written notice detailing the specific expectations and obligations of the employee and explain any consequences of a failure to meet these obligations.
 2. This notice must be provided each time an eligibility notice is provided.
 3. The notice must, at minimum, include, as appropriate:
 - a. That the leave may be designated and counted against the employee's annual FMLA leave entitlement;
 - b. Any requirements for the employee to furnish certification of a serious health condition, serious injury or illness, or qualifying exigency arising out of active duty or call to active duty status, and the consequences of failing to do so;
 - c. That the employer will substitute paid leave and the employee's entitlement to take unpaid FMLA leave if they do not have sufficient accrued paid leave;

- d. Any requirement for the employee to make any premium payments to maintain health benefits and the arrangements for making such payments, and the possible consequences of failure to make such payments on a timely basis;
 - e. The employee's rights to maintenance of benefits during the FMLA leave and restoration to the same or an equivalent job upon return from FMLA leave; and,
 - f. The employee's potential liability for payment of health insurance premiums paid by the employer during the employee's unpaid FMLA leave if the employee fails to return to work after taking FMLA leave.
4. The employer may use the appropriate DOL form as the notice of rights and responsibilities. This notice may be distributed electronically so long as it otherwise meets the requirements of this section.

E. Designation Notice

1. When the employer has enough information to determine whether the leave is being taken for an FMLA qualifying reason, the employer must notify the employee whether the leave will be designated and counted as FMLA leave within 5 business days absent extenuating circumstances.
 - a. At the time of designating the leave as FMLA leave; the employer must indicate that paid leave will be utilized when the employee has accumulated leave balances.
 - b. An employee with no accumulated sick or annual leave balances must take leave as unpaid, unless otherwise stipulated in other TBR leave policies.
 - c. TBR leave policies and the FMLA leave policies shall run concurrently and not consecutively.
2. Only one notice of designation is required for each FMLA qualifying reason per applicable 12-month period, regardless of whether the leave taken due to the qualifying reason will be a continuous block of leave, or intermittent or reduced schedule leave.

3. If the employer determines that the leave will not be designated as FMA qualifying, the employee must be so notified.
4. If the employer will require the employee to present a fitness-for-duty certification to be restored to employment, the employer must provide notice of such requirement with the designation notice.
 - a. If the fitness-for-duty certification must address the employee's ability to perform the essential functions of their position, the employer must so indicate in the designation notice, and must include a list of the essential functions of the position.
5. The designation notice must be in writing and the appropriate DOL form may be used for this purpose. If the leave cannot be designated as FMLA leave, the notice may be in the form of a simple written statement.
6. The employer must notify the employee of the amount of leave counted against their FMLA leave entitlement.
 - a. If the amount of leave needed is known at the time the leave is designated as FMLA leave, the employer must notify the employee of the number of hours, days or weeks that will be counted against the employee's FMLA leave entitlement in the designation notice.
 - b. If it is not possible to provide this information, such as in the case of unforeseeable intermittent leave, the employer must provide notice of the amount of leave counted against the employee's FMLA leave entitlement at the request of the employee, but no more often than once in a 30-day period and only if FMLA leave was taken in that period.

VII. Designation of FMLA Leave

A. Employer responsibilities.

1. The decision to designate leave as FMLA qualifying must be based only on information received from the employee or the employee's spokesperson.

2. If the employer does not have sufficient information about the reason for the use of leave, the employer should inquire further of the employee or spokesman.
 3. The employer must then provide the appropriate notice pursuant to the prior section.
- B. Employee responsibilities
1. An employee giving notice of the need for FMLA leave does not need to expressly assert rights under the FMLA or even mention the FMLA to meet the obligation to provide notice, though they would need to state a qualifying reason for the needed leave and otherwise satisfy the notice requirements of Section V.
 2. If an employee fails to adequately explain the need for FMLA leave, the request may be denied.
- C. Retroactive designation.
1. The employer may retroactively designate leave as FMLA leave with appropriate notice to the employee provided the employer's failure to timely designate leave does not cause harm or injury to the employee.

VIII. Certification

- A. General
1. A request for certification must be made in writing.
 2. The employer should make a request for certification at the time the employee gives notice of the need for leave or within 5 business days thereafter; or, in the case of unforeseen leave, within 5 business days after the leave begins.
 3. The employee must provide the requested certification within 15 calendar days after the request unless it is not practicable under the particular circumstances to do so despite the employee's diligent, good faith efforts. The employee is responsible for paying any costs associated with obtaining a certification or recertification, and any necessary clarification or authentication.
 4. If the employee does not provide a complete and sufficient certificate, the employer must state in writing what additional information is necessary to make the certification complete and sufficient. If items on the certification are not filled in, or

the information provided is vague, ambiguous or non-responsive, the certification may be considered incomplete. The employee must be allowed 7 calendar days to cure any deficiencies.

5. No information beyond that specified below in Section IX may be required to be provided.
6. The employee may provide the employer with an authorization, release or waiver allowing the employer to communicate directly with the HCP, but the employee must not be required to do so.

B. Consequences

1. At the time the employer requests certification, the employee must be advised that the FMLA leave request may be denied if the certification is incomplete or insufficient despite the opportunity to cure the deficiencies, or if the employee fails to provide any certification.
2. It is the employee's responsibility to furnish a complete and sufficient certification, or to furnish the HCP the necessary authorization to complete the certification.
3. These principles apply whether the request is the initial certification, a recertification, a second or third opinion, or a fitness for duty certificate, including any clarifications necessary to determine if such certifications are authentic and sufficient.

IX. **Certification of Serious Health Condition of Employee or a Covered Family Member**

A. Permissible information

1. The name, address, telephone number and fax number of the HCP, and type of medical practice/specialization;
2. The approximate date on which the serious health condition began, and its probable duration;
3. A statement or description of appropriate medical facts regarding the patient's health condition for which FMLA leave is requested.
 - a. These facts must be sufficient to support the need for leave and may include information on symptoms, diagnosis, hospitalization, doctor visits, whether

medication has been prescribed, any referrals for evaluation or treatment, or any other regimen of continuing treatment.

4. If the employee is the patient, information sufficient to establish that they cannot perform the essential functions of their job, the nature of any other work restrictions; and, the likely duration of such inability.
 5. If the patient is a covered family member, information sufficient to establish that the family member is in need of care, and an estimate of the frequency and duration of the leave required to care for the family member.
 6. If the employee requests leave on an intermittent or reduced schedule basis for planned medical treatment for themselves, or a family member, information sufficient to establish the medical necessity and an estimate of the dates and duration of such treatments and any periods of recovery.
 7. If the employee requests leave on an intermittent or reduced schedule basis for a serious health condition, including pregnancy, that may result in unforeseeable episodes of incapacity, information sufficient to establish the medical necessity for such leave and an estimate of the frequency and duration of the episodes of incapacity.
 8. If the employee requests leave on an intermittent or reduced schedule basis to care for a covered family member, a statement that such leave is medically necessary to care for the family member who can include assisting in recovery, and an estimate of the frequency and duration of the required leave.
- B. The appropriate DOL form may be used to obtain information concerning the employee's serious health condition or the serious health condition of a covered family member. These forms may also be used if seeking second and third opinions.
- C. Workers' compensation - If the employee is concurrently on FMLA leave and workers' compensation leave, the FMLA does not prevent the employer from following the workers' compensation provisions in seeking information even if such would allow

inquires beyond that allowed under the FMLA. Information received may be considered in determining the employee's entitlement to FMLA protected leave.

- D. ADAAA - If the employee's serious health condition may also be a disability pursuant to the ADAAA, the FMLA does not prevent the employer from following the procedures for requesting medical information under the ADAAA. Any information received may be considered in determining the employee's entitlement to FMLA protected leave.
- E. Clarification and authentication of certification.
 - 1. If the employee submits an incomplete or insufficient certification signed by the HCP, the employer may contact the HCP for purposes of clarification and authentication.
 - a. The employee must first have been given 7 calendar days to cure the deficiency.
 - b. Employers may not ask for additional information beyond that required by the certification form as set out in Section IX.A.
 - 2. The employee must provide an authorization for the employer to contact the HCP.
 - 3. A HCP, human resources professional, leave administrator or a management official may contact the HCP for clarification or authentication. Under no circumstances shall the employee's direct supervisor contact the HCP.
 - 4. "Authentication" means providing the HCP with a copy of the certification and requesting verification that the information contained on the certification form was completed and/or authorized by the HCP who signed the document.
 - 5. "Clarification" means contacting the HCP to understand the handwriting on the medical certification or to understand the meaning of a response.
 - 6. It is the employee's responsibility to provide a complete and sufficient certification and to clarify the certification if necessary. Failure to do so or failure to provide authorization to contact the HCP may result in the denial of FMLA leave.
- F. Second and Third Opinions
 - 1. Second opinion

- a. If the employer doubts the validity of a certification, the employee may be required to obtain a second opinion which shall be at the employer's expense.
 - b. The employer is permitted to designate the HCP but the HCP must not be employed on a regular basis by the employer.
 2. Third opinion
 - a. If the first and second opinions differ, the employer may require the employee to obtain certification from a third HCP at the employer's expense.
 - b. The third HCP must be designated or approved jointly by the employer and the employee.
 - c. The third opinion shall be final and binding.
 3. Pending receipt of a second or third opinion, the employee is provisionally entitled to the benefits of the FMLA, including maintenance of group health benefits.
- G. FMLA leave may be denied and the leave designated as paid or unpaid under the employer's established leave policies if:
1. The certifications do not ultimately establish entitlement to FMLA leave; or,
 2. The employee fails to provide authorization for their HCP to release all relevant medical information pertaining to the serious health condition at issue if requested by the HCP designated to provide the second or third opinion.
- H. Recertification
1. 30-day rule - An employer may request recertification no more often than every 30 days and only in connection with an absence by the employee, unless sections 2 or 3 apply.
 2. More than 30 days
 - a. If the medical certification indicates the minimum duration of the condition is more than 30 days, an employer must wait until that minimum duration period expires before requesting a recertification.
 - b. Notwithstanding the limitation set forth above, an employer may request a recertification every 6 months in connection with an absence by the employee.

3. Less than 30 days - An employer may request certification in less than 30 days if:
 - a. The employee requests an extension of leave;
 - b. Circumstances described by the previous certification have changed significantly (e.g., the duration or frequency of the absence, the nature or severity of the illness, or complications); or,
 - c. The employer receives information that casts doubt on the stated reason for the absence or the continuing validity of the certification.
4. The employee must provide the recertification within the timeframe requested by the employer which must allow no less than 15 calendar days.
5. The employer may ask for the same information as that permitted for the original certification, and the employee has the same obligation to participate and cooperate in providing a complete and sufficient certification.
6. The employer may provide the HCP with a record of the employee's absence pattern and ask if the serious health condition and need for leave is consistent with such a pattern.
7. Any recertification requested by the employer may be at the employee's expense.
8. No second or third opinion on recertification may be required.

X. Certification of Qualifying Exigency

A. Active duty orders

1. The first time an employee requests leave based on a qualifying exigency arising out of the active duty or call to active duty status of a covered military member, the employer may require the employee to provide a copy of the covered military member's active duty orders or other documentation issued by the military that indicates that the covered military member is on active duty or call to active duty status in support of a contingency operation, and the dates of the active duty service. This information need only be provided once.
2. A copy of new active duty orders or other documentation issued by the military shall be provided to the employer if the need for leave because of a qualifying exigency

arises out of a different active duty or call to active duty status of the same or a different covered military member.

B. Required information - The employer may require a certification from the employee that sets forth the following information:

1. A statement or description, signed by the employee, of appropriate facts regarding the qualifying exigency, including the type of qualifying exigency and any documentation which supports the request for leave.
2. The approximate date(s) of the qualifying exigency.
 - a. If the event is a single, continuous period of time, the beginning and end dates.
 - b. If the leave request is for an intermittent or reduced schedule, an estimate of the frequency and duration of the qualifying exigency.
3. If the event involves meeting with a third party, appropriate contact information for the third party, and a brief description of the purpose of the meeting.

C. The appropriate DOL form may be used. No information beyond that specified may be required.

D. Verification

1. If the certification is complete and sufficient to support the request for leave, no additional information may be requested.
2. However, if the qualifying exigency concerns meeting with a third party, the employer may contact the third party to verify the nature and time of the meeting.
3. The employer may contact the Department of Defense to request verification that a covered military member is on active duty or call to active duty status.
4. If verification occurs pursuant to either item 2 or 3, no additional information may be requested and the employee's permission is not required.

XI. [Certification for Service member \(Military Caregiver\) Leave](#)

A. Required information from HCP - An employer may require an employee to obtain a certification completed by any one of the following:

1. A United States Department of Defense ("DOD") HCP;

2. A United States Department of Veterans Affairs (“VA”) HCP;
 3. A DOD TRICARE network authorized private HCP;
 4. A DOD non-network TRICARE authorized private HCP.
- B. If the authorized HCP is unable to make certain military-related determinations specified below, the authorized HCP may rely on determinations from an authorized DOD representative. An employer may request that the HCP provide the following information:
1. The name, address and appropriate contact information (telephone number, fax number, and/or email address) of the HCP, the type of medical practice, the medical specialty, and whether the health care provider is one of the following:
 - a. A DOD HCP;
 - b. A VA HCP;
 - c. A DOD TRICARE network authorized private HCP; or
 - d. A DOD non-network TRICARE authorized private HCP.
 2. Whether the covered Servicemember’s injury or illness was incurred in the line of duty on active duty.
 3. The approximate date on which the serious injury or illness began and its probable duration.
 4. A statement or description of appropriate medical facts regarding the covered Servicemember’s health condition for which FMLA leave is requested.
 - a. These facts must include information on whether the injury or illness may render the covered Service member medically unfit to perform the duties of the Servicemember’s office, grade, rank or rating and whether the member is receiving medical treatment, recuperation or therapy.
 5. Information sufficient to establish that the covered Service member is in need of care and whether they will need care for a single continuous period of time, including any time for treatment and recovery, and an estimate as to the beginning and ending dates for this period of time.

6. If intermittent or reduced schedule leave is requested for planned medical treatment appointments, whether there is a medical necessity for the covered Service member to have such periodic care and an estimate of the treatment schedule of such appointments.
 7. If intermittent or reduced schedule leave is requested for other than planned medical treatment (e.g., episodic flare-ups of a medical condition), whether there is a medical necessity to have such periodic care, which can include assisting the covered Servicemember's recovery, and an estimate of the frequency and duration of the periodic care.
- C. The employer may also ask the employee and/or the covered Service member to include the following information in the certification:
1. The name and address of the employer of the employee requesting leave to care for a covered Service member, the name of the employee requesting such leave, and the name of the covered Service member for whom the employee is requesting leave to care.
 2. The relationship of the employee to the covered Service member.
 3. Whether the covered Service member is a member of the Armed Forces, the National Guard or Reserves; and their military branch, rank and current unit assignment.
 4. Whether the covered Service member is assigned to a military medical facility as an outpatient or to a unit established for the purpose of providing command and control of members of the Armed Forces receiving medical care as outpatients, and the name of the medical treatment facility or unit.
 5. Whether the covered Service member is on the temporary disability retired list.
 6. A description of the care to be provided and an estimate of the leave needed to provide the care.
- D. The appropriate DOL form may be used to obtain certification that meets the FMLA's requirements.

1. No information may be required beyond that specified on the certification.
 2. Authentication and/or clarification of the certification may be sought.
 3. Second and third opinions and recertification are not permitted.
 4. Confirmation of covered family relationship to the covered Service member may be required.
- E. Invitational travel order (“ITO”) or invitational travel authorization (“ITA”).
1. An employer must accept an ITO or an ITA as sufficient certification to allow FMLA leave. No additional or separate certification may be required.
 2. If leave is needed beyond the period specified in the ITO/ITA, the employer may request certification from one of the authorized HCPs listed in B.1.
 3. The employer may seek authentication and clarification of the ITO/ITA. The employer may not seek a second or third opinion, or a recertification during the period of time in which leave is supported by an ITO/ITA.
 4. The employer may require an employee to provide confirmation of covered family relationship to the covered Service member.

XII. [Intent to Return to Work](#)

- A. An employer may require an employee on FMLA leave to report periodically on their status and intent to return to work.
- B. If an employee gives an unequivocal notice of intent not to return to work, the employer’s obligations under FMLA to maintain health benefits and to restore the employee cease.
1. However, these obligations continue if the employee indicates they may be unable to return to work but expresses a continuing desire to do so.
- C. An employee may need more leave than initially requested or the employee may not need as much leave as initially requested.
1. In the latter instance, the employee may not be required to take more FMLA leave than necessary to resolve the circumstance that precipitated the need for leave.

2. The employer may require the employee to provide reasonable notice (i.e., within two business days) of the changed circumstances where foreseeable.
3. The employer may also obtain information on such changed circumstances through requested status reports.

XIII. [Fitness-for-Duty Certification](#)

- A. As a condition for restoring an employee whose own serious health condition required FMLA leave, the employer may impose a uniformly-applied policy or practice that requires all similarly-situated employees to provide certification from their HCPs that the employee is able to resume work.
- B. The fitness-for-duty certification may only pertain to the specific health condition that required FMLA leave.
- C. The certification must state that the employee is able to resume work.
 1. Additionally, the employer may require the certification to specifically address the employee's ability to perform the essential functions of their job.
 2. In order to do so, the employer must provide the employee with a list of the essential functions of the job no later than with the designation notice.
 3. The designation notice must indicate that the certification must address the employee's ability to perform those essential functions.
- D. Authentication and/or clarification of the certification is allowed. However, the employee's return to work may not be delayed while contact with the HCP is being made.
- E. No second or third opinions may be required.
- F. The cost of a return-to-work certification shall be borne by the employee.
- G. Restoration may be delayed until the employee submits a required fitness-for-duty certification if the employer has provided notice of the need for such in the designation notice.

- H. If a fitness-for-duty certification is required, an employee who does not provide such or who does not request additional FMLA leave is no longer entitled to reinstatement under the FMLA.
- I. Return from intermittent or reduced schedule leave.
 - 1. The employer may not require a new certification after each absence if the employee is on intermittent or reduced scheduled leave.
 - 2. However, an employer is entitled to a certification for such absences up to once every 30 days if reasonable safety concerns exist regarding the employee's ability to perform their duties, based on the serious health condition for which leave was taken.
 - a. "Reasonable safety concerns" means a reasonable belief of significant risk of harm to the individual employee or others.
 - b. The nature and severity of the potential harm, and the likelihood that potential harm will occur must be considered in making this determination.
 - 3. The employer must inform the employee at the time the designation notice is issued that for each subsequent instance of intermittent or reduced schedule leave, the employee will be required to submit a fitness-for-duty certification unless one has already been submitted within the past 30 days.
 - 4. An employee may not be terminated while awaiting such a certification.
- J. If an employee's serious health condition may also be a disability under the ADAAA, the FMLA does not prevent the employer from following the procedures for requesting medical information under the ADAAA.

XIV. **Failure to Provide Certification**

- A. Foreseeable leave
 - 1. If the employee fails to provide certification in a timely manner, FMLA coverage may be denied until certification is provided.
- B. Unforeseeable leave

1. FMLA coverage may be denied if the employee fails to provide a certification within 15 calendar days from receipt of the request for certification unless not practicable due to extenuating circumstances.
 - a. Absent those circumstances, if the employee fails to timely return the certification, FMLA protections can be denied following expiration of the 15-day time period until a sufficient certification is provided.
 - b. If the employee never produces the certification, the leave is not FMLA leave.

C. Recertification

1. An employee must provide recertification within the time requested by the employer (which must allow at least 15 calendar days after the request) or as soon as practicable under the particular facts and circumstances.
 - a. Failure to do so may result in denial of continuation of FMLA leave protections until a sufficient recertification is produced.
 - b. If one is never provided, the leave is not FMLA.
2. Recertification does not apply to leave taken for a qualifying exigency or to care for a covered Service member.

D. Fitness-for-duty

1. The employee must provide medical certification at the time they seek reinstatement if such is requested pursuant to the employer's policy or practice, if the employer provided the required notice.
2. If the employee fails to do so, restoration may be delayed until the certification is provided.
3. Unless the employee provides either a fitness-for-duty certification or a new medical certification for a serious health condition at the time FMLA leave is concluded, the employee may be terminated.

XV. **Job Restoration**

A. Right to Reinstatement

1. Upon returning from FMLA leave, an employee must be restored to their original position or to an equivalent position.
 - a. An equivalent position is one that is virtually identical to the former position in terms of pay, benefits and working conditions, including privileges, perquisites and status.
 - b. This involves restoration to a position having the same or substantially similar duties and responsibilities and having substantially equivalent skill, effort, responsibility and authority.
 - c. An employee is entitled to such reinstatement even if the employee has been replaced or their position has been restructured to accommodate the employee's absence.
 - d. This applies only to employees returning from FMLA leave and may not apply to employees who used additional leave beyond the 12/26 workweek FMLA entitlement, as provided in other TBR leave policies.
2. An employee returning from FMLA leave is entitled to any general or unconditional pay increases that all other employees have received during the period the employee was on leave.
3. An employee is entitled to shift or work schedule assignments equivalent to those in effect prior to the beginning of the leave period and to the same or a geographically proximate work location where previously employed.
4. If an employee is no longer qualified for the position because of the employee's inability to attend a necessary course, renew a license, etc., as a result of the leave, the employee shall be given a reasonable opportunity to fulfill those conditions upon return to work.

B. Limitations on Reinstatement

1. An employee has no greater right to reinstatement or to other benefits and conditions of employment than if the employee had been continuously employed during the FMLA leave period.

- a. Thus, if a work location is closed, a shift eliminated, overall work hours for an entire unit reduced, or positions abolished through a reduction in force, the employee is only entitled to conditions that would have been in effect for the employee if the leave had never been taken.
 1. For example, if an employee's shift is eliminated during the time period that leave was taken, the employee is not entitled to assignment to the previous shift's work hours or to shift differential pay when returning from leave that other employees formerly on the shift no longer receive.
 - b. However, the employee is entitled to employment in a position meeting all other previous employment conditions.
 - c. An employer must be able to show that he/she would not otherwise have been employed at the time reinstatement is requested in order to deny restoration to employment.
2. If an employee can no longer perform an essential function of the position because of a physical or mental condition, including the continuation of a serious health condition or an injury or illness also covered by workers' compensation, the employee has no right to restoration to another position under the FMLA.
 - a. However, the provisions of the ADAAA may apply. Such cases should be referred to the ADAAA coordinator.
 3. If an employee should require more or less FMLA leave than was originally anticipated, they are required to provide the employer 2 business days' notice where feasible.
 - a. Regarding an employee who wants to return to work earlier than anticipated, they shall be restored once such notice is given, or where such notice is not feasible.
 4. In situations where an employee notifies the employer that they are not returning to work, the obligation to restore the employee to a position ends.

- a. Should the employee indicate they are unable to return to work but continues to want to return, restoration requirements remain in effect.
- 5. If an employee was hired for a specific term or only to perform work on a discrete project, the employer has no obligation to restore the employee if the employment term or project is over and the employer would not otherwise have continued to employ the employee.

XVI. **Prohibition against Interfering with Employee Rights**

- A. FMLA prohibits interference with an employee's rights under the law, and with legal proceedings or inquiries relating to an employee's rights.
- B. "Interfering with" the exercise of an employee's rights would include, for example, not only refusing to authorize FMLA leave, but discouraging an employee from using such leave.
- C. FMLA's prohibition against interference prohibits an employer from discriminating or retaliating against an employee or prospective employee for having exercised or attempted to exercise FMLA rights.
- D. Employees cannot waive, nor may employers induce employees to waive, their prospective rights under the FMLA.
- E. This does not prevent the settlement or release of FMLA claims by employees based on past employer conduct without the approval of the Department of Labor or a court.

XVII. **Recordkeeping**

- A. Records must be made, kept and preserved in accordance with the recordkeeping requirements of the Fair Labor Standards Act.
 - 1. The records must be kept for no less than 3 years and made available for inspection, copying and transcription by representatives of the Department of Labor upon request.
- B. Required records:
 - 1. Basic payroll and identifying employee data.

2. Dates FMLA leave was taken. The leave must be designated in records as FMLA leave.
3. The hours of leave taken, if less than in increments of a day.
4. Employee notices provided to the employer and notices given to employees as required by the FMLA.
5. Documents describing employee benefits or employer policies and practices regarding paid and unpaid leave.
6. Premium payments of employee benefits.
7. Records of any dispute between the employer and an eligible employee regarding designation of leave as FMLA leave.

C. Confidential records

1. Records and documents relating to certifications, recertification or medical histories of the employee or their family members created for purposes of FMLA, shall be maintained as confidential medical records in separate files, separate from the usual personnel files.
2. If the ADAAA is also applicable, such records shall be maintained in conformance with ADAAA confidentiality requirements.

XVIII. [Impact of FMLA Leave on Health Insurance and Other Benefits](#)

A. Insurance Coverage

1. For the duration of FMLA leave, the employer is required to maintain an employee's health coverage under the State Group Insurance Plan under the same conditions coverage would have been provided if the employee had continued working.
 - a. It is very important that the employer communicate approval of FMLA leave to the insurance preparer.
2. The same health benefits provided to an employee prior to taking FMLA leave must be maintained during the FMLA leave.
 - a. For example, if family coverage is provided to an employee, family coverage must be maintained during the FMLA leave.

- b. Moreover, an employee temporarily working a reduced schedule (for purposes of this section, less than 30 hours per week) during a period of FMLA leave is entitled to maintain the same insurance coverage(s) that were in effect prior to the FMLA leave period.
- 3. If an employer provides a new health plan or benefits, or changes health benefits or plans while an employee is on FMLA leave, the employee is entitled to the new or changed plan/benefits to the same extent as if the employee were not on leave.
 - a. For example, if an employer changes a group health plan so that dental care becomes covered under the plan, an employee on FMLA leave must be given the same opportunity as other employees to receive (or obtain) the dental care coverage.
- 4. Notice of any opportunity to change plans or benefits must also be given to an employee on FMLA leave.
 - a. If the plan permits an employee to change from single to family coverage upon the birth of a child or otherwise add new family members, such a change in benefits must be made available while an employee is on FMLA leave.
 - b. If the employee requests the changed coverage it must be provided by the employer.
- 5. The employer is responsible for advising the employee of the options to continue or discontinue insurance coverage(s) prior to the beginning of the leave period.
 - a. If the employee elects to continue insurance coverage(s), the employer must provide the employee with written notice of the terms and conditions under which premiums must be paid.
- 6. If coverage is not to be continued, the employee must contact the insurance preparer prior to the beginning of the leave.
 - a. When an employee returns from leave, the employee is entitled to be automatically reinstated on the same terms as prior to taking the leave, including

family or dependent coverage, without any qualifying period, physical examination, exclusion of pre-existing conditions, etc.

7. To ensure that an employee on unpaid FMLA leave is reinstated with the same benefits in effect prior to the leave period, the employer shall pay the employer as well as any employee portion of premiums which has not been remitted. Premiums paid on behalf of the employee will be deducted from the employee's paycheck following their return to work.
8. For purposes of determining insurance premium payment responsibilities, an employee is deemed to have returned to work if they have returned for 30 calendar days.
 - a. An employee who retires immediately following FMLA leave or during the first 30 days after returning to work is also deemed to have returned to work.
 - b. If the employee fails to return to work or does not stay 30 calendar days, the employer portion of the insurance premium paid during FMLA leave may be recovered except for the following reasons:
 1. The continuation, recurrence or onset of a serious health condition which would entitle the employee to leave under FMLA; or
 2. Other circumstances beyond the employee's control, such as an unexpected transfer of the employee's spouse to a job location more than 75 miles from the employee's worksite or the lay-off of the employee while on leave.
9. If the employee fails to return to work due to a serious health condition, the employer may require medical certification of the employee's or the family member's serious health condition.
10. The employer portion of the health premium may not be recovered during workers' compensation leave designated as FMLA leave.

B. Longevity

1. An employee on FMLA leave, paid or unpaid, shall receive longevity in accordance with the provisions of TBR Guideline P-120 Longevity Pay.

2. Note: The employer may not eliminate benefits which otherwise would not be provided to part-time employees.
3. Therefore, an employee who has been temporarily transferred to a part-time position during a period of FMLA leave retains eligibility for longevity pay regardless of the percentage of employment.

C. Leave Accrual

1. Employees shall accrue leave in accordance with the annual and sick leave policies.
2. Due to the fact that leave is based on the number of hours worked per week, the accrual rate may be proportionately reduced.

BOARD TRANSMITTAL

MEETING: Committee on Personnel and Compensation

SUBJECT: Minutes of the Special Called Meeting of the Personnel & Compensation Meeting May 31, 2023

DATE: June 15, 2023

PRESENTER: Nisha Powers, Chair of the Personnel & Compensation Committee

PRESENTATION REQUIREMENTS: 5 minutes with Discussion

ACTION REQUIRED: Roll Call Vote

STAFF RECOMMENDATION: Recommend Approval

The Personnel and Compensation Committee met in a special called meeting on May 31, 2023 to review and approve the System Wide Compensation Strategies.

Attachment: Minutes of the May 31, 2023 special called meeting.

REPORT OF THE COMMITTEE ON PERSONNEL AND COMPENSATION

MAY 31, 2023

The Committee on Personnel and Compensation met electronically on May 31, 2023. At the beginning of the meeting, Regent Powers requested during roll call for members to respond if they could hear and speak with others in the meeting; and also, if they were alone. All members present responded yes to both questions. Roll call was taken, and a quorum was present.

Next, Regent Powers stated that the meeting was being held electronically as it is the most economically efficient way, and the matters to be considered required timely action that was required prior to the regularly scheduled quarterly board meeting. The necessity to meet electronically was adopted by unanimous consent.

The first and only item on the agenda for consideration was the System Wide Compensation Strategies.

A 5% salary pool would be created of salaries of all unrestricted regular, full and part-time benefit eligible employees on the payroll as of June 30, 2023. From this salary pool, at least 3.0% would be issued as an across-the-board adjustment effective July 1 for employees that were employed on or before June 30, 2023, without further action required by the Board. Each eligible employee would receive a percentage increase based on their June 30, 2023 salary or their June 30 salary adjusted for any faculty promotions and/or compensation plan payments.

The remaining 2% may be requested to be distributed as either an additional across-the-board adjustment, a payment on institutional compensation plans, for faculty promotions, or some combination thereof. The Board will act on colleges' proposed additional payments to be made from the remaining 2% at the regularly scheduled June 15 meeting, and approved increases from this 2% salary pool will be effective July 1, 2023.

Institutions would be authorized to provide salary adjustments using uncommitted local funds consistent with the items listed above. Institutions will submit a proposal with their October Budget Revision

that includes the amount of recurring funds encumbered by the proposed increase, the percentage of the compensation funded by group, and which groups if any are excluded from the increase. It is proposed that these adjustments be acted on by the Board during its December meeting. Increases using institutional funds may be effective at a date determined by the institution within the fiscal year.

Institutions would be authorized to use non-recurring funds to provide one-time payments to all regular full-time and part-time employees on payroll as of September 30, 2023, and still in active payroll status at the time of payment. Institutions will submit a proposal in October that includes the amount of the one-time payment and the requirements used to determine eligibility. The Board authorizes the Chancellor to approve the one-time payment request if the request meets the requirements outlined in the System Wide Compensation Strategies document and the institution can financially afford the payment. The payments will be reported to the Board at the December quarterly board meeting as an interim action item.

Regent White made a motion to accept the items as presented. Regent Hooper provided a second. A roll call vote was taken, and the motion was passed.

There being no further business, the Committee on Personnel and Compensation was adjourned.

Respectfully submitted,
Committee on Personnel and Compensation

Nisha Powers, Chair

BOARD TRANSMITTAL

MEETING: Committee on Personnel and Compensation

SUBJECT: President Emeriti Contracts

DATE: June 15, 2023

PRESENTER: Brian Lapps, General Counsel

PRESENTATION
REQUIREMENTS: 5 minutes

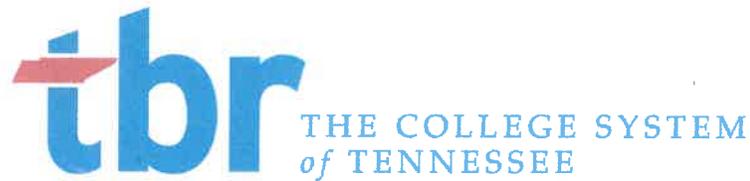

ACTION REQUIRED: Roll Call Vote

STAFF
RECOMMENDATION: Recommend Approval

BACKGROUND INFORMATION:

Per requirements to be compensated as President Emeritus (T.C.A. § 8-36-714) and TBR Policy 5.01.03.00 Retirement, those serving as President Emeritus must file a report for the previous year's work (approved by the sitting President), and a copy of the contract for the next fiscal year's work, for approval by the board. **Renewal of contracts is subject to availability of institutional funding.** Attached are the certification of work forms for 2022-2023 and work contracts for 2023-2024 submitted for your review and approval for the following:

Dr. Karen Bowyer – Dyersburg State Community College
Dr. Jack Campbell – Walters State Community College
Dr. Nathan Essex – Southwest Tennessee Community College
Dr. Frank Glass – Motlow State Community College
Dr. Rebecca Hawkins – Columbia State Community College
Dr. William Locke – Northeast State Community College

NOTICE OF PART-TIME EMPLOYMENT AND AGREEMENT FOR
PRESIDENT EMERITUS

TO: Dr. Karen Bowyer
P.O. Box 241265
Memphis, TN 38124

This is to confirm your part-time appointment to a position approved by the Tennessee Board of Regents as President Emeritus of Dyersburg State Community College for a period beginning July 1, 2023, at a monthly salary of \$3,029.80, subject to the terms and conditions hereinafter set forth and our acceptance thereof:

1. This appointment is made subject to the laws of the State of Tennessee, the requirements and policies of the Tennessee Board of Regents and the requirements and policies of this institution/area school.
2. The term of this agreement is July 1, 2023, to June 30, 2024. It may be renewed on an annual basis following review of the emeritus work performed and approval by the Tennessee Board of Regents.
3. The above stated salary is contingent upon your successful completion of service for the full term of this agreement. The salary will accrue and will be payable monthly. In the event of failure to complete the specific terms of the appointment, salary will be prorated in accordance with the policies of the institution/area school.
4. This appointment and the above-stated salary are in consideration of your faithful performance to the best of your ability of the duties and responsibilities assigned to you as a part-time employee of this institution. These duties include:
 - Publicly show support for the College President through newspaper editorials, public speaking engagements, and in social interactions. Advocate for the College's ongoing work and fresh start to faculty, staff, and the public at large.
 - At the request of the president, provide guidance on regional relationships, government affairs, partnerships, and workforce development opportunities.
 - At the invitation of the president, and as able, attend and support College activities and events.
 - Support initiatives of the Dyersburg State Community College Foundation.
 - Upon request, serve as a consultant to regional chambers of commerce and economic development entities on matters concerning education and workforce development.

- Upon request, edit reports and documents, including, but not limited to, SACSCOC reports and prospectuses, grant applications and reports, programmatic accreditation reports, and TBR/THEC reports.
 - Serve as the putter at the annual golf tournament.
 - Organize the annual Martin Luther King Jr. community event.
 - Update the written history of the college.
 - Work specifically with attorneys, representatives of insurance agencies, bankers, accountants, investment managers, and financial planners in DSCC's service area to educate them regarding planned giving to DSCC. Provide other assistance to the Dyersburg State Community College Foundation as requested and in coordination with the Foundation.
 - Join President Cook and Dr. Amanda Walker in representing the College on a committee to celebrate the bicentennial of Dyer County in 2023.
 - Helping to identify new donors and Foundation Board Members in our new counties: Crockett, Haywood, Wakley, and Henry.
5. In order to provide for the efficient allocation of work, all requests by employee for assistance from or access to college personnel must be initiated through the President, and absent extraordinary circumstances, must be made at least seventy-two (72) working hours in advance.
 6. As a part-time employee, you are not eligible for employment benefits (retirement credit, state insurance plan, annual or sick leave, holiday pay, or longevity credit). Notwithstanding, social security will be deducted from your paycheck unless you are a member of a retirement system or are a rehired annuitant as specified in 26 CFR Part 31.
 7. This appointment does not include any assurance, obligation, or guarantee of subsequent employment.
 8. This agreement may be terminated without prior notice.
 9. By acceptance of this appointment, you agree to abide by the terms of the Drug-Free Workplace Act of 1988 as defined in published institution statements and policy. You also agree to notify the Office of Personnel of any criminal drug conviction for a violation occurring in the workplace no later than five (5) days after such conviction.
 10. You are required to notify the President should you become employed at another state agency/institution.
 11. You must reside in Tennessee at the time of your initial appointment and at the time of any subsequent appointment.
 12. The following special conditions shall govern this appointment:

President Emeritus Report 2022-2023

During this fiscal year, I performed the following functions (attached) for

DYERSBURG STATE COMMUNITY COLLEGE Institution(s).

(Please type your report and attach it to this work sheet)

I spent at least 182 hours performing the work but less than 120 days.

President Emeritus Report
Dyersburg State Community College
July 1, 2022 – May 16, 2023

1. Update the written history of the College.

I updated the history of the College by mid-November 2022. The Update covered 2018-2022. I drafted the text for President Cook for the plaque for the dedication of the Dr. Karen A. Bowyer Mathematics Building. The building was dedicated on September 9, 2022.

In June I will prepare a draft of the history of the College for 2022-23 for President Cook. Next fiscal year I plan to expand on the history of donors to the DSCC Foundation Endowment Fund and on special programs and initiatives at DSCC such as the development of the off-campus centers, the Eagle Access program for students with intellectual and developmental disabilities, and the music and athletic programs.

2. Publicly show support for the College President through newspaper editorials, public speaking engagements, and in social interactions. Advocate for the College's ongoing work and fresh start to faculty, staff, and the public at large.

As the retired president of DSCC I have had many opportunities to let professionals, friends, faculty members and staff know that I think that Dr. Scott Cook is doing a great job as he continues to develop the

College. I continue to have medical and dental appointments in Dyersburg. Those professionals always ask me how things are going at DSCC. I assure them that the College is in excellent hands and that it continues to grow and improve services to the people of West TN. I have expressed support for the outstanding work of Dr. Scott Cook and the faculty and staff at social occasions such as the event to celebrate in August the retirement of Judge Martha Brasfield, Chancellor of Tennessee's 25th Judicial District which includes Tipton and Fayette Counties.

I have scheduled events such as lunches, dinners and concerts to introduce Dr. Scott Cook and often his wife, Megan, and son, Jacob, to leaders and donors in West TN such as Mr. Peter Abell, President of the Memphis Symphony Orchestra; Dr. Mary Stuart David MD and her husband Murray Hudson, nationally known collector of maps and globes; Richard and Connie Donner, major donors; Sharon Hayes, former VP for Finance at DSCC, and her husband, Tom Archer, former Director of Continuing Education at DSCC, and community leaders in Haywood County.

Dr. Cook and I have discussed holding a special event to recognize donors to the Foundation Endowment Fund and their family members.

3. At the invitation of the president, and as able, attend and support College activities and events.

I attended the naming of the Dr. Karen A. Bowyer Mathematics Building on September 9, 2022. At that event I spoke about the impressive work of the new President. Attendees received Planned Giving rack cards with their programs. In my remarks I asked the attendees to seriously consider designating the DSCC Foundation as the beneficiary of planned gifts.

Other events that I attended at the invitation of Dr. Cook were the Tree Lighting Ceremony in December, the holiday concert by the Memphis Symphony Orchestra and Chorus in December, the Luncheon to celebrate the work of the Rev. Dr. Martin Luther King in January, the naming of the Dr. Christian Andersen Hall in April, Commencement in May, and the funeral for Mrs. Ed (Helen) Eller, who was the first First Lady of DSCC.

4. Support Initiatives of the Dyersburg State Community College Foundation.

I have named the DSCC Foundation as a beneficiary of a major part of my qualified investments. I continue to contribute each month to the Leaving a Legacy for Learning Fund of the DSCC Foundation.

Later in my report I will detail my work to encourage more planned giving to the DSCC Foundation.

In August 2022 after the death of Dr. Loren Crown, his widow Elaine Ellis Crown distributed \$25,000 to DSCC. Now Mrs. Crown is the sole Trustee of the Loren and Elaine Crown Living Trust. I understand that DSCC will receive additional funds upon the death of Elaine Ellis Crown. DSCC faculty and staff and I have developed a good relationship with this couple over the years. Dr. Loren Crown was the first medical director for our Emergency Medical Services Program.

5. Upon request, serve as a consultant to regional chambers of commerce and economic development entities on matters concerning education and workforce development.

As President Emeritus of DSCC, I served as Chair of an On-Site Reaffirmation Committee for the Southern Association of Colleges and Schools Commission on Colleges (SACSCOC) in October 2022 and as Chair of an Off-Site Reaffirmation Committee for 3 institutions in the

spring of 2023. I met several times with the Committee as we prepared our report in March and April 2023. During my regular meetings with Dr. Cook I shared best practices from the institutions reviewed that I thought might assist DSCC. In keeping with the confidentiality policy of SACSCOC I did not reveal the names of the institutions.

6. Serve as a putter at the annual golf tournament.

I sank several putts for the various teams participating in the annual golf tournament on October 7, 2022. Approximately 24 teams participated.

7. Organize the annual Martin Luther King, Jr. community event.

With the approval of Dr. Cook I invited Yolanda Moody Harris to be the guest speaker for the Dr. Martin Luther King, Jr. Community Luncheon. I also contacted the CEO of the Dyersburg/Dyer County Chamber of Commerce, Mr. Slater Barr, to confirm the co-sponsorship of the event by the Chamber, and his willingness to bring greetings to the assembled group on January 13, 2023. The event was related to the Bicentennial celebration for Dyer County. The topic that I asked Mrs. Harris to address was the contributions of the black community to the development of Dyer County. In preparation for her presentation Mrs. Harris and I met at least two times with the Historian for Dyer County, Earl Willoughby. Danny Walden, Director of the Historical Society of Dyer County, also met with us to assist with providing information for the presentation by Mrs. Harris. Mrs. Yolanda Moody Harris, Mr. Earl Willoughby and Mr. Danny Walden are alumni of DSCC. Approximately 100 people attended the event.

8. Work specifically with attorneys, representatives of insurance agencies, bankers, accountants, investment managers, and financial planners in DSCC's service area to educate them regarding planned giving to DSCC. Provide other assistance to the DSCC Foundation as requested and in coordination with the Foundation.

I drafted a letter in July which Dr. Cook approved, and his Administrative Assistant prepared to be sent to people in the occupations noted above in #8. The letters which indicated that Dr. Cook and I planned to visit with them to discuss opportunities for planned giving were mailed in August. Letters were mailed to approximately 20 people. They are listed below. Over the past 10 months I have met with everyone listed below. At each meeting I gave them Planned Giving rack cards which explained the program at DSCC and other materials about DSCC such as Annual Reports, Quarterly Newsletters for Alumni and Friends and the Planned Giving brochure.

Attorneys

John Lannom

Anita Hart, State Farm, Dyersburg

Michael Harris, Farm Bureau, Covington

Donald Ray Pennington and Paul Carson, Pennington Insurance Corporation, Dyersburg

Larry White, White and Associates, Dyersburg and Union City

I have also met with DSCC retirees to ask them to consider making a planned gift to DSCC. So far, I have met with Dr. Kay Patterson, Dr. Rob Martin and his wife Gayle, Dr. Buck Tarpley.

The meetings this year have been very productive. As a result of my meeting with Michael Gauldin, he worked with one of his clients to designate 30% of his qualified investments as a planned gift for the DSCC Foundation . The donor wishes to remain anonymous. Bill Boehmler worked with Tim Fultz who has designated the DSCC Foundation as the beneficiary of his qualified investments. Mr. Fultz completed the Foundation Scholarship Form to indicate his desire that his gift be used to endow a scholarship account to assist students majoring in Science, Technology, Engineering and/or Mathematics (STEM).

At least one person with whom I visited indicated that DSCC is named in his estate plans. Others indicated that they have plans to name DSCC as a beneficiary.

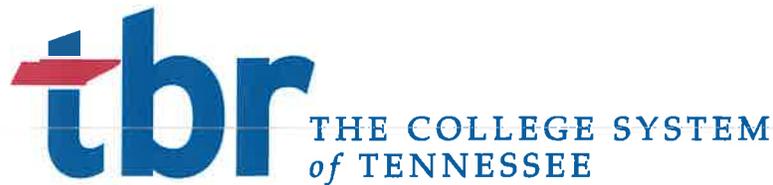

During 2023-24, I plan to follow-up with the list of people with whom I visited in 2022-23, and to visit new people in each of the categories listed above which includes DSCC retirees. Also, I will work with Dr. Cook to plan an event to recognize and thank the donors of planned gifts and their families. Since it is so easy to change beneficiaries, the College plans to keep in contact with these special donors.

9. Join President Cook and Dr. Amanda Walker in representing the College on a committee to plan the celebration of the bicentennial of Dyer County in 2023.

I have attended regular meetings of the planning committee since August 4, 2022. The meetings occur monthly. I have attended most of them either in person or by Zoom. I have also participated in frequent emails related to the planning of the bicentennial. I have kept Dr. Cook up to date on meetings that he could not attend because of his schedule.

During the past year I have made all requests for assistance from or access to college personnel through President Cook on a timely basis.

I reside in Tennessee at 135 Mary Ann Drive, Memphis, TN 38117.

NOTICE OF PART-TIME EMPLOYMENT AND AGREEMENT FOR
PRESIDENT EMERITUS

TO: Dr. Jack Campbell
7230 Stagecoach Road
Whitesburg, TN 37891

This is to confirm your part-time appointment to a position approved by the Tennessee Board of Regents as President Emeritus of Walters State Community College for a period beginning July 1, 2023, at a monthly salary of \$2,362.17, subject to the terms and conditions hereinafter set forth and our acceptance thereof:

1. This appointment is made subject to the laws of the State of Tennessee, the requirements and policies of the Tennessee Board of Regents and the requirements and policies of this institution/area school.
2. The term of this agreement is July 1, 2023, to June 30, 2024. It may be renewed on an annual basis following review of the emeritus work performed and approval by the Tennessee Board of Regents.
3. The above-stated salary is contingent upon your successful completion of service for the full term of this agreement. The salary will accrue and will be payable monthly. In the event of failure to complete the specific terms of the appointment, salary will be prorated in accordance with the policies of the institution/area school.
4. This appointment and the above-stated salary are in consideration of your faithful performance to the best of your ability of the duties and responsibilities assigned to you as a part-time employee of this institution. These duties include:
 - ❖ Provide consultation and special assistance to the Walters State President and TBR Chancellor.
 - ❖ Serve as ambassador for the college on a continuous basis.
 - ❖ Assist college President and staff with campus development, Foundation activity and fundraising.
 - ❖ Provide support in inter-institutional, governmental, legislative, and community relations.
 - ❖ Assist as needed with the completion of selected capital projects.
 - ❖ As requested, represent the President and the college at selected functions and professional meetings.

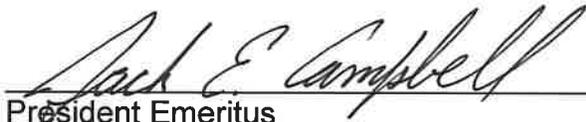

President Emeritus Report 2022-2023

During this fiscal year, I performed the following functions (attached) for

Walters State Community College Institution(s).

(Please type your report and attach it to this work sheet)

I spent at least 141.7 hours performing the work but less than 120 days.

**WSCC President Emeritus Report
2022-2023 Executive Summary
Dr. Jack E. Campbell**

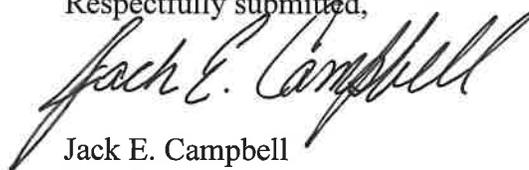

Attached is a detailed listing of the activities and accomplishments, which reflect examples of my work as President Emeritus at Walters State for the 2022-2023 year. These activities and accomplishments address specifically the duties reflected in the Notice of Part-time Employment and Agreement for President Emeritus, which was executed by Chancellor Tydings, President Miksa and myself. In addition, these activities and accomplishments as documented satisfy the contractual requirement of 141.7 hours. Additionally, significant is the fact that countless other unrecorded and undocumented hours were dedicated to the college since, as former president of Walters State who served the college for over 31 years, and as current president emeritus who has served the college for over 15 years, I am approached almost daily with unscheduled inquires, questions, and requests for advice and assistance relative to the college. The fact that I'm perceived by the people of East Tennessee as still being associated with Walters State gives me continuous opportunities to serve as ambassador and promote higher education and the college, cultivate prospective donors for the college's Foundation and provide consultation to current and prospective students and their parents. With regard to cultivating donors for the college's foundation, I make it a point to stay in touch with individuals who have indicated their intentions to give to the college in the future, either through direct donations, a will, or some other official means. Also, as I devote a significant amount of my working time representing President Miksa, and the college in general, at various functions and events, I strive to re-affirm relationships between the college and its major supporters; and I also seek to identify and establish relationships on behalf of the college with new individuals who appear to be prospective supporters of the college. Significantly, the recorded/documented activities and accomplishments and the unrecorded contributions I realize as President Emeritus are both supported through my continuous consultation with President Tony Miksa and the staff of the college.

Specifically, this report reflects that I worked the hours required and effectively fulfilled the duties and responsibilities stated in my contract by:

- Providing consultation and special assistance to the Walters State President as requested.
- Serving as ambassador for the college on a continuous basis.
- Assisting the college president and staff with campus development, Foundation activities and fundraising.
- Providing support in inter-institutional, governmental, legislative, and community relations.
- Assisting with the completion of selected capital projects.
- Representing the President and the college at selected functions and professional meetings.
- Recruiting, advising, and assisting in various ways with both prospective and current students and their parents.
- Promoting higher education, the TBR, and WSCC on a continuous basis.

Also, in the final analysis, I trust that this report reflects my pleasure in serving as President Emeritus – promoting and enhancing higher education, the TBR system and Walters State while at the same time helping to improve the quality of life for the people of Tennessee.

Respectfully submitted,

Jack E. Campbell
President Emeritus

Dr. Jack E. Campbell, President Emeritus
2022-2023 Activities/Accomplishments

Date

5/19/22	After making special arrangement for three individuals (a past president of the WS Foundation, a professional musician, and the WS softball coach) to join me in representing WS, we participated in the annual fundraising event of the Jefferson County Chamber of Commerce. I talked with several WS supporters and perspective supporters, one in particular, was a physician who had told me four or five years ago that he would make a significant donation to the college. He informed me that he wanted to meet with me in the near future.
5/24/22 – 5/27/22	At the request of Dr Miksa and Asst. VP Cates, I agreed to speak at the memorial service of Dr. Truett Pierce, a longtime supporter of WS. Over the next few days I spent considerable time writing and editing my remarks. I would be speaking on behalf of WS, President Miksa and all the rest of us associated with WS who knew Dr. Pierce.
5/28/22	I traveled to Sneedville, TN and, at the memorial service for Dr. Pierce, I delivered my speech on behalf of president Miksa and the college staff and faculty, past and present, who knew Dr. Pierce.
5/29/22 - 6/05/22	Contacted selected individuals to determine their interest in joining me in representing WS in an annual fundraising event of the Morristown Area Chamber of Commerce scheduled for June 6; and after securing commitments from three, I contacted them continuously ensuring they had appropriate information for the event.
6/06/22	Joined by a retired banker and trustee of the college's foundation, a high school teacher and WS staff member, I participated in the Morristown Area Chamber of Commerce annual fundraising event. Interacted with President Miksa, who is also president of the Chamber this year, and several WS supporters and prospective supporters.
6/16/22 – 6/17/22	Over a two-day period, traveled to Columbia State Community College in Columbia, TN and joined the members of the Tennessee Board of Regents, the Chancellor and her staff and the Presidents (past and present) of the Community Colleges and TCATs, at a special dinner celebrating the 50 th Anniversary of the Tennessee Board of Regents.
6/23/22	Spoke with a lady who had retired from WS and I suggested that she consider making a contribution to the college's foundation. She expressed an interest asking how much, minimally, she would need to contribute to be a trustee. I told her \$10,000 and she seemed very receptive. I told her to call me when she is ready.
6/23/22	Talked with a Hispanic student who has lived in the U.S for seven years and recently graduated for West High School in Morristown. He is very interested in going to WS. I told him I'd call the admissions office and check on his admission possibilities/status as he said he had already initiated the application process.
7/10/22 – 7/17/22	Spoke with several individuals about joining me in representing WS in an event scheduled for July 18 in Sevierville to raise money for The Robert F. Thomas Foundation, supporting the Sevier County Hospital. Talked with Asst. VP Cates several times receiving specific information about the event and the deadline for submitting the names of the WS participants. Finally, after several phone calls and several discussions, I received confirmation from three individuals that they would join me in participating on behalf of WS, in the "Smoke on the Mountain" Tournament to raise money for the Dr. Robert F. Thomas Foundation. On July 16, I texted each of the three giving them final details, noting specific times for the specific aspects of the event.
7/18/22	Joined by the WS softball coach, a staff member of the college's facilities management department, and a retired WS baseball coach,

Walters State Community College
Dr. Jack E. Campbell, President Emeritus
2022-2023 Activities/Accomplishments

Date

8/02/22	<p>I participated in the fundraising event for the Dr. Robert F. Thomas Foundation representing WS. Interacted with the Director of the event and his staff who was most appreciative of the WS sponsorship. Also, interacted with several participants in the event, all of who had special comments and questions about the college. Asst. VP Cates was at the event also representing the college.</p> <p>Spent a long time talking with a WS graduate who has since become a successful business man and is now a prospective major financial contributor to the WS foundation. After our lengthy discussion he said he would definitely make a contribution and after discussing the matter with his wife he will call me back.</p> <p>Had a long discussion with Asst. VP Cates about my discussion with the prospective donor and about other college matters.</p>
8/08/22	<p>Approached by a young man who was interested in enrolling at WS and requested information from me about the registration process and how he could apply for financial aid. He also asked me questions about his intended major / area of study and given his area of study, whether or not he should pursue a four-year degree. I talked with him, answered his questions, and gave him the name of the person he should contact at WS for more specific information. Later I discussed this person with the appropriate staff member at WS who stated she would be most pleased to assist the student.</p>
8/11/22	<p>Joined a WS Foundation trustee in co-sponsoring a team in the college's Annual Golf Classic, a fundraising activity for college athletics. Joined the trustee, a college supporter, and a college staff member in participating as a team for the event.</p>
8/15/22 – 8/16/22	<p>Contacted several individuals about joining me in representing WS by participating in a charity event (Isaiah 1:17 House) on August 22, and finally selected three, a retired federal judge, a retired wholesale distributor and an insurance agent/company owner; spoke with Asst. VP Cates about several other upcoming events whereby teams need to be selected; also discussed other matters related to college/community relationships.</p>
8/20/22	<p>Communicated to the three individuals who will be joining me on August 22 in representing WS by participating in a fundraising event for the Isaiah 1:17 House organization. Informed the individuals of the detailed information pertinent to the event. Also, included Asst. VP Cates in the communication.</p>
8/22/22	<p>With three invited guests, I represented WS in the event held by the Isaiah 1:17 House organization as a fundraiser supporting the organization.</p>
8/26/22	<p>Spent the day calling and getting commitments from 15 individuals to join me on four-man teams to represent WS in six charity events scheduled during the upcoming months of September and October. Called Asst. VP Cates and gave him the information, which he needs to forward to the event sponsors.</p>
8/28/22	<p>Sent texts to the three individuals who had agreed to join me in representing WS in the Claiborne County Healthcare Foundation Charity event and provided them with detailed information (times, etc.) which they needed. I thanked them for their support of the college and me personally.</p>
9/01/22	<p>Traveled to Tazewell to participate (with the three individuals who had agreed to join me in representing the college) in the Claiborne County Healthcare Foundation Event (fundraiser). Throughout the event we met and interacted with several WS supporters and several others who are potential WS supporters.</p>

Walters State Community College
Dr. Jack E. Campbell, President Emeritus
2022-2023 Activities/Accomplishments

Date	
9/13/22	Spent considerable time searching for two replacements to take the place of two individuals who had agreed to join me for the Greene County Partnership Event scheduled for September 15, but who had to change their plans because of family illnesses. After calling several individuals, I was fortunate to get WS retired ladies basketball coach and the college's retired Asst. VP for Admissions and Director of Athletics to participate as replacements.
9/15/22	Participated with the three individuals who had agreed to join me in the Greene County Partnership event held at Link Hills as representatives of WS.
9/18/22	Contacted the three individuals who had agreed to join me in representing WS in the Dwight England Memorial Tournament in Tazewell to ensure they were still planning to participate and to give them the detailed information about the event. The event will be held on September 21.
9/21/22	Participated with three selected individuals as representatives of WS in the Dwight England Memorial Classic, which is a golf tournament to raise money to contribute to special institutions and organizations. Since the event started 33 years ago, WS has received approximately \$350,000 from the event and the England family.
10/06/22 - 10/09/22	Had several discussions with Asst. VP Cates about the "Bucks for Trucks" event held at the college's Sevier County Campus in support of the Culinary Arts program.
10/08/22	Worked to confirm and provide appropriate information to representatives who will be joining me in participating in the Boy's and Girl's Club of the Great Smoky Mountains event scheduled for Wednesday, October 12 in Sevierville.
10/12/22	With three selected WS alumni who are now WS supporters, I represented the college by participating in the annual fundraiser of the Boy's and Girl's Club of the Great Smoky Mountains. Had the opportunity to talk with several WS supporters about the college.
10/20/22	After three days of calling and texting back and forth with individuals about joining me in representing WS in an upcoming fundraising event in Sevierville, I and three others (WS softball coach, WS retired golf coach, and WS maintenance department administrator) represented the college in the Pigeon Forge Hospitality and Tourism Association fundraising event, in which approximately 150-200 people participated. Met and spoke with several WS supporters and potential supporters as well as students.
10/24/22	Attended the fall meeting of the WS Foundation Board of Trustees.
10/25/22	Made calls to identify replacements for two individuals who had confirmed to join me in representing the college for an upcoming charity event but had to cancel due to a change in their schedule. After a few calls, I received confirmation from the college's golf coach who agreed to bring one of his players.
10/28/22	With the college golf coach, a member of the college's golf team, and the college's retired baseball coach joining me, I represented the college in an annual fundraising event sponsored by the Sevier County High School Foundation.
11/14/22	Attended the meeting of the WS Foundation Executive Committee.
1/18/23	Attended basketball games between WS and Roane State and interacted (building relationships) with college administrators, staff, faculty, students and community supporters.
2/01/23	Attended basketball games (men's and women's) between WS and Cleveland State, which was "Homecoming Night", and interacted

Date

	(building relationships) with administrators, faculty, staff, students and community supporters.
2/06/23	Met and participated with WS Foundation Executive Committee.
3/01/23 – 3/11/23	Spent time with a perspective student advising her about the opportunities and advantages of enrolling and completing a degree at WS; called a WS student (former) who is now a long-time employee at WS commending him for his continuous growth and development and especially for his recent establishment of an endowed scholarship for needy students at WS.
3/29/23	Responded to a request from VP J.B. Pectol that I write some comments about Coach Bill Carlyle for a news release announcing the retirement of Coach Carlyle, who has worked at WS for over 45 years.
4/18/23	Worked with Asst. VP Cates reviewing initial list of upcoming charity events for which I will be organizing teams to join me in representing the college.
4/19/23	For an upcoming charity event, I worked to assemble a team to join me in representing WS. I called and received agreements from two retired WS coaches (basketball and baseball) and a college supporter, who was previously selected as alumni of the year, to join me.
4/21/23	With three selected individuals, I represented WS by participating in the Rotary Club's annual fundraising effort for the purpose of supporting the regional "Imagination Library" program for schools and young people in need.
5/4/23	Joined President Miksa, Asst. VP Cates and two other staff members in traveling to Knoxville to represent WS by attending a luncheon/ceremony whereby a major supporter of the WS Foundation, a retired WS administrator, and a former WS student were being honored by the East Tennessee Senior Assistance Association for the contributions each has made in their respective counties. A total of 19 individuals were honored by their respective counties throughout East Tennessee with Randy Boyd, President of the University of Tennessee, being the guest speaker.
5/07/23	Prepared and submitted President Emeritus report for President Miksa and Chancellor Tydings.

NOTICE OF PART-TIME EMPLOYMENT AND AGREEMENT FOR
PRESIDENT EMERITUS

TO: Dr Nathan Essex
560 Kenrose Street
Collierville, TN 38017

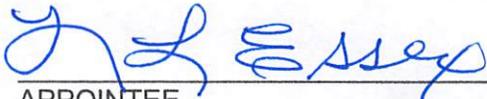

This is to confirm your part-time appointment to a position approved by the Tennessee Board of Regents as President Emeritus of Southwest Tennessee Community College for a period beginning July 1, 2023, at a monthly salary of \$3,533.20, subject to the terms and conditions hereinafter set forth and our acceptance thereof:

1. This appointment is made subject to the laws of the State of Tennessee, the requirements and policies of the Tennessee Board of Regents and the requirements and policies of this institution/area school.
2. The term of this agreement is July 1, 2023, to June 30, 2024. It may be renewed on an annual basis following review of the emeritus work performed and approval by the Tennessee Board of Regents.
3. The above-stated salary is contingent upon your successful completion of service for the full term of this agreement. The salary will accrue and will be payable monthly. In the event of failure to complete the specific terms of the appointment, salary will be prorated in accordance with the policies of the institution/area school.
4. This appointment and the above-stated salary are in consideration of your faithful performance to the best of your ability of the duties and responsibilities assigned to you as a part-time employee of this institution. These duties include:
 - ❖ Collaborate with community organizations/institutions to recruit and retain students and provide information about TN Promise, TN Reconnect, Career in a Year programs, and college wrap around support services;
 - ❖ Assist with the College's efforts to recruit and retain African American males.
 - ❖ Fund raising for Southwest Tennessee Community College;
 - ❖ Consultation with president, as requested;
 - ❖ Consultation for the Tennessee Board of Regents (TBR), as requested;

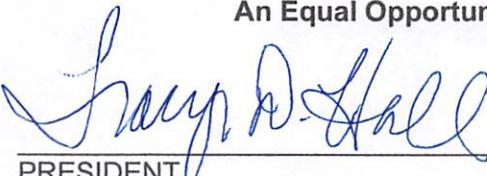

- ❖ Provide support in inter-institutional and community relations;
 - ❖ Promote higher education, the TBR, and Southwest Tennessee Community College on a continuous basis.
 - ❖ Provide quarterly reports to the President of above activities.
5. As a part-time employee, you are not eligible for employment benefits (retirement credit, state insurance plan, annual or sick leave, holiday pay, or longevity credit). Notwithstanding, social security will be deducted from your paycheck unless you are a member of a retirement system or are a rehired annuitant as specified in 26 CFR Part 31.
 6. This appointment does not include any assurance, obligation, or guarantee of subsequent employment.
 7. This agreement may be terminated without prior notice.
 8. By acceptance of this appointment, you agree to abide by the terms of the Drug-Free Workplace Act of 1988 as defined in published institution statements and policy. You also agree to notify the Office of Personnel of any criminal drug conviction for a violation occurring in the workplace no later than five (5) days after such conviction.
 9. You are required to notify the President should you become employed at another state agency/institution. You must reside in Tennessee at the time of your initial appointment and at the time of any subsequent appointment.
 10. You must reside in Tennessee at the time of your initial appointment and at the time of any subsequent appointment.
 11. The following special conditions shall govern this appointment:

The retired employee accepts employment for up to 120 days during a 12-month period. The number of hours actually worked will be provided to the institution upon request and will be no less than 212 hours.

I accept the appointment described above under the terms and conditions set forth.

EMERITUS ACTIVITY REPORT 2023

Nathan L. Essex 2022-2023

- Promoted Southwest in my church, community and the cities of Collierville and Memphis.
- Recruited students and adults through Tennessee Promise and Tennessee Reconnect.
- Promoted the college's student mentoring program at my church.
- Advised and referred parents and prospective students to appropriate Southwest offices to assist them with questions, issues and pertinent information about Southwest.
- Advised, mentored, and drafted recommendation letters for former Maxine Smith Fellows as requested.
- Increased and maintained monthly contributions to the college's book scholarship fund.
- Informed new out of state neighbors of Southwest programs and opportunities for their children to participate in Tennessee Promise
- Continued to support an endowed academic scholarship that I established for deserving students.
- Wear Southwest paraphernalia to promote the college in my community.
- Attend the 2023 Spring Graduation Ceremony virtually.
- Encourage employees in various business establishments to continue their education through Tennessee Reconnect.
- Encourage various Southwest graduates and employees to pursue advanced degrees.

NOTICE OF PART-TIME EMPLOYMENT AND AGREEMENT FOR
PRESIDENT EMERITUS

TO: Dr. A. Frank Glass
218 Lakewood Drive
Tullahoma, TN 37388

This is to confirm your part-time appointment to a position approved by the Tennessee Board of Regents as President Emeritus of Motlow State Community College for a period beginning July 1, 2023, at a monthly salary of \$ 1,971.90, subject to the terms and conditions hereinafter set forth and our acceptance thereof:

1. This appointment is made subject to the laws of the State of Tennessee, the requirements and policies of the Tennessee Board of Regents and the requirements and policies of this institution/area school.
2. The term of this agreement is July 1, 2023, to June 30, 2024. It may be renewed on an annual basis following review of the emeritus work performed and approval by the Tennessee Board of Regents.

President Emeritus Report – 2022-23

Review of functions performed:

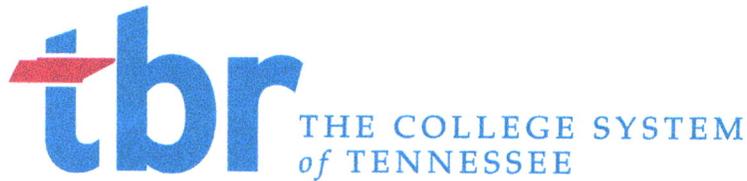

- Continue to serve as an ambassador of Motlow College and cultivate strong relations with community leaders that will benefit the college.
- Met with Charles Gleghorn to discuss Fayetteville Center. Charles was instrumental in getting Motlow into Fayetteville and has been a valuable contributor to all facets of Motlow College.
- Scheduled an additional meeting with Charles Gleghorn, including his daughter, Gaye Dempsey. Gaye presently serves as the chairman of the Motlow College Foundation and is continuing her father's legacy to enhance the image of Motlow and to underwrite the Motlow golf tournament in Fayetteville for the thirty-first year. Charles also attends and is an avid supporter of the annual Motlow Gala.
- Collaborated with former presidents and good friends, Dr. Art Walker and Dr. Sam Ingram, three to four times annually to discuss education and specifically Motlow.
- Met with Troy Martin, President of First Bank and a personal friend, to discuss his sponsorship of the Motlow Gala and teams for the Motlow golf tournaments.
- Support Motlow employees and family members by attending various Motlow and community functions.
- Attended legislative briefing breakfast at Motlow-Moore County campus.
- Attended Motlow Gala held March 25, 2023, and met the new member of the Board of Regents.
- Meet with President Michal Torrence regularly to discuss Motlow happenings.
- Continue to serve as a Motlow College Foundation Trustee
- Attended reception for Jennifer Moody, Tullahoma City Administrator, and will be serving on a selection committee to employ the future administrator.
- Coordinated a meeting with Dave Johnson, President of Traders Bank, and a personal friend, with Mark Hutchins, Assistant Vice President for Corporate and Foundation Services, to request sponsorship of windscreens for the Motlow women's softball field. This was successful.

- Met with Tullahoma Airport Manager, Jon Glass, to discuss a potential student's career in aviation.

I am honored to serve as President Emeritus of Motlow State Community College.

President Emeritus Report - 2022-2023

Review of functions performed:

1. Attend and participate in college and foundation sponsored functions.

Since my report in spring, 2022, I have attended/ participated in or will prior to June 30, 2023, the following college and foundation-sponsored functions:

2022

- June 22 - Attended Columbia State Foundation's quarterly board meeting and Annual Awards Lunch.
- July 15 - At the request of Bethany Lay, Foundation Executive Director, I contacted Ms. Elizabeth Crutcher, alumna and former board member, to invite her to become a member of the Foundation Board once again. Ms. Crutcher accepted the invitation.
- August 11 - Attended reception for American Watercolor Society Exhibit in college's art gallery.
- August 25 - Invited and took friend to the American Watercolor Society Exhibit in the art gallery.
- September 1 - Invited and took another friend to the watercolor exhibit.
- September 16 - Attended and participated in Foundation's annual retreat.
- September 20 - Invited and took friend to the Tennessee Watercolor Society Exhibit in the college's art gallery.
- October 8 - Attended "Little Women" play in Cherry Theater directed by retired English faculty member, Beverly Mitchell.
- October 13 - Attended season opening CSCC Performance Series performance in Cherry Theater.
- October 27 - Invited and hosted Lisa Hoffman, new Pryor Art Gallery Curator, to lunch to discuss history and mission of the Pryor Art Gallery, the Waymon Hickman Building, and the Cherry Theater.
- November 2 - Invited and took friend to the Tennessee Watercolor Society Exhibit in the college's art gallery.
- November 3 - Attended naming ceremony for Constantine and Mary Vrailas Commons beside the Hickman Building.
- November 10 - Met with foundation member, Con Vrailas, for coffee to explore future strategies to encourage attendance and participation of students and

community residents at college's cultural events and partner with the city's arts district, programs, and events.

- November 10 - Attended Performance Series in Cherry Theater.
- November 14 - Hosted a lunch to acquaint Lisa Hoffman, new art gallery curator, with local people associated with the city's arts community and explore partnerships to benefit the college and city of Columbia. Guests included Lisa Hoffman, Beverly Mitchell, President of Columbia Arts Council Board, Jennifer Grisham, local bronze sculptress and Columbia State alumna, and Kellye Murphy, Columbia's Tourism and Marketing Director.
- November 17 - Met with Bethany Lay, Executive Director of Columbia State Foundation, to discuss college/foundation needs, available foundation funds and gifts.
- November 30 - Hosted a lunch to introduce and connect Lisa Hoffman, gallery curator, to Joe Kilgore, recent commissioner on Tennessee State Arts Commission and Director of Maury Regional Healthcare Foundation.
- December 8 - Attended Columbia State Performance Series.
- December 14 - Attended Foundation's quarterly board meeting.

2023

- January 17 - Visited "Art of the Buzz" electric football game exhibit at art gallery. Picked up flyers and distributed and encouraged people to visit the exhibit.
- January 17 - Met with Anne Scott, Columbia State Library Director, to begin arrangements to host my Cosmopolitan Book Club in the renovated library's café on March 1.
- January 19 - Attended opening reception for "Art of the Buzz" electric football game exhibit in the art gallery.
- January 27 - Attended Annual Legislators and Community Leaders Breakfast hosted by the college and foundation.
- January 31 - Met with Lisa Hoffman, gallery curator, to begin developing guest invitation list for "Portraits of Hope" Artist Talk and Tea being scheduled during the exhibit on March 24.
- February 5 - Invited and met with Con and Mary Vrailas over coffee to invite them to co-sponsor the "Portraits of Hope" Artist Talk and Tea with me.
- February 9 - Attended college's Performance Series in Cherry Theatre.
- February 16 - Met with Lisa Hoffman re: plans for Artist Talk and Tea on March 24 in art gallery.

NOTE: I fell in my home early morning on March 1 preparing to attend an 8 a.m. meeting. I broke my right hip and right wrist. During March and April, I had surgery and was a patient in NHC-Maury Regional Transitional Care Center for rehabilitation. I returned home on April 28 and continued outpatient rehabilitation during May. I was unable to attend and participate in several events I normally would have attended.

- March 9 - Bethany Lay, Foundation Executive Director, visited with me at NHC-MR and discussed a planned naming in my honor at the campus (Hawkins Graduation Promenade) with dedication and celebration rescheduled to September 28.
- March 24 - Attended "Portraits of Hope - Artist Talk and Tea" in college's art gallery, co-sponsored by myself, Con and Mary Vrailas, and the Foundation.
- April 25 - Attended inaugural meeting of the Advisory Board newly established by NHC-MR. (See Objective 4 for a detailed description of my involvement in establishing the Advisory Board.)
- May 16 - Spoke in telephone conversation with Tammy Rosson, Development Officer who oversees the Performance Series, re: timing of my annual platinum level gift and redeveloping the patrons' support for the series.
- May 17 - Joined Con and Mary Vrailas for lunch at their invitation to further explore visual and performing arts opportunities at Columbia State in partnership with the CS foundation and Columbia's arts community.
- June 14 - Plan to attend the Foundation's quarterly board meeting and annual awards luncheon.

2. Assist the college foundation with fund raising activities and events.

- I continued to support the Foundation's Performance Series with my platinum patron's gift. I contacted Tammy Rosson on May 16 to inform her my patron's gift at the platinum level was paid in December, 2022, which she didn't realize. She had mailed out a patron solicitation packet to former patrons. We discussed opportunities to increase the number of patrons and the amounts of their gifts. We agreed to meet in late June or July to further explore.
- I continued to support the Boosters' Club with an annual membership contribution.
- During the fall, winter, and spring I worked with the new art gallery curator, Lisa Hoffman, to help introduce her to the local arts community and key players. (Lisa is both new to the college and to the community the college serves, but she is a very talented, experienced, and educated arts curator.) I helped her understand the history and mission of the art gallery, its funding, the Cherry Theater and the Hickman Building. On several occasions, I hosted lunches to

Ms. Hoffman to local key players in the Columbia arts community who she has since partnered with for communications, grants, etc.

- During January and February, I supported Ms. Hoffman with publicizing the "Art of the Buzz" electric football game exhibit and reception. Both were successfully attended.
- Ms. Hoffman, through her contacts, was able to procure the exhibit "Portraits of Hope" for display in our art gallery in March/April. The 40+ portraits are painted by world famous portrait artists of the successful graduates of the Lovelady Center in Birmingham, AL. Residents and graduates are women who have recovered from abuse, additions, incarcerations, trafficking, etc. Their stories are overwhelming, powerful, and inspirational.

Ms. Hoffman envisioned an Artist Talk and Tea reception for March 24 in the art gallery to encourage people to the gallery for the exhibit. I worked with Ms. Hoffman and created a guest list of 200+ in January and February. I invited Columbia State Foundation board member Con Vrailas to co-sponsor costs of the tea with me. He and Mary, his wife, willingly did so.

The event was a huge success with 90 people attending the tea and talk. One of the portrait artists, a Franklin, TN resident, gave the talk. As well, graduates of the Lovelady Center gave their testimonials. Beverly McNeil, Portrait Gallery owner, and John McNeil, COO and Chairman of the Lovelady Center Board also spoke.

Although I was still in the rehab center, I was able to attend and connect with people from the Lovelady Center, community leaders, and regional artists all in attendance.

3. *Provide advice to perspective students and families.*

- I continue to serve as a liaison for potential CSCC students, their parents and grandparents with Columbia State regarding questions on admissions. I try to direct them to the appropriate people at the college and also to the college's informational website.

Interestingly this spring in March and April as I rehabilitated from my broken hip and wrist at NHC-MR, my advisement became more focused. It was with mostly women who were CNAs and LPNs working in the rehab facility. Daily I would find opportunities to discuss their futures and encourage them and talk about how they could pursue careers in nursing. Of course, my focus was on

encouraging them to pursue their nursing degrees at Columbia State. I encouraged them to explore Tennessee Reconnect tuition opportunities.

4. Promote higher education, the TBR, and Columbia State on a continuous basis.

On such occasions as those below, I am engaged in the greater community representing Columbia State, the TBR, and Tennessee higher education.

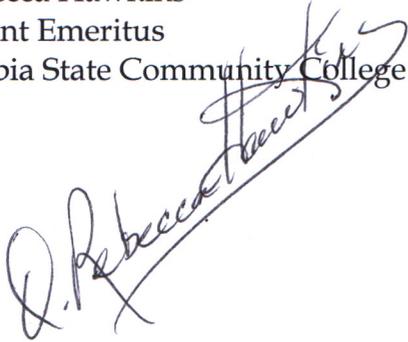

- I continue to remain active in the Columbia arts scene, supporting both visual and performing artists, art events, and public theater. Columbia State is well positioned with its state-of-the-art 500 seat theater, spacious art gallery, easy access, and ample parking to play a key role in Columbia’s growing arts community. My work with our new gallery curator, Lisa Hoffman, as well as Con Vrailas, foundation board member, has been focused on exploring ways and making recommendations to the college and foundation on expanding the connections between the college and the growing Columbia arts scene and community. Given the experience and art world connections of our new art gallery curator, Ms. Hoffman, I have once again begun envisioning a work of wall art for the large wall in the front lobby of the Waymon Hickman Building. Several years ago, the first art gallery curator/director and I envisioned such a work of art in glass to be designed and installed by a locally born and raised artist, Michael Taylor. The project, at that time, was abandoned due to an economic downturn. “Timing” is everything I learned years ago. Perhaps that former dream can become a reality in the near future.
- I continue to serve on the MRHC Foundation Board as an honorary member. I attend meetings and am especially supportive of the services provided by MR’s Mobile Health Unit and staff.
- While at NHC-MR Transitional Care Center, I engaged with the director of the facility providing him feedback and input regarding much needed improvements in delivering quality patient care beyond the outstanding rehab program the Center operates. While there, I sponsored the director into membership in the Kiwanis Club so he could better connect with the community and become better known. (The director came from another community and is not known in the local community.)

When I learned from the Center director that the Center did not have a community Advisory Board, I also recommended and helped the director establish a board in order to make connections in the right community places and to develop an avenue for communications for input and feedback. The initial meeting of the newly formed Advisory Board was April 25 prior to my

departure from the center. I am a member of the new board as is Dr. Kae Fleming, Dean for Health Care Programs at Columbia State.

- I continue to support the annual Performance Series and the exhibits and receptions hosted by the college and foundation in the Pryor Art Gallery. I continued to support the Performance Series as a patron at the platinum level and attended performances of the series and receptions and exhibits in the art gallery. I promote the Performance Series in conversations with people in the community and encourage them to purchase season and individual performance tickets. I encourage friends and often take them to art gallery exhibits.

O. Rebecca Hawkins
President Emeritus
Columbia State Community College

Dr. Jeff McCord

P. O. Box 246

Blountville, TN 37617

Dear Jeff,

I enjoyed speaking with you this morning and learning how well things are going at the college. The college and the northeast Tennessee region are very fortunate to have you as president of the institution.

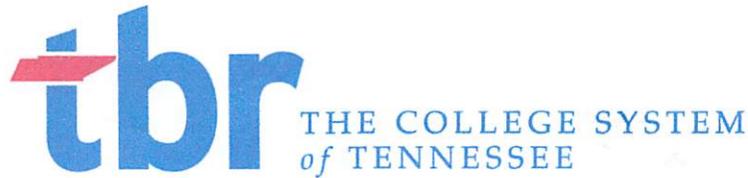

Enclosed are materials related to my president emeritus contract for the 2022-2023 year. Please feel free to make any changes, additions or corrections to this contract and let me know if I need to do anything further in this regard.

Sincerely,

William W. Locke

President Emeritus

NOTICE OF PART-TIME EMPLOYMENT AND AGREEMENT FOR
PRESIDENT EMERITUS

TO: Dr. William Locke
2800 Anderson Bend Road
Russellville, TN 37860

This is to confirm your part-time appointment to a position approved by the Tennessee Board of Regents as President Emeritus of Northeast State Community College for a period beginning July 1, 2023, at a monthly salary of \$2,531.50, subject to the terms and conditions hereinafter set forth and our acceptance thereof:

1. This appointment is made subject to the laws of the State of Tennessee, the requirements and policies of the Tennessee Board of Regents and the requirements and policies of this institution/area school.
2. The term of this agreement is July 1, 2023, to June 30, 2024. It may be renewed on an annual basis following review of the emeritus work performed and approval by the Tennessee Board of Regents.
3. The above-stated salary is contingent upon your successful completion of service for the full term of this agreement. The salary will accrue and will be payable monthly. In the event of failure to complete the specific terms of the appointment, salary will be prorated in accordance with the policies of the institution/area school.
4. This appointment and the above-stated salary are in consideration of your faithful performance to the best of your ability of the duties and responsibilities assigned to you as a part-time employee of this institution. These duties include:
 - As able, publicly show support for the College President through newspaper editorials, public speaking engagements, or in social interactions. Advocate for the College's ongoing work and fresh start to faculty, staff, and the public at large.
 - At the request of the president and as able, provide guidance on regional relationships, government affairs, partnerships, and workforce development opportunities.
 - At the invitation of the president, and as able, attend and support College activities and events.
 - As able, support initiatives of the Northeast State Community College Foundation.
 - Upon request, and as able, serve as a consultant to regional chambers of commerce and economic development entities on matters concerning education and workforce development.

**President Emeritus Report
2022-2023**

During this fiscal year, I performed the following functions (attached) for

Northeast State Community College Institution(s).

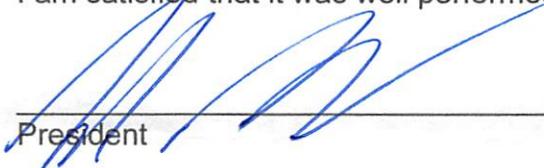

(Please type your report and attach it to this work sheet)

I spent at least 152 hours performing the work but less than 120 days.

William W. Locke
President Emeritus

Functions Performed by William W. Locke as President Emeritus Of Northeast State Community College During the 2022-2023 Year

- Served as Board Member Emeritus to The Alliance for Business and Training which has a significant relationship with the college in the area of workforce development training
- Participated in selected meetings of educators, elected officials and business leaders to discuss regional opportunities in education and workforce development
- Maintained and established positive relationships between the college and governmental, business, industrial and community organizations
- Met with and advised parents and their children and other adult learners about making a Tennessee Board of Regents institution their first choice for attending a college and referred these individuals to appropriate personnel at the respective Regent's Institutions
- Supported initiatives of the Northeast State Community College Foundation, the East Tennessee State University Foundation and the Walters State Community College Foundation
- Served as advisor to the Sullivan County Mayor regarding the development of higher education initiatives which could be supported by the county
- Contacted individuals who might financially and in other ways support the NSCC Foundation

- 
- At the invitation of the college president, attended selected meetings/functions provided by the college

BOARD TRANSMITTAL

MEETING: Committee on Personnel and Compensation

SUBJECT: Faculty Emeriti

DATE: June 15, 2023

PRESENTER: Vice Chancellor Jothany Reed

PRESENTATION REQUIREMENTS: 5 minutes

ACTION REQUIRED: Voice Vote

STAFF RECOMMENDATION: Recommend Approval

The following faculty emeritus candidates are being recommended to the Board for consideration and approval:

Candidate	Rank/Discipline	Service Dates	College
Edward Nichols	Professor of Mathematics	1993-2023	Chattanooga State CC
Steve Smotherman	Associate Professor of Mathematics	1983-2023	Motlow State CC
Marylou Tate	Assistant Professor of Culinary Arts	2009-2023	Nashville State CC

Presidential nominations are appended.

April 11, 2023

It is my pleasure to recommend Dr. Edward Nichols, Professor of Mathematics, for Faculty Emeritus status in recognition of his distinguished service to Chattanooga State Community College. Dr. Nichols is a Professor of Mathematics, and he has admirably served the College and our students since July 31, 1993, when he was hired as Assistant Professor of Mathematics. In 1997, he was promoted to Associate Professor and then to full Professor in 2002.

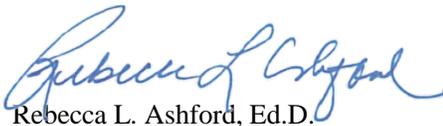

In addition to his role as Professor, Dr. Nichols has served in a number of administrative positions during his tenure at the College. He has served as Mathematics Coordinator, Assistant Department Head, and Department Head. Under his leadership, the Mathematics Department is one of the most innovative and forward-thinking departments at the College. He and his faculty are always eager to try new approaches to teaching and to promoting student success. Under his leadership, the Mathematics Department has embraced the concept of Growth Mindset and worked with the UVA Motivate Lab Tennessee Value Project. He and his faculty actively support and promote our transition to 7-week terms and are actively working to embed tutoring in 7-week math courses.

Due to his dedication to continuous improvement and service to students and the College, Dr. Nichols has been honored with numerous awards. Some of these awards and recognitions include the NISOD Advising Excellence Award (2006), the Eye of the Tiger Award (2007 and 2022), the Mathematics and Sciences Division Excellence Award (2007), and the TMATYC Teaching Excellence Award (2016). In 2021, the College nominated Dr. Nichols for the TBR Faculty SOAR award. In 2022, Dr. Nichols was honored with the Chatty, which is an award given to the employee who best represents the purpose, mission, and values of Chattanooga State.

Dr. Nichols has submitted to retire on June 30, 2023. While he is nearing the end of his remarkable career, he remains engaged in serving students and the College. He teaches in the Bledsoe County Correctional Facility program, a new program in the Governor’s Correctional Education Initiative. He chairs the Chattanooga State Foundation’s Employee Giving Campaign and encourages other employees to support students by giving of their time and treasure.

Please accept my wholehearted recommendation to honor Dr. Edward Nichols with the Faculty Emeritus designation.

Sincerely,

Rebecca L. Ashford, Ed.D.
President

Dr. Quincy Jenkins
Vice President, Organizational Culture & Engagement

OFFICE OF THE PRESIDENT

DR. MICHAEL L. TORRENCE

April 18, 2023

Re: Nomination for Faculty Emeritus for Mr. Steve Smotherman, Associate Professor, Mathematics

Hire date: 9/1/1983 and retirement date: 8/1/2023

To whom it may concern:

It is my honor to submit a nomination for Mr. Steve Smotherman to be promoted to the rank of Faculty Emeritus. Steve has been an outstanding member of Motlow State's Mathematics Department for 40 years. During his time, he has been promoted to the rank of Associate Professor and awarded tenure. His dedication to the institution is evident through his willingness to teach any mathematics class offered with enthusiasm. Steve has served on various committees throughout his employment and is committed to the quality and rigor of instruction. He is active within the institution and community with evidence documented during each year of evaluation.

Mr. Steve Smotherman has been an exceptional educator during his 40-year career at Motlow State. I can think of no other faculty member who is more deserving of this distinguished rank upon his retirement at the end of the academic year.

Cordially,

Dr. Michael Torrence
President, Motlow State Community College

Brian Rowe
Executive Director of Human Resources

Nashville State Community College

April 25, 2023

Dear Faculty Emeritus Selection Committee,

I am writing to recommend Chef Marylou Tate to be awarded emeritus faculty status upon her retirement from Nashville State Community College this spring. Chef Tate has served at Nashville State since 2009 as an Assistant Professor of Culinary Arts in the School of Business, Management and Hospitality.

Chef Tate has consistently demonstrated distinguished service to Nashville State Community College. Mentoring students for regional and national culinary competitions has been a passion for Chef Tate. Several of her students competed in culinary competitions and one student won the prestigious national championship. Mentoring students not only exposes these students to the industry, but it also helps promote the Culinary program at Nashville State. Chef Tate served as a faculty co-advisor for the student culinary organization "Escoffier Society," which helps support community activities and events. Chef Tate also helped to organize Tennessee Flavors, the culinary event sponsored by the Nashville State Foundation.

Chef Tate is very involved in the Nashville culinary community. She has been a member of the Nashville Chapter of Les Dames d 'Escoffier International, a prestigious industry group and served in leadership roles. She has served as a judge for the TN Hospitality Association PROSTART competition and participated in the Nissan Taste of Music City Event. Her industry participation and connections not only help her students gain exposure to employment opportunities, but it also promotes the Culinary Arts program at Nashville State.

Chef Tate is always willing to help her colleagues. She assisted with the creation and implementation of the Hospitality Management degree. She assisted in running the culinary program when the director left in early 2015 and helped to onboard the new director. She is always a team player, always willing to help advise at New Student Orientations, mentoring adjunct instructors, and participate in registration events.

Chef Marylou has been a valued member of the Nashville State team. She will be greatly missed when she retires at the end of this spring semester.

Sincerely,

Dr. Shanna L. Jackson
President

Jill Ferrand
Director of Human Resources

BOARD TRANSMITTAL

MEETING:	Committee on Personnel and Compensation
SUBJECT:	Promotion and Tenure at the Tennessee Colleges of Applied Technology
DATE:	June 15, 2023
PRESENTER:	Vice Chancellor Jothany Reed
PRESENTATION REQUIREMENTS:	10 minutes
ACTION REQUIRED:	Voice Vote
STAFF RECOMMENDATION:	Recommend Approval

The Committee will be asked to act on recommendations for granting promotion and tenure to eligible faculty members. A list of the faculty being recommended for promotion and tenure is shown as Attachment A-1 and B-1 respectively.

The recommendations and supporting documents were submitted by the TCAT Presidents and were certified by them as having been processed through the approved institutional procedures. They have been reviewed by the Board's staff and are endorsed for favorable consideration by the Personnel Committee.

A summary of the tabulations regarding promotion and tenure recommendations for each center has been prepared by the staff. The thirty-two (32) faculty receiving promotions represent 5% of the TCAT instructional staff. There are no faculty members receiving tenure recommendations for this cycle. Tabulation tables for promotion and tenure are shown as Attachments A-2 and B-2. Other observations of interest are listed below.

PROMOTIONS:

The thirty-two promotions are divided into these categories: twenty (20) to Instructor (second rank); nine (9) to Senior Instructor (third rank); and three (3) to Master Instructor (fourth rank).

TENURE:

With approval of these instructional staff, the total tenured faculty for the TCAT is 5%

BOARD TRANSMITTAL

MEETING: Committee on Personnel and Compensation

SUBJECT: Review and Approve 2023-24 Tenure and
Promotion Recommendations for Community
College Faculty

DATE: June 16, 2023

PRESENTER: Vice Chancellor Jothany Reed

PRESENTATION
REQUIREMENTS: 15 minutes with discussion

ACTION REQUIRED: Voice Vote

STAFF'S
RECOMMENDATION: Recommend Approval

The Board will be asked to approve recommendations for the promotion and tenure of faculty serving at the community colleges. Sixty-six (66) faculty members are recommended for tenure. This is a decrease from the previous year of seventy (70) recommendations for tenure.

One hundred fifty-six (156) faculty members are recommended for promotion.

The following materials are respectfully submitted for consideration.

2023-2024 Community College

TENURE AND PROMOTION RECOMMENDATIONS

The Committee on Personnel and Compensation is asked to act on recommendations for granting tenure and promotion to eligible faculty members at community colleges. The recommendations are made within the requirements of TBR policies on tenure and promotion.

The community college presidents have submitted these recommendations with supporting materials and have certified that approved campus policies and procedures were followed in each case. TBR staff review indicates that the institutions have consistently applied Board and institutional personnel policies pertaining to these decisions. There have been no unusual increases or decreases in promotion or tenure recommendations percentages over the past five years. The TBR Academic Affairs staff recommends approval of one recommendation for tenure by exception and one promotion by exception from Pellissippi State Community College. Summary tables, lists of faculty members recommended for promotion and/or tenure, and justifications for promotions by exception immediately follow a brief staff observation of the recommendations.

TENURE

Table 1 summarizes the impact of tenure recommendations at each community college. Observations summarizing the information in the tables include the following:

- (1) Sixty-six (66) faculty members are recommended for tenure. This is a decrease from the previous year of seventy (70) recommendations for tenure. This change is a system-wide increase of 4.6% over a four-year average, which does not represent a trend or notable change.

- (2) The percentage of tenured faculty in 2023-24 will range from 29.2% at Nashville State to 72.0% at Pellissippi State. The tenured faculty percentage increased at six community colleges and decreased at seven over a four-year moving average. No unusual deviations are noted by staff analysis.
- (3) Recommended tenure includes one exception to policy from Pellissippi State Community College. Supporting material for this tenure exception is found at the end of this report.

PROMOTION

Table 2 provides the following summary data:

- (1) One hundred fifty-six (156) faculty members are recommended for promotion in 2023-24. The number of promotions decreased by 20 from the 2022-23 total of 176. The three-year average is 174. This decrease is within statistical control limits over ten years, and no deviations from normal are noted by staff analysis.
- (2) The percentage of total community college faculty recommended for promotion in 2023-24 ranges from 5% at Jackson and Southwest Tennessee State to 14% at Walters State. The range is typical of this process.
- (3) Recommended promotions include one exception to policy from Pellissippi State Community College. Supporting material for this promotion exception is found at the end of this report.

Tenure by Exception

Two requests were made for tenure by exception. The TBR Central Office of Academic Affairs Staff reviewed materials supporting the exceptions and recommended the requests for tenure by exception.

Ms. Mary Ellen Spencer, Executive Director of Library Services, Pellissippi State Community College

President Dr. Anthony Wise recommends Mary Ellen Spencer for tenure at Pellissippi State Community College.

Rationale: Dean Spencer was hired as Executive Director of Library Services with faculty rank at Pellissippi State Community College on November 2, 2018. After a review of her JAQ, the position was reclassified in April 2019 to be a dean position for Pellissippi State's Library Services Department. If Dean Spencer had been hired as a dean on that date, her position would have been requested for tenure upon hire, as all incoming faculty departmental deans requested. Dean Spencer has extensive experience as a librarian, faculty, and administrator at the University of Tennessee at Knoxville, Virginia Commonwealth University, the University of Oklahoma, and North Carolina State University. She holds B.A. from the University of Tennessee and a M.S. from Indiana University.

Promotion by Exception

Dr. Antija Allen, Assistant, Professor at Pellissippi State Community College.

President Dr. Anthony Wise is recommending Antija Allen be promoted from Assistant Professor to Associate Professor at Pellissippi State Community College.

Rationale: In July 2022, Dr. Allen was promoted to Director of PACE on an administrative contract. While she was eligible for faculty promotion, this new role put her in the unique position of not having a peer group (as defined per policy) to review her packet and vote on her promotion. As such, Dr. Kellie Toon, the vice president of Academic Affairs/CAO, reviewed Dr. Allen's portfolio and recommended promotion to associate professor. Dr. Allen holds B.A. from Neumann University in Pennsylvania, an M.A. from Pepperdine University in Pennsylvania, and Ed.D. from Columbia University in New York. Her works represent a strong desire to improve higher education and provide a stronger learning environment. She is a renowned published author, Maxine Smith Fellow, and OER Champion. She is an exceptional educator and was awarded the Roger Crowe Excellence in Teaching Award, an institutional honor. It is without hesitation I recommend Dr. Allen for promotion to associate professor.

BOARD TRANSMITTAL

MEETING: Committee on Personnel and Compensation

SUBJECT: Faculty Promotion Increases

DATE: June 15, 2023

PRESENTER: Alisha Fox, Vice Chancellor for Business & Finance

PRESENTATION
REQUIREMENTS: 10 minutes with Discussion

ACTION REQUIRED: Roll Call Vote

STAFF
RECOMMENDATION: Recommend Approval

A total of one-hundred-fifty-six (156) faculty members, including one by exception from Pellissippi State, are recommended for promotion at the community colleges. Of those, one hundred and fifty-five (155) are recommended for an increase due to promotion. At the TCATs, Thirty-two (32) faculty members are recommended for promotion and increase. The recommendations are made within the requirements of TBR policies on tenure and promotion.

The recommendation and supporting documents were submitted to the Board by the community colleges and TCATs, and were certified by them as having been processed through the approved institutional procedures. TBR staff has verified the proposed ranks of the individuals submitted for promotion by the institutions and ensured a corresponding increase for those that were eligible was submitted, or an exception noted.

Grand Total				\$146,967.46

TCAT Promotional Increase Policy: All promotions will receive a minimum of a 5% salary increase. Additional percentages will be awarded based on the average of three years. The following scale is used for promotion in addition to the 5%:

- 1% for completion rate of 70% average for the last three years
- 1% for placement of 80% average for the last three years
- 1% for maintaining 15 FTE for the previous three years
- 2% for a performance review average of 70 for the last three years

Increases are subject to availability of institutional funds.

Increases are subject to availability of institutional funds.

BOARD TRANSMITTAL

MEETING: Committee on Personnel and Compensation

SUBJECT: Executive Incentive Payments

DATE: June 15, 2023

PRESENTER: Alisha Fox, Vice Chancellor for Business & Finance

PRESENTATION
REQUIREMENTS: 10 minutes with Discussion

ACTION REQUIRED: Roll Call Vote

STAFF
RECOMMENDATION: Recommend Approval

The Executive Performance Incentive Plan was approved at the Board's June 2013 Meeting. The incentive does not add to the base salary for the position, and will be recalculated each year.

Participants in the plan include the presidents of the community colleges and Tennessee Colleges of Applied Technology (TCATs) and the Chancellor.

The incentive amount is equal to ten percent (10%) of the market average salary for comparable positions and is divided into two components: the metric-based allowance equal to 85% of total incentive amount and a discretionary allowance equal to 15% of the total incentive amount. The primary incentive measurement for Community College Presidents is the change in weighted formula outcomes at each institution. The change in total weighted outcomes for the system is calculated in a similar manner and used to calculate the weighted outcome growth allowance amount for the Chancellor. The incentive measurement amount for the TCAT Presidents is based on five (5) outcomes, weighted equally: program completion rate; job placement rate; private giving; expanded offerings, and expanded enrollment.

RECOMMENDATION

Pursuant to the Plan, recommendations for incentive pay are brought before the Committee for review and approval. The Plan requires an individual to be employed in one of the eligible

positions at the time the payments are approved and have satisfactory performance to be eligible to receive incentive pay.

The Council of Education (COE) provides the data needed to calculate the TCAT presidents' incentive pay. COE has notified us they have had a change in their timing and will be issuing the data later in the summer. Therefore, we will bring the TCAT incentive data to the Personnel & Compensation Committee for approval at a later meeting.

It is recommended the Committee take the following action:

- a) Consider for approval the Executive Performance Incentive Pay for the community college presidents and Chancellor, as presented in the attachment.

Attachment: To be sent separately

BOARD TRANSMITTAL

MEETING: Committee on Personnel and Compensation

SUBJECT: Institutional Requests for Amended Compensation Plans

DATE: June 15, 2023

PRESENTER: Alisha Fox, Vice Chancellor for Business & Finance

PRESENTATION REQUIREMENTS: 10 minutes with Discussion

ACTION REQUIRED: Roll Call Vote

STAFF RECOMMENDATION: Recommend Approval

In accordance with TBR Guideline P-043 Compensation, the following proposed compensation plans methodology are submitted for review:

Institution:

Nashville State Community College
Northeast State Community College
Volunteer State Community College

Summary of Changes:

Amendment to the existing compensation plans to include changes to Nashville State Community College raising their minimum starting pay to \$30,000/yr. or \$15.38/hr., as well as adding more faculty pay ranges based on discipline taught; Northeast State is adjusting their target salaries based on the salary market and adjusting the adjunct faculty rates; and Volunteer State is implementing language into their compensation plan that allows them to index it each year based on best practices.

The new or revised compensation plans were reviewed within the System Office by a committee of five (5) individuals from the following offices: Finance, Academic Affairs, Policy & Strategy and two (2) individuals from Human Resources. The Committee reviewed the proposed plan for methodology, market data being used, equity, consistency, completeness, and clarity. After review of the proposed plans, the Committee respectively recommends Board approval of the proposed revisions of the compensation plans.

Attachment: Summary 2023 Institutional Compensation Plan Submissions

REVIEW OF INSTITUTION COMPENSATION PLANS

Committee on Personnel and Compensation
June 2023

Nashville State Community College

Nashville State Community College (NaSCC) is proposing a revision to their compensation plan. Below is a summary of the proposed changes.

In consultation with the consultant and review of the market data, it is proposed to increase the base faculty salary ranges by 6%. The revised plan proposes two sets of faculty ranges. Group A represents salary ranges of disciplines paid at 100% of market, whereas group B represents salary ranges of disciplines paid at 110% of market. Additionally, the college has committed to hiring all new full-time faculty at no less than \$40,000. Also, NaSCC is proposing to move from a flat dollar amount for faculty promotions to a 5% percentage of current salary for faculty members advancing to next faculty rank.

NaSCC is proposing to move the support staff salary ranges by 6% for market parity. NaSCC is proposing a starting pay of \$30,000 annually or \$15.38 hourly for all staff new hires. The college is updating some job titles for best practice, i.e. Secretary to Administrative Assistant.

For administrative/professional positions, based on current salaries and market data, the proposal is to increase the salary ranges by 3%. The proposed starting pay of \$30,000 annually or \$15.38 hourly applies to all newly hired administrative and professional positions also.

Based on the market data, there is no market adjustment in the executive positions proposed at this time.

The revised plan also allows NaSCC to review their compensation plan salary ranges annually, using various sources of data, including but not limited to: the average of the annual salary increases as reported from WorldAtWork and CUPA-HR, less 1% to allow existing employees to advance at a greater rate than new hires, and/or increases provided as a cost of living increase, less appropriate percentage (1%). This is similar with the way other colleges in the TBR system index their salary ranges.

NaSCC will continue to reevaluate positions and review job descriptions periodically and modify, as needed, to be sure they are in the right pay grade/salary range.

Northeast State Community College

Northeast State Community College (NeSCC) is proposing a revised compensation plan. Below is a summary of the proposed changes. They are proposing renaming the paygrades for simplicity and to make it easier as each job group will have a unique series of pay grade numbers.

NeSCC proposes increasing the faculty pay ranges by 2% for market competitiveness.

NeSCC is also requesting the ability to submit proposed adjunct increases in FY24, subject to the system office and board approval, as they are currently evaluating these pay rates with their consultant.

For support positions, NeSCC is proposing a starting wage of \$12.50 per hour or \$24,375 annually. The salary ranges were revised to update for this starting wage change.

For administrative/professional positions, based on current salaries and market data, the proposal is to increase the salary ranges by 7%. The minimum starting salary for administrative/professional positions will be \$36,955.

Based on the market data, there is no market adjustment in the executive positions proposed at this time.

NeSCC compensation plan proposes the compensation plan salary ranges will be reviewed annually for potential changes. Various resources may be used including but not limited to: the average of the annual salary increases as reported from WorldatWork and CUPA-HR, and/or increases provided from the state, less 1% to allow existing employees to advance at a greater rate than new hires.

Volunteer State Community College

Volunteer State Community College (VSCC) is proposing a revision to their current compensation plan. The change is related to how they will index the salary ranges in the plan to assist them in keeping up with the market for competitive wages to assist with both recruitment and retention.

VSCC proposes the College may consider market salary movement in order to index the salary plan. The college may refer to various sources to include CUPA-HR, World@Work, State of Tennessee, Annual Salary Budget Survey, and/or Educational Services Sector among other relevant sources. The recommended adjustment may be more or less than the total average salary movement. If the calculated percentage is less than 1.0%, an adjustment may be deferred until the following year.

BOARD TRANSMITTAL

MEETING: Committee on Personnel and Compensation

SUBJECT: Institutional Requests for Payments from the State Salary Pool

DATE: June 15, 2023

PRESENTER: Alisha Fox, Vice Chancellor for Business & Finance

PRESENTATION REQUIREMENTS: 10 minutes with Discussion

ACTION REQUIRED: Roll Call Vote

STAFF RECOMMENDATION: Recommend Approval

At the May 31, 2023 special called meeting, the Personnel & Compensation Board Committee authorized a compensation strategy that included using 3% of the state provided 5% salary pool funding for an across the board increase and the remaining portion of a 2% salary pool to be used for employee increases effective July 1, 2023. The increases could be for additional across-the board increases, to assist in funding the college compensation plan, or faculty promotions, or some combination of the three.

For those colleges providing the full amount as an across the board increase, nothing further was required. For those colleges wanting to use some or all of the state funding for their compensation plans or faculty promotions, they have submitted a proposal for review and approval.

Staff has received and evaluated compensation salary increase proposals from four (4) institutions as outlined in Attachment A.

Staff is recommending the Board's approval of these compensation increases as outlined.

BOARD TRANSMITTAL

MEETING: Committee on Personnel and Compensation

SUBJECT: Evaluation of the Chancellor

DATE: June 15, 2023

SUBJECT: Nisha Powers, Regent, Chair of Personnel and Compensation Committee

PRESENTATION REQUIREMENTS: 10 minutes with Discussion

ACTION REQUIRED: Roll Call Vote

STAFF RECOMMENDATION: Recommend Approval

Pursuant to Board policy, a performance review of the Chancellor is required every two years. The evaluation is to be conducted by a committee of at least four members appointed by the Vice-Chair. Vice Chair Reynolds requested the Personnel and Compensation Committee review the feedback and make a recommendation to the Board.

The purpose of this agenda item will be consideration by the Committee of the Chancellor's performance review.

BOARD TRANSMITTAL

MEETING: Committee on Personnel and Compensation

SUBJECT: Chancellor Compensation Plan Payment

DATE: June 15, 2023

PRESENTER: Alisha Fox, Vice Chancellor for Business & Finance

PRESENTATION REQUIREMENTS: 10 minutes with Discussion

ACTION REQUIRED: Roll Call Vote

STAFF RECOMMENDATION: Recommend Approval

In accordance with the Board approved compensation plan at the 2022 March Board meeting that included the Chancellor's salary, the following increase is recommended for the Chancellor. The decision was made last year to provide 50% of the amount recommended by the market study completed by the compensation consultant.

This increase will assist in keeping the pay for the Chancellor competitive and be effective July 1, 2023. It will be provided prior to any across the board increase that is approved.

Attachment: To be sent separately.

MINUTES
TENNESSEE BOARD OF REGENTS
REGULAR SESSION

March 30, 2023

The Tennessee Board of Regents met in regular session on March 30, 2023 at the TBR System Office located at 1 Bridgestone Park, Nashville, Tennessee. Due to network issues, the meeting was unable to be live-streamed, and was recorded and uploaded to the website immediately following the meeting. Vice Chair Emily Reynolds, presiding, called the meeting to order. In her opening remarks, she requested a moment of silence to honor the memory two former Regents, Buddy Bowers and Keith McCord, and the six precious lives lost as a result of the tragic shootings at Covenant School.

At the instruction of Vice Chair Reynolds, Board Secretary Mariah Perry called the roll. The following members were present in person:

Dr. MaryLou Apple
Mr. Miles Burdine
Mr. Mark George
Mr. Mark Gill
Commissioner Charles Hatcher (joined the meeting later)
Mr. Shane Hooper
Mr. Todd Kaestner
Ms. Nisha Powers
Ms. Emily Reynolds
Ms. Ramona Shelton
Mr. Bob Smith
Mr. Kyle Spurgeon
Ms. Danni Varlan
Mr. Weston Wamp
Mr. Tom White

A quorum was present. Members not available to attend the meeting were Governor Bill Lee, Regent John Long, and Commissioner Penny Schwinn.

Next, Vice Chair Reynolds welcomed the newest Board members: Regent Hooper, Regent Kaestner, Regent Spurgeon, and ex-officio member Regent Smith, Interim Executive Director of the Tennessee Higher Education Commission. She further congratulated Regent White on his reappointment as the At-Large East Representative.

Vice Chair Reynolds then recognized Chancellor Tydings for being honored as the Tennessee Woman of the Year by USA Today, and her team for producing the SOAR celebration the night before. She then called on Chancellor Tydings who expressed her thanks to the team, for producing the SOAR awards, and the event sponsors.

I. MINUTES

Minutes of the December 1, 2022 quarterly Board meeting and an amendment to the December 9, 2021 minutes were provided to all Board members for review prior to the quarterly meeting. Regent Varlan moved to adopt the minutes. Regent Apple provided a second. The motion passed by voice vote. A copy of the revised December 9, 2021 minutes are attached to the official copy of the Minutes as Appendix A.

II. REPORT OF INTERIM ACTION

Vice Chair Reynolds called upon Chancellor Flora Tydings, who presented the Report of Interim Action, reflecting business transacted by the Office of the Chancellor since the previous meeting of the Board. She requested approval of the report. Regent White moved to accept the report. Regent Varlan provided a second to the motion. The motion passed by voice vote. A copy of the Report is attached to the official copy of the Minutes as Appendix B.

III. REPORT OF THE COMMITTEES

The Board considered approval of the March 7, 2023 minutes of the Audit Committee. Regent Burdine moved to adopt the minutes. Regent Kaestner provided a second. The motion passed by voice vote. A copy of the minutes from the Audit Committee and background materials are attached to the official copy of the minutes as Appendix C.

IV. REPORT OF THE CHANCELLOR

PRESIDENTIAL SEARCHES

Chancellor Tydings provided an update on the ongoing search for the president of TCAT Memphis. She shared that Dr. Roland Rayner retired as President on February 28 and Dr. Jeff Sisk, former President of TCAT Jackson and current Executive Director of the TBR Center for Workforce Development, is serving as the Interim President. The search committee had its orientation meeting in November. Due to the holidays, the search was extended. The search committee met in February to consider applications received, and virtual interviews were recently conducted. On-campus interviews with two finalists are scheduled for April 4. It is projected that the new president will start by July 1.

Chancellor Tydings also announced that Dr. George Pimentel, President of Jackson State Community College, shared his intent to retire effective June 30, 2023. She reported that her office will begin the process for a search for the next President of Jackson State and will keep the Board informed of the timeline.

GOVERNOR'S BUDGET AND CAPITAL PROJECTS

The Governor included a one-billion-dollar investment in the proposed state budget for capital projects for TBR. These projects were detailed in the TCAT Master Plan, which had been developed over the last five years. Chancellor Tydings called on Dick Tracy, Executive Director of Facilities Development, to discuss how we plan to manage the funds once approved. Executive Director Tracy provided a general overview related to construction, schedules, and ongoing dialogue with designers and the construction community. He shared that there are approximately nine projects per grand division, and it may take between 18 to 30 months to execute. He then called on Jeff Holmes, Director of Planning and Programming, who provided additional details on the planning process, and Angela Scott, Director of Capital and TSSBA, who discussed flexibility and how the funding for projects will occur.

FORD BLUE OVAL CITY EVENT

Chancellor Tydings shared that Ford hosted an event last week at the Blue Oval City industrial complex to show guests the construction progress of what will deliver Ford's next all-new electric truck and batteries. She then requested Vice Chancellor Jothany Reed, Interim President Heath McMillan, and Executive Director Jeff Sisk to share details on the ongoing efforts with Ford on developing training and curriculum. Vice Chancellor Reed started by sharing highlights from the workforce development strategic plan for the TCAT Blue Oval City Campus, including goals related to the pillars of open access, completion, and community and workforce development. Interim President McMillan and Executive Director Sisk then shared information on the planning timeline, communications, and opportunities with Ford.

V. UNFINISHED BUSINESS

There was no unfinished business brought before the Board at this meeting.

VI. NEW BUSINESS

A. CONSENT AGENDA

The following items were presented for review and approval on the consent agenda:

1. Revisions to TBR Policy 2.03.01.05 Academic Retention and Readmission at TCATS
2. Revisions to TBR Policy 1.03.04.00 Councils
3. New TBR Policy 1.08.05.10 Mass Communications

Regent Burdine moved to approve the consent agenda. Regent Hooper provided a second. The motion passed by voice vote. A copy of the revised TBR Policy 2.03.01.05 is attached is the official copy of the Minutes as Appendix D.

A copy of the revised TBR Policy 1.03.04.00 is attached to the official copy of the Minutes as Appendix E. A copy of the new TBR Policy 1.08.05.10 is attached to the official copy of the Minutes as Appendix F.

B. INFORMATIONAL REPORTING

1. Legislative Update

Executive Vice Chancellor Kim McCormick first thanked the External Affairs team and other staff for their work with the SOAR events. She then provided a status update on key pieces of legislation being tracked by TBR Government Relations with an overview of legislation that could potentially impact TBR and higher education.

2. State Budget Update

Vice Chancellor Alisha Fox provided an overview of the status of the State Budget recommendations for the Tennessee Board of Regents for FY2023-2024, including operating, capital, and special initiative recommendations. These recommendations were also detailed in a memorandum to the Board in early February. The memorandum and supporting documentation are attached to the official copy of the Minutes as Appendix G.

3. Reimagining the Community College Experience

Executive Vice Chancellor Russ Deaton shared an update on Reimagining the Community College Experience. The Board was presented with a concept paper in June 2022, and in fall 2022, TBR solicited grant proposals from the community colleges to develop and implement the ideas within the concept paper. In September 2022, four community colleges (Jackson, Pellissippi, Southwest, and Walters) were announced as the grant winners and have been working to fully develop and implement a multi-year pilot effort. With a fall 2023 implementation, all four colleges will have their final plans ready (and some elements already launched) for a full presentation and discussion at the June 2023 Board meeting.

4. Policy and Strategy Update

a. Strategic Plan Update

Executive Vice Chancellor Deaton presented the current iteration of the strategic plan interactive infographic, as well as its accompanying public-facing, interactive dashboard that allows Board members, colleges, and members of the public to track the plan's metrics.

b. Innovations, Research and Data

Next, Executive Vice Chancellor Deaton introduced Assistant Vice Chancellor Amy Moreland, who began by presenting on dual enrollment.

TCAT dual enrollment has grown rapidly and, from 2015 to 2022, has more than tripled. From fall 2021 to 2022, dual enrollment at TCATs grew 50% and, in West TN, rose 70%. Further, at ten TCATs, dual enrollment doubled or tripled from 2019 to 2022. In-demand fields, like welding technology, health care, and farming operations technology, have driven this growth.

At community colleges, from fall 2021 to 2022, dual enrollment grew 12% and eleven colleges saw increases in dual enrollment. Dual enrollment at community colleges grew while other types of enrollments fell. Notably, this past fall, the TBR system reached a milestone that dual enrollment students outnumbered incoming freshmen by approximately 1,000 students.

Assistant Vice Chancellor Moreland then announced a new data tool that illuminates student performance on access, preparation, retention, and success metrics that can be disaggregated by high school and school district, and that TBR, in partnership with Stanford University, is launching a new effort to understand accelerated courses with funding from Ascendium Education Group.

C. ACTION ITEMS

1. Review and Consider Resolution of Appreciation for former Regent Yolanda Greene

Vice Chair Reynolds called on Regent Apple to present the resolution of appreciation for the service of former Regent Yolanda Greene.

Regent Apple moved adoption of the resolution, and Regent Varlan provided a second. The motion passed unanimously by voice vote. Ms. Greene thanked the Board for the opportunity to serve as Regent. A copy of the resolution is attached to the official copy of the Minutes as Appendix H.

2. Proposed Program Terminations, Modifications, and New Technical Program Implementations at the Colleges of Applied Technology

Vice Chancellor Jothany Reed and Assistant Vice Chancellor Tachaka Hollins presented twenty-six (26) program proposals and seventeen (17) program modifications for review and approval. A motion to approve was made by Regent Apple with a second provided by Regent Varlan. The motion carried by voice vote. A copy of the proposed new technical program implementations and modifications for the TCATs is attached to the official copy of the Minutes as Appendix I.

3. Review and Consider Faculty Emeriti Recommendations

Vice Chancellor Jothany Reed presented a request for the Board to consider and approve five (5) faculty emeritus requests for the following:

Professor	Rank/Discipline	Service Dates	College
Judith Fethe	Assoc. Prof. of Mathematics	1986-2022	Pellissippi State
Donald Coleman	Assoc. Prof. of Beh/Soc Sciences	1985-2022	Northeast State
Stella Gomezdelcampo	Assoc. Prof. of History	1989-2022	Roane State
Lesha Hill	Assoc. Prof. of Respiratory Therapy	1997-2021	Roane State
James Doyle	Professor of Psychology	1978-2023	Roane State

Regent Varlan moved approval and Regent Burdine provided a second. The motion carried by voice vote.

4. Review and Consider Building Naming Request from Nashville State Community College

Vice Chair Reynolds then called on Chancellor Tydings for a building naming request from Nashville State (NaSCC). The request was to name the College's current North Davidson Building as "Doug and Robbie Odom Building." NaSCC convened an appropriate committee to consider and make the recommendation.

Doug and Robbie Odom were longtime residents of Madison, Tennessee, where they were married for 74 years and parents of Larry, Teresa, and Debbie. Continuing the family business, Doug took over the operations of Tennessee Pride Sausage Company. They were exemplary role models in their community. While neither had a formal higher education degree, they were passionate about providing pathways for their children, employees, and members of their community to achieve their educational dreams. Their work supported and established multiple scholarships at universities and high schools in the middle Tennessee area. Through the generosity of Doug and Robbie Odom's children, the Nashville State Community College Foundation received its largest individual pledge in its history of \$1.25 million that will be donated to the college over five years, with a significant contribution having already been received. To honor their parents, the children wanted to especially impact the community where it all began - in Madison. The Chancellor then called on President Shanna Jackson who addressed the Board in support of the naming.

Regent Burdine moved approval of the building naming request and Regent Hooper seconded the motion. The motion passed by voice vote. A copy of the request by NaSCC is attached to the official copy of the Minutes as Appendix J.

5. Review and Consider Building Naming Request from Walters State Community College

Chancellor Tydings then presented a building naming request from Walters State (WSCC). The request was to name the College's building on the Claiborne County Campus the "Eleanor E. Yoakum Building." WSCC convened an appropriate committee to consider and make the recommendation.

Ms. Yoakum was president of the Walters State Foundation from 2010 to 2011 and she is a donor to the college. She was instrumental in assisting the college in securing the old Claiborne County High School Building and converting it into a Walters State campus. She has served on the Tennessee Arts Commission, and she was appointed by former President Bush to serve on the United States Federal Advisory Board on Tobacco. She was also appointed to the Tennessee Board for Economic Growth by former Governor Don Sundquist and she also served six years as a Tennessee Higher Education Commission Board Member and is currently serving on the Tennessee State Museum Commission. On the county level, she has served on the Claiborne County Election Commission, the Claiborne County Hospital Board, and the Claiborne County Industrial Board. Ms. Yoakum truly believes in serving others. The Chancellor then called on President Tony Miksa who addressed the Board in support of the naming.

Regent Apple moved approval of the building naming request and Regent Varlan seconded the motion. The motion passed by voice vote. A copy of the request by WSCC is attached to the official copy of the Minutes as Appendix K.

6. Review and Consider Revisions to TBR Policy 5.01.03.00 Retirement

General Counsel Brian Lapps presented proposed revisions to TBR Policy 5.01.03.00 Retirement. He reported that the revisions entail removing the requirement that a president be at least sixty (60) years old to receive honorary emeritus status, and the policy retains the requirement that an individual serve at least ten (10) years as president of an institution.

Regent Powers moved approval and Regent Apple provided a second. The motion carried by voice vote. A copy of the revised policy is attached to the official copy of the Minutes as Appendix L.

7. Review and Consider Resolution of Appreciation for former President Roland Rayner

Vice Chair Reynolds called on Regent Powers to present the resolution of appreciation for the service of former President Roland Rayner. Regent Powers moved adoption of the resolution, and Regent George provided a second. The motion passed unanimously by voice vote. Dr. Rayner thanked the Board for the opportunity to serve as President; the students, faculty, and staff of TCAT Memphis; mentors, TBR staff, elected officials, institution advisory members, and industry partners. A copy of the resolution is attached to the official copy of the Minutes as Appendix M.

8. Review and Consider Resolution of Appreciation for former President Paul Stewart Smith

Vice Chair Reynolds called on Regent Varlan to present the resolution of appreciation for the service of former President Paul Stewart Smith. Regent Varlan moved adoption of the resolution, and Regent White provided a second. The motion passed unanimously by voice vote. Mr. Smith thanked the Board for the opportunity to serve as President of TCAT Athens for thirty years. A copy of the resolution is attached to the official copy of the Minutes as Appendix N.

9. Review and Consider Resolution of Appreciation for former President Myra West

Vice Chair Reynolds called on Regent Gill to present the resolution of appreciation for the service of former President Myra West. Regent Gill moved adoption of the resolution, and Regent Apple provided a second. The motion passed unanimously by voice vote. Dr. West expressed her thanks to the Board for the opportunity to serve as President of TCAT Livingston, as well as the students and supporters during her tenure. A copy of the resolution is attached to the official copy of the Minutes as Appendix O.

VII. ADJOURNMENT OF THE MEETING

In closing, Vice Chair Reynolds called on Chancellor Tydings, who specially recognized new Presidents Susan Hatto and Patrick Wade. Vice Chair Reynolds reminded board members of future steps related to the Chancellor's evaluation, as well as the next quarterly meeting scheduled on Thursday and Friday, June 15 and 16, 2023 at Chattanooga State Community College. She further congratulated Walters State Community College and TCAT Morristown for being named Colleges of the Year.

There being no further business to come before the Board, the meeting was adjourned.

Respectfully submitted,

Mariah H. Perry, Board Secretary

Flora W. Tydings, Chancellor

Emily J. Reynolds, Vice Chair

MINUTES
TENNESSEE BOARD OF REGENTS
SPECIAL CALLED SESSION

April 27, 2023

The Board met virtually in a special called session on Thursday, April 27, 2023 at 2:30 p.m. central time. The purpose of the meeting was to review and consider the criteria for the next President of Jackson State Community College, the Chancellor's recommendation for the next President at TCAT Memphis, a proposed policy revision, and the search criteria and process for President of TCAT Jackson.

Vice Chair Emily Reynolds welcomed everyone and thanked them for participating in this special called meeting.

She then asked Board Secretary Mariah Perry to call the roll. Since this was an electronic meeting, members answered two questions when calling the roll. First, could the Regent simultaneously hear and speak with others participating in the meeting? Second, is the Regent alone in the room? The following members were present, and all responded yes to both questions when the roll was called.

Dr. MaryLou Apple
Mr. Miles Burdine
Mr. Mark George
Commissioner Charles Hatcher
Mr. Shane Hooper
Mr. Todd Kaestner
Ms. Nisha Powers
Ms. Emily Reynolds
Ms. Ramona Shelton
Mr. Kyle Spurgeon (left the meeting early)
Ms. Danni Varlan
Mr. Weston Wamp
Mr. Tom White

A quorum was present. Members not available to participate were Governor Bill Lee, Regent Mark Gill, Regent John Long, Commissioner Penny Schwinn, and Regent Bob Smith.

Vice Chair Reynolds stated that the Board was asked to meet electronically as it is the most economically efficient way, and the matters to be considered require timely action and review by the Board. Given that the necessity to meet electronically is a presumed non-controversial and routine item, Vice Chair Reynolds proposed that the necessity be adopted by unanimous consent. Hearing no objection from members, the necessity was adopted.

Vice Chair Reynolds called on Chancellor Tydings to present the draft criteria for the next president of Jackson State Community College for the Board's consideration and approval. Regent George moved approval of the criteria, and Regent Hooper provided a second. The motion passed by roll call vote. A copy of the criteria is attached to the official copy of the Minutes as Appendix A.

Next, Chancellor Tydings was asked to present her recommendation for the next President at TCAT Memphis for the Board's consideration. The Chancellor reported that the Board approved the search criteria for the next president at TCAT Memphis on October 31, 2022. Vice Chair Reynolds served as chair of the search advisory committee. Regent Powers and Regent George also served as committee members, as well as representatives of the college's faculty, staff, students and alumni, and local civic and industry leaders. Chancellor Tydings thanked them for their commitment and support with this presidential search. She also thanked April Preston, Lauren Sweeton, and Mariah Perry for organizing this presidential search. Chancellor Tydings then announced the recommendation of Dr. Gwen Sutton as the next president of TCAT Memphis.

Dr. Sutton currently serves as the Vice President at TCAT Memphis and has since 2017. She has also served as the Compliance and Curriculum Coordinator, Student Services Coordinator and Financial Aid Coordinator at TCAT Memphis. She received her Doctor of Education at Trevecca Nazarene University, a Master of Business Administration at Bethel University, and a Bachelor of Science at Mississippi State University. She is also a graduate of TCAT Covington, receiving a Computer Information Systems Diploma in 2010.

Next, Vice Chair Reynolds reported details of the search. She reported that Dr. Sutton was one of two (2) finalists chosen by the presidential search advisory committee from 26 applicants with experience from across the country. The search committee met for the first time in November, and reviewed applications at the end of February. Virtual interviews took place in mid-March with five (5) candidates. As a result of the interviews, two (2) candidates participated in on-campus and open forum interviews on April 4. Regent Powers moved to approve Chancellor Tydings' recommendation to hire Dr. Gwen Sutton as the next president of TCAT Memphis. A second was provided by Regent George. A roll call vote was taken, and the motion passed unanimously. Dr. Sutton addressed the Board and expressed her gratitude for the Board's confidence in her to serve as president of TCAT Memphis. Dr. Sutton will start on May 1, 2023. A copy of the chosen applicant's resume is attached to the official copy of the Minutes as Appendix B.

Next, Vice Chair Reynolds called on Chancellor Tydings to present the action item to review and consider the search criteria for the next president of TCAT Jackson. Regent White moved approval of the criteria, and Regent Burdine provided a second. The motion passed by roll call vote. A copy of the criteria is attached to the official copy of the Minutes as Appendix C.

Next, Vice Chair Reynolds called on General Counsel Brian Lapps to present a proposed revision to TBR Policy 1.03.03.00 on Selection and Retention of Presidents. The revision formally establishes that under exceptional circumstances, the Board can vary certain aspects of the presidential search process. A copy of the revised policy was made available to all members prior to the special called meeting. Regent Burdine made a motion to approve the policy revision, and Regent Varlan provided a second. The motion passed by roll call vote. A copy of the revised policy is attached to the Minutes as Appendix D.

Next, Vice Chair Reynolds called on Chancellor Tydings to share her thoughts on the TCAT Jackson presidential search and whether to consider the application of the new policy provision. Chancellor Tydings cited that exceptional circumstances exist while establishing the Blue Oval City (BOC) campus for TCAT Jackson, and simultaneously searching for the next president. She emphasized the need for success and timely establishment of the BOC campus, and its importance to TCAT Jackson, the TBR System, the region, and the State. She further commented on the excellent performance of Heath McMillian, who first started as the Executive Director of TCAT Jackson's BOC campus and was promoted to Interim President of TCAT Jackson in October 2022, as well as his proven knowledge, relationships, and skills to lead. Chancellor Tydings expressed her confidence that she doesn't need a full search to make the decision to recommend Mr. McMillian as president. Regent Burdine made a motion to approve that exceptional circumstances exist, and Regent White provided a second. The motion carried by roll call vote.

Given that exceptional circumstances were approved, Vice Chair Reynolds then called for a motion to select Heath McMillian as the sole finalist for the President of TCAT Jackson, with a goal of having a board vote by June 16, 2023. Regent Apple provided a motion, and Regent Burdine provided a second. The motion carried by roll call vote. Mr. McMillian's resume is attached to the Minutes as Appendix E.

Vice Chair Reynolds thanked everyone for participating in the meeting and reminded board members to complete the Chancellor's evaluation form, as well as provided a reminder of the virtual Committee Chairs and Audit Committee meetings scheduled for May 31, 2023.

There was no further business brought before the Board and the meeting was adjourned.

Respectfully submitted,

Mariah H. Perry, Secretary

Flora W. Tydings, Chancellor

Emily J. Reynolds, Vice Chair

Office of the Chancellor

4/13/2023

Treasurer Lillard asked about a timeline for completing the electrical work. He stated that this work has been underway for some time. Mr. Tracy stated that they have the agreement worked out with NES. TBR will be starting this summer with half of the campus including installing the duct bank, the conduit and the manholes. Then NES will pull the conductors and set the equipment. NES had some extended lead times on some of the equipment they have to install. Treasurer Lillard asked if they have a projected completion date. Mr. Tracy replied that the work for the total project would take about two years to complete. Treasurer Lillard asked what the overall electrical status for the campus would be once the current work is complete. Mr. Tracy stated that it would take care of all the primary issues and allow for NES to take over the operation and maintenance. This project completes the feed from the primary to each of these buildings. This will take care of all the underground electrical feeds to these buildings and upgrade the campus loop. Treasurer Lillard asked if there is further work to be done at the campus and the actual buildings themselves. Mr. Tracy replied "yes". Treasurer Lillard asked where they were in planning for the Source of Funding: Original Change Revised \$1,205,000.00 0.00 \$ 0.00 1,950,000.00 \$1,205,000.00 1,950,000.00 19/20 22/23 CurrFunds-CapMaint CurrFunds-CapImp (A) (A) Original Project Budget: \$1,205,000.00 Change in Funding: \$1,950,000.00 Revised Project Budget: \$3,155,000.00 State Building Commission – April 13, 2023 Page 8 of 41 additional electrical work. Currently, the master planner and their consultants are going through each of the buildings individually confirming the needs across the campus; mechanical, electrical, and building envelope. This work should be complete in the next 60 days. Once complete, TBR will utilize the available funding to start prioritizing needs for renovation of the buildings and replacing systems. Treasurer Lillard stated he appreciated their efforts and knows the urgency in getting all of this done. Commissioner Bryson stated that most of his questions around the master plan and strategic initiative funding were answered. Commissioner Bryson asked if the report they receive in the next 60 days will outline how they will spend the funding on the current facilities.

166/001-03-2019	TSU	Multiple Buildings Electrical Upgrades	3,155,000
-----------------	-----	--	-----------

Mr. Tracy replied that it will help them prioritize. The master planner will be evaluating the complete building. TBR will use that information to evaluate if it is worth renovating the whole building or maybe replacing the whole building. They will need to look at the cost differences and then they would be able to make that evaluation. Commissioner Bryson clarified this would be done after they receive the report. Mr. Tracy replied "yes". Mr. Tracy replied that the priority will be to address deferred maintenance items including building systems, life safety and building envelope needs. Commissioner Bryson asked when they expect to have the master plan finished that outlines the deferred maintenance as well as what will be needed going forward. Mr. Tracy replied that the master plan would probably not be complete until fall. The master planner has been asked to issue information on the deferred maintenance and the need to address that first, and then work on the capital outlay portion. There are two outlay items that are being considered in the initial review for strategic initiative funding including a learning resource center for the campus and additional funding for a new Engineering Building. Last year the campus received \$60 million for a new Engineering Building after programming, looks like it won't be enough to build the engineering building that TSU needs. Those are the only things they have identified to be outlay. Commissioner Bryson asked to keep him up to speed as they go through the process. Mr. Tracy replied that he gets a monthly report from the project managers on all the projects that he can share. Commissioner Bryson stated that he doesn't need it every month but from time to time to make sure he is up to speed on where they are. The Commission approved a revision in project budget and funding.

166/001-01-2023	TSU	Gentry Center Roof Replacement	3,670,000	Approved project and to select a designer
-----------------	-----	--------------------------------	-----------	---

Mr. Tracy stated that TTU has been working with the designer and Construction Manager and they can not get the current scope within the budget. TTU plans to bring forward a future project to address this need after further review of the priorities. Secretary Hargett stated that he appreciates the fact they are willing to do that. A lot of times they see escalation of commitment where you feel like you need to continue to move forward even though you know something is not what you need or want. Mr. Tracy replied that they went through a lot of exercises where they tried this or that and State Building Commission – April 13, 2023 Page 11 of 41 even cutting scope and got to a point where it made sense to go ahead and cancel the project. The Commission approved the cancellation of the project.

MEMORANDUM

TO: Members of the Tennessee Board of Regents

FROM: Jothany Reed, Vice Chancellor of Academic Affairs

DATE: May 8, 2023

RE: Tennessee Colleges of Applied Technology- 14 Day Process

Dr. Jothany
Reed

Digitally signed by Dr.
Jothany Reed
Date: 2023.05.08
12:11:25 -05'00'

In order to respond rapidly to the training needs, a resolution delegating authority to the Chancellor to approve Tennessee College of Applied Technology programs was proposed and approved during the March 2009 Board Meeting. This resolution allows for new program proposals and modifications to be forwarded to the Board for review for 14 days. Once reviewed, the Board will delegate authority to the Chancellor to approve the proposals submitted unless objections are voiced by the Board. Letters will be sent to the appropriate institution to authorize the implementation of the proposed action. The approved programs will be reported to the Board in the quarterly interim action reports.

Attached you will find a program proposal submitted by the Tennessee Colleges of Applied Technology in response to the Blue Oval City and SK Innovations manufacturing and workforce needs. The TBR staff members and I have reviewed these proposals and recommend approval. In accordance with TBR *Policy: 2:01:02:00, Vocational Program Review and Approval*, this information is provided for your consideration.

If you have questions or concerns that would require this proposal to go before the full Board at the next quarterly meeting, please contact Dr. Tachaka Hollins by email at tachaka.hollins@tbr.edu. The proposed academic actions will be approved through delegated authority by the Chancellor unless a concern is identified within this 14-day period.

Thank you for your continued support and commitment to the Tennessee Colleges of Applied Technology.

Four (4) program proposals are being presented for the Committee's review and approval. These proposals will allow the Technical Colleges to be more responsive to the needs of students, businesses, and industries. Please see corresponding implementation proposals for each program following the list below. The proposals are:

1. Implementation of an Electric Vehicle Production Technician dual enrollment program at TCAT Jackson main campus.
2. Implementation of an Electric Vehicle Production Technician dual enrollment program at TCAT Jackson- Bolivar Central High School (2G) campus.
3. Implementation of an Electric Vehicle Production Technician dual enrollment program at TCAT Jackson- Haywood High School (2B) campus.
4. Implementation of an Electric Vehicle Production Technician program at TCAT Northwest main campus.

PROGRAM IMPLEMENTATION PROPOSAL – 1

INSTITUTION: Tennessee College of Applied Technology Jackson

PROPOSED PROGRAM TITLE: Electric Vehicle Production Technician

PROPOSAL: Tennessee College of Applied Technology Jackson is proposing to implement the Electric Vehicle Production Technician program at the main campus. The program length is 864 clock hour program and awards an Advanced Electric Vehicle Production Technician certificate.

EFFECTIVE DATE: Fall 2023

NEED: The local job opportunity is strong. Ford estimates it will need over 5,000 production technicians for the new Blue Oval City assembly plant and SK Innovations manufacturing plant. This program will provide a workforce pathway for high school students.

OBJECTIVES: This program will train adult students to meet the manufacturing needs of Ford's Blue Oval City electric truck assembly plant.

PROJECTED ENROLLMENT:

YEAR	ENROLLMENT	COMPLETERS
1	20	16
2	25	20
3	30	24

PROJECTED COSTS:

YEAR	COST
1st Year:	\$75,000
2nd Year:	\$10,000
3rd Year:	\$12,000

NEW FACULTY NEEDED: No new faculty needed.

FISCAL RESOURCES: The program start-up and implementation will be funded out of the school's annual budget.

FACILITIES:

TCAT Jackson has existing space for the program.

ACTION REQUIRED:

Staff recommends approval

PROGRAM IMPLEMENTATION PROPOSAL – 2

INSTITUTION: Tennessee College of Applied Technology Jackson

PROPOSED PROGRAM TITLE: Electric Vehicle Production Technician

PROPOSAL: Tennessee College of Applied Technology Jackson is proposing to implement the Electric Vehicle Production Technician dual enrollment program at the Bolivar Central High School (2G) campus. The program length is 864 clock hour program and awards an Advanced Electric Vehicle Production Technician certificate.

EFFECTIVE DATE: Fall 2023

NEED: The local job opportunity is strong. Ford estimates it will need over 5,000 production technicians for the new Blue Oval City assembly plant and SK Innovations manufacturing plant. This program will provide a workforce pathway for high school students.

OBJECTIVES: This program will train adult and high school students to meet the manufacturing needs of Ford's Blue Oval City electric truck assembly plant.

	2nd Year:	\$10,000
	3rd Year:	\$12,000

NEW FACULTY NEEDED: No new faculty needed.

FISCAL RESOURCES: The high school will provide adequate space for the program. Consumables will be included in the annual budget.

FACILITIES:

The high school will provide adequate space for the program.

ACTION REQUIRED:

Staff recommends approval

PROGRAM IMPLEMENTATION PROPOSAL – 3

INSTITUTION: Tennessee College of Applied Technology Jackson

PROPOSED PROGRAM TITLE: Electric Vehicle Production Technician

PROPOSAL: Tennessee College of Applied Technology Jackson is proposing to implement the Electric Vehicle Production Technician dual enrollment program at the Haywood High School (2B) campus. The program length is 864 clock hour program and awards an Advanced Electric Vehicle Production Technician certificate.

EFFECTIVE DATE: Fall 2023

NEED: The local job opportunity is strong. Ford estimates it will need over 5,000 production technicians for the new Blue Oval City assembly plant and SK Innovations manufacturing plant. This program will provide a workforce pathway for high school students.

OBJECTIVES: This program will train adult and high school students to meet the manufacturing needs of Ford's Blue Oval City electric truck assembly plant.

PROGRAM IMPLEMENTATION PROPOSAL – 4

INSTITUTION: Tennessee College of Applied Technology
Northwest

PROPOSED PROGRAM TITLE: Electric Vehicle Production Technician

PROPOSAL: The Tennessee College of Applied Technology Northwest proposes to implement the Electric Vehicle Production Technology Program in Fall 2023. The Electric Vehicle Production Technician program at the main campus. The program is designed as a pathway for students to be prepared for careers in electric vehicle production facilities. This program meets the electric vehicle manufacturers' entry-level production technician needs. Graduates will complete lectures and hands-on instructional activities that equip them with the knowledge, skills, and abilities of advanced manufacturing processes and procedures related to Electric Vehicle (EV) manufacturing. In addition, the Manufacturing Skills Standards Council's (MSSC) Certified Production Technician (ver. 4.0) is integrated into the program. The program length is 864 clock hour program and awards an Advanced Electric Vehicle Production Technician certificate.

PROGRAM ACCREDITATOR: N/A

EFFECTIVE DATE: Fall 2023

OBJECTIVES: The objectives of the Electric Vehicle Production Technology Program are to:

- Expand students' opportunities to earn technical college credit and industry-recognized stackable credentials within their current school setting.
- Equips students with a valuable set of skills that will allow them to earn a living wage immediately after high school graduation.
- Expand economic development activity by increasing the number of residents with technical college certificates and industry credentials.

NEED:

The Electric Vehicle Production Technology Program is a newly implemented program. TCAT Jackson is the nearest technical college that has requested the implementation of this program. The implementation of this program will meet the needs of the service delivery area in support of the Blue Oval City project.

According to the Bureau of Labor Statistics (2023), the market for electric vehicles (EVs) has grown rapidly in recent years and is expected to continue to grow at a fast pace over the coming decade. Electric car sales in the United States increased from a mere 0.2 percent of total car sales in 2011 to 4.6 percent in 2021. Although forecasts for the rate of EV adoption over the next decade vary widely given rapid changes in both government policies and the auto manufacturing industry in recent years—many forecasts expect a strong acceleration in EV adoption. S&P Global Mobility forecasts electric vehicle sales in the United States could reach 40 percent of total passenger car sales by 2030, and more optimistic projections foresee electric vehicle sales surpassing 50 percent by 2030.

The Tennessee College of Applied Technology Northwest plans to implement programs that support Blue Oval City, a \$5.6 billion project that is designed to produce electric trucks and electric vehicle batteries at a 4,100-acre site in Stanton, TN. The project is expected to create about 5,800 jobs.

Blue Oval City is designed to be Ford’s first carbon-neutral vehicle manufacturing and battery campus. Blue Oval City also is a key part of Ford’s plan to scale EV production and make them more accessible to customers. Ford is targeting a production run rate of 2 million EVs annually across the globe by late 2026.

ACTION REQUIRED: Roll Call Vote

STAFF
RECOMMENDATION: Recommend Approval

The Board will consider approval of the minutes from the May 31, 2023 meeting of the Committee on Audit.

REPORT OF THE COMMITTEE ON AUDIT

May 31, 2023

The Committee on Audit met in regular session on May 31, 2023, at 10:45 a.m. via Microsoft Teams. The roll was called by Secretary Mariah Perry. The roll call confirmed that a quorum was present; all Committee members in attendance and the Board's Vice Chair confirmed that they could simultaneously hear and speak to other participants; and that no other people were present in the room with each Regent. In attendance were system office and institutional staff; the Board's Vice Chair, Regent Emily Reynolds; and other Board members, including the following Audit Committee members:

Regent Miles Burdine, Audit Committee Chair
Regent MaryLou Apple
Regent Todd Kaestner
Regent Tom White

The necessity of the electronic meeting was confirmed by unanimous consent due to it being the most economically efficient way to have matters considered that require timely action.

Regent Burdine opened the meeting by thanking everyone and welcoming the audit committee and new Board member. Mike Batson echoed the thanks and welcomed new Board member Vanessa Pilkinton before beginning the informational reporting section.

Item I, Informational Reporting, included four topics for discussion. Item I.a., Highlights of Audit Findings and Recommendations, consisted of Mike Batson discussing the following topic: External Miscellaneous Reviews, Federal Audits, Internal Audit Reports, and Recommendation Logs included in the materials. Mr. Batson covered reviews from the following: Tennessee Small Business Development Center reviews for Chattanooga State and Jackson State; Volunteer State's U.S. Department of Defense-Voluntary Education Institutional Compliance Program Review; TCAT Paris' U.S. Department of Veterans Affairs- Compliance Survey; Columbia State's Higher Education Emergency Relief Fund (HEERF) Public Reporting Review; TCAT Jackson's President's Expense Review; an athletic housing conflict of interest investigation by Dyersburg State; a review of clubs and organizations by Southwest Tennessee Community College; and a state audit

follow-up for Southwest Tennessee Community College. Mr. Batson also mentioned that the office is developing new data reports related to the timeliness of implementing corrective actions by each college. This item was for informational purposes and required no action.

Item I.b., Audit Reports and Reviews, consisted of informing the committee that a summary of the Miscellaneous External Reviews, Federal Audit Reports, and the Internal Audit Reports for the third quarter of fiscal year 2023 are included in the meeting materials. A listing of the Internal Audit Reports is included as Attachment A to these minutes. This item was for informational purposes and required no action.

Item I.c., System-wide Internal Audit Updates, consisted of discussing the following topics: Jackson State Community College's Director of Internal Audit vacancy; an update on Motlow State Community College's vacant Director position; plans for investigation assistance within the department; plans for the on-site External Quality Assurance Review scheduled for this summer; and an update on Management's Risk Assessments. This item was for informational purposes and required no action.

Item I.d., University Updates, consisted of Mike Batson providing information on the following item: Comptroller's Office Financial and Compliance Audit Report performed at Austin Peay State University, Middle Tennessee State University, and Tennessee Technological University with no findings for fiscal year 2022; and East Tennessee State University with two findings and the University of Memphis with one finding for fiscal year 2022. Mr. Batson also explained the basis for reporting Comptroller's Office audits of the locally governed universities. This item was for informational purposes and required no action.

Item II, Consent Agenda, included one topic for approval. Item II.a., Review of Revised Internal Audit Plans for Fiscal Year 2023 was presented to the Committee.

A motion was made by Regent Apple and seconded by Regent White to approve the revised audit plans. The Committee voted to approve the audit plans as presented. The audit plans are included as Attachment B to these minutes.

Item III., Review of System-wide Internal Audit Budget for Fiscal Year 2024, was presented by Mike Batson. A motion was made by Regent Kaestner and seconded by Regent Apple to approve the amended budget as presented. A roll call vote was conducted, and the committee voted to approve the amended budget as presented. The budget is included as Attachment C to these minutes.

There being no further business to come before the Committee on Audit, the meeting was adjourned.

Respectfully submitted,

Committee on Audit

Miles Burdine, Committee Chair

The Internal Auditor submitted a resignation 2/8/23 with a last day of 3/8/23. Revised Audit Plan and notes provide an update as to current engagements.

FN 1 Engagements and budgeted time were revised due to increased effort required to conduct follow up reviews and new engagements from assessed risks and management requests.

FN 2 Additional time added for the Student Activity Fees Audit from the Procurement Card/Continuous Monitoring project.

FN 3 Cash Handling Audit time was combined with the Athletics Audit as this is an identified risk for this area.

FN 4 CCTA Element Audit is no longer a required audit from TBR SWIA this fiscal year. It has been removed from the plan.

FN1 - The Board of Regents made a decision to not make this a required audit in FY23 so this audit was removed from the audit plan.

FN2 - Hours were increased because I was hired as the Interim Director October of 2022 and this is the first time I had been involved in the risk assessment process. Additionally, the board requested information related to the risk mitigation inventory and this was not included in the original audit plan.

Attachment C
Approved System-wide Internal Audit Budget for FY 2024

**Tennessee Board of Regents
Office of System-wide Internal Audit
Proposed Budget for Fiscal Year 2023-2024**

	<u>FY 2024 Budget</u>		<u>FY 2023 Budget</u>	
	<u>Amount</u>	<u>Percentage</u>	<u>Amount</u>	<u>Percentage</u>
Salaries	596,512	64%	565,215	67%
Employee Benefits	239,004	26%	216,898	26%
Total Salaries and Benefits	835,516	90%	782,113	93%
Travel				
In State Travel	29,000	3%	16,000	2%
Out of State Travel	3,000	0%	5,000	1%
Total Travel	32,000	3%	21,000	3%
Operating Expenses	61,310	7%	32,810	4%
Total Budget	928,826	100%	835,923	100%

Notes:

Salaries and Benefits includes 6 staff positions for System-wide Internal Audit: Chief Audit Executive, Director of Internal Audit, Investigative Audit Manager, Information Systems Auditor, TCAT Internal Auditor IV, and Administrative Assistant III/Complaints Officer. This amount does not include COLA increases for FY 23-24.

Travel categories include the costs for system office audit staff to travel in state for audits and investigations, meetings, and other business activities. It also includes the costs of out of state travel for training/professional development. These lines also include non-recurring travel reimbursement for External QAR volunteers for Fall 2023.

Operating Expenses include the general operating costs for the system audit office such as copier lease, supplies, computer software, conference registrations, instructors for group training, and consultants for external peer reviews. In FY 2024, a training retreat is planned without the audit staff of the University of Tennessee and TBR will need to cover a majority of the cost. This line also includes a proposed \$42,000 for contractors for assistance with investigations.

BOARD TRANSMITTAL

MEETING:	Quarterly Board Meeting
SUBJECT:	Report of the Regents Award for Excellence in Philanthropy
DATE:	June 16, 2023
PRESENTER:	Regent Danni Varlan
PRESENTATION REQUIREMENTS:	8 Minutes
ACTION REQUIRED:	Informational Purposes
STAFF RECOMMENDATION:	Not Applicable

Recipients of the Regents award for Excellence in Philanthropy are selected based on the generous giving of their time, resources, influence on volunteers to become involved in fundraising, active promotion of higher education, leadership in philanthropy, exceptional civic responsibility, and integrity. The Board will receive a report on the following award presented on November 17, 2022:

Tipton County Legislature

Representatives from the Tipton County Legislature accepted the 2022 Regents Award for Excellence in Philanthropy as nominated by Dyersburg State Community College. The award was presented by Regent Nisha Powers at the Dyersburg State Community College campus on November 17, 2022.

BOARD TRANSMITTAL

MEETING: Quarterly Board Meeting

SUBJECT: Review and Consider Recommendation for the President of TCAT Jackson

DATE: June 16, 2023

PRESENTER: Chancellor Flora W. Tydings

PRESENTATION REQUIREMENTS: 5 minutes

ACTION REQUIRED: Voice Vote

STAFF RECOMMENDATION: Recommend Approval

The search criteria and process for the next President of TCAT Jackson was approved by the Board at a Special Called Meeting on April 27, 2023. In accordance with TBR Policy 1.03.03.00 on Selection and Retention of Presidents, due to the finding of exceptional circumstances, Mr. Heath McMillian was selected as the sole finalist. An open forum interview took place on Monday, May 22.

After careful consideration of the feedback received, Chancellor Tydings will recommend the next president of TCAT Jackson.

BOARD TRANSMITTAL

MEETING: Quarterly Board Meeting

SUBJECT: Review and Consider Criteria for the Next President of
TCAT Shelbyville

DATE: June 16, 2023

PRESENTER: Chancellor Flora W. Tydings

PRESENTATION
REQUIREMENTS: 5 minutes

ACTION REQUIRED: Voice Vote

STAFF
RECOMMENDATION: Recommend Approval

Due to the retirement of Laura Monks as president of TCAT Shelbyville effective September 1, 2023, search criteria is attached for your approval to recruit for a new president. Upon approval, the position will be posted, and the recruitment process will begin to find the next president of TCAT Shelbyville.

President

Tennessee College of Applied Technology – Shelbyville

The Tennessee Board of Regents invites applications and nominations for the position of President of the Tennessee College of Applied Technology (TCAT) –Shelbyville. The Tennessee College of Applied Technology – Shelbyville is one of the 24 Tennessee’s post-secondary technical colleges and institutions of the College System of Tennessee, governed by the Tennessee Board of Regents. The President is the chief executive officer of the College and reports to the Tennessee Board of Regents through the Chancellor.

The President exercises broad delegated authority with responsibility for all aspects of campus administration. The successful candidate will be a dynamic, innovative, and energetic leader with the experience, vision, skills and integrity required to guide this quality college to higher levels of achievement.

TCAT - Shelbyville served over 720 students in the 2021-2022 academic year. TCAT - Shelbyville has 18 distinct program offerings over 4 campuses including: Administrative Office Technology; Automotive Technology; Computer Aided Design Technology; Criminal Justice: Correctional Officer; Heating, Ventilation, Air Conditioning/Refrigeration; Heating, Ventilation, Air Conditioning/Refrigeration – Part-Time Evenings; Industrial Maintenance Automation; Industrial Maintenance Automation – Part-Time Evenings; Information Technology and Infrastructure Management; Machine Tool Technology; Practical Nursing – Full Time Days ; Practical Nursing – Part Time Evenings; Residential, Commercial, Industrial Electricity; Residential, Commercial, Industrial Electricity – Part-Time Evenings; Supplemental Classes; Truck Driving; and Welding Technology; Welding Technology – Part-Time Evenings.

Shelbyville employs 45 full-time employees and has an annual operating budget of approximately \$5.3 million. TCAT - Shelbyville is accredited by the Council on Occupational Education. Additional information about the college can be found at <https://tcatShelbyville.edu/>.

Required criteria for selection include the following:

- A master’s degree from an accredited institution.

Preferred criteria for selection include, but are not limited to, the following:

- A distinguished record of teaching experience in public higher education or technical education program planning experience.
- A minimum of five years of successful leadership and management experience at the executive level with significant decision-making responsibility for supervision/management, budgets, personnel, and/or programs in a post-secondary and/or technical educational environment.
- A distinguished record of extensive senior level administrative experience in a complex business, industry, or government enterprise.
- Experience in the planning, facilitating, opening and operating new higher education sites.

Expected criteria for selection to include:

- A demonstrated commitment to serving students, faculty and staff of a post-secondary technical college;
- A demonstration of experience with engaging various constituencies and building partnerships;
- Capable of establishing strong community college and K-12 partnerships and relationships;
- A commitment to attracting traditional and non-traditional students into workforce programs (certificates /diplomas) and promoting approaches to enhance their opportunity for success;

- An understanding of and commitment to enhancing student success through focused efforts on retention, persistence and completion;
- A demonstrated commitment to diversity and inclusion as core values that enhance the educational process;
- A demonstrated commitment to affirmative action and equal opportunity;
- A demonstrated strength in human relations and communication, planning, financial management, budgeting and organizational skills to lead and inspire internal and external constituencies of the college;
- A demonstrated background and understanding of and commitment to private fundraising;
- Demonstrated ability to lead an institution that is comprised of multiple campuses that meet specific needs in the communities served;
- A demonstrated understanding of institutional accreditation processes;
- An understanding of regional workforce education and training needs and how to strategically position TCAT-Shelbyville in a highly competitive post-secondary education marketplace; and
- An understanding of and commitment to the role of TCAT-Shelbyville as part of a higher education system.

The Tennessee Board of Regents is committed to building and sustaining an inclusive and diverse educational environment and encourages applications from interested candidates who can contribute to promote, and enhance this effort.

The College System of Tennessee is an Equal Opportunity/Affirmative Action employer. Under state law, applicants may request that their application and related materials be confidential and not open for public inspection until such time the candidate is selected as a finalist for the position. The Tennessee Open Meetings Act requires meetings of the Board of Regents to be open to the public.

Please submit application materials by August 1, 2023 and limit application materials to 20 pages. It is anticipated that the President will be selected prior to November 1, 2023.

Resume/vita and cover letter should be submitted through the TBR Applicant Tracking System at <https://www.tbr.edu/hr/executivesearches>. The cover letter should include at a minimum the following:

- Largest budget you have managed;
- Largest number of full-time and part-time direct report employees;
- Largest donation that you personally cultivated, solicited, and made “the ask”; and
- Description of three major accomplishments of which you are most proud.

BOARD TRANSMITTAL

MEETING: Quarterly Board Meeting

SUBJECT: Review and Consider Building Naming Request from
Roane State Community College

DATE: June 16, 2023

PRESENTER: Chancellor Flora W. Tydings

PRESENTATION
REQUIREMENTS: 3 minutes

ACTION REQUIRED: Voice Vote

STAFF
RECOMMENDATION: Recommend Approval

The Board is authorized to name buildings, facilities, grounds, and organizational units in honor of individuals who have made significant contributions to society and who otherwise meet the criteria established in TBR Policy 4.02.02.01, Naming Buildings and Facilities & Building Plaques.

For the reasons explained in the attached recommendation from Chris Whaley, Roane State Community College President, Covenant Health meets the requirements in TBR policy and is deserving of the honor of having Roane State's Knox County Campus named the COVENANT HEALTH CAMPUS. Roane State convened a committee to consider and make the recommendation, and its attached report establishes that Covenant Health:

- (1) has made a significant contribution to the fields of education, science, and human betterment.
- (2) has demonstrated appropriate commitment to the community through its business and philanthropic efforts; and
- (3) has provided significant support to Roane State students and has made a substantial donation to Roane State of the land on which the campus will be located.

June 8, 2023

Chancellor Flora W. Tydings
Tennessee Board of Regents
1 Bridgestone Park, Third Floor
Nashville, TN 37214

Dear Chancellor Tydings:

In accordance with TBR Policy 4.02.05.01, the Roane State Community College Building Naming Committee was charged with considering the request to name the new campus for the Knox Expansion in honor of Covenant Health. The Committee met June 7, 2023. This letter serves as my recommendation and incorporates the Committee's report.

The members of the Naming Committee were composed of Chair Tamsin Miller, Special Assistant to the President; Dr. Diane Ward, Vice President for Student Learning, Professor of Education; Gary Heidinger, Associate Professor of Sociology and Anthropology; Sandra Stiles, Associate Professor and Program Director, Early Childhood Education; Beth Bolden, Administrative Assistant; Cathy Smith, Administrative Assistant, and Gena Gray, RSCC student.

Prior to the meeting, RSCC administrators had discussions with Covenant Health about potential names. During the Committee meeting, Gary Heidinger made a motion, with a second from Beth Bolden to recommend the campus located at 9575 Sherill Boulevard be named "Covenant Health Campus" in recognition of their gift of 10 acres of prime real estate in Knox County for the build of the new Knox Regional Health Science Education Center. The motion passed unanimously.

The College offers the following justification specific to selected criteria from TBR Policy 4.02.05.01, as follows:

1. In general, individuals and groups for whom buildings are named must have made a significant contribution to the field of education, government, science, or human betterment.
2. To preserve the integrity of all buildings named in the System, this honor must be reserved for individuals of recognized accomplishment and character; no building may bear the name of an individual convicted of a felony.
3. With respect to the naming of buildings on a particular campus, special consideration shall be given to:

- a. The historical significance of the contribution of the individual or group to the institution;
- b. The association of the individual or group with the building to be named.

(1) In general, individuals and groups for whom buildings are named must have made a significant contribution to the field of education, government, science, or human betterment.

Covenant Health has been a longtime employer of Roane State graduates and a longtime supporter of Roane State students. They are the largest healthcare provider in our region, covering 23 counties in East Tennessee with hospitals, outpatient clinics, physician offices and providers of specialty services such as behavioral health, cancer care, home care and rehabilitation.

“Headquartered in Knoxville, Tennessee, Covenant Health is a community-owned, healthcare enterprise committed to providing the right care at the right time and place. As a not-for-profit health system, we are dedicated to being the region’s premier healthcare network through service, community and innovation. We provide patient-centered care that inspires clinical and service excellence and strive to be the first and best choice for our patients, employees, physicians, employers, volunteers and communities. Covenant Health is the area’s largest employer and has more than 11,000 compassionate caregivers, expert clinicians, and dedicated employees and volunteers. Philanthropic affiliates include Fort Sanders Foundation and the Thompson Cancer Survival Center Foundation in Knoxville, the Methodist Medical Center Foundation in Oak Ridge, the Dr. Robert F. Thomas Foundation in Sevierville, and the Morristown-Hamblen Foundation in Morristown. Funds raised by the foundations provide services, equipment and other resources for excellence in patient care.”

- *Covenant Health Website*

Established in 1996 by the consolidation of Fort Sanders Health System, Knoxville, Tennessee, and MMC HealthCare System in Oak Ridge, Covenant Health is governed by a voluntary board of directors made up of community leaders and medical professionals.

(2) To preserve the integrity of all buildings named in the System, this honor must be reserved for individuals of recognized accomplishment and character; no building may bear the name of an individual convicted of a felony.

Philanthropic affiliates include Fort Sanders Foundation and the Thompson Cancer Survival Center Foundation in Knoxville, the Methodist Medical Center Foundation in Oak Ridge, the Dr. Robert F. Thomas Foundation in Sevierville, and the Morristown-Hamblen Foundation in Morristown. Funds raised by the foundations provide services, equipment and other resources for excellence in patient care.

Covenant Health’s own “*Pledge of Excellence*” lines up with Roane State and TBR values: *The patient (in our case, the student) always comes first and Excellence in everything they do.*

3) With respect to the naming of buildings on a particular campus, special consideration shall be given to: a. The historical significance of the contribution of the individual or group to the institution; and b. the association of the individual or group with the building to be named.

Because of Covenant Health's incredible support for our students and their pledged 10 acre donation of prime property for the new build, I am pleased to submit the committee's recommendation to you for consideration at the June 2023 Tennessee Board of Regents meeting. Photos of what the building will look like are attached.

Sincerely,

A handwritten signature in black ink, appearing to read "Chris Whaley". The signature is fluid and cursive, with a large initial "C" and "W".
